City Attorney Andy Segovia provided a brief presentation regarding Governor Abbott's Executive Order GA-26 that was issued on June 3, 2020. He noted that GA-26 essentially opened nearly all Texas businesses to some extent but that restrictions on gatherings remained. He emphasized that gatherings were limited to groups of 10 or less, and people over 65 were strongly encouraged to stay at home unless engaged in essential services.

City Attorney Segovia explained that every business in Texas could operate at 50% total capacity except for:

- Cybersecurity and Infrastructure Security Agency (CISA) services, religious services, local government, child-care services, youth camps, and recreation sports programs
- Outdoor areas, events, or establishments
- Cosmetology salons, massage parlors, personal care and beauty services such as tanning salons, and tattoo studios, with the stipulation that all workstations were situated six feet apart

City Attorney Segovia indicated that the following outdoor areas, events, or establishments must limit their capacity to 50% of their normal operating limits, as determined by the owner:

- Professional, collegiate, or similar sporting events
- Swimming pools
- Water parks
- Museums and libraries
- Zoos, aquariums, natural caverns, and similar facilities

City Attorney Segovia added that businesses with a retractable roof were considered indoor facilities. He noted that effective June 19, 2020, amusement parks in counties with more than 1,000 COVID cases could operate at a level of up to 50% of their normal operating limits, as determined by the amusement park operator. He stated that outdoor events in excess of 500 people were permitted, but the City or the County could impose additional restrictions on such gatherings as deemed appropriate and in consultation with the local public health authority.

City Attorney Segovia stated that bars that held a permit from the Texas Alcoholic Beverage Commission (TABC) could operate at 50% capacity indoors and could only serve customers who were seated. He reported that effective June 12, 2020, dine-in restaurants which had less than 51% of their gross receipts from the sale of alcoholic beverages could operate up to 75% of their total listed occupancy. He added that outdoor areas must follow health protocols.

City Attorney Segovia reported that the following restrictions remained in effect from the previous Order:

- Staff members were not included in determining operating levels
- Valet services permitted for disabled parking

City Attorney Segovia described the compliance standard for businesses and must show a good-faith effort based on their resources and extenuating circumstances and to the extent addressed in health

protocols issued by the State. He added that businesses could require customers to follow additional hygiene measures such as wearing a face covering.

City Attorney Segovia stated that enforcement tools would remain the same and included a fine of up to \$1,000 for violating the Order with no jail time included. He noted that Local Orders would be superseded by GA-26 and additional local requirements for outdoor events of over 500 were allowed. He stated that there was no specific end date to the Governor's GA-26 Order. He added that the Local Order would expire tonight at midnight. Deputy City Manager Villagómez replied that staff were still developing the trial Budget for review on June 18, 2020 and the intent was not to add \$50 million to the original \$110 million budgeted for FY 2020 into FY 2021.

Councilmember Perry identified the top three priorities for District 10 as follows: 1.) Streets, 2.) Safety and Security, 3.) Controlled Property Taxes.

Councilmember Perry noted that the slide showed zero for Property Taxes. Deputy City Manager Villagómez reported that we do not have the projected revenue loss in property taxes for Fiscal Year 2020. She noted that the City of San Antonio received the Certified Property Tax Roll from the Bexar County Appraisal District by the end of July each year. She added that by the time City Council considers and approves the Budget, the Certified Roll is set and that was what San Antonio Residents and Commercial Property Owners pay for Property Taxes the next year. He noted that change would not happen overnight but would happen. He stated that in order to build a healthy community, more than police services were needed. He noted that justice was needed in every area of the community, especially the communities of color which had been left behind.

Councilmember Viagran moved to approve Item 6. Councilmember Courage seconded the motion. The motion prevailed by the following vote:
