Not sure exactly what expertise ypu are looking for.
Please provide a description of your professional, educational and community/volunteer experience.	As a professional, we aim for 5 star reviews, this means listening, fixing and handling problems of many families, even disabled or elderly clients. No limit to what we can achieve with a little kindness and a good ear.
Please share your interest and commitment to racial and economic justice and other social equity issues.	I am indifferent, I do not believe in the actual race of anyone being a problem but in the way we spread the word negatively across , in other words the problems are heard across the community and people are getting mixed messages due to what they are brought up to believe. We need to stop normalizing the need to feel you have to include a black person in a commercial or ad just to not seem racist. Things like that for example
