

Interlocal Agreement Between

The City of San Antonio

and

San Antonio Independent School District

This Interlocal Agreement ("Agreement") is entered into between San Antonio Independent School District ("Governmental Entity"), which is an independent school district, organized under Education Code Chapter 11, and the City of San Antonio ("City"), a Texas Municipal Corporation, on behalf of the San Antonio Metropolitan Health District (SAMHD). The Interlocal Cooperation Act, Government Code Chapter 791, governs this Agreement.

I. Purpose

The SAMHD is required to plan and prepare for a public health emergency that may result from natural or man-made causes. During such an emergency, it may be necessary to immunize or otherwise treat all or large numbers of people in the area served by the Governmental Entity and the City on behalf of the SAMHD. Prior public health experience with mass immunizations, mass dispensing of medications or other treatment has shown that Governmental Entity's facilities are well suited to these activities because: 1) Their location is known to large numbers of individuals within the community; 2) They have large assembly areas; and 3) They have other necessary facilities such as refrigeration and restrooms.

The City has concluded that Governmental Entity possesses facilities that are qualified to serve if mass immunization, mass dispensing of medications or other treatment is necessary. The Governmental Entity desires to be as helpful as possible in the event of a public health emergency, and agrees to make its facilities available for purposes of mass immunization, mass dispensing of medications or other treatment, under the terms set out below. The Governmental Entity and the City have concluded that this contemplated use of the facilities is a "governmental function" as defined in the Interlocal Agreement Act.

II. Public Health Emergency

This agreement will go into effect only if:

- 1) A public health emergency is declared by the Health Authority for the SAMHD; and
- 2) Classes are either not scheduled, or are canceled, in the event that Governmental Entity is an Independent School District.

III. Obligations of the City on behalf of the SAMHD

- 1) The City will supply or arrange for all equipment, vaccine, medicine and personnel necessary to administer the vaccine or medication.
- 2) The City will supply or arrange for all equipment and personnel necessary for staffing, security, crowd control and other tasks, except as described in Section IV below.
- 3) The City will be responsible for disposal of medical waste and disinfection at the facility following its use for the emergency. City is responsible for the acts and negligence of its employees or volunteers, under state and federal law.
- 4) In the event that funds are made available to the City for reimbursement by the State of Texas, a state agency, the federal government, or a federal agency, for actions taken directly related to this Agreement, the City will be responsible for reimbursing Governmental Entity for allowable costs incurred by the Governmental Entity under this Agreement, as evidenced by a written Agreement mutually agreed upon by the Parties and approved by the City Council for the City of San Antonio.
- 5) Should funds from an outside source, as identified in Section III. 4 above, not be made available to City, City shall consider and use best efforts to reimburse Governmental Entity for allowable costs subject to review and approval by City's Office of Management and Budget and authorization by City Council via Ordinance. Governmental Entity agrees and understands that failure by the City to appropriate funding for reimbursement is not and will not be considered a breach of this Agreement.

IV. Obligations of the Governmental Entity

- 1) The Governmental Entity is responsible for allowing the use of the facility and all utilities (gas, electric, water, and telecommunications) normally associated with its use as a school facility.
- 2) The Governmental Entity is responsible for providing use of all pre-designated rooms, fixtures, and equipment existing at the facility that the City regards as necessary for on site use during the period of the emergency.
- 3) The Governmental Entity will provide at least one person on-site during the period of emergency use with access to the rooms, fixtures and equipment described above.
- 4) Governmental Entity is responsible for the acts and negligence of its employees or volunteers, under state and federal law.

V. Term

This agreement must be approved by the governing body of the Governmental Entity and the City, and this agreement shall become effective upon the date of execution by the last party to sign this agreement. Either party may cancel it by giving thirty days notice to the other party; otherwise it remains in effect for five years and may be renewed by mutual agreement.

VI. Notice

Any notice or communication required or permitted hereunder shall be given in writing, sent by (a) personal delivery, or (b) expedited delivery service with proof of delivery, (c) United States mail, postage prepaid, registered or certified mail, or (d) via facsimile, telegram or telex, address as follows:

If to the City:

Interlocal Agreement Between
The City of San Antonio
and
East Central Independent School District

This Interlocal Agreement ("Agreement") is entered into between East Central Independent School District ("Governmental Entity"), which is an independent school district, organized under Education Code Chapter 11, and the City of San Antonio ("City"), a Texas Municipal Corporation, on behalf of the San Antonio Metropolitan Health District (SAMHD). The Interlocal Cooperation Act, Government Code Chapter 791, governs this Agreement.

I. Purpose

The SAMHD is required to plan and prepare for a public health emergency that may result from natural or man-made causes. During such an emergency, it may be necessary to immunize or otherwise treat all or large numbers of people in the area served by the Governmental Entity and the City on behalf of the SAMHD. Prior public health experience with mass immunizations, mass dispensing of medications or other treatment has shown that Governmental Entity's facilities are well suited to these activities because: 1) Their location is known to large numbers of individuals within the community; 2) They have large assembly areas; and 3) They have other necessary facilities such as refrigeration and restrooms.

The City has concluded that Governmental Entity possesses facilities that are qualified to serve if mass immunization, mass dispensing of medications or other treatment is necessary. The Governmental Entity desires to be as helpful as possible in the event of a public health emergency, and agrees to make its facilities available for purposes of mass immunization, mass dispensing of medications or other treatment, under the terms set out below. The Governmental Entity and the City have concluded that this contemplated use of the facilities is a "governmental function" as defined in the Interlocal Agreement Act.

II. Public Health Emergency

This agreement will go into effect only if:

- 1) A public health emergency is declared by the Health Authority for the SAMHD; and
- 2) Classes are either not scheduled, or are canceled, in the event that Governmental Entity is an Independent School District.

III. Obligations of the City on behalf of the SAMHD

- 1) The City will supply or arrange for all equipment, vaccine, medicine and personnel necessary to administer the vaccine or medication.
- 2) The City will supply or arrange for all equipment and personnel necessary for staffing, security, crowd control and other tasks, except as described in Section IV below.
- 3) The City will be responsible for disposal of medical waste and disinfection at the facility following its use for the emergency. City is responsible for the acts and negligence of its employees or volunteers, under state and federal law.

IV. Obligations of the Governmental Entity

- 1) The Governmental Entity is responsible for allowing the use of the facility and all utilities (gas, electric, water, and telecommunications) normally associated with its use as a school facility.
- 2) The Governmental Entity is responsible for providing use of all pre-designated rooms, fixtures, and equipment existing at the facility that the City regards as necessary for on site use during the period of the emergency.
- 3) The Governmental Entity will provide at least one person on-site during the period of emergency use with access to the rooms, fixtures and equipment described above.

V. Term

This agreement must be approved by the governing body of the Governmental Entity and the City, and this agreement shall become effective upon the date of execution by the last party to sign this agreement. Either party may cancel it by giving thirty days notice to the other party; otherwise it remains in effect for five years and may be renewed by mutual agreement.

VI. Notice

Any notice or communication required or permitted hereunder shall be given in writing, sent by (a) personal delivery, or (b) expedited delivery service with proof of delivery, (c) United States mail, postage prepaid, registered or certified mail, or (d) via facsimile, telegram or telex, address as follows:
