003 - INSTRUCTIONS FOR BIDDERS

Submission of Bids.

Submission of Hard Copy Bids. Submit one original bid, signed in ink, and two copies of the bid enclosed in a sealed envelope addressed to the City Clerk at the address and by the due date provided on the Cover Page. The name and address of Bidder, the date and hour of the bid opening, bid number and title of the bid solicitation shall be marked on the outside of the envelope(s). All times stated herein are Central Time. Any bid or modification received after the time and date stated on the Cover Page shall be rejected.

Submission of Electronic Bids. Submit one bid electronically by the due date provided on the Cover Page. All times stated herein are Central Time. Any bid or modification received after the time and date stated on the Cover Page shall be rejected. All forms in this solicitation which require a signature must have a signature affixed thereto, either by manually signing the document, prior to scanning it and uploading it with your submission, or affixing it electronically.

Bids sent to City by facsimile or email shall be rejected.

Modified Bids. Bids may be modified provided such modifications are received prior to the time and date set for submission of bids, and submitted in the same manner as original bids. For hard copy bids, provide a cover letter with the bid, indicating it is a modified bid and that the Original bid is being withdrawn. For electronic bids, a modified bid will automatically replace a prior bid submission. See below for information on submitting Alternate Bids.

City shall not be responsible for lost or misdirected bids or modifications.

Bidders must sign the Signature Page on hard copy bids and return the IFB document to City. For electronic bids, Bidder's electronic submission, with accompanying affirmations, constitutes a binding signature for all purposes.

Bidders are cautioned that they are responsible for the security of their log on ID and password, since unauthorized use could result in Bidder's being held liable for the submission.

Certified Vendor Registration Form. If Bidder has not completed City's Certified Vendor Registration (CVR) Form, Bidder is required to do so prior to the due date for submission of bids. The CVR form may be accessed at: <http://www.sanantonio.gov/purchasing/>. Bidders must identify the correct name of the entity that will be providing the goods and/or services under the contract. No nicknames, abbreviations (unless part of the legal title), shortened or short-hand names will be accepted in place of the full, true and correct legal name of the entity.

Alternate Bids. Alternate bids may be allowed at the sole discretion of City.

Hard Copy Alternate Bids. Alternate bids must be submitted in separate sealed envelopes in the same manner as submission of other bids. Alternate bids must be marked consecutively on the envelope as Alternate Bid No. 1, 2, etc. Failure to submit alternate bids in separate envelopes may result in rejection of a bid.

Electronic Alternate Bids Submitted Through the Portal. All alternate bids are recorded with original bids when submitted electronically.

Catalog Pricing. (This section applies to bids using catalog pricing.)

The bid will be based on manufacturer's latest dated price list(s). Said price list(s) must denote the manufacturer, latest effective date and price schedule.

Bidders shall be responsible for providing one copy of the manufacturer's catalog for each manufacturer for which a bid is submitted. Bidder shall provide said catalog at the time of submission of its bid. Manufacturers' catalogs may be submitted in any of the following formats: paper copy or CD ROM for bids submitted on paper, or PDF file for bids submitted electronically.

Bidders may submit price lists other than the manufacturer's price list. Said price list(s) must denote the company name, effective date and price schedule. These price lists are subject to approval of City Purchasing & General Services Department.

Specified items identified herein, if any, are for overall bid evaluation and represent the commonly and most used items. Net prices entered for those specified items must reflect the actual price derived from quoted price list less all discounts offered.

Restrictions on Communication.

Bidders are prohibited from communicating with: 1) elected City officials and their staff regarding the IFB or bids from the time the IFB has been released until the contract is posted as a City Council agenda item; and 2) City employees from the time the IFB has been released until the contract is awarded. These restrictions extend to "thank you" letters, phone calls, emails and any contact that results in the direct or indirect discussion of the IFB and/or bid submitted by Bidder. Violation of this provision by Bidder and/or its agent may lead to disqualification of Bidder's bid from consideration.

Exceptions to the restrictions on communication with City employees include:

Bidders may ask verbal questions concerning this IFB at the Pre-Submittal Conference.

Bidders may submit written questions, or objections to specifications, concerning this IFB to the Staff Contact Person listed on the Cover Page on or before 7 calendar days prior to the date bids are due. Questions received after the stated deadline will not be answered. Questions submitted and City's responses will be posted with this solicitation. All questions shall be sent by e-mail or through the portal.

Bidders may provide responses to questions asked of them by the Staff Contact Person after bids are received and opened. The Staff Contact Person may request clarification to assist in evaluating Bidder's response. The information provided is not intended to change the bid response in any fashion. Such additional information must be provided within two business days from City's request.

Bidders and/or their agents are encouraged to contact the Small Business Office of the International and Economic Development Department for assistance or clarification with issues specifically related to the City's Small Business Economic Development Advocacy (SBEDA) Program policy and/or completion of the SBEDA form(s), if any. The point of contact is identified on the Cover Page. Contacting the Small Business Office regarding this IFB after the bid due date is not permitted. If this solicitation contains Affirmative Procurement Initiatives, it will be noted on the Cover Page.

If this solicitation contains DBE/ACDBE requirements, bidders and/or their agents may contact the Aviation Department's DBE/ACDBE Liaison Officer for assistance or clarification with issues specifically related to the DBE/ACDBE policy and/or completion of the required form(s). Point of contact is Ms. Lisa Brice, who may be reached via telephone at (210) 207-3505 or through e-mail at lisa.brice@sanantonio.gov. Bidders and/or their agents may contact Ms. Brice at any time prior to the due date for submission of bids. Contacting her or her office regarding this IFB after the bid due date is not permitted. If this solicitation contains DBE/ACDBE requirements, it will be noted on the Cover Page.

Pre-Submittal Conference.

If a Pre-Submittal Conference is scheduled, it will be held at the time and place noted on the Cover Page. Bidders are encouraged to prepare and submit their questions in writing in advance of the Pre-Submittal Conference in order to expedite the proceedings. City's responses to questions received prior to the conference may be distributed at the Pre-Submittal Conference and posted with this solicitation. Attendance at the Pre-Submittal Conference is optional, but highly encouraged.

This meeting place is accessible to disabled persons. Call the Staff Contact Person for information on the location of the wheelchair accessible entrance, or to request an interpreter for the deaf. Interpreters for the deaf must be requested at least 48 hours prior to the meeting. For other assistance, call (210) 207-7245 Voice/TTY.

Any oral response given at the Pre-Submittal Conference that is not confirmed in writing and posted with this solicitation shall not be official or binding on the City.

Changes to IFB.

Changes to this IFB made prior to bid opening shall be made directly to the original IFB. Changes are captured by creating a replacement version each time the IFB is changed. It is Bidder's responsibility to check for new versions

until the bid due date. City will assume that all bids received are based on the final version of the IFB as it exists on the day bids are due.

No oral statement of any person shall modify or otherwise change or affect the terms, conditions or specifications stated in the IFB.

Preparation of Bids.

All information required by the IFB must be furnished or the bid may be deemed non-responsive and rejected. Any ambiguity in the bid as a result of omission, error, unintelligible or illegible wording shall be construed in the favor of City.

Correct Legal Name. If Bidder is found to have incorrectly or incompletely stated the name of the entity that will provide goods and/or services, the bid may be rejected.

Line Item Bids. Any bid that is considered for award by each unit or line item, must include a price for each unit or line item for which Bidder wishes to be considered. All bids are awarded on the basis of low line item, low total line items, or in any other combination that serves the best interest of City, unless City designates this solicitation as an "all or none" bid in the Supplemental Terms & Conditions.

All or None Bids. Any bid that is considered for award on an "all or none" basis must include a price for all units or line items. In an "All or None" bid, a unit price left blank shall result in the bid being deemed nonresponsive and disqualified from consideration. An "All or None" bid is one in which City will award the entire contract to one bidder only.

Delivery Dates. Proposed delivery dates must be shown in the bid form where required and shall include weekends and holidays, unless specified otherwise in this IFB. Proposed delivery times must be specific. Phrases such as "as required", "as soon as possible" or "prompt" may result in disqualification of the bid. Special delivery instructions, if any, may be found in the Specifications / Scope of Services section of this document, or in the Purchase Order.

Tax Exemption. The City of San Antonio is exempt from payment of federal taxes, and State of Texas limited sales excise and use taxes. Bidders must not include such taxes in bid prices. An exemption certificate will be signed by City where applicable upon request by Bidder after contract award.

Description of Supplies.

Any brand names, catalog or manufacturer's reference used in describing an item is merely descriptive, and not restrictive, unless otherwise noted, and is used only to indicate quality and capability desired.

Bids submitted for comparable items must clearly identify the proposed product, model, and type, as applicable, and shall include manufacturer specification sheet(s) for each proposed item with bid response. Product specifications shall be the most current available and be sufficiently detailed and descriptive so as to permit City to determine the item's suitability and compliance with bid specifications. City shall be the sole judge of equality and suitability of comparable items.

Pro-rata adjustments to packaging and pricing may be allowed at the sole discretion of City.

Samples, Demonstrations and Pre-award Testing. If requested by City, Bidder shall provide product samples, demonstrations, and/or testing of items bid to ensure compliance with specifications prior to award of the contract. Samples, demonstrations and/or testing must be provided within 7 calendar days of City's request. Failure to comply with City's request may result in rejection of a bid. All samples (including return thereof), demonstrations, and/or testing shall be at Bidder's expense. Samples will be returned upon written request. Requests for return of samples must be made in writing at the time the samples are provided. Otherwise, samples will become property of City at no cost to City. Samples that are consumed or destroyed during demonstrations or testing will not be returned.

Estimated Quantities for Annual Contracts.

Designation as an "annual" contract is found in the contract's title on the Cover Page of this document. The quantities stated are estimates only and are in no way binding upon City. Estimated quantities are used for the purpose of evaluation. City may increase or decrease quantities as needed. Where a contract is awarded on a unit price basis, payment shall be based on the actual quantities supplied.

Bidders shall thoroughly examine the drawings, specifications, schedule(s), instructions and all other contract documents.

Bidders shall make all investigations necessary to thoroughly inform themselves regarding plant and facilities for delivery of material and equipment, or conditions and sites/locations for providing goods and services as required by this IFB. No plea of ignorance by Bidder will be accepted as a basis for varying the requirements of City or the compensation to Bidder.

Confidential or Proprietary Information. All bids become the property of the City upon receipt and will not be returned. Any information deemed to be confidential by Bidder should be clearly noted; however, City cannot guarantee that it will not be compelled to disclose all or part of any public record under the Texas Public Information Act, since information deemed to be confidential by Bidder may not be considered confidential under Texas law, or pursuant to a Court order. Note that pursuant to state law, bids are opened publicly and read aloud. In addition, bids are tabulated and posted to the City's website, so shall not be considered proprietary or confidential.

Interlocal Participation.

City may engage in cooperative purchasing with other governmental entities or governmental cooperatives ("Entity" or "Entities") to enhance City's purchasing power. At City's sole discretion and option, City may inform other Entities that they may acquire items listed in this IFB. If this contract will be subject to cooperative purchasing, such fact will be indicated in the Supplemental Terms and Conditions portion of this IFB. Such acquisition(s) shall be at the prices stated in the bid, and shall be subject to Bidder's acceptance. Entities desiring to acquire items listed in this IFB shall be listed on a rider attached hereto, if known at the time of issuance of the IFB. City may issue subsequent riders after contract award setting forth additional Entities desiring to utilize this bid.

Bidder must sign and submit the rider, if attached to this IFB, with its bid, indicating whether Bidder wishes to allow other Entities to use its bid. Bidder shall sign and return any subsequently issued riders within ten calendar days of receipt. Bidder's decision on whether to allow other Entities to use the bid shall not be a factor in awarding this IFB.

Costs of Bidding. Bidder shall bear any and all costs that are associated with the preparation of the Bid, attendance at the Pre-Submittal Conference, if any, or during any phase of the selection process.

Rejection of Bids.

City may reject any and all bids, in whole or in part, cancel the IFB and reissue the solicitation. City may reject a bid if:

Bidder misstates or conceals any material fact in the bid; or

The bid does not strictly conform to law or the requirements of the solicitation;

The bid is conditional; or

Any other reason that would lead City to believe that the bid is non-responsive or Bidder is not responsible.

City, in its sole discretion, may also waive any minor informalities or irregularities in any bid, such as failure to submit sufficient bid copies, failure to submit literature or similar attachments, or business affiliation information.

Variations and Exceptions to Bid Terms. In order to comply with State law, bidders must submit bids on the same material terms and conditions. Bids that contain material variations or exceptions to the terms and conditions, including additional terms and conditions, will be rejected.

Changes to Bid Form. Bids must be submitted on the forms furnished. Bids that change the format or content of City's IFB will be rejected.

Withdrawal of Bids. Bids may be withdrawn prior to the time set for the bid opening. Written notice of withdrawal shall be provided to the City Clerk for bids submitted in hard copy. Bids submitted electronically may be withdrawn electronically.

Bid Opening. Bids will be opened publicly and read aloud at 2:30 on the day the bids are due. Bid openings are held at Purchasing & General Services, Riverview Tower, 11th Floor, 111 Soledad, Suite 1100, San Antonio, Texas 78205.

Evaluation and Award of Contract.

Per Section §252.043 of the Texas Local Government Code, the contract will be awarded to the lowest responsible bidder. The Purchasing Division evaluates bids for responsiveness and the responsibility of the bidder, and makes a recommendation to the City Council. The City Council makes the final determination regarding award.

City reserves the right to make an award on the basis of low line item, low total line items, or in any other combination that serves the best interest of City, unless City designates this solicitation as an "all or none" bid in the Supplemental Terms & Conditions.

A written award of acceptance (manifested by a City Ordinance) and Purchase Order furnished to Bidder results in a binding contract without further action by either party. Vendor must have the Purchase Order before making any delivery.

City reserves the right to utilize historical usage data as a basis for evaluation of bids when future usages are unable to be determined.

Breaking of tie bids shall be in accordance with the Texas Local Government Code §271.901.

City reserves the right to delete items prior to the awarding of the contract, and purchase said items by other means.

Inspection of Facilities/Equipment.

Depending on the nature of the IFB, Bidders' facilities and equipment may be a determining factor in making the bid award. All bidders may be subject to inspection of their facilities and equipment.

Prospective bidders must prove beyond any doubt to City Purchasing Administrator that they are qualified and capable of performing the contract's requirements.

Prompt Payment Discount.

Provided Bidder meets the requirements stated herein, City shall take Bidder's offered prompt payment discount into consideration. The evaluation will not be based on the discount percentage alone, but rather the net price as determined by applying the discount to the bid price, either per line item or total bid amount. However, City reserves the right to reject a discount if the percentage is too low to be of value to City, all things considered. City may also reject a discount if the percentage is so high as to create an overly large disparity between the price City would pay if it is able to take advantage of the discount and the price City would pay if it were unable to pay within the discount period. City may always reject the discount and pay within the 30 day period, at City's sole option.

City will not consider discounts that provide fewer than 10 days to pay in order to receive the discount.

For example, payment terms of 2% 5, Net 30 will NOT be considered in bid evaluations or in the payment of invoices. However, payment terms of 2% 10, Net 30 will result in a two percent reduction in the bid price during bid evaluation, and City will take the 2% discount if the invoice is paid within the 10 day time period.

Tabulations. The Purchasing Division will post preliminary tabulations within 7 days of the advertised bid opening. The information on these tabulations will be posted for informational purposes only, and will be posted as read during the bid opening. This tabulation is not a notice of award of the contract. All bids are subject to review for completeness, accuracy and compliance with the terms set forth in the bid documents.

Bid Protest Procedures.

Any bidder who is adversely affected in connection with the solicitation, evaluation, or proposed award of a contract may file a protest with the Director and appeal any adverse decision to the City Manager of the City of San Antonio.

Bidder must deliver a written notice of protest to the Director within 7 calendar days of the posting of the intent to award. If Bidder does not file a written notice within this time, Bidder will have waived all rights to formally protest the intent to award. It is Bidder's responsibility to check the City's website posting.

Debriefing. Debriefing of contract award is available upon request and after award of the Contract.

Prohibited Financial Interest. The Charter of the City of San Antonio and its Ethics Code prohibit a City officer or employee, as those terms are defined in the Ethics Code, from having a financial interest in any contract with City or any City agency such as City-owned utilities. An officer or employee has a "prohibited financial interest" in a contract with City or in the sale to City of land materials, supplies or service, if any of the following individual(s) or entities is a party to the contract or sale: the City officer or employee; his parent, child or spouse; a business entity in which he or his parent, child or spouse owns ten (10) percent or more of the voting stock or shares of the business entity, or ten (10) percent or more of the fair market value of the business entity; or a business entity in which any individual or entity above listed is a subcontractor on a City contract, a partner or a parent or subsidiary business entity.

Conflict of Interest. Effective January 1, 2006, Chapter 176 of the Texas Local Government Code requires that persons, or their agents, who seek to contract for the sale or purchase of property, goods, or services with the City, shall file a completed conflict of interest questionnaire with the City Clerk not later than the 7th business day after the date that the person: (1) begins contract discussions or negotiations with the City; or (2) submits to the City an application, response to a request for proposals or bids, correspondence, or another writing related to a potential agreement with the City. The conflict of interest questionnaire form is available from the Texas Ethics Commission at www.ethics.state.tx.us. Completed conflict of interest questionnaires may be mailed or delivered by hand to the Office of the City Clerk. If mailing a completed conflict of interest questionnaire, mail to: Office of the City Clerk, P.O. Box 839966, San Antonio, TX 78283-3966. If delivering a completed conflict of interest questionnaire, deliver to: Office of the City Clerk, City Hall, 2nd floor, 100 Military Plaza, San Antonio, TX 78205." Bidder should consult its own legal advisor with questions regarding the statute or form. Do not include this form with your sealed bid. The Purchasing Division will not deliver the form to the City Clerk for you.

004 - SPECIFICATIONS / SCOPE OF SERVICES

- 4.1 SCOPE: The City of San Antonio is soliciting bids to furnish ten (10) turnkey Brush Tractors each with Horizontal, Rear Discharge Brush Trailers in accordance with the specifications listed herein. These units will be utilized for brush collection by the Solid Waste Management Department.
- 4.2 GENERAL CONDITIONS:
- 4.2.1 The following general conditions will apply to all items within this bid unless specifically excluded within any item.
- 4.2.2 **Turnkey Units. The City desires turnkey Brush Tractors with Horizontal, Rear Discharge Brush Trailers. City requires the awarded vendor to ensure that all units match for mounting, brakes, hydraulics and all electrical connection. Vendor shall ensure a successful delivery of the final, turnkey units.**
- 4.2.3 Equipment shall be manufacturer's latest design, standard production model and shall have been manufactured within the last twelve (12) months. All components shall be installed new, unused, and shall be manufacturer's standard equipment unless otherwise specified or replaced herein. Equipment is to be inspected, serviced, and adjusted in accordance with manufacturer's recommended pre-delivery checklist, and ready for operation upon delivery. Manufacturer's Statement of Origin (MSO) showing manufacture within the last twelve (12) calendar months, and completed pre-delivery checklists will be required at delivery. Equipment offered under the below listed specifications will be considered unacceptable if, for any reason, the equipment's, or major component's, long term availability on the U.S. market, or in the local area, is in doubt.
- 4.2.4 Equipment must include the maximum standard manufacturer's warranty on all components, with parts and service included. All components, parts and service shall include, as a minimum, a one year unlimited mileage/hours warranty. All warranty times shall start the date the vehicle is placed in service as determined by the City, not on the delivery date. The dealer will be notified by letter of the in-service date of each vehicle by serial number. Bidder shall fully explain the warranty by attaching separate, authenticated correspondence. Warranty, reliability, and replacement captive parts costs and availability shall be a consideration in award of this bid. Warranty parts and service must be available within 50 mile radius of San Antonio City Hall from and by a factory-authorized dealer (NO EXCEPTIONS). All warranty repairs must be completed within three (3) business days from the date equipment is delivered to the vendor unless otherwise approved by the appropriate City of San Antonio BESD Fleet Operations Manager or designate. Bidders must certify that all repairs needed after the warranty period will be available within 50 mile radius of San Antonio City Hall.
- 4.2.5 Equipment Manuals – Successful bidder to furnish one set of operator manuals covering all major components of the vehicle (cab, chassis and bodies) for each unit delivered. Successful bidder shall also provide four (4) complete sets of operator and shop repair manuals or CD/DVDs for each item bid, to include all major components (cabling to connect to PC and interface between PC and equipment) and a prepaid 8-year subscription to manufacturer's online service/maintenance/parts database at no cost to the City.
- 4.2.6 Owners/Service/Parts Manuals – An operator's manual per unit, to include two (2) parts and maintenance manuals per model of all equipment, accessories, and components will be required at time of delivery. **Four sets of all software to diagnose and adjust engine, transmission, anti lock brakes and any systems that requires software must be included in this bid for four (4) repair centers.**
- 4.2.7 Delivery – Delivery of all units must be completed within 180 days after City's issuance of the purchase order. All deliveries are to be made to Brooks City Base, 8220 Lindbergh Landing, Building 1106, San Antonio, TX 78235. Vehicles will not be accepted after 4:00 P.M. CST. Delivery to a non-specified location will result in non-acceptance of the equipment by the City. All deliveries must be pre-arranged with a minimum 24-hour notification, NO EXCEPTIONS. Contact Fleet Acquisitions office at (210) 207-4600 to arrange delivery. The Manufacturer's Statement of Origin (MSO), invoice, weight certification tickets and current State Inspection decals are required upon delivery of each unit and before payment can be processed. Vehicles with more than 3,000 miles accumulated on the odometer will not be accepted. All vehicles are required to have a full tank of fuel and DEF, if applicable.

- 4.2.8 All prices will be quoted F.O.B., designated City facility, freight prepaid. All bids will be submitted in triplicate and will include complete manufacturer's specifications for each model being bid. Successful vendor is required to notify the City of all production "cut-off" dates necessary for order submission.
- 4.2.9 Air Conditioning – Air conditioning with integral heater and defroster units supplied under this specification to be OEM installed and designed for use with R-134A refrigerant. System must be capable of maintaining a temperature inside the operator cab of 70° F or less with an ambient temperature of not less than 95° F with a relative humidity of not less than 90%. As a minimum, system must have a radiator-mounted condenser, 3-speed fan and variable thermostat. If radiator mounted condenser is not practical, remote mount must be approved by the Fleet Maintenance and Operations Manager before installation. Roof mounted units not acceptable. All air conditioner components to be compatible and recommended for end item. Two refrigerant capacity labels shall be displayed on the vehicle, one inside the sun visor of the cab and one near the evaporator/heater core case under the hood area.
- 4.2.10 Under this bid the left and right side is determined by sitting in the operator seat.
- 4.2.11 The engine offered by bidder must meet the Environmental Protection Agency (EPA) emission standards in effect at the time the bid is submitted, without the benefit of averaging, banking, trading, or emission credits. Bidder shall submit a copy of the applicable EPA certificate with its bid. Only engines using selective catalytic reduction (SCR) technology will be accepted.

4.3	ITEM	QUANTITY	DESCRIPTION
	1	10 Each	Tractors, minimum 48,000 lb. GVWR

SPECIFICATIONS:

- 4.3.1 Tractors shall be designed for operation with brush trailers currently assigned to SWMD and Item 2 below.
- 4.3.2 Engine – In line six -cylinder, minimum 8.0-liter, diesel, minimum 330 net HP rated at not more than 2400-RPM, producing a minimum of 1000-lb. ft. of gross torque rated at not more than 1600-RPM. Engines to be equipped with OEM or equal shut down control on high water temperature and low oil pressure. Electronic engine controls must have all necessary components and wiring to allow for complete operation of a power take off at a pre-determined RPM using an in-cab control (must be load sensitive). Maximum road speed to be electronically limited to **60-MPH +/- 2-MPH**. Cruise control will not be activated. Engine will shut down after 5-minutes of idle time when PTO is not engaged.
- 4.3.3 Transmission – Allison 3000-RDS or proven equal with 5-year, unlimited miles warranty. Push button gear selector and transmission temperature gauge is required.
- 4.3.4 Front Axle –Set back, minimum 14,000-lbs. capacity with 14,000-lbs. spring or air suspension capacity, springs, hub piloted steel hubs, ends equipped for out-board mount type disc brakes, and Stemco or equal front wheel visible cap bearing oiler. Front shock absorbers to be heaviest duty available for specified axle.
- 4.3.5 Rear Axle – Minimum 34,000-lbs. capacity tandem axle with 34,000-lbs. spring or air suspension capacity, minimum 3,000-lbs. multi leaf auxiliary springs, ends equipped with hub piloted steel hubs, outboard mount type brake drums. Gear ratio installed must be capable of **70-MPH +/- 2-MPH** geared road speed at full engine governed RPM. Will be equipped with driver controlled differential lock (DCDL) for both axles with a warning light and buzzer to indicate engagement located on dash. Stemco or equal oil rear seals.
- 4.4.6 Brakes – Full air, outboard disc brakes with dust shields and ABS brake control system with automatic slack adjusters. Brakes to be the maximum O.E.M size offered and meet or exceed August 2011 Federal brake requirements. Minimum 12 CFM compressor, Midland Pure Air Plus dryer model DA-33100, or proven equal, with automatic drain valves Model KN-24,000 (no exceptions) for each air tank. It is preferred that the air tanks be grouped together, easily accessible to an operator standing at the side of the truck. Spring set parking brakes on both rear axles. Quick connect coupling (Milton 747 or equal), connected to the emergency side of air system, to be located in a protected area near the front bumper.
- 4.3.7 Color – OEM white.

- 4.3.8 Wheels & Tires – Wheels to be 10-hole hub piloted steel disk wheel, 22.5 X 9.00, painted white. Tires -- 12R 22.5 minimum load range H, tubeless steel belted radial tires. Steer tires on the front and lug tires on the rear. All wheels will have orange, high temp loose wheel lug/stud indicators installed.
- 4.3.9 Two (2) front tow hooks installed on frame and strengthened sufficiently to lift, pull, and tow truck without damaging bumper or other body parts. A wire rope, minimum 1-inch diameter, shall be provided and fastened to both tow hooks to attach tow equipment.
- 4.3.10 Frame – Minimum 1,740,000 RBM, 110,000 PSI.
- 4.3.11 Cooling System – Largest capacity radiator with automatic viscous or on/off fan clutch.
- 4.3.12 Lighting -- All lights on cab and chassis and or bodies are to be of LED and all connections to be soldered with heat shrink applied around. (Light Emitting Diode) type. If LED front turn signals are not available from the chassis OEM, standard lights may be used. Two strobe lights (WHELEN TIR-6, P/N 01-0663507A33B, SUPER-LED, 500 SERIES DIRECTIONAL WARNING LIGHT or proven equal) will be mounted as high as possible in the grill of the truck. **Both grill mounted strobes lights will be wired to be lit or “on” whenever the battery disconnect switch is in the “on” position.** Following are the electrical connectors for the brush trucks and trailers:
- Strobes: Phillips, part# 15-430 female connector.
 - Lighting : Phillips, ABS PERMAPLUG, 7-Way plug, Part# 16-730D
 - Tarp Motor: Standard Ignition, part# SST312 (175amp, 4AWG)
- 4.3.13 Electrical – Minimum 1800-CCA 031S group battery, master battery shutoff switch, and minimum 160-amp alternator. To be equipped with oil pressure, water temperature, tachometer, hour meter, and volt or amp gauges.
- 4.3.14 Fuel System – To be equipped with minimum capacity of 70-gallons. Right or left hand aluminum tank mounted. Fuel filtration system to include primary and secondary with water separator and a manual priming pump on filter housing. Fuel filler neck is required to have a removable, full flow screen. Truck shall be equipped with a DEF tank size no smaller than 6 gallons. Truck will be delivered with full fuel and DEF tanks.
- 4.3.15 Exhaust System – Exhaust shall be horizontal with outlet behind cab and in front of rear axle and equipped with diffuser if necessary. A heat shield shall be installed under frame rails, to protect but not interfere with PTO, hydraulic pump or hoses.
- 4.3.16 Cab – Standard cab with running boards, tilt hood and fenders, left and right hand cab grab handles, and manufacturer’s standard AM/FM radio. Doors to have armrests. Units to be factory equipped with installed OEM air conditioner, integral heater, defroster units, insulated cab headliner, standard left and right side sun visor, left and right outside manual mirrors, West Coast type, single piece, minimum 7-inches x 16-inches painted, split focus type (flat area, adjustable convex), spring loaded, retractable, heavy duty mirrors. Parabolic mirror installed on right front fender to provide view of obstacles on right side of tractor from front bumper to rear wheels. Driver seat to be bucket type, National Cush-n-Aire or equal. Passenger seat to be non-suspension seat. **All seat belts to be Safety Orange colored (seat belt covers will not be acceptable).** A decal showing the highest point of the tractor trailer combo will be displayed on the dash.
- 4.3.17 Fifth Wheel – Heavy-duty type “A” mechanical spring lock with positive safety latch, angle on frame mounting and left hand release is required. Mounted to be compatible with trailer kingpin position and height, Holland FW-35 Series or equal, low profile. Unit shall be equipped with grease fittings to be able to serviced while trailer is connected.
- 4.3.18 Mud flaps manufactured of a rubber base material mounted behind rear duals. Mud flaps to have anti-sail device, be minimum 2-lbs. per square foot, and plain black without identifying markings. **“Half fenders” will be installed to cover front of tandem wheels and protect cab from thrown debris.** Fenders will not interfere with movement of trailers or fifth wheel release mechanism.
- 4.3.19 Wet Kit – A truck mounted wet kit will be provided and installed and must include an inline relief valve to prevent damage to the hydraulic system and trailer cylinder(s) if pump is engaged and trailer lines are not connected or not connected properly. The live tractor power wet kit will have a pump rated at the trailer manufactures recommended pressure and GPM requirements. A transmission mounted PTO and direct mount pump will be

installed on the truck transmission (Allison 3000-RDS). The pump shall be controlled through a speed device that will automatically engage the pump at the proper engine RPM and will not allow engagement unless the engine is under 750-RPM and the truck transmission is in the neutral position. Pump/PTO shall automatically disengage when RPM exceeds manufacturer's recommended RPM. Metal hydraulic reservoir to be mounted behind cab and be a minimum of 100 gallon capacity with spin-on hydraulic oil filter(s). Minimum, 100-mesh strainer must be installed in the suction outlet and a minimum 10-micron filter to be used for the return line. A magnet to be installed in tank, accessible for cleaning. Hydraulic controls shall be mounted on a panel on front left side of trailer. All valves and fittings required to make wet kit and trailer completely operational to include one female quick coupler (Aeroquip 6-5100-2516 or equal) attached to the hose ends, and one male quick coupler (Aeroquip 6-5100-52-16B or equal) attached to the trailer, will be included. Wet kit to be filled to capacity with SAE 10 hydraulic oil meeting MIL-L-46152 specifications. Hoses will remain with truck when disconnected from trailer and will be long enough to allow maximum articulation of truck and trailer. A spring assisted cab slide bar will be used to prevent hoses and all wires going to trailer from tangling, stretching when making turns, contacting drive line or other moving parts, or catching on hydraulic tank or other fixed items and support rod/pogo with spring mounted to support hoses and all wires going to trailer to prevent damage. One-quarter (¼) turn ball valves will be installed to isolate the reservoir (suction and return lines) for service and maintenance. All hoses shall be wrapped with protective cover. Hydraulic tank shall meet all J.I.C., N.F.P.A., and A.S.L.E. standards.

4.3.20 A catwalk and access steps will be provided and installed between the truck frame rails behind the cab to provide the operator a place to stand while making hydraulic, electrical and pneumatic connections. Catwalk will be mounted as to not contact trailer while traversing uneven terrain.

4.3.21 Units to be equipped with the following additional equipment:

- a. Minimum one (1) electrical and one **(1) air horn** that meets DOT standards.
- b. Integral power steering.
- c. Turn indicators, front and rear, stop and tail lights.
- d. Windshield washers and variable speed wipers.
- e. Adjustable steering column.
- f. Power port for use with cell phone.
- g. 5 pound class A-B-C- fire extinguisher.
- h. DOT reflector flare kit securely mounted in cab.
- i. Back up alarm.
- j. Bracket for 3 ½-gallon water cooler mounted at a location approved by Solid Waste Coordinator before delivery of the first unit.
- k. Current State inspection decal.
- l. Decal showing the total height of the unit displayed on the dash.
- m. Provision to transport safety cones.
- n. **OEM and darkest available by law aftermarket window tinting on side and rear windows.**
- o. One overhead mounted cab fan.
- p. Orange, high temp loose wheel stud/lug indicators
- q. Three (3) sets of keys shall be provided (all units shall be keyed alike)
- r. Power door windows and power locks
- s. Traffic cone rack mounted at a location approved by Solid Waste Coordinator before delivery of the first unit.

4.4 10 Each Trailers, Rear Ejection, Horizontal Discharge

SPECIFICATIONS:

- 4.4.1 Trailer must be designed for operation with 48,000 GVWR truck tractors currently assigned to SWMD and Item 1 above.
- 4.4.2 Semi-Trailer, rear ejection, horizontal discharge. Trailer length 37-feet minimum and 39-feet maximum. Trailer height, measured from the ground to the highest point of the trailer side rails, must not exceed 138 inches (+/- 2-inches). Sides to be minimum 10-gauge steel with vertical posts on 24 inch centers.
- 4.4.3 Ejector – Entire load to be ejected by a push plate that is to be driven by a double acting, 5-stage minimum with center support ejector cylinder and a protective cylinder cover installed. (Ex. Seal Saver). Push plate to have replaceable steel shoes and be guided along a 6-inches car or ship channel track, minimum 15.3 to 16.3-lbs. System must be designed and capable of ejecting entire load in 2-minutes or less. Control valves to be mounted

in a protected area on the front of trailer, street side. Must include an inline relief valve to prevent damage to the trailer hydraulic system and cylinder(s) if pump is engaged and trailer lines are not connected or not connected properly. **All hydraulic components including cylinders, hoses, seals and connections shall be covered under a five year unlimited warranty from in-service date. Ejector cylinder shall be made available by vendor to the City of San Antonio within 48 hours of part request during and after warranty period.**

- 4.4.4 Body Construction – Corner post shall be ¼-inch steel minimum 12-inches in width. Other posts to be minimum 11-gauge steel. A tapered gusset shall be installed approximately 12-inches high between rear post and first forward post from the rear. Horizontal braces of minimum 11-gauge steel to be equally spaced for the length of the trailer, dirt shedder type design. Horizontal and vertical reinforcements for side and floor will be provided in a boxed design spaced no more than 24 inches apart. Length of floor to have minimum 6-inches I-beam long sills with minimum 4-inches Jr. I-beam cross members no more than 12-inches apart, minimum 3/16-inch floor. Floor sheet rub rail to have return bends. Shoe rails shall have grease fittings that are serviceable from outside the trailer at ground level. Side to be minimum 10-gauge high tensile steel with vertical posts on 24-inches centers. Top rail to be of 3-inches X 4-inches X ¼-inch box steel or tubing, angled to shed dirt. All seams will be fully welded and watertight. Completed body will be thoroughly cleaned, sprayed, or dipped in rust preventing primer. Body must be properly cleaned and prepared prior to painting. Primer coat to be thoroughly dry prior to final two coats. Body color will be Medium Grey Metallic, Sherwin-Williams, Dimensions, urethane enamel, paint code – DFP386, mix code - # 50374. Trailer shall have a “Sign Holder” constructed of carbon steel angle material. Approximate overall dimensions shall be 18” high X 36” long with continuous fillet wells on corners and no gaps with open top to insert signs. Sign holder shall be on both left and right side of trailer midpoint. A bracket shall be mounted to the trailer to secure a pitch fork on the curb side or right side. . All electrical wiring and hydraulic hoses shall be protected by rubber grommets if routed through any metal bulkheads to prevent chafing of components. All wiring connections and pigtails shall be soldered and sealed with heat shrink.
- 4.4.5 Tailgate – “Barn Door” type, hinged at right side of tailgate allowing tailgate to swing out fully to right side of trailer. Four hinges evenly spaced from top to bottom, with minimum ½-inch hinge pins. Heavy-duty provisions to secure door in full open position against body side required. Tailgate to be manufactured of minimum 10-gauge steel with boxed type reinforcements on all sides with basic sheet wrapped over top and under bottom. Base section must be sloped to form a dirt-free self-cleaning edge. A positive firm locking latch, which can be operated from ground level, will be used to secure the doors in the closed position. Minimum three (3) each, ratchet type cam locks, to be installed on left side of door to ensure proper door closure. Design of door must include support of door on body platform instead of sides when doors are closed. All hinges will have Zert fittings to facilitate lubrication. Metal alignment ramp will be attached to aid in closing door.
- 4.4.6 Wheels and Brakes – Tandem axel, dual wheel, system compatible to GVWR of vehicle. Brakes to be full air ABS with automatic slack adjusters meeting or exceeding August 2011 Federal requirements for rated GVWR. Wheels to be 10-hole hub piloted steel disk wheel, 22.5 X 8.25, painted white. Tires – 11R 22.5 minimum load range H, tubeless steel belted radial tires or higher if trailer suspension call for larger size. All wheels shall have orange, high temp loose stud/lug indicators.
- 4.4.7 Lighting – All lighting and reflectors will meet D.O.T. requirements. Reflectors shall be attached with mechanical fasteners. Stop lights, turn signals, marker and clearance lights shall be LED-type and mounted to reduce the possibility of damage from contact with brush. Stop lights, turn signals, marker and clearance lights shall have a lip to protect the lighting, no wire mesh or expanded metal shall cover the lighting. Mid body clearance / turn signals will be installed. Four strobe lights to be installed on the rear of trailer on each corner. (WHELEN, TIR-6, super-led, 500 Series, directional warning light, part number 50AA3ZCR or proven equal). Strobe lights on trailer and tractor will be wired to operate whenever ignition switch is on with no switch inside the cab. All electrical connections shall be done by soldering and heat shrinking with automotive grade connectors. Wire nuts will not be acceptable. License plate lights and bracket shall be mounted recessed from the back edge of trailer. Conspicuity tape markings will be installed on both sides, and across the rear of the trailer. All electrical connections shall be made with the following part numbers below.
- a. Strobes 4-Way, split pin, Phillips, Part# 15-400
 - b. Lighting SAE-J560b, 7- way, split brass pin, part# Phillips 16-720D
 - c. Tarp Motor Standard Ignition, Part# SST312 (175amp, 4AWG)
- 4.4.8 Landing Gear – Two-stage crank telescopic landing gear with minimum load capacity of 80,000-lbs. and lift capacity of 40,000-lbs. minimum, to include minimum 12-inches X12-inches landing gear pad. Landing gear shall have a minimum clearance of 18” inches when in the stored or “up” position.

- 4.4.9 Body Cover Assembly – Tarp system to be Pull Tarps, Universal Super Shield Automated Arm System, part number S9EL, with steel arms, or equal. Motor to be mounted in the “down” position. A weather proof control panel, with a minimum 25-amp auto-reset breaker, to operate tarp system will be located in conjunction with the hydraulic controls. Controls to operate the tarp system will not be placed in the cab of the tractor. Tarp material to be Pull Tarps Combo Mesh, or proven equal. Tarp bar hold downs should be installed to secure tarp bars when in the extended position.
- 4.4.10 Axle/Suspension – Dual/Tandem axel, minimum 34,000-pound capacity with spring suspension containing leaf springs. Axles shall all be mounted a uniform distance from the rear of the trailer.
- 4.4.11 A lockable water tight, toolbox, approximately 18”-inches high, 18”-inches deep and 20”-inches wide, shall be securely mounted to curb side of the body.

005 - SUPPLEMENTAL TERMS & CONDITIONS

Original Contract Term.

This contract shall begin upon the effective date of the ordinance awarding the contract, or date specified in the award letter if this contract does not exceed \$50,000. This contract shall terminate upon completion of all work described herein or delivery of all goods ordered, as applicable.

Liquidated Damages for Delay:

The parties agree that the actual damages that might be sustained by the City by reason of the breach by Vendor of its covenant to make delivery within the time specified herein, is uncertain and would be difficult of ascertainment, and that the sum of \$100.00 per day per unit for each day that delivery is late would be a reasonable compensation for such breach. Vendor hereby promises to pay, and City hereby agrees to accept, such sum as liquidated damages, and not as a penalty, in the event of such breach. Furthermore, the parties agree that City may withhold said liquidated damages from any payments due to Vendor hereunder. If Vendor's delay exceeds 30 days, City may, at its option, elect to terminate this contract in whole or in part. In such event, City may pursue actual damages, rather than applying this liquidated damages provision.

Incorporation of Attachments.

Each of the attachments listed below is an essential part of this contract, which governs the rights and duties of the parties, incorporated herein by reference, and shall be interpreted in the order of priority as appears below, with this document taking priority over all attachments:

- Attachment A - LOCAL PREFERENCE PROGRAM (LPP) ORDINANCE INFORMATION AND PRICE SCHEDULE
- Attachment B - LOCAL PREFERENCE PROGRAM IDENTIFICATION FORM
- Attachment C - NON-DISCRIMINATION CLAUSE

006 - GENERAL TERMS & CONDITIONS

Electronic Bid Equals Original. If Vendor is submitting an electronic bid, City and Vendor each agree that this transaction may be conducted by electronic means, as authorized by Chapter 322, Texas Business & Commerce Code, known as the Electronic Transactions Act.

Delivery of Goods/Services.

Destination Contract. Vendor shall deliver all goods and materials F.O.B., City of San Antonio's designated facility, inside delivery, freight prepaid, to the address provided in this IFB or, if different, in the Purchase Order. Vendor shall bear the risk of loss until delivery. Freight charges will be paid only when expedited delivery is requested and approved in writing by the City. Vendor shall be responsible for furnishing necessary personnel or equipment and/or making necessary arrangements to off load at City of San Antonio facility, unless otherwise noted herein.

Failure to Deliver. When delivery is not met as provided for in the contract, City may make the purchase on the open market, with any cost in excess of the contract price paid by Vendor, in addition to any other direct, indirect, consequential or incidental damages incurred by City as a result thereof. In addition, Vendor may be removed from the City's list of eligible bidders.

Purchase Orders. Each time a City department wishes to place an order against this contract, it will issue Vendor a purchase order. Vendor must have the purchase order before making any delivery.

Acceptance by City. City shall have a reasonable time (but not less than 30 days) after receipt to inspect the goods and services tendered by Vendor. City at its option may reject all or any portion of such goods or services which do not, in City's sole discretion, comply in every respect with all terms and conditions of the contract. City may elect to reject the entire goods and services tendered even if only a portion thereof is nonconforming. If City elects to accept nonconforming goods and services, City, in addition to its other remedies, shall be entitled to deduct a reasonable amount from the price thereof to compensate City for the nonconformity. Any acceptance by City, even if non-conditional, shall not be deemed a waiver or settlement of any defect in such goods and services.

Testing. After award of contract, City may, at its sole option, test the product delivered to ensure it meets specifications. Initial testing shall be at City's expense. However, if the product does not meet specifications, Vendor shall reimburse City for the costs of testing. City may withhold the cost of testing from any amounts owed to Vendor under this or any other contract, or invoice Vendor for same. If invoiced, Vendor shall pay City within 30 calendar days' of the invoice.

Warranty. A minimum of 90-days product guarantee or the manufacturer's standard commercial warranty, whichever is greater, shall apply to all products and/or services purchased under this IFB, unless otherwise specified in the Specifications/Scope of Services section of this IFB. This warranty shall provide for replacement of defective merchandise, parts, and labor, and shall include pick-up of the defective merchandise from City and delivery of the replacement(s) to the same location. The warranty shall be effective from the date of acceptance of the merchandise, or completion of the service, as applicable.

REJECTION OF DISCLAIMERS OF WARRANTIES & LIMITATIONS OF LIABILITY. ANY TERM OR CONDITION IN ANY DOCUMENT FURNISHED BY VENDOR, DISCLAIMING THE IMPLIED WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, OR ATTEMPTING TO LIMIT VENDOR'S LIABILITY SHALL BE OF NO FORCE OR EFFECT, AND SHALL BE STRICKEN FROM THE CONTRACT DOCUMENTS AS IF NEVER CONTAINED THEREIN.

Invoicing and Payment.

Address for Invoices. All original invoices must be sent to: City of San Antonio, Attn: Accounts Payable, P.O. Box 839976, San Antonio, Texas 78283-3976.

Information Required On Invoice.

All invoices must be in a form and content approved by the City. City may require modification of invoices if necessary in order to satisfy City that all billing is proper and pursuant to the terms of the contract. Invoices are required to show each City Purchase Order Number. Invoices must be legible. Items billed on invoices must be specific as to applicable

stock, manufacturer, catalog or part number (if any). All invoices must show unit prices for each item being billed, the quantity of items being billed and the total for each item, as well as the total for all items on the invoice. If prices are based on list prices basis, then the list prices, the percentage discount or percentage surcharge, net unit prices, extensions and net total prices must be shown. Prompt payment discounts offered shall be shown separately on the invoice.

Payment by City.

In accordance with the Texas Prompt Payment Act, City shall have not less than 30 days to pay for goods or services. Time for payment, including payment under discount terms, will be computed from the later of: (1) the date City receives conforming goods under the contract; (2) the date performance of the service under the contract is completed; or (3) the date City receives a correct and valid invoice for the goods or services. Payment is deemed to be made on the date of mailing of the check. Payment is made in US dollars only.

This provision shall not apply where there is a bona fide dispute between City and Vendor about the goods delivered or the service performed that causes the payment to be late, or where the invoice is not mailed to the address provided herein.

The payment amount due on invoices may not be manually altered by City personnel. Once disputed items are reconciled, Vendor must submit a corrected invoice or a credit memorandum for the disputed amount. City will not make partial payments on an invoice where there is a dispute.

NECESSITY OF TIMELY INVOICE / WAIVER OF PAYMENT. NOTWITHSTANDING THE FORGOING, THE CITY CANNOT PAY FOR ANY GOODS OR SERVICES WITHOUT AN INVOICE. VENDOR MUST INVOICE CITY NO LATER THAN 90 CALENDAR DAYS FROM THE DATE GOODS ARE DELIVERED OR SERVICES RENDERED. FAILURE TO SUBMIT AN INVOICE WITHIN SAID 90 DAYS SHALL NEGATE ANY LIABILITY ON THE PART OF CITY AND CONSTITUTE A **WAIVER** BY VENDOR OF ANY AND ALL RIGHT OR CLAIMS TO COLLECT MONEYS THAT VENDOR MAY RIGHTFULLY BE OTHERWISE ENTITLED TO FOR GOODS OR SERVICES PERFORMED.

The total price for all goods and/or services is shown on the Price Schedule. No additional fees or expenses of Vendor shall be charged by Vendor nor be payable by City. The parties hereby agree that all compensable expenses of Vendor are shown on the Price Schedule. If there is a discrepancy on the Price Schedule between the unit price for an item, and the extended price, the unit price shall govern.

Change Orders. In order to comply with Texas law governing purchases made by municipalities, the following rules shall govern all change orders made under this contract.

Any change orders that become necessary during the term of this contract as a result of changes in plans, specifications, quantity of work to be performed, materials, equipment or supplies to be furnished may be approved by the Director, provided that such change orders:

- are made in writing, signed by the Director;
- do not involve an increase or decrease in contract price of more than \$25,000; and
- sufficient funds have already been allocated by City or are available to the Director to cover any increase in contract price.

Any other change will require approval of the City Council, City of San Antonio.

Changes that do not involve an increase in contract price may, however, be made by the Director.

No oral statement of any person shall modify or otherwise change, or affect the terms, conditions or specifications stated herein.

Termination.

Termination-Breach. Should Vendor fail to fulfill in a timely and proper manner, as determined solely by the Director, its material obligations under this contract, or violate any of the material terms of this contract, City shall have the right to immediately terminate the contract in whole or in part. Notice of termination shall be provided in writing to Vendor, effective upon the date set forth in the notice. City may, in City's sole discretion, provide an opportunity for Vendor to cure the default. If City elects to offer an opportunity to cure, City shall provide notice to Vendor specifying the matters in default and the cure period. If Vendor fails to cure the default within the cure period, City shall have the right, without

further notice, to terminate the contract in whole or in part. Such termination shall not relieve Vendor of any liability to the City for damages sustained by virtue of any breach by Vendor.

Termination-Notice. City may terminate this contract, in whole or in part, without cause. City shall be required to give Vendor notice ten days prior to the date of termination of the contract without cause.

Termination-Funding. City retains the right to terminate this contract at the expiration of each of City's budget periods. This contract is conditioned on a best efforts attempt by City to obtain and appropriate funds for payment of any debt due by City herein.

Termination by City may be effected by Director, without further action by the San Antonio City Council.

Independent Contractor. Vendor covenants and agrees that it is an independent contractor and not an officer, agent, servant or employee of City. City shall not be liable for any claims which may be asserted by any third party occurring in connection with the services to be performed by Vendor under this contract and that Vendor has no authority to bind City. The doctrine of respondeat superior shall not apply as between City and Vendor.

INDEMNIFICATION

VENDOR covenants and agrees to FULLY INDEMNIFY, DEFEND and HOLD HARMLESS, CITY and the elected officials, employees, officers, directors, volunteers and representatives of CITY, individually and collectively, from and against any and all costs, claims, liens, damages, losses, expenses, fees, fines, penalties, proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including but not limited to, personal or bodily injury, death and property damage, made upon CITY directly or indirectly arising out of, resulting from or related to VENDOR'S activities under this Agreement, including any acts or omissions of VENDOR, any agent, officer, director, representative, employee, consultant or subcontractor of VENDOR, and their respective officers, agents employees, directors and representatives while in the exercise of the rights or performance of the duties under this Agreement. The indemnity provided for in this paragraph shall not apply to any liability resulting from the negligence of CITY, its officers or employees, in instances where such negligence causes personal injury, death, or property damage. IN THE EVENT VENDOR AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS FOR THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW. In addition, Vendor agrees to indemnify, defend, and hold the City harmless from any claim involving patent infringement, trademarks, trade secrets, and copyrights on goods supplied.

The provisions of this INDEMNITY are solely for the benefit of the parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity. VENDOR shall advise CITY in writing within 24 hours of any claim or demand against CITY or VENDOR known to VENDOR related to or arising out of VENDOR's activities under this AGREEMENT and shall see to the investigation and defense of such claim or demand at VENDOR's cost. CITY shall have the right, at its option and at its own expense, to participate in such defense without relieving VENDOR of any of its obligations under this paragraph.

Assignment. Except as otherwise stated herein, Vendor may not sell, assign, pledge, transfer or convey any interest in this contract, nor delegate the performance of any duties hereunder, by transfer, by subcontracting or any other means, without the consent of Director. As a condition of such consent, if such consent is granted, Vendor shall remain liable for completion of the services and provision of goods outlined in this contract in the event of default by the successor Vendor, assignee, transferee or subcontractor. Any attempt to transfer, pledge or otherwise assign this Contract without said written approval, shall be void ab initio and shall confer no rights upon any third person.

Ownership of Documents. Pursuant to Texas Local Government Code Chapter 201, any and all Records produced by Vendor pursuant to the provisions of this contract are the exclusive property of City; and no such Record shall be the subject of any copyright or proprietary claim by Vendor. The term "Record" as used herein shall mean any document, paper, letter, book, map, photograph, sound or video recording, microfilm, magnetic tape, electronic medium, or other information recording medium, regardless of physical form or characteristic. Vendor understands and acknowledges that as the exclusive owner of any and all such Records, City has the right to use all such Records as City desires, without restriction.

Records Retention.

Vendor and its subcontractors, if any, shall properly, accurately and completely maintain all documents, papers, and records, and other evidence pertaining to the services rendered hereunder ("Documents"), and shall make such Documents available to the City at their respective offices, at all reasonable times and as often as City may deem necessary during the contract period, including any extension or renewal hereof, and the record retention period established herein, for purposes of audit, inspection, examination, and making excerpts or copies of same by City and any of its authorized representatives.

Vendor shall retain any and all Documents produced as a result of services provided hereunder for a period of four years ("Retention Period") from the date of termination of the contract. If, at the end of the Retention Period, there is litigation or other questions arising from, involving or concerning these Documents or the services provided hereunder, Vendor shall retain the records until the resolution of such litigation or other such questions. Vendor acknowledges and agrees that City shall have access to any and all such Documents at any and all times, as deemed necessary by City, during said Retention Period. City may, at its election, require Vendor to return the documents to City at Vendor's expense prior to or at the conclusion of the Retention Period. In such event, Vendor may retain a copy of the documents.

Vendor shall notify City, immediately, in the event Vendor receives any requests for information from a third party, which pertain to the Documents referenced herein. Vendor understands and agrees that City will process and handle all such requests.

Severability. If any clause or provision of this contract is held invalid, illegal or unenforceable under present or future federal, state or local laws, including but not limited to the City Charter, City Code, or ordinances of the City of San Antonio, Texas, then and in that event it is the intention of the parties hereto that such invalidity, illegality or unenforceability shall not affect any other clause or provision hereof and that the remainder of this contract shall be construed as if such invalid, illegal or unenforceable clause or provision was never contained herein. It is also the intention of the parties hereto that in lieu of each clause or provision of this contract that is invalid, illegal, or unenforceable, there be added as a part of the contract a clause or provision as similar in terms to such invalid, illegal or unenforceable clause or provision as may be possible, legal, valid and enforceable.

Compliance with Law. Vendor shall provide and perform all services required under this Agreement in compliance with all applicable federal, state and local laws, rules and regulations.

Certifications. Vendor warrants and certifies that Vendor and any other person designated to provide services hereunder has the requisite training, license and/or certification to provide said services, and meets all competence standards promulgated by all other authoritative bodies, as applicable to the services provided herein.

Non-waiver of Performance. Unless otherwise specifically provided for in this Agreement, a waiver by either Party of a breach of any of the terms, conditions, covenants or guarantees of this Agreement shall not be construed or held to be a waiver of any succeeding or preceding breach of the same or any other term, condition, covenant or guarantee herein contained. Further, any failure of either Party to insist in any one or more cases upon the strict performance of any of the covenants of this Agreement, or to exercise any option herein contained, shall in no event be construed as a waiver or relinquishment for the future of such covenant or option. In fact, no waiver, change, modification or discharge by either party hereto of any provision of this Agreement shall be deemed to have been made or shall be effective unless expressed in writing and signed by the party to be charged. No act or omission by a Party shall in any manner impair or prejudice any right, power, privilege, or remedy available to that Party hereunder or by law or in equity, such rights, powers, privileges, or remedies to be always specifically preserved hereby.

Venue. Venue of any court action brought directly or indirectly by reason of this contract shall be in Bexar County, Texas. This contract is made and is to be performed in Bexar County, Texas, and is governed by the laws of the State of Texas.

Non-discrimination. As a condition of entering into this agreement, Vendor represents and warrants that it will comply with City's Commercial Nondiscrimination Policy, as described under Section IILC.1 of the SBEDA Ordinance. As part of such compliance, Vendor shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Vendor retaliate against any person for reporting instances of such discrimination. Vendor shall provide equal opportunity for subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the City's Relevant Marketplace. Vendor understands and agrees that a material violation of this clause shall be considered a material breach of this agreement

and may result in termination of this agreement, disqualification of Vendor from participating in City contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party. Vendor shall include this nondiscrimination clause in all subcontracts for the performance of this contract.

Delinquent Taxes. In the event that Vendor is or subsequently becomes delinquent in the payment of taxes owed to the City of San Antonio, the City reserves the right to deduct any delinquent taxes from payments that the City may owe to the delinquent Vendor as a result of this contract.

Binding Contract. This contract shall be binding on and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, and successors and assigns, except as otherwise expressly provided for herein.

Entire Agreement. This contract, including City's final electronically posted online version, together with its authorizing ordinance and its price schedule(s), attachments, purchase orders, and exhibits, if any, constitutes the final and entire agreement between the parties hereto and contains all of the terms and conditions agreed upon. No other agreements, oral or otherwise, regarding the subject matter of this contract shall be deemed to exist or to bind the parties hereto, unless same be in writing, dated subsequent to the date hereof, and be duly executed by the parties, in accordance with the Change Order provision herein. **Parties agree that City's final electronically posted online version of this solicitation contains the agreed upon specifications, scope of services, and terms and conditions of this contract, and shall control in the event of a conflict with any printed version signed and submitted by Vendor.**

007 - SIGNATURE PAGE

By submitting a bid, whether electronically or by paper, Bidder represents that:

(s)he is authorized to bind Bidder to fully comply with the terms and conditions of City's Invitation for Bid for the prices stated therein;

(s)he has read the entire document, including the final version issued by City, and agreed to the terms therein;

Bidder is in good standing with the Texas State Comptroller's Office; and

to the best of his/her knowledge, all information is true and correct.

If submitting your bid by paper, complete the following and sign on the signature line below. Failure to sign and submit this Signature Page will result in rejection of your bid.

008 - STANDARD DEFINITIONS

Whenever a term defined by the Uniform Commercial Code ("UCC"), as enacted by the State of Texas, is used in the Contract, the UCC definition shall control, unless otherwise defined in the Contract.

All-or-None Bid - an invitation to bid in which the City will award the entire contract to one bidder only.

Alternate Bid - two or more bids with substantive variations in the item or service offered from the same bidder in response to a solicitation.

Assignment - a transfer of claims, rights or interests in goods, services or property.

Bid - a complete, signed response to a solicitation. The term "bid" is synonymous with the term "offer".

Bid Opening - a public meeting during which bid responses are disclosed.

Bidder - a person, firm or entity that submits a bid in response to a solicitation. The bidder whose bid is accepted by City may also be referred to herein as Contractor, Vendor or Supplier.

Bid Bond or Bid Guarantee - security to ensure that Bidder (a) will not withdraw the bid within the period specified for acceptance, and (b) will furnish any required bonds or performance guarantees, and any necessary insurance within the time specified in the solicitation.

Change Order - a change to the plans or specifications of the contract, or an increase or decrease in the quantity of work to be performed or of materials, equipment, or supplies to be furnished, issued by the Director after the bid has been accepted by the City.

City - the City of San Antonio, a Texas home-rule municipal corporation.

Contract - the binding legal agreement between the City and Vendor.

Contractor - the bidder whose bid is accepted by the City and is, therefore, the person, firm or entity providing goods or services to the City under a contract.

Director - the Director of City's Purchasing & General Services Department, or Director's designee.

Equal or Equivalent - terms to indicate that similar products or other brands may be acceptable for purchase if specifications and functional requirements are met.

Invitation for Bid (IFB) - a solicitation requesting pricing for a specified good or a service.

Line Item - a listing of items in a bid for which a bidder is expected to provide separate pricing.

Low Bid - a bid which is lowest in price, but may not meet all requirements or specifications.

Lowest Responsible Bidder - the bidder whose bid meets all requirements of the specifications, terms and conditions of the IFB and results in the lowest cost to the City in an award based solely on price, taking into consideration the bidder's competence and qualifications to perform the contract.

Non-Responsive Bid - a bid or offer that does not comply with the terms and conditions, or specifications and/or requirements of the IFB.

Offer - a complete, signed response to an IFB that, if accepted, would bind the bidder to perform the resultant contract. The term "offer" is synonymous with the term "bid".

Payment Bond - a particular form of security provided by the contractor to protect the City against loss due to the contractor's failure to pay suppliers and subcontractors.

Performance Bond - a particular form of security provided by the contractor to protect the City against loss due to the contractor's inability or unwillingness to complete the contract as agreed.

Performance Deposit - security provided by the contractor to protect the City against loss due to the contractor's inability or unwillingness to complete the contract as agreed.

Pre-Submittal Conference - a meeting conducted by the City, held in order to allow bidders to ask questions about the proposed contract and particularly, the contract specifications.

Purchase Order - a validly issued order placed by an authorized City department for the purchase of goods or services, written on the City's standard purchase order form, and which is Vendor's authority to deliver to and invoice the City for the goods or services specified in an IFB for the price stated in Vendor's bid.

Responsible Bidder - a bidder who is known to have the necessary competence and qualifications to perform and provide all requirements of an intended contract.

Responsive Bidder - a bidder who tenders a bid which meets all requirements of the invitation to bid and is a responsible bidder.

Sealed Bid - a bid submitted as a sealed document, whether hard copy or electronic, by a prescribed time to the location indicated in the IFB. The contents of the bid will not be made public prior to the bid opening.

Specifications - a description of what the City requires and what the bidder must offer; a description of the physical or functional characteristics of a product or material, or the nature of a service or construction item.

Subcontractor - a person, firm or entity providing goods or services to a vendor to be used in the performance of the Vendor's obligations under the contract with the City.

Supplier - the bidder whose bid is accepted by the City and is, therefore, the person, firm or entity providing goods or services to the City under a contract.

Vendor - the bidder whose bid is accepted by the City and is, therefore, the person, firm or entity providing goods or services to the City under a contract.

Waiver of Irregularity - noting, but disregarding an immaterial variance within a bid.

009 - ATTACHMENTS

Attachment A

Local Preference Program (LPP) Ordinance

The 82nd Texas Legislature adopted a revision to the law that allowed the City of San Antonio (City) to adopt a policy that would grant contracting preferences to local businesses for certain types of contracts. The City adopted such a policy, known as the Local Preference Program, by Ordinance No. 2013-03-21-0167, effective for solicitations issued after May 1, 2013.

This solicitation is subject to the Local Preference Program. For more information on the program, refer to the Local Preference Program Identification Form attached to this solicitation.

In order to receive consideration the Local Bidder must complete and return the attached Local Preference Identification Form.

ADDENDUM I

SUBJECT: Invitation For Bid 6100003465 BRUSH TRACTORS AND TRAILERS scheduled to open Wednesday, October 16, 2013 date of issue September 26, 2013.

DATE: October 8, 2013

THE ABOVE MENTIONED INVITATION FOR BID IS HEREBY AMENDED AS FOLLOWS:

1. THE BID OPENING DATE REMAINS WEDNESDAY, OCTOBER 16, 2013, 2:00 P.M. LOCAL TIME.
2. RFO Document Section 004 – Specifications / Scope of Services, Item Description changed to read:
- 4.2 GENERAL CONDITIONS:

Changed to read:

4.2.7 Delivery – Delivery of all units must be completed within 180 days after City's issuance of the purchase order. All deliveries are to be made to Brooks City Base, 8220 Lindbergh Landing, Building 1106, San Antonio, TX 78235. Vehicles will not be accepted after 4:00 P.M. CST. Delivery to a non-specified location will result in non-acceptance of the equipment by the City. All deliveries must be pre-arranged with a minimum 24-hour notification, NO EXCEPTIONS. Contact Fleet Acquisitions office at (210) 207-4600 to arrange delivery. The Manufacturer's Statement of Origin (MSO), invoice, weight certification tickets and current State Inspection decals are required upon delivery of each unit and before payment can be processed. Vehicles with more than 3,000 miles accumulated on the odometer will not be accepted. All vehicles are required to have a full tank of fuel and DEF, if applicable.

Add Paragraph:

4.2.11 The engine offered by bidder must meet the Environmental Protection Agency (EPA) emission standards in effect at the time the bid is submitted, without the benefit of averaging, banking, trading, or emission credits. Bidder shall submit a copy of the applicable EPA certificate with its bid. Only engines using selective catalytic reduction (SCR) technology will be accepted.

4.3	ITEM	QUANTITY	DESCRIPTION
	1	10 Each	Tractors, minimum 48,000 lb. GVWR

SPECIFICATIONS:

Changed to read:

4.3.2 Engine – In line six -cylinder, minimum 8.0-liter, diesel, minimum 330 net HP rated at not more than 2400-RPM, producing a minimum of 1000-lb. ft. of gross torque rated at not more than 1600-RPM. Engines to be equipped with OEM or equal shut down control on high water temperature and low oil pressure. Electronic engine controls must have all necessary components and wiring to allow for complete operation of a power

take off at a pre-determined RPM using an in-cab control (must be load sensitive). Maximum road speed to be electronically limited to **60-MPH +/- 2-MPH**. Cruise control will not be activated. Engine will shut down after 5-minutes of idle time when PTO is not engaged.

Changed to read:

- 4.3.4 Front Axle –Set back, minimum 14,000-lbs. capacity with 14,000-lbs. spring or air suspension capacity, springs, hub piloted steel hubs, ends equipped for out-board mount type disc brakes, and Stemco or equal front wheel visible cap bearing oiler. Front shock absorbers to be heaviest duty available for specified axle.

Changed to read:

- 4.3.5 Rear Axle – Minimum 34,000-lbs. capacity tandem axle with 34,000-lbs. spring or air suspension capacity, minimum 3,000-lbs. multi leaf auxiliary springs, ends equipped with hub piloted steel hubs, outboard mount type brake drums. Gear ratio installed must be capable of **70-MPH +/- 2-MPH** geared road speed at full engine governed RPM. Will be equipped with driver controlled differential lock (DCDL) for both axles with a warning light and buzzer to indicate engagement located on dash. Stemco or equal oil rear seats.

Changed to read:

- 4.4.6 Brakes – Full air, outboard disc brakes with dust shields and ABS brake control system with automatic slack adjusters. Brakes to be the maximum O.E.M size offered and meet or exceed August 2011 Federal brake requirements. Minimum 12 CFM compressor, Midland Pure Air Plus dryer model DA-33100, or proven equal, with automatic drain valves Model KN-24,000 (no exceptions) for each air tank. It is preferred that the air tanks be grouped together, easily accessible to an operator standing at the side of the truck. Spring set parking brakes on both rear axles. Quick connect coupling (Milton 747 or equal), connected to the emergency side of air system, to be located in a protected area near the front bumper.

Changed to read:

- 4.3.8 Wheels & Tires – Wheels to be 10-hole hub piloted steel disk wheel, 22.5 X 9.00, painted white. Tires – 12R 22.5 minimum load range H, tubeless steel belted radial tires. Steer tires on the front and lug tires on the rear. All wheels will have orange, high temp loose wheel lug/stud indicators installed.

Changed to read:

- 4.3.14 Fuel System – To be equipped with minimum capacity of 70-gallons. Right or left hand aluminum tank mounted. Fuel filtration system to include primary and secondary with water separator and a manual priming pump on filter housing. Fuel filler neck is required to have a removable, full flow screen. Truck shall be equipped with a DEF tank size no smaller than 6 gallons. Truck will be delivered with full fuel and DEF tanks.

Changed to read:

- 4.3.16 Cab – Standard cab with running boards, tilt hood and fenders, left and right hand cab grab handles, and manufacturer's standard AM/FM radio. Doors to have armrests. Units to be factory equipped with installed OEM air conditioner, integral heater, defroster units, insulated cab headliner, standard left and right side sun visor, left and right outside manual mirrors, West Coast type, single piece, minimum 7-inches x 16-inches painted, split focus type (flat area, adjustable convex), spring loaded, retractable, heavy duty mirrors. Parabolic mirror installed on right front fender to provide view of obstacles on right side of tractor from front bumper to rear wheels. Driver seat to be bucket type, National Cush-n-Aire or equal. Passenger seat to be non-suspension seat. **All seat belts to be Safety Orange colored (seat belt covers will not be acceptable).** A decal showing the highest point of the tractor trailer combo will be displayed on the dash.

Changed to read

- 4.3.17 Fifth Wheel – Heavy-duty type "A" mechanical spring lock with positive safety latch, angle on frame mounting and left hand release is required. Mounted to be compatible with trailer kingpin position and height, Holland FW-35 Series or equal. Unit shall be equipped with grease fittings to be able to service while trailer is connected.

Changed to read

- 4.3.19 Wet Kit – A truck mounted wet kit will be provided and installed and must include an inline relief valve to prevent damage to the hydraulic system and trailer cylinder(s) if pump is engaged and trailer lines are not connected or not connected properly. The live tractor power wet kit will have a pump rated at the trailer manufactures recommended pressure and GPM requirements. A transmission mounted PTO and direct mount pump will be installed on the truck transmission (Allison 3000-RDS). The pump shall be controlled through a speed device that will automatically engage the pump at the proper engine RPM and will not allow engagement unless the engine is under 750-RPM and the truck transmission is in the neutral position. Pump/PTO shall automatically disengage when RPM exceeds manufacturer's recommended RPM. Metal hydraulic reservoir to be mounted behind cab and be a minimum of 100 gallon capacity with spin-on hydraulic oil filter(s). Minimum, 100-mesh strainer must be installed in the suction outlet and a minimum 10-micron filter to be used for the return line. A magnet to be installed in tank, accessible for cleaning. Hydraulic controls shall be mounted on a panel on front left side of trailer. All valves and fittings required to make wet kit and trailer completely operational to include one female quick coupler (Aeroquip 6-5100-2516 or equal) attached to the hose ends, and one male quick coupler (Aeroquip 6-5100-52-16B or equal) attached to the trailer, will be included. Wet kit to be filled to capacity with SAE 10 hydraulic oil meeting MIL-L-46152 specifications. Hoses will remain with truck when disconnected from trailer and will be long enough to allow maximum articulation of truck and trailer. A spring assisted cab slide bar will be used to prevent hoses and all wires going to trailer from tangling, stretching when making turns, contacting drive line or other moving parts, or catching on hydraulic tank or other fixed items and support rod/pogo with spring mounted to support hoses and all wires going to trailer to prevent damage. One-quarter (¼) turn ball valves will be installed to isolate the reservoir (suction and return lines) for service and maintenance. All hoses shall be wrapped with protective cover. Hydraulic tank shall meet all J.I.C., N.F.P.A., and A.S.L.E. standards.

Changed to read:

- 4.3.21 Units to be equipped with the following additional equipment:

- a. Minimum one (1) electrical and one (1) air horn that meets DOT standards.
- b. Integral power steering.
- c. Turn indicators, front and rear, stop and tail lights.
- d. Windshield washers and variable speed wipers.
- e. Adjustable steering column.
- f. Power port for use with cell phone.
- g. 5 pound class A-B-C- fire extinguisher.
- h. DOT reflector flare kit securely mounted in cab.
- i. Back up alarm.
- j. Bracket for 3 ½-gallon water cooler mounted at a location approved by Solid Waste Coordinator before delivery of the first unit.
- k. Current State inspection decal.
- l. Decal showing the total height of the unit displayed on the dash.
- m. Provision to transport safety cones.
- n. **OEM and darkest available by law aftermarket window tinting on side and rear windows.**
- o. One overhead mounted cab fan.
- p. Orange, high temp loose wheel stud/lug indicators
- q. Three (3) sets of keys shall be provided (all units shall be keyed alike)
- r. Power door windows and power locks
- s. Traffic cone rack mounted at a location approved by Solid Waste Coordinator before delivery of the first unit.

4.4 10 Each Trailers, Rear Ejection, Horizontal Discharge

SPECIFICATIONS:

Changed to read:

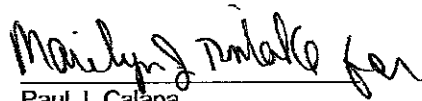

- 4.4.4 Body Construction – Corner post shall be ¼-inch steel minimum 12-inches in width. Other posts to be minimum 11-gauge steel. A tapered gusset shall be installed approximately 12-inches high between rear post and first

forward post from the rear. Horizontal braces of minimum 11-gauge steel to be equally spaced for the length of the trailer, dirt shedder type design. Horizontal and vertical reinforcements for side and floor will be provided in a boxed design spaced no more than 24 inches apart. Length of floor to have minimum 6-inches I-beam long sills with minimum 4-inches Jr. I-beam cross members no more than 12-inches apart, minimum 3/16-inch floor. Floor sheet rub rail to have return bends. Shoe rails shall have grease fittings that are serviceable from outside the trailer at ground level. Side to be minimum 10-gauge high tensile steel with vertical posts on 24-inches centers. Top rail to be of 3-inches X 4-inches X ¼-inch box steel or tubing, angled to shed dirt. All seams will be fully welded and watertight. Completed body will be thoroughly cleaned, sprayed, or dipped in rust preventing primer. Body must be properly cleaned and prepared prior to painting. Primer coat to be thoroughly dry prior to final two coats. Body color will be Medium Grey Metallic, Sherwin-Williams, Dimensions, urethane enamel, paint code – DFP386, mix code - # 50374. Trailer shall have a "Sign Holder" constructed of carbon steel angle material. Approximate overall dimensions shall be 18" high X 36" long with continuous fillet wells on corners and no gaps with open top to insert signs. Sign holder shall be on both left and right side of trailer midpoint. A bracket shall be mounted to the trailer to secure a pitch fork on the curb side or right side. All electrical wiring and hydraulic hoses shall be protected by rubber grommets if routed through any metal bulkheads to prevent chafing of components. All wiring connections and pigtails shall be soldered and sealed with heat shrink.

Changed to read:

4.4.7 Lighting – All lighting and reflectors will meet D.O.T. requirements. Reflectors shall be attached with mechanical fasteners. Stop lights, turn signals, marker and clearance lights shall be LED-type and mounted to reduce the possibility of damage from contact with brush. Stop lights, turn signals, marker and clearance lights shall have a lip to protect the lighting, no wire mesh or expanded metal shall cover the lighting. Mid body clearance / turn signals will be installed. Four strobe lights to be installed on the rear of trailer on each corner. (WHELEN, TIR-6, super-led, 500 Series, directional warning light, part number 50AA3ZCR or proven equal). Strobe lights on trailer and tractor will be wired to operate whenever ignition switch is on with no switch inside the cab. All electrical connections shall be done by soldering and heat shrinking with automotive grade connectors. Wire nuts will not be acceptable. License plate lights and bracket shall be mounted recessed from the back edge of trailer. Conspicuity tape markings will be installed on both sides, and across the rear of the trailer. All electrical connections shall be made with the following part numbers below.

- a. Strobes 4-Way, split pin, Phillips, Part# 15-400
- b. Lighting SAE-J560b, 7- way, split brass pin, part# Phillips 16-720D
- c. Tarp Motor Standard Ignition, Part# SST312 (175amp, 4AWG)

Local Preference Program Identification Form

The City of San Antonio Local Preference Program, adopted by Ordinance 2013-03-21-0167, implemented a local preference program for specific contracting categories. Each time a bidder or respondent submits a bid for a solicitation this Local Preference Program Identification Form must be completed and turned in with the solicitation response in order to be identified as a local business and receive the preference described below. The City will not rely on Local Preference Program Identification Forms submitted with prior or contemporaneous bids or proposals.

The Local Preference Program allows the City to grant a preference in the award of the following types of contracts, when selection is made based on price alone:

- Personal Property (Goods / Supplies): The local bidder's price must be within 3% of the price of the lowest non-local bidder for contracts of \$50,000 or more;
- Non-professional Services: The local bidder's price must be within 3% of the price of the lowest non-local bidder for contracts of \$50,000 to under \$500,000;
- Construction Services: The local bidder's price must be within 3% of the price of the lowest non-local bidder for contracts of \$50,000 to under \$100,000, excluding contracts awarded using alternative delivery methods;

The Local Preference Program also allows the award of additional points, when multiple evaluation criteria are used in the award of professional service contracts, where the selection process is not governed by statute. A business meeting the definition of local business stated below may be awarded 10 points for being headquartered within the city, or 5 points for having a local office within the city.

A local business (a.k.a. a City Business) is defined as a business headquartered within the incorporated San Antonio city limits OR one that meets the following conditions:

- Has an established place of business for at least one year in the incorporated limits of the City:
 - (a) from which at least 100 of its employees OR at least 20% of its total full-time, part-time and contract employees are regularly based; and
 - (b) from which a substantial role in the business' performance of a commercially useful function or a substantial part of its operations is conducted by those employees.

A location utilized solely as a post office box, mail drop or telephone message center or any similar combination, with no other substantial work function, is not a local business.

For the purposes of this program, Headquartered is defined as the place where a business entity's officers direct, control, and coordinate the entity's activities.

THE BIDDER / RESPONDENT MUST COMPLETE THE FOLLOWING TO BE IDENTIFIED AS A LOCAL BUSINESS

Name of Business:	Freightliner of San Antonio, LTD	
Physical Address:	8700 IH 10 EAST
