WHEREAS, Licensee owns, maintains, operates and controls a telecommunications Network to provide Service to Licensee's customers; and

WHEREAS, Licensee holds Service Provider Certificate of Operating Authority No. 60834, issued by the Public Utility Commission on May 26, 2009; and

WHEREAS, for purposes of operating its telecommunications network, Licensee wishes to install, operate, and maintain certain of its communications Equipment in the City's public right-of-way, as more fully described herein; and

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree to the following terms and conditions:

1. **Definitions.** The following definitions shall apply to the provisions of this Agreement.
 - (a) "**Chief Technology Officer**" means an assistant director of the Information Technology Services Department designated as chief technology officer.
 - (b) "**Equipment.**" means any and all Licensee's ducts spaces, manholes, poles, conduits, fiber optic cables, repeaters, electronics equipment, transmission equipment, power sources, underground and overhead passageways, and other equipment, structures, plant, and appurtenances located within the public right-of-way.

(B) For purposes of this section, "gross revenues" does not include:

- (vii) any forgone revenue from the Licensee's provision of free or reduced cost Services to any person including without limitation employees of the Licensee; provided, however, that any forgone revenue which the Licensee chooses not to receive in exchange for trades, barter, services, or other items of value shall be included in gross revenue; and

(b) At least six (6) months prior to the expiration of the then-current term of the Agreement, Zayo shall inform the Chief Technology Officer in writing of its intent to seek renewal of the Agreement. During this time period, the City may reappraise the gross revenue fee, and the Parties may re-negotiate the gross revenue fee and other terms of this Agreement.

The licensee's business records will be made available to the City for review electronically in a format acceptable to the City. If the City determines that Licensee is in violation of the above revenue requirements, the City shall have the right to hire auditors of its choosing to conduct the required audit and to have the Licensee pay for such audit. If after the audit is conducted it is determined that Licensee is in compliance with the Agreement then the cost of the audit shall be borne by the City. Licensee may recommend the hiring of alternate auditors, but the final decision on the selection of auditors shall rest with the City.

(c) The City may audit the business records of the Licensee every four (4) years; however, if the City discovers a discrepancy in an audit of the business records of the Licensee, the City may conduct annual audits until the discrepancy is resolved. Zayo License Agreement

City Council A Session Item # 17

June 7, 2018

Presented by:

Craig Hopkins, Chief Technology Officer

Background

Historically, telecommunications companies obtain access to the City's Rights-Of-Way (ROW) to install equipment in four ways:

1. Chapter 66 of the Utilities Code for cable/video providers (Example: Grande Communications, Spectrum);
2. Chapter 283 of the Local Government Code for telecommunication providers primarily for telephone services (Example: AT&T);
3. Chapter 284 of the Local Government Code for small-cell antenna installations (New Technology); or
4. License agreements;

Public Utilities Commission of Texas certifies telecom providers

Issue

Some companies are using their certificates to gain access to the City's ROW to provide services beyond the scope of Chapters 66, 283 or 284.

The City receives no compensation for that ROW access.

Proposal

Staff negotiated a non-exclusive license agreement with Zayo Group, LLC to provide compensation of 3% of gross revenues for those services not addressed by Chapters 66, 283 or 284.

The City is required to provide non-discriminatory access to the right-of-way.

The ROW license agreement is based on the Google Fiber ROW license agreement approved by City Council in Ordinance 2017-11-09-0883.

Fiscal Impact

Term - twenty (20) years with two successive five (5) year renewal periods.

Other Regulatory Compensation Rates	
Cable	5% of gross revenues + 1% for PEG
Telecom	Rate per line per month \$1.30 residential \$4.31 commercial
Small-Cell	\$250/node per year \$20/ node per year for collocation on city pole \$28 /node per month for wireline backhaul.
Historical license agreements	3% common
Grey Forest Utility (Natural Gas)	3% revenue

Staff Recommendation

Staff recommends approval of this ordinance authorizing a license agreement with Zayo Group, LLC for access to the City's ROW.
