Yes: 59 (87%)

No: 9 (13%)

Comparative Analysis

City	Vehicle Type	Max Vehicles	Application Fees	Per Vehicle Fee	Prohibited on Sidewalk
Austin, TX	Bikes & Scooters	500 per vendor (allows for additional growth outside of downtown)	N/A	\$30 per 6 months	No – riders expected to yield to pedestrians
Chicago, IL	Bikes	350	\$250	\$50	Yes
St. Louis, MO	Bikes	2,500	\$500	\$10	Yes
Durham, NC	Bikes & Scooters	N/A	\$250	\$10	Yes
Seattle, WA	Bikes	N/A	\$146	\$15	Yes

Comparative Analysis

City	Vehicle Type	Max Vehicles	Application Fees	Per Vehicle Fee	Prohibited on Sidewalk
San Francisco	Bikes	250	Yr 1: \$11,826 Renewal: \$9,725	\$20 per vehicle (avg)	Yes
	Scooters	1,250 total Vendors can secure permits for up to 500 vehicles	\$5,000 application fee \$25,000 Permit fee	N/A	Yes
Dallas, TX	Bikes & Scooters	N/A	\$808 Renewal: \$404	# of Vehicles	Yes
				1–100	
				101–200	
				201–300	
				301 –400	
				401 –500	
				Annual Fee	
				\$1,620	
				\$3,240	
				\$4,860	
				\$6,480	
				\$8,100	

Recommendations: General Requirements + Fees

- Permits valid for 6 months | Proposed permit fee of \$10 per vehicle
- Application fee to be established by City; will be based on staff time required for permit review as well as estimated relocation costs
- No cap on overall number of vehicles
 - CCDO to ensure vehicles are actively used through vendor data sharing
- Must maintain a San Antonio based fleet manager
- No geographic limitations
- All dockless operators must receive an approved permit by COSA within 30 days of enactment of City regulatory ordinance and/or pilot program (or before entering the market thereafter)

Recommendations: Safe Riding

- Riders Required to follow the same rules as bicycles
 - Cannot operate on sidewalks
 - Use bike lanes where available
 - Follow all traffic laws
 - Helmets encouraged but not required
- Minimum age requirement of 16+ for dockless scooters and electric assist bicycles
- Within the app vendors are required to educate riders on rider safety, the areas where riding is prohibited, and safe/lawful parking
- Only to be ridden on roads with 35 mph speed limit or less (§ 551.352 Tx Transportation Code)
- Dockless vehicles must have a light on the front and a red light on the back

Recommendations: Parking

- May be parked or located on sidewalk as long as 3ft remains clear for pedestrian traffic
- Exclusions to parking bicycles or scooters on sidewalks:
 - Within 8' of a bus stop pole or bus shelter;
 - In commercial or pedestrian loading zones;
 - Within 4' of street furniture that requires pedestrian access (for example - benches, parking pay stations, transit information signs, etc.);
 - Interfering with a curb ramps, entryways, or driveways;
 - Within 8' of a building entrance
- May not park in parks and plazas, including: Alamo Plaza, La Villita, Main Plaza, Market Square or on the river walk (prohibited areas)

Recommendations: Prohibited Areas

- Presently, City Code prohibits the use of any electric motorized vehicles on the river walk, trails, creek ways, and in parks
 - The Parks Department recommends that this prohibition stay in place for electric scooters and electric assisted bicycles until an analysis of transportation modes on the river walk and creek ways is completed
- Riding a motorized or electric assist vehicle is to be prohibited in parks and plazas
 - Public streets that intersect these plazas may be ridden upon.

Recommendations: Correction of Violations

- Correction of Violations:
 - Vendors have 2 hours to correct violations
 - Vendors have 1 hour to correct violations in prohibited areas
- Vendors required to lock vehicles reported as broken and remove within two hours
- CCDO to work with vendors to identify potential incentives and disincentives for good and bad consumer riding/parking behavior

Identified Costs

- CCDO is working with Centro to identify whether the ambassadors can help adjust improperly parked vehicles downtown
 - City would contract with Centro for this service
- Staff time for reviewing permit applications and ongoing monitoring
- Staff time for relocating vehicles downtown and beyond the PID should the companies fail to relocate vehicles promptly
- Staff time for cataloging the property and staffing times when companies can pickup their vehicles
- Parking infrastructure, corrals, or parking zones

Development of Fees

- Prior to Transportation Committee on September 17th, CCDO will develop fees to cover the costs the City expects to incur
- Types of Fees:
 - Per vehicle permit fee (\$10)
 - Permit application fee – to be developed
 - Relocation fee – to be developed

Reporting Violations

- **Pending:** The creation of a violation tracking/reporting system
 - Identified Options:
 - Utilize 311 for violations; 311 to forward issues directly to vendors. Vendors required to close out complaints/violations and report result to 311. (benefit: it allows City to track violations)
 - Residents send violations directly to firms. Firms to provide regular reporting of response times. (concern: City is not directly involved)

Code Amendments

Several sections of City Code require amendment or clarification:

- Sec. 19-294. - Motor assisted scooters, neighborhood electric vehicles, pocket bikes, and mini motorbikes
 - Currently: an offense to ride on streets or sidewalks
- Sec. 19-286. - Driving or parking on sidewalks prohibited
 - Currently: It shall be unlawful for any person to drive, propel, park or stand any vehicle upon any sidewalk.
- Sec. 29-20. - Placement and maintenance of appurtenances prohibited on sidewalks and rights-of-way improved in the Tri-Party Downtown Transportation Improvements Project
 - Currently: prohibits individuals or companies from placing any object on sidewalks improved by Tri-Party
