The SBEDA Ordinance Compliance Provisions contained in this section of the Agreement are governed by the terms of the SBEDA Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by the City pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this section of the Agreement shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

17.2 **DEFINITIONS.**

Affirmative Procurement Initiatives (API) – Refers to various S/M/WBE Program tools and Solicitation Incentives that are used to encourage greater prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE Program tools, see Section III.D of Attachment A to the SBEDA Ordinance). To be eligible for the benefits of race- and gender-conscious APIs as provided in the SBEDA Ordinance, M/WBE firms must also satisfy the size standards for being a Small Business Enterprise or SBE as defined herein.

Annual Aspirational Goal – a non-mandatory annual aspirational percentage goal for overall M/WBE Prime and subcontract participation in City of San Antonio contracts is established each year for Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies contract Industry Categories. This Annual Aspirational Goal is to be set (and thereafter adjusted) by the Goal Setting Committee (GSC) based upon the M/WBE availability by industry in accordance with the City’s 2015 Disparity Study findings, along with relative M/WBE availability data to be collected by the City through its CVR system, and the utilization of M/WBEs. Any adjusted Annual Aspirational Goals for a given industry should not exceed the Expected Availability for award dollar weights as found in the 2015 Disparity Study. Annual Aspirational Goals are not to be routinely applied to individual contracts, but are intended to serve as a benchmark against which to measure the overall effectiveness of the S/M/WBE Program on an annual basis, and to gauge the need for future adjustments to the mix and to the aggressiveness of remedies being applied under the Program. Percentage Goals for S/M/WBE participation may be established by the GSC on a contract-by-contract basis based upon similar data and analysis for the particular goods and services being purchased in a given contract.

Award – the final selection of a Respondent for a specified Prime Contract or subcontract dollar amount. Contract awards are made by the City to Prime Contractors or vendors and by Prime Contractors or vendors to Subcontractor or sub-vendors, usually pursuant to a solicitation process. (Contract awards are to be distinguished from contract payments in that they only reflect the anticipated dollar amounts instead of actual dollar amounts that are paid to a contractor under an awarded contract).

Best Value Contracting – a purchasing solicitation process through which the Originating Department may evaluate factors other than price. Evaluation criteria for selection may include a Respondent’s previous experience and quality of product or services procured, and other factors identified in the applicable statute.

Centralized Vendor Registration System (CVR) – a mandatory electronic system of hardware and software programs by which the City recommends all prospective Respondents and Subcontractors that are ready, willing and able to sell goods or services to the City to register. All businesses awarded a City contract shall be required to register in the CVR. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

Certification – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City may accept any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6.

City – refers to the City of San Antonio, TX.

Commercially Useful Function – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed.

Control – the authority of a person or business owner to sign responses to solicitations and contracts, make price negotiation decisions, sell or liquidate the business and have the primary authority to direct the day-to-day management and operation of a business enterprise without interference from others.

Economic Inclusion – efforts to promote and maximize commercial transactions within, between and among all segments of the business population, regardless of race or gender, within the Relevant Marketplace.

Emerging SBE (ESBE) – a certified SBE corporation, partnership, sole proprietorship or other legal entity for the purpose of making a profit, which is independently owned and operated by Individuals legally residing in, or that are citizens of, the United States or its territories whose annual revenues and number of employees are no greater than 25% of the small business size standards for its industry as established by the U.S. Small Business Administration, and meets the Significant Business Presence requirements as defined herein.

Emerging M/WBE – a certified M/WBE firm whose annual revenues and number of employees are no greater than 25% of the small business size standards for its industry as established by the U.S. Small Business Administration, and meets the Significant Business Presence requirements as defined herein.

Evaluation Preference – an API that may be applied by the Goal Setting Committee to Construction, Architectural & Engineering, Professional Services, Other Services, and Goods and Supplies contracts that are to be awarded on a basis that includes factors other than lowest price, and wherein responses that are submitted to the City by S/M/WBE firms may be awarded additional Points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime Respondents.
