Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:

Born and raised in San Antonio, Texas, I am a proud product of the San Antonio ISD public school system. With nearly 12 years of experience in program management, community relations, and public policy, I can contribute cybersecurity and information technology expertise and insight to the Ready to Work Advisory Board. Women and minorities are vastly underrepresented in the cybersecurity and IT industries, and San Antonio has the potential to identify, train, and transition unemployed and underemployed residents into these high-demand and high-paying jobs. I already have strong relationships with local K12 schools, higher education institutions, boot camps, and other training providers in the Bexar County area, as well as with local employers and elected and appointed officials and their staff. As a Family Service board member, I have witnessed firsthand the life-changing impact of wraparound services for the most vulnerable members of our community. As a small business owner, I hosted remote interns during the summer of 2020 despite COVID-19 limitations. I continue to advocate for my fellow business owners to also provide paid work-based experiences for K12 and college students, as well as adult learners. There is a creative solution for every concern brought forth by employers, and I look forward to sharing these insights and lessons learned with the Advisory Board. As the second largest cyber hub in the United States,

	<p>it would be an honor to represent my fellow San Antonio residents during their time of need, and provide actionable ideas and strategies that can connect them to high-paying and high-demand jobs in the cybersecurity, technology and information technology industries. This is my hometown, and I am committed to helping however possible. Thank you for your consideration.</p>
<p>Do you have any relatives who are employed with the San Antonio Police Department?</p>	<p>No</p>
