She indicated that they would work to reduce the number of days required to review Master Development Plans (MDP) from 30 to 18 days. She noted that they would add two new fees: 1) MDP Review Fee of \$200; and 2) Plat Review Fee of \$175. She added that their priorities for FY 2014 were to support the World Heritage Nomination of the San Antonio Missions and conduct an Economic Impact Study.

Mayor Castro thanked staff for the presentation. He asked where San Antonio stands in terms of Historic Preservation. Ms. Miller replied that nationally, San Antonio has been as a leader in Historic Preservation but there are still some challenges. Mr. Urrutia explained that if implemented, they would reinstate the Swimming Pool Hours and Open Play Center Hours of Operation that had been proposed for reduction. Additionally, they would eliminate the Swim Pass Fee, Community Center Membership Fee, and new Boxing Participation Fee, as well as reduce the increase to Summer Youth Program Fees. He stated that utilizing \$1.45 million for Deferred Maintenance Projects would provide capacity in the Capital Improvement Plan. He outlined the recurring maintenance and general upgrades that would be funded and added that SPARK Projects would be implemented in Districts 5, 9, and 10.

Mayor Castro thanked staff for the presentation. He stated that he was supportive of dedicated revenue under two circumstances: 1) Must be distributed citywide; and 2) All funds generated should not be shifted to replace General Fund Projects. Mayor Castro asked if the Crisis Response Team (CRT) and Library Hours that had been proposed for reduction were being fully restored through the Amendments

presented today. Mrs. Sculley confirmed that the 10 Civilian Positions for the CRT and the reduced Library Hours were being fully restored. Mayor Castro asked of the Cloud Academy. Councilmember Lopez stated that it was important for CIMS to have sufficient staff to ensure that the Bond Program is completed on time and within budget.

Councilmember Gonzales asked of the use of the \$1 Dedicated Parks Fee. Mrs. Sculley replied that it would be used to fund a portion of the services that Parks is providing today, restore the proposed reductions, and expand Park Improvements to free up General Funds. Councilmember Gonzales expressed support for restoring Library and Swimming Pools Hours.

Councilmember Chan expressed concern that the \$1 Dedicated Parks Monthly Fee would not be used solely for Parks and recommended a Parks Monthly Fee of \$0.73.

The City Clerk read the caption for Item 4:

**2013-09-05-0577**

Item 4. AN ORDINANCE ADOPTING A CONSOLIDATED NON-DISCRIMINATION POLICY WITH EXPANDED PROTECTION INCLUDING SEXUAL ORIENTATION, GENDER IDENTITY AND VETERAN STATUS AND PROVIDING FOR PENALTIES.

Michael Bernard presented information regarding the proposed Non-Discrimination Ordinance (NDO). He explained that Councilmember Bernal had circulated a Discrimination-Free Workplace Initiative in a Council Consideration Request (CCR) in May. The Governance Committee considered the request on May 21, 2013 and requested a B Session Presentation. He stated that the City's current Non-Discrimination Provisions appear in various sections of the City Code, Ordinances, and Policies which include: City Employment, City Board and Commission Appointments, Public Accommodations, Housing, and City Contracting & Subcontracting. He noted proposed goals of the NDO which would consolidate various Non-Discrimination Policies into one accessible chapter in the City Code, Chapter 2, Article X. Additionally, it would expand protections to include Sexual Orientation, Gender Identity, and Veteran Status. He indicated that it would require most City Contracts to include contractual assurances for policy compliance by vendors and contractors.

Mr. Bernard stated that, "Nothing in the NDO would be construed as supporting or advocating any particular lifestyle or religious view. To the contrary, it is the intention of the Ordinance that all persons be treated fairly and equally and it is the express intent of the Ordinance to guarantee to all of our citizens fair and equal treatment under the law." He highlighted the Proposed NDO Policy which prohibits discrimination against persons on the basis of Race, Color, Religion, National Origin, Sex, Sexual Orientation, Gender Identity, Veteran Status, Age, or Disability in the areas covered by the Ordinance, unless exempted by State or Federal Law. He added that it allows a religious entity or educational institution owned in whole or substantial part by a religious entity to limit employment or give an employment preference to members of the same religion.

Mr. Bernard explained that no city employee or applicant for employment with the city will be denied employment or promotion because of Race, Color, Religion, Disability, Sex, Sexual Orientation, Gender Identity, Veteran Status, Age or National Origin. He added that businesses may not deny advantages, facilities or services based on protected categories in places of Public Accommodation. He noted that exempt entities include a private club operating a hotel, motel, restaurant, or theater if facilities or services are restricted to its membership. He indicated that non-profit social, fraternal, educational, civic, political or religious organizations were also exempt. He stated that non-discrimination clauses in housing provisions are modeled after US and Texas Fair Housing Acts. He noted that the city prohibits what both the Federal and State Governments prohibit and adds Sexual Orientation, Gender Identity, and Veteran Status as protected categories. He explained that Fair Housing Regulations prohibit discrimination in the sale or rental of a home, as well as brokerage or appraisal services. He outlined exempted entities within Fair Housing noting that religious organizations may limit or give preference to members of the same religion.

Mr. Bernard reported that Non-Discrimination Provisions will apply to most City Contracts. He explained that there were exceptions such as the contracts exempted by the Small Business Economic Development Advocacy (SBEDA) Ordinance and Governmental Entities. He stated that the City

Council may not discriminate when making appointments to boards and Board Appointees may not discriminate while acting in his or her official capacity. He noted that the Title V Policy informally adopted previously for use by the city would be included for completeness. He outlined what the NDO would not do and noted that it would not attempt to legalize same sex marriage or require businesses to provide same sex benefits. He added that the Ordinance would not require business to have separate bathroom facilities or monitor use and would not regulate speech, religion, or political activity. He indicated that it would not create a new civil cause of action between parties.

Mayor Castro thanked Mr. Bernard for the presentation and called upon the individuals registered to speak.

Mayor Castro thanked everyone that spoke on the Non-Discrimination Ordinance (NDO).

Councilmember Bernal moved to adopt the proposed Non-Discrimination Ordinance. Councilmember Lopez seconded the motion.

Councilmember Lopez commended Councilmember Bernal for his leadership on the NDO and spoke of the great amount of dialogue that had occurred on both sides of the issue. He spoke of his service in the military and noted that Veterans deserved the proposed protections.

Councilmember Lopez moved to vote on the Veteran Status separately. Councilmember Bernal seconded the motion.

Councilmember Saldaña thanked everyone that participated in the NDO Process. He stated that it had been a very difficult issue to address and spoke of the misinformation and confusion that there had been. He asked if there was a change to the Restroom Policy. Mr. Bernard confirmed that there was not a change to the Restroom Policy. Councilmember Saldaña asked that a friendly amendment be accepted to remove the following language in Sec. 2-594 that reads: "Nothing herein shall be construed as directing any policy or practice regarding the use of restrooms, shower rooms, or similar facilities which have been designated for use by persons of the opposite sex," and replace it with the following language: "Nothing in Division 5 shall be construed as allowing any person to enter any sex-segregated space for any unlawful purpose." The friendly amendment was accepted by Councilmembers Bernal and Lopez.

Councilmember Medina thanked everyone that had been involved in the NDO Process and noted his support for the protection of Veteran Status. He stated that he was opposed to discrimination in any form and hoped that the city could heal and reunite in the future.

Councilmember Taylor stated that she was opposed to discrimination of all forms and believed that all human beings should be treated with respect. She noted that although she felt that no one should endure harassment for any reason; she could not support the NDO. She stated that the city should lead by example and that the Ordinance should only impact the city organization. She expressed concern regarding the impact the NDO would have on the ability of religious individuals to act in accordance with their faith. She requested that city staff work with small businesses to communicate the impact of

the NDO to their business if the Ordinance is approved. She commended Councilmember Bernal for his work on the issue.

Councilmember Chan thanked everyone who participated in the NDO Process. She noted her disappointment with various aspects of the process and expressed concern that the draft NDO was released without ample time for review. She stated that the NDO was confusing and could be interpreted in many different ways.

Councilmember Chan moved to table the Ordinance. Councilmember Soules seconded the motion.

Councilmember Gonzales thanked everyone that participated in the NDO Process. She stated that she was supportive of the NDO and asked that it be approved today so that the City Council could focus efforts on the budget.

She expressed her support for the NDO and added that she hoped for healing and reconciliation throughout the community.

Councilmember Nirenberg stated that he was voting in favor of the NDO for San Antonio. He spoke of the great amount of discussion that had occurred on the issue and believed that this was the right thing to do. He noted that the NDO exempted religious organizations and most non-profits and that religious liberties and individual rights would be protected.

Councilmember Soules stated that his staff had contacted the Equal Employment Opportunity Commission (EEOC) and they indicated that they only investigate workplace discrimination that violates Federal Law. Mr. Bernard stated that the EEOC would investigate any violation of Title VII. Councilmember Soules expressed concern that the issue related to Restrooms was still unclear and that the issue of appointing Board and Commission Members could cause unintended consequences. He asked why the City Commission on Veteran's Affairs was not involved in the process since Veteran Status was being included in the NDO. He stated that he could not support the NDO which was poorly written and lacks due process.

Councilmember Bernal stated that a draft of the NDO had been public for many months and spoke of the great amount of time that he spent working on same. He noted that he had begun working on the NDO to represent the community and especially those most vulnerable. He spoke of his experiences in high school and college with LGBT Individuals. He stated that he had discussed the issue with religious leaders throughout the city and had included many of their recommendations.

Mayor Castro thanked Councilmember Bernal, City Councilmembers, and the citizens for their comments on the NDO. He stated that the Ordinance took into account the views of different people and had significant support from all sectors of the community.
