TO COORDINATE CAPITAL PROJECTS UNDER THE

WHEREAS, the City of San Antonio (hereafter referred to as “COSA” or “City”), a home-rule city under the laws of the State of Texas, and Southwestern Bell Telephone Company d/b/a AT&T Texas (hereafter referred to as “AT&T”), a privately-owned utility corporation (collectively referred to as the “Parties”), have agreed to coordinate, where appropriate, COSA’s public works projects and AT&T’s capital infrastructure projects under the City’s 2017-2022 Bond Program; and

WHEREAS, COSA and AT&T agree to coordinate additional future projects where appropriate, and if for the benefit of both Parties; and

WHEREAS, COSA and AT&T acknowledge the benefits of coordinating their respective public works projects, where appropriate, in order to reduce project costs, minimize closure of City streets and rights-of-way, reduce inconvenience to the public and expedite project construction; and

NOW THEREFORE, COSA and AT&T mutually consent to enter into this memorandum of agreement (hereafter referred to as “MOA”) on this 31st day of July, 2019 and agree as follows:

I. Terms of MOA

1. **Joint Projects.** COSA and AT&T shall designate projects as “joint projects,” prior to the selection of any contractors for work on said projects. “Joint projects” shall be defined as capital projects involving both a City project and an AT&T current or planned infrastructure project.
2. **Lead Agency.** COSA shall be the lead contracting agency on all joint projects.
3. **Selection Panel.** COSA shall establish a panel to select Engineers, Architects and other vendors that shall be assigned work on joint projects related to the City’s 2017-2022 Bond Program. AT&T shall be represented on the selection panel.
4. **Review and Approval of Bond-Related Projects.** AT&T shall review and approve engineering plans prior to the initiation of construction of AT&T infrastructure involved in a joint project related to the City’s 2017-2022 Bond Program.
5. **Inspection and Acceptance.** AT&T shall inspect and accept the completion of the construction of AT&T infrastructure involved in all joint projects.
6. **Internet-Based Project Management System.** COSA administers its design and construction management through an Internet-based management system. AT&T and COSA shall conduct communications through this media and the parties shall perform all project-related functions utilizing this database system. These functions include, but are not limited to, correspondence, submittals, requests for information, vouchers, payment requests and processing, amendment, change orders and other administrative activities. AT&T shall review and approve all payment applications and change orders related to AT&T infrastructure through COSA’s Internet-based project management system. Such approval shall be evidence of AT&T’s acceptance of the expenditure and work. AT&T shall sign a business level agreement for participation in COSA’s Internet-based Project Management System and each AT&T Project Team Member shall sign an individual agreement. COSA shall administer the software and shall provide training and access to AT&T identified project team members.
7. **Reimbursement of Cost:** AT&T shall reimburse COSA the then-completed construction costs for AT&T infrastructure involved in joint projects within forty five (45) days of receipt and approval of an invoice from COSA. Invoices shall promptly be submitted by COSA periodically over the course of construction of the project. AT&T shall pay for project construction that is deemed satisfactory to AT&T. COSA shall pay any amount due to AT&T or its Affiliates which is not applied against the invoiced amounts within thirty (30) days after written demand by AT&T. Invoices received by AT&T more than six (6) months after the provision of the construction shall be deemed untimely and AT&T shall have no obligation to pay such invoices. AT&T may withhold payment for any amount that is in dispute and AT&T may deduct any offset or recoupment claims it or its Affiliates may have against COSA, whether under this Agreement or otherwise.

8. **Construction Services, Performance, and Acceptance.** COSA agrees that all dates agreed upon for construction are firm, time is of the essence and COSA will complete the construction in strict conformance with the Specifications. After construction has been completed, AT&T shall have a reasonable time to inspect the construction and AT&T's acceptance shall not occur until the construction is shown to strictly comply with the Specifications (hereafter referred to as "Acceptance").
9. **Entire Agreement.** The terms contained in this MOA, including any attachments, constitute the entire integrated agreement between COSA and AT&T regarding joint projects. This MOA supersedes all prior oral and written discussions, agreements and understandings of the Parties, if any, with respect hereto. Acceptance of the project construction payment or any inaction by AT&T shall not constitute AT&T's consent to or acceptance of any additional or different terms from that stated in this MOA
10. **Indemnity.** COSA will require its contractor to indemnify, defend and hold harmless AT&T and its affiliates, directors, shareholders, agents and employees (individually and collectively herein referred to as "Indemnitees") from and against any fine, penalty, loss, cost, damage, injury, claim, expense, including reasonable attorneys' fees, or liability (individually and collectively hereafter referred to "Liabilities"), including, but not limited to, Liabilities associated with: (a) injury to or death of any person; (b) damage to, or loss or destruction of, any property; (c) contamination of or any adverse impact upon the environment; (d) attachments, liens or claims of materialmen or laborers; (e) breach of a Supplier warranty; and (f) infringement of a patent, copyright, trademark, service mark, trade secret or other legally protected proprietary right, where such Liabilities arise out of, result from or are incurred in connection with acts or omissions in connection with this MOA, except for that portion of Liabilities caused by the sole negligence or willful misconduct of AT&T. COSA shall keep Indemnitees fully informed of any such defense and afford Indemnitees, at their own expense, an opportunity to participate in the defense or settlement of such Liabilities.
11. **Information.** Except with AT&T's prior written consent or as required by the Texas Open Records Act, or this MOA, COSA shall not use or provide to others any AT&T business or customer information. Upon completion of this MOA and upon AT&T request, COSA promptly shall return such AT&T information it may possess.
12. **Insurance.** In addition to COSA's contractor's obligation to indemnify, COSA shall require its contractor(s) to maintain, at all times during performance of this MOA, the following minimum insurance coverages and limits and any additional insurance and/or bonds required by law: (a) Workers' Compensation insurance, with benefits afforded under the laws of the State in which Services are to be performed, and Employers Liability insurance, with minimum limits of \$500,000 for Bodily Injury-each accident, \$500,000 for Bodily Injury by disease-policy limits and \$500,000 for Bodily Injury by disease-each employee; (b) Commercial General Liability insurance, with minimum limits of: (1) \$2,000,000 General Aggregate limit; (2) \$1,000,000 each occurrence sub-limit for all bodily injury or property damage incurred in any one occurrence; (3) \$1,000,000 each occurrence sub-limit for Personal Injury and Advertising; and (4)

Upon termination, COSA shall invoice AT&T for termination charges, which shall consist of the percentage of the work addressed by this MOA and performed prior to termination, minus the salvage value of any work terminated. AT&T's payment shall be considered a complete and final discharge of any liability as a result of such termination. In the event that COSA fails to perform, in whole or in part, its obligations under this MOA or otherwise breaches or defaults on its obligation herein and COSA has failed to correct its failure to perform within fourteen (14) days from its receipt of AT&T's notification and intent to cancel, AT&T may elect to cancel this MOA without any financial obligation or Liability on the part of AT&T.
