Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:	As mentioned above, I would like to become more involved in helping out community provide opportunities to participate in active and positive activities. Specifically, getting more youth golf programs going within the municipal golf community including discounted junior rates and designated family times at certain courses. As the father of three active children (all learning golf), more courses offering junior programs would benefit the community greatly. The First Tee is an amazing program, but it is difficult for some families to commit to the location and schedule. By offering a variety of programs and different courses throughout the city, it could

	open up the sport to more people.
