Councilmember Saldaña read a Letter of Support from Councilmember Viagran which recognized all of the grant partners for their attention to the growing issue of Human Trafficking. She wrote that the grant was worth celebrating and championing, as 600,000-800,000 people were trafficked across International Borders every year. She added that Human Trafficking was a huge and complex process that was getting worse. Councilmember Saldaña thanked Councilmember Viagran for bringing attention to the issue and asked of the use of grant funds. Chief McManus replied that the grant would be

used to enhance their ability to investigate Human Trafficking proactively and reactively.

Mayor Taylor called upon the citizens registered to speak.

Jimmy Dyer, Director of Sales and Client Solutions for Tristar Risk Management stated that they were opposed to the staff recommendation. He spoke of Tristar Risk Management's work with the City of San Antonio since January 2012 and highlighted the reduction of claims paid. He added that there were no formal or pending issues at the time the Request for Proposals (RFP) was released.

Councilmember Warrick asked of the reduction in claims paid. Mr. Gorzell replied that they had seen improvements in their overall Workers' Compensation Program over the past several years but attributed that to the focus on same by staff. Councilmember Warrick asked how the current contractor received much lower scores than the new respondent. Mr. Gorzell replied that the RFP was a competitive process and staff reviewed the proposals for the best value. He stated that staff felt the recommended contractor could provide better value on categories such as Communication, Claims Processes, Customer Service, and Technology. Councilmember Warrick asked if there had been performance issues with Tristar Risk Management. Mr. Gorzell confirmed that there had been issues in the past that had been cured.

Councilmember Warrick moved to award the contract to Tristar Risk Management, Inc. Councilmember Medina seconded the motion.

Councilmember Saldaña commended staff for their due diligence but noted that the recommendation had been presented to the City Council without a recommendation from the Audit Council Committee. He stated that he was comfortable moving forward with the current vendor and was supportive of the motion to award the contract to Tristar Risk Management.

Councilmember Gonzales stated that she also served on the Audit Council Committee and had been comfortable moving forward with Company B (Tristar Risk Management) due to their willingness to participate in the SBEDA Program. She asked of the Mentor/Protégé Program. Rene Dominguez stated that they were recommending changes to the Mentor/Protégé Program based on the discussion that had occurred at the Audit Council Committee Meeting. He noted that in the future; points would not be awarded for participating in the program but the company selected would be required to participate as a Mentor. Councilmember Gonzales spoke of the importance of growing Small Businesses and having Local Participation, Training, and Mentor/Protégé Programs.

Councilmember Gallagher asked of the main difference in the scoring related to the Proposed Plan. Mr. Gorzell replied that it was related to the Technology Platform for AS&G which was more user-friendly, generated reports, and performed great data analytics. He noted that when checking references for Tristar Risk Management; staff received negative feedback that indicated that the company would not hire Tristar again. Councilmember Gallagher thanked staff for their due diligence and stated that clear guidance had been provided to the City Council with regard to the staff recommendation.

Councilmember Gallagher moved to adopt the Ordinance as recommended by staff approving AS&G Claims. The motion died due to lack of a second.

Councilmember Nirenberg asked of the SBEDA Participation. Mr. Gorzell replied that Tristar Risk Management had agreed to participate in the Mentor/Protégé Program and received 5 points for same. However, AS&G had not agreed to participate until later in the process. Councilmember Nirenberg recognized the Audit Council Committee for noting their concerns but stated that he did not see a reason to go against the staff recommendation.

Councilmember Medina commended the Audit Council Committee for their work and stated that their comments had brought him clarity on the issue. He stated that the most important factor in the decision was the SBEDA Program and the willingness of the incumbent to ensure it is strengthened.

Councilmember Krier stated that the issue had been thoroughly discussed with staff; however, this was one occasion in which he did not support the staff recommendation. Councilmember Treviño spoke of the process and noted the importance of the discussion by the Audit Council Committee. He stated that he would be supportive of Councilmember Warrick's motion.

Mayor Taylor stated that there had been good discussion on the issue which had revealed opportunities to improve the process in general and more specifically; the SBEDA Program. She added that the Council Committee Process was very important and she was compelled by the fact that the members of the Audit Council Committee were united on this issue.

For Item Z-12, she stated that staff and the Zoning Commission recommended approval. She reported that of 59 notices mailed; one was returned in favor and 27 in opposition. She noted that due to the amount of opposition; the case would require nine votes for approval.

Mayor Taylor called upon the citizens registered to speak.

Walter Enderle stated that he was a resident of the Sterling Oak Community and had lived in his home for over 20 years. He expressed concern with the lack of time given and notification process for the Planning and Zoning Commission Meetings. He requested a 30-day continuance to gather additional information.

Daniel Ortiz stated that the property in question was privately-owned and currently zoned C-2 which allowed a number of commercial uses including a shopping center. He noted that they were requesting to downzone the property to R-6, Residential Single-Family District. He stated that a shopping center would generate more peak trips than a 31 Single-Family Home Subdivision

Councilmember Medina asked of the notification process. Ms. Hernandez replied that the Zoning Process took 60 days and required a Public Hearing of the Zoning Commission and City Council. She noted that since there was also an associated Plan Amendment; it was heard by the Planning Commission and that required a 10-day notification. She added that they provided a 10-day notice prior to the City Council Meeting and posted a sign on the property prior to being heard by the Planning and Zoning Commissions. Councilmember Medina stated that there was ample notification and that there was a need for Residential Homes in this portion of the District.

Councilmember Warrick asked why the case required nine votes for approval. Ms. Hernandez replied that it was due to the fact that they received more than 20% opposition from the surrounding area.

Councilmember Medina moved to approve Items P-4 and Z-12. Councilmember Warrick seconded the motion. The motion prevailed by the following vote:
