003 – BACKGROUND

On August 18, 2017 San Antonio Mayor Ron Nirenberg announced the formation of a new task force to develop a comprehensive housing policy for the City of San Antonio. The Mayor's Housing Policy Task Force (MHPTF) is working with the community to find solutions to the issues of gentrification/displacement, rising property taxes, decreasing housing affordability, and neighborhood preservation.

The Task Force held its first meeting in October, 2017, and is anticipated to convene regularly through mid-2018. Collectively the five-member Task Force had developed the following vision and mission statement to guide its work and policy-making process.

Mayor's Housing Policy Task Force Vision Statement:

San Antonio will be a place of opportunity for all current and future residents where people have a right to place and to meaningful participation in decisions that impact the places where they live. Everyone will have a place to call home. The city will lead the nation in creating healthy neighborhoods, connected communities and shared prosperity. Housing will be decent, safe, affordable and stable, delivered through a sustainable system. There will be collaborative efforts between the public, private and non-profit sectors to ensure that affordable housing alternatives are available throughout our city. Policies will exist that create access to education, transportation and preserve neighborhoods and cultural resources.

Mayor's Housing Task Force Mission Statement:

- The Mayor's Housing Policy Task Force will lead a policy-making process grounded in community, data, and best practices that will address the full spectrum of housing. The process will include a commitment to inclusive community engagement that will engender trust.
- The collaborative decision-making process will gather information from San Antonio residents, housing stakeholders and housing experts that will contribute to and result in comprehensive and compassionate recommendations that allow for all residents to live in dignity.
- The Task Force will assess the need, establish priorities, assure the equitable distribution of resources, and encourage investment that preserves the heritage of neighborhoods. It will challenge rising housing costs and historic inequity, develop public, private and non-profit sector responses, measure results and advance meaningful opportunity strategies.
- The Task Force recognizes that San Antonio prospers when we foster healthy, resilient, sustainable, economically-integrated neighborhoods by preserving affordable housing, expanding housing supply for all, preventing displacement of low-income residents, and building infrastructure that increases connectivity and mobility.

Additionally, the Task Force has identified five key policy areas and created technical working groups to address specific components of the housing policy development as follows::

- **1) Identify New Housing Funding and Financing Mechanisms**—To expand and leverage existing government resources; to develop new financing sources/products to preserve and expand housing ; and to explore the use of public and private incentives to promote housing affordability.
- **2) Provide Housing for all, Including Special Needs Populations**—To identify the need for housing among special populations and and develop effective interventions to prevent homelessness; to provide permanent supportive housing; and to ensure access to affordable, dignified and supportive housing for seniors, disabled, LGBTQ, youth aging out of the foster care system, and other groups
- **3) Create a Transparent, Coordinated Housing System**—To develop a well-coordinated and integrated housing system and the tools necessary to share data, track progress, measure results; provides greater accountability; coordinates funding; and ensures transparency and allows for th
- **4) Develop and Preserve Housing for Stable, Equitable and Resilient Neighborhoods**—To consider: property tax reform; protections for renters; short-term rentals; owner-occupied rehab; and fair housing issues and support neighborhoods.
- **5) Remove Barriers to Housing Affordability and Supply**—To expand the labor force in housing related trades; to improve the quality of existing and new housing; to streamline codes and regulations; and to allow innovative construction methods

SMALL BUSINESS ECONOMIC DEVELOPMENT ADVOCACY (SBEDA) PROGRAM

SBEDA Ordinance Compliance Provisions

A. SBEDA Program

The CITY has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2016-05-19-0367 and as amended, also referred to as “SBEDA” or “the SBEDA Program”), which is posted on the City’s Economic Development Department (EDD) website page and is also available in hard copy format upon request to the CITY. The SBEDA Ordinance Compliance Provisions contained in this section of the Agreement are governed by the terms of the SBEDA Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by the CITY pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this section of the Agreement shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

B. Definitions

Affirmative Procurement Initiatives (API) – Refers to various S/M/WBE Program tools and Solicitation Incentives that are used to encourage greater prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE Program tools, see Section III.D of Attachment A to the SBEDA Ordinance). To be eligible for the benefits of race- and gender-conscious APIs as provided in the SBEDA Ordinance, M/WBE firms must also satisfy the size standards for being a Small Business Enterprise or SBE as defined herein.

Annual Aspirational Goal – a non-mandatory annual aspirational percentage goal for overall M/WBE Prime and subcontract participation in City of San Antonio contracts is established each year for Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies contract Industry Categories. This Annual Aspirational Goal is to be set (and thereafter adjusted) by the Goal Setting Committee (GSC) based upon the M/WBE availability by industry in accordance with the City’s 2015 Disparity Study findings, along with relative M/WBE availability data to be collected by the City through its CVR system, and the utilization of M/WBEs. Any adjusted Annual Aspirational Goals for a given industry should not exceed the Expected Availability for award dollar weights as found in the 2015 Disparity Study. Annual Aspirational Goals are not to be routinely applied to individual contracts, but are intended to serve as a benchmark against which to measure the overall effectiveness of the S/M/WBE Program on an annual basis, and to gauge the need for future adjustments to the mix and to the aggressiveness of remedies being applied under the Program. Percentage Goals for S/M/WBE participation may be established by the GSC on a contract-by-contract basis based upon similar data and analysis for the particular goods and services being purchased in a given contract.

Award – the final selection of a Respondent for a specified Prime Contract or subcontract dollar amount. Contract awards are made by the City to Prime Contractors or vendors and by Prime Contractors or vendors to Subcontractor or sub-vendors, usually pursuant to a solicitation process. (Contract awards are to be distinguished from contract payments in that they only reflect the anticipated dollar amounts instead of actual dollar amounts that are paid to a contractor under an awarded contract).

Best Value Contracting – a purchasing solicitation process through which the Originating Department may evaluate factors other than price. Evaluation criteria for selection may include a Respondent’s previous experience and quality of product or services procured, and other factors identified in the applicable statute.

Centralized Vendor Registration System (CVR) – a mandatory electronic system of hardware and software programs by which the City recommends all prospective Respondents and Subcontractors that are ready, willing and able to sell goods or services to the City to register. All businesses awarded a City contract shall be required to register in the CVR. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

Certification – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City may accept any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6.

City – refers to the City of San Antonio, TX.

Commercially Useful Function – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed.

Control – the authority of a person or business owner to sign responses to solicitations and contracts, make price negotiation decisions, sell or liquidate the business and have the primary authority to direct the day-to-day management and operation of a business enterprise without interference from others.

Emerging M/WBE – a certified M/WBE firm whose annual revenues and number of employees are no greater than 25% of the small business size standards for its industry as established by the U.S. Small Business Administration, and meets the Significant Business Presence requirements as defined herein.

Evaluation Preference – an API that may be applied by the Goal Setting Committee to Construction, Architectural & Engineering, Professional Services, Other Services, and Goods and Supplies contracts that are to be awarded on a basis that includes factors other than lowest price, and wherein responses that are submitted to the City by S/M/WBE firms may be awarded additional Points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime Respondents.

Formal Solicitation – an invitation for bids, request for proposals, request for qualifications or other solicitation document issued by a City department for a contract that requires City Council approval, in accordance with the procurement rules adopted by the City Manager or designee through a memorandum issued by the City Manager or designee, an Administrative Directive or a procurement manual issued under the authority of the City Manager or designee, and/or pursuant to statutory requirements.

The City Manager or designee may also appoint two ex-officio members of the Small Business Advocacy Committee to serve on any GSC purely in an advisory and non-voting capacity. The GSC establishes S/M/WBE Program Goals for the City of San Antonio (e.g., Annual Aspirational Goals, Contract-by-Contract Subcontracting Goals, and determining which M/WBE segments are eligible for Segmented Subcontracting Goals

annually) based upon Industry Categories, vendor availability, project-specific characteristics, and M/WBE utilization. The GSC also makes determinations about which Affirmative Procurement Initiatives (APIs) are to be applied to specific contracts based upon various criteria.

Good Faith Efforts – documentation of the Respondent’s intent to comply with S/M/WBE Program Goals and procedures including, but not limited to, the following: (1) documentation as stated in the solicitation reflecting the Respondent’s commitment to comply with SBE or M/WBE Program Goals as established by the GSC for a particular contract; or (2) documentation of efforts made toward achieving the SBE or M/WBE Program Goals (e.g., solicitations of bids/proposals/qualification statements from all qualified SBE or M/WBE firms listed in the Small Business Office’s directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Contractor’s posting of a bond covering the work of SBE or M/WBE Subcontractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Respondent; and documentation of consultations with trade associations and RESPONDENTS that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE Subcontractors.)

HUBZone Firm – a business that has been certified by U.S. Small Business Administration for participation in the federal HUBZone Program, as established under the 1997 Small Business Reauthorization Act. To qualify as a HUBZone firm, a small business must meet the following criteria: (1) it must be owned and Controlled by U.S. citizens; (2) at least 35 percent of its employees must reside in a HUBZone; and (3) its Principal Place of Business must be located in a HUBZone within the San Antonio Metropolitan Statistical Area. [See 13 C.F.R. 126.200 (1999).]

Independently Owned and Operated – ownership of an SBE firm must be direct, independent and by Individuals only. Ownership of an M/WBE firm may be by Individuals and/or by other businesses provided the ownership interests in the M/WBE firm can satisfy the M/WBE eligibility requirements for ownership and Control as specified herein in Section III.E.6. The M/WBE firm must also be Independently Owned and Operated in the sense that it cannot be the subsidiary of another firm that does not itself (and in combination with the certified M/WBE firm) satisfy the eligibility requirements for M/WBE Certification.

Individual – an adult person that is of legal majority age.

Industry Categories – procurement groupings for the City of San Antonio inclusive of Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies (i.e., manufacturing, wholesale and retail distribution of commodities). Joint ventures are manifested by written agreements between two or more Independently Owned and Controlled business firms to form a third business entity solely for purposes of undertaking distinct roles and responsibilities in the completion of a given contract. Under this business arrangement, each joint venture partner shares in the management of the joint venture and also shares in the profits or losses of the joint venture enterprise commensurately with its contribution to the venture. Incentives under this API may include Evaluation Preferences that are tied to the percentage of SBE or M/WBE participation in the joint venture, expedited issuance of building permits and extra contract option years in certain Other Services and Goods & Supplies contracts.

Such subcontracting goals may be set and applied by the GSC on a contract-by-contract basis to those types of contracts that provide subcontract opportunities for performing Commercially Useful Functions wherein:

- (1) There have been ongoing disparities in the utilization of available M/WBE Subcontractors; or
- (2) Race-Neutral efforts have failed to eliminate persistent and significant disparities in the award of prime contracts

to M/WBEs in a particular Industry Category or industry segment (e.g., Construction contracts, Professional Services contracts, and Architectural and Engineering contracts), and subcontract opportunities are limited outside of City contracts.

When specified by the GSC, the M/WBE Subcontracting Program may also be required to reflect Good Faith Efforts that a Prime Contractor or vendor has taken (or commits to taking in the case of solicitations that do not include a detailed scope of work or those in which price cannot be considered a factor in evaluation), toward attainment of subcontracting goals for M/WBE firms.

M/WBE Evaluation Preference – an API that the City may apply to requests for proposals or qualifications (RFPs or RFQs) on City Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies contracts that are issued pursuant to a Best Value Contracting method or other methods of procurement wherein criteria other than lowest price are factored into the selection process. M/WBEs that submit responses for these kinds of solicitations are awarded additional Points in the scoring of their responses when evaluating and ranking their responses against those submitted by non-minority firms.
