10.1 The export regulations of the United States prohibit, with certain exceptions, the export from the United States or the transfer to foreign persons (non-U.S. citizens or "green card" permanent residents), whether in the U.S. or abroad, of technical data relating to certain commodities unless the exporter has obtained written authorization from the U.S. Government and received written assurance from the foreign importer that the technical data will not be further exported without permission of the exporter and the cognizant U.S. Government agency. Buyer agrees to comply fully with all relevant regulations of the United States to assure that no violation of such regulations occurs.

10.2 Buyer further acknowledges that violations of these laws and regulations include, but are not limited to, exporting or re-exporting, or otherwise supplying or providing access to the Licensed Programs, the accompanying documentation or any other materials provided by Seller, to: (a) any country against which the United States imposes trade sanctions or export controls; (b) persons on the U.S. Commerce Department's Denied Parties List or Entity List, the U.S. Treasury Department's Specially Designated Nationals List, or the U.S. State Department's List of Debarred Parties; (c) end uses related to nuclear weapons, missile technology, or chemical/biological weapons; or (d) any destination for which an export license is required.

and any other materials provided by Seller, and Buyer acknowledges that export jurisdiction over these items may change from time to time.

10.4 Further, Buyer agrees that any violation by Buyer of any of these laws and regulations will also constitute material breach of this Agreement, and Buyer agrees to indemnify Seller against any criminal or civil monetary sanctions, costs, losses or expenses (including but not limited to reasonable attorneys' fees and costs) resulting from Buyer's failure to comply. Buyer agrees to defend, indemnify and hold Seller, and its officers, directors, agents and employees harmless against all criminal and/or civil monetary sanctions, costs, losses or expenses (including but not limited to reasonable attorneys' fees and costs) incurred as a result of any failure on Buyer's part to comply with these laws. Buyer further agrees to notify Buyer's Buyers of, and to use best efforts to ensure their compliance with, the restrictions imposed by these laws and regulations.

11. Maintenance Support

Seller may, from time to time, issue Modifications and Enhancements to the Licensed Programs. If Seller should issue a Modification or Enhancement to the Licensed Programs, Buyer may obtain such Modification or Enhancement at the current price then charged by Seller or the price set forth in the Contract, as applicable.

12. Intellectual Property Indemnification

12.1 Seller agrees that it shall, at its own expense and at its option, defend or settle any claim, suit, or proceeding brought against Buyer, based on an allegation that the Licensed Program furnished under this Agreement constitutes a direct or a contributory infringement of any claim of any United States patent, mask work, copyright or any other intellectual property right. This obligation shall be effective only if Buyer shall have made all payments then due to Seller for the purchase and/or use of the Licensed Programs and if Seller is notified of said allegation promptly in writing and given authority, information, and assistance for the settlement or defense of said claim, suit, or proceeding. If, in any such suit arising from such claim, the continued use of the Licensed Programs for the purpose intended is enjoined by any court of competent jurisdiction, Seller shall, at its expense and option, either: (a) procure for Buyer the right to continue using the Licensed Programs, or (b) modify the Licensed Programs so that they become non-infringing, or (c) replace the Licensed Programs or portions thereof so that they become non-infringing, or (d) remove the Licensed Programs and refund the license fee paid by Buyer to purchase the Licensed Programs license (less reasonable depreciation for use). The foregoing states the entire liability of Seller for intellectual property infringement by the Licensed Programs and is subject to any limitation of total liability set forth in this Agreement.

12.2 The preceding subsection 12.1 shall not apply to the use of the Licensed Programs in conjunction with any other hardware or software not supplied by Seller to the extent that such conjoined use causes the alleged infringement. As to any portion of the Licensed Programs or use described in the preceding sentence, Seller assumes no liability whatsoever for intellectual property right infringement.

12.3 THE INTELLECTUAL PROPERTY INDEMNITY OBLIGATIONS RECITED ABOVE ARE IN LIEU OF ALL OTHER INTELLECTUAL PROPERTY INDEMNITIES WHATSOEVER, WHETHER ORAL, WRITTEN, EXPRESS, IMPLIED OR STATUTORY.

13. Third-Party Software Licenses

Licensed Programs contain material original to Seller and may contain material provided by third parties either under separate end-user license agreements or under Open Source licenses. Open Source Licensed Programs are provided under license from individual third party sources, identified in the Appendix attached to the end of this license agreement, if any. Each Open Source third party software license is incorporated herein verbatim from the source and the terms and conditions thereof are accepted by Buyer as a condition of use of the Licensed Programs. As used herein, Open Source means any software that is licensed under terms in any license for software which require, as a condition of use, modification and/or distribution of such software or of other software incorporated into, derived from or distributed with such software (hereinafter referred to as "Work"), any of the following: (a) the making available of source code or design information regarding the Work; (b) the granting of permission for creating derivative works regarding the Work; or (c) the granting of a royalty-free license to any party under intellectual property rights regarding the Work. By means of example and without limitation Open Source includes the following licenses or distribution models: the GNU General Public License (GPL), the GNU Lesser or Library GPL (LGPL), or any similar open source, free software or community licenses. Under no circumstances shall the Buyer combine Licensed Programs with any Open Source Software not supplied by Seller in any way. Third party software products included in the Licensed Programs are only to be used with the Licensed Programs for Buyer's internal business purposes and are not to be used, modified or further developed for other purposes.

14. Assignment/Transfer.

This Agreement, the licenses granted hereunder and the Licensed Programs provided to Buyer under this Agreement may not be assigned, sub-licensed, or otherwise transferred by Buyer to any third party without Seller's express prior written consent. Subject to the foregoing, any assignee hereunder shall be subject to all of the terms, conditions and provisions of this Agreement. Any attempt by Buyer to assign, sub-license, or transfer the Licensed Programs, or any of the rights or duties contained in this Agreement, without Seller's prior written consent shall be void.

15. Severability.

If any term or provision of the Agreement is determined by a court or government agency of competent jurisdiction to be invalid under any applicable statute or rule of law, such provision(s) are, to that extent, deemed omitted, but this Agreement and the remainder of its provision shall otherwise remain in full force and effect.

16. Waiver.

No waiver will be implied from conduct or failure to enforce rights. No waiver will be effective unless in writing signed on behalf of the party against whom the waiver is asserted.

17. General

17.1 This Agreement supersedes all prior agreements, proposals, representations, and communications between Seller and Buyer relating to the Licensed Programs. In the event of a conflict in the terms and

provisions of this Agreement and the terms and provisions of a Contract, the terms and provisions of this Agreement shall govern.

17.2 The headings for each section are stated for convenience only and are not to be construed as limiting.

17.3 Under the terms of this Agreement, Buyer is a licensee of Seller. Buyer is not an employee, agent, partner, contractor or representative of Seller. The respective obligations and rights of Seller and Buyer are specifically limited by the terms of this Agreement. Buyer hereby specifically acknowledges that it does not have authority to incur any obligations or responsibilities on behalf of Seller.

17.4 Buyer acknowledges that any unauthorized use or disclosure of Licensed Programs will cause irreparable damage to Seller and that injunctive relief or other equitable remedies may be necessary to prevent or minimize such damage to Seller. Buyer agrees that it will not contest the applicability of injunctive relief on any grounds other than no unauthorized use or disclosure of Licensed Programs has occurred. In addition, Seller shall not be required to provide a bond or other financial security to obtain injunctive relief.

17.5 Nothing in this Agreement shall limit Seller from using the Licensed Programs and/or licensing the Licensed Programs to other parties.

17.6 Governing Law

17.6.1 It is expressly understood and agreed to by Seller and a Buyer located in the United States that in the event of any disagreement or controversy between the parties, the terms and conditions of this Agreement shall be governed by the laws of the state set forth in the Contract between Seller and Buyer without regard to that state's conflicts of laws principles. In the event that no such governing law state is established in the Contract between Seller and Buyer, then it is expressly understood and agreed to by the parties hereto that in the event of any disagreement or controversy between the parties, the terms and conditions of this Agreement shall be governed by the laws of the Commonwealth of Virginia without regard to its conflicts of laws principles.

17.6.2 If Buyer is located outside of the United States, then, without limiting either party's right to seek injunctive or other equitable relief in court, either party may elect (by written notice given prior to filing a complaint or, in the case of the defendant, prior to answering a complaint) to resolve a dispute by binding arbitration in the English language in London, Great Britain under the International Arbitration Rules of the International Centre for Dispute Resolution; the decision of the arbitrator will be enforceable in any court. The original of this Agreement has been written in the English language and that version will apply if there is any dispute.

17.6.3 Both Seller and Buyer agree to exclude application of the U.N. Convention of Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act (UCITA) to this Agreement, if either were otherwise applicable.
