Tax Increment Reinvestment Zone – Finance Plan

Introduction

The City of San Antonio's Verano Tax Increment Reinvestment Zone Twenty-Eight ("TIRZ" or "Zone") was Designated on December 6, 2007. The Verano TIRZ boundary, originally 2,700 acres, has been amended to include portions of the area north of South Loop 410 to include Palo Alto College and surrounding properties. The new TIRZ boundary is approximately 3,100 acres of largely undeveloped land that will be utilized to construct 2,461 single-family homes, 2,500 multi-family homes, 750 condos/townhomes, 3,015,000 square feet of non-residential, and the new Texas A&M – San Antonio ("TAMU-SA") campus with an estimated 25,000 student enrollment at full build-out. The tax year 2007 beginning assessed value is \$39,087,452.00 and the projected captured value is \$2,780,592,431.13 in tax year 2044 net of exemptions. The total public improvements capital cost and associated administrative costs are estimated to be approximately \$468,672,611.06. The life of the TIRZ is projected to be 37.82 years with the TIRZ being in existence through September 30, 2045.

Public Infrastructure and Related Eligible Expenses

The public improvements and related capital costs the reimbursement of a parcel conveyed to Alamo Colleges (AC), signage for Palo Alto College, San Antonio Water System infrastructure, TAMU-SA water and sewer impact fees, streets, drainage, water, sewer, dry utilities, non-potable, storm water pollution plan, streetscape, linear park, park/plazas, public parking garages, plat fees, drainage impact fees, sewer impact fees, water impact fees, repairs/replacements/re-constructions if necessary, construction management, engineering-surveying, geo-technical, architect/landscape, and contingency. The capital cost is estimated to be approximately \$464,845,105.33.

Plan of Finance

The tax year 2007 beginning assessed value of the TIRZ was \$39,087,452.00 with a base taxable value of \$8,976,102.00. After the Boundary Amendment in 2008 the tax year 2008 base taxable value increased to \$12,891,602.00. Projected captured values that would be taxed to produce revenues to pay for the capital costs of the public improvements commence in tax year 2008 with collections commencing in tax year 2008 (fiscal year 2009). Projected captured value is expected to grow from \$4,592,033.00 in tax year 2008 to approximately \$2,780,592,431.13 in tax year 2044.

The latest taxing jurisdictions and participating tax rate per \$100 valuation utilized in the analysis include: City of San Antonio at \$0.418703; Bexar County at \$0.167994; Alamo Community College at \$0.053200; and the San Antonio River Authority at \$0.010374. This produces annual revenues of \$28,037.56 in fiscal year 2009 to an estimated amount of \$4,860,485.19 in fiscal year 2045. A 3.25% growth factor is assumed. The City of San Antonio

has negotiated a 75% participation level and a maximum contribution of \$118,992,476.00; Bexar County has negotiated a 70% (Operation and Maintenance portion of tax rate) participation level and a maximum contribution of \$81,393,692.00; the Alamo Community College has negotiated a 50% (Maintenance and Operations portion of tax rate) participation level and a maximum contribution of \$15,000,000.00; the San Antonio River Authority has negotiated a 60% participation level and a maximum contribution of \$4,397,567.00.

The City and the Board may disburse funds in the Tax Increment Fund to pay expenditures in the following order or priority of payment:

- (i) The initial startup Administrative Costs of \$28,279.47 for the City, all reimbursement for which has already been received by the City in Fiscal Years 2009 and 2014;
- (ii) to pay all other ongoing Administrative Costs to the Participating Taxing Entities for administering the TIF Fund and/or the TIRZ, except that if there are insufficient funds for the full reimbursement of ongoing Administrative Costs to each Participating Taxing Entity, then the ongoing Administrative Costs of each Participating Taxing Entity shall be reimbursed on a pro rata basis based on each Participating Taxing Entity's level of participation in the TIRZ;
- (iii) to reimburse the City for costs of the repair, replacement, or re-construction of Public Infrastructure and associated costs as described in Section 5.12 of the Development Agreement;
- (iv) to reimburse the City maintenance expenses, if any, pursuant to Article III of the Development Agreement;
- (v) to reimburse a Participating Taxing Entity under any reclaim of funds pursuant to Article X of the Development Agreement;
- (vi) to reimburse Alamo Colleges up to \$150,000.00 for public improvements associated with Palo Alto College Signage Project to the extent that Alamo Colleges' tax increment funds are available;
- (vii) to reimburse the San Antonio Water System for (i) the design and construction of wastewater improvements that have been completed and that were funded by SAWS pursuant to the Prior Utilities Services Agreement (the "SAWS-Funded Wastewater Improvements") up to \$2,131,618.50; (ii) actual costs incurred by SAWS if and to the extent it is necessary for SAWS to repair or reconstruct any wastewater infrastructure designed or constructed by Developer within two (2) years from the date of completion of such infrastructure, as and to the extent set forth in the Utility Services Agreement and contemplated in the Amended and Restated Consent Agreement; and (iii) the actual amount of water and wastewater impact fees attributable to certain water and wastewater capacity reserved and allocated to TAMU-SA in the Utility Services Agreement (i.e., 100 EDUs for water service to the tract identified as the "ITC Tract" in the Prior Utility Services Agreement, and 2,783 EDUs for wastewater service to the tract identified as the "TAMU-SA Tract" in the Prior Utility Services Agreement) until the earlier of (A) August 2034 or (B) such time as the water service EDUs reserved and allocated to TAMU-SA for the ITC Tract under the Utility Services Agreement (i.e., a maximum of 100 EDUs of water service) and the wastewater service EDUs

reserved and allocated to TAMU-SA for the TAMU-SA Tract under the Utility Services Agreement (i.e., a maximum of 2,783 EDUs of wastewater service) are committed or utilized, as and to the extent set forth in the Utility Services Agreement and contemplated in the Amended and Restated Consent Agreement.

(viii) to reimburse the City up to one million eight hundred eighty-five thousand dollars (\$1,885,000.00) for the value of the Zachry Parcel conveyed to the Alamo Colleges at a maximum rate of \$1,000,000.00 per year and to the extent that Alamo Colleges' tax increment funds are available; and

(ix) To reimburse the Developer for Project Costs of Public Improvements, in accordance with the Development Agreement, any applicable Interlocal Agreements, the Project Plan, and to the extent that funds in the Tax Increment Fund are available for this purpose.

The foregoing, notwithstanding, no funds will be paid from the Tax Increment Fund to a Participating Taxing Entity for its financial or legal services in any dispute arising under the Development Agreement with another Participating Taxing Entity or Participating Taxing Entities.

The total capital cost incurred for public improvements is \$464,845,105.33, which includes the developer's capital cost. It is projected that the developer would not receive any payments until fiscal year 2023. The earliest projected payoff of the capital cost would occur in fiscal year 2045 and includes an estimated developer contribution of \$276,526,699.42 out of total project cost of \$468,672,611.06.

The TIRZ collections for this project shall not extend beyond September 30, 2045 and may be terminated earlier once each taxing entity has deposited its respective amount described in the table below. Some taxing entities may reach their maximum dollar contribution prior to others and/or prior to the end of the TIRZ; the term of the TIRZ will continue through September 30, 2045 or will terminate once all taxing entities have deposited their maximum dollar contribution.

TABLE – TIRZ Maximum Contributions *		
Participating Taxing Entities	Maximum Dollar Contribution	Max. Length of Contribution
City of San Antonio	\$ 118,992,476.00	September 30, 2045
Bexar County	\$ 81,393,692.00	September 30, 2045
Alamo Colleges	\$ 15,000,000.00	September 30, 2037
San Antonio River Authority	\$ 4,397,567.00	September 30, 2045
Maximum Contribution Amt	\$ 219,783,735.00	

* Maximum Contributions are based on negotiated amendments to Interlocal Agreements with other participating tax entities.

Limited Obligation of the City or Participating Taxing Entities

The City and Participating Taxing Entities shall have a limited obligation to impose and collect taxes, and deposit such tax receipts into a TIRZ fund so long as the project is viable and capital costs incurred by the Developer have not been fully paid. The TIRZ collections for this project shall not extend beyond September 30, 2045, and may be terminated prior to September 30,

2045, upon payment of the negotiated amount for public improvements capital costs incurred by the Developer or for the failure of the Developer to perform. The City may elect to terminate the TIRZ according to Article X of the Development Agreement. Furthermore, any default of the terms contained in the Interlocal and/or Development Agreements that is not cured within the timeframe contained in the Interlocal and/or Development Agreements may also result in TIRZ termination.

Any costs incurred by the Developer are not and shall never in any event become general obligations or debt of the City or any of the Participating Taxing Entities. The public improvement costs incurred by the Developer shall be paid solely from the TIRZ revenues and shall never constitute a debt, indebtedness or a pledge of the faith and credit or taxing power of the State, the City, the Participating Taxing Entities, any political corporation, subdivision, or agency of the State.

¹ To reimburse the City \$1,885,000.00 for the value of the Zachry Parcel conveyed to the Alamo Colleges at a maximum rate of \$1,000,000.00 per year.

² Ordinance 2009-08-20-0662 authorized to reimburse SAWS (i) up to \$2.7 million for the design and construction of wastewater improvements; (ii) actual costs incurred to repair or reconstruct any wastewater infrastructure designed and constructed by Developer within two (2) years from the such infrastructure completion date; and (iii) actual water and wastewater impact fees incurred by the TAMU-SA until earlier of August 2034 or the EDUs reserved and allocated to TAMUS are committed or utilized.

³ Under the amended USA, the wastewater improvements cost is \$2,131,618.50.

⁴ SAWS currently estimates TAMU-SA impact fees at \$4,154,864.00.

⁵ Villaret Blvd Improvements was listed in 2010 Finance Plan. The City spent \$5,335,301.00 and the Alamo Colleges spent \$990,145.14. Neither party will seek reimbursement.
