

SOLAR LICENSE AGREEMENT

THIS SOLAR LICENSE AGREEMENT (this “**Agreement**” or “**License**”), dated _____ is by and between the City of San Antonio, a Texas municipal corporation (“**Host**” or “**City**”), and PowerFin SolarMundo, LLC, a Texas limited liability company (“**PowerFin**”), both of which may be referred to collectively as “the Parties”.

1. PURPOSE. Pursuant to this Agreement, the City is granting PowerFin a license over certain areas, as described in Section 2, of the property the City owns with an address of _____ and legally described on the attached Exhibit “A” (the “**Property**”) to install, operate, inspect, maintain, repair, replace and remove the photovoltaic solar power generation system described on the attached Exhibit “B” and such cables, electric lines, ducts, transformers, monitoring systems, and other apparatus as may, in the opinion of PowerFin, be necessary or desirable for connecting the System to the electrical grid (collectively, the “**System**”).

2. LICENSE. The area of roof where the System is installed by PowerFin and such other areas of the City’s Property where the other components of the System are installed are referred to herein as the “**License Area**.” The License Area is depicted on the Property in the attached Exhibit A. The City hereby grants PowerFin a license, revocable only in accordance with the terms of this Agreement, for the Term to install, inspect, maintain, repair, and replace the System in the License Area, together with:

A. A license over such exterior areas of the Property as may be reasonably necessary for purposes of installing, operating, inspecting, replacing, maintaining, repairing and removing the System at the Property, as detailed on the attached Exhibit A;

B. A license for ingress and egress to and from the License Area to PowerFin and CPS Energy and their employees, agents, contractors and subcontractors, at all times during the Term of this Agreement, to enter that portion of the License Area for purposes of taking such actions as may be necessary for the purpose of installing, operating, inspecting, maintaining, repairing, replacing and removing the System; provided, however, that, except in the event of (1) emergency circumstances or (2) regularly scheduled maintenance where the timing has been agreed in advance by the Parties, PowerFin and CPS Energy will provide the City at least forty-eight (48) hours prior written notice. This access right shall continue for up to ninety (90) days after this Agreement expires to provide PowerFin with time to remove the System at the end of the Term. During the time that PowerFin has access rights, the City shall ensure that PowerFin’s access rights are preserved and shall not interfere with such rights or access.

C. This License does not relieve PowerFin of any other approvals, permits, or licenses that may otherwise be required by the City of San Antonio, the State of Texas or the federal government. This License is subject to all pre-existing rights of others who have rights in the License Area.

D. This License does not grant PowerFin authority to use any public property beyond the License Area.

E. PowerFin agrees that each individual under its control shall abide by, conform to, and comply with all applicable laws, ordinances, rules, and regulations and will not do or permit to be done anything in violation thereof. If the attention of PowerFin is called to any such violation, PowerFin or those under

PowerFin's control will immediately desist from and correct such violation. Further, PowerFin covenants that it or those under its control shall not discriminate against any individual or group on account of race, color, sex, religion, age, national origin, or handicap in the use of the License Area.

3. CPS ENERGY CREDITS. PowerFin is entering into this Agreement pursuant to that certain Power Purchase Agreement between PowerFin and CPS Energy dated as of August 12, 2015 (the "**PPA**"). Further details and limitations regarding the Host Credit are provided on the attached letter from CPS that is attached hereto as Exhibit "C".

Unless earlier terminated pursuant to the terms and conditions of this Agreement, the initial Term of this Agreement (the "**Initial Term**") commences on the date of the signature by the City below, which such date shall be after approval by the San Antonio City Council as evidenced by the passage of an Ordinance, and will end on the 20th anniversary of such date.

B. The Parties may by mutual agreement extend the Term of this Agreement for two additional periods of five years each after the Initial Term (each such extension, an "**Extension Term**") by delivering written notice as provided in Section 18. Notice below at least 90 days prior to the expiration of the Initial Term and subsequent Extension Term.

C. The Initial Term, together with any Extension Terms, is referred to herein as the "**Term**." Notwithstanding any other provision contained herein, the Term will automatically terminate in the event that the PPA is terminated prior to the end of such Term. PowerFin shall immediately notify the City if the PPA will be terminated prior to the end of such Term.

6. **DAMAGES TO PROPERTY CAUSED BY SYSTEM.** PowerFin agrees to pay for all costs of repairing any physical damage caused to City property as a result of the installation or operation of the System on the Property, or by PowerFin or any of its employees, agents, contractors and subcontractors while on the Property.

In the event that PowerFin terminates this Agreement under this Section 11, PowerFin shall be provided reasonable time, not to exceed 90 days, to remove the System and to reasonably restore the License Area to its original condition prior to the installation of the System, except for normal wear and tear. After removal of the System, PowerFin shall have no further obligations to the City and the City shall have no further obligations to PowerFin under this Agreement.
