

A decorative background consisting of a grid of circles. The circles are arranged in four rows. The top and bottom rows have 12 circles each, with the 4th and 12th circles in each row being teal and the others dark grey. The second and third rows have 11 circles each, with the 2nd, 5th, 6th, and 10th circles being teal and the others dark grey.

Cyber + Altered

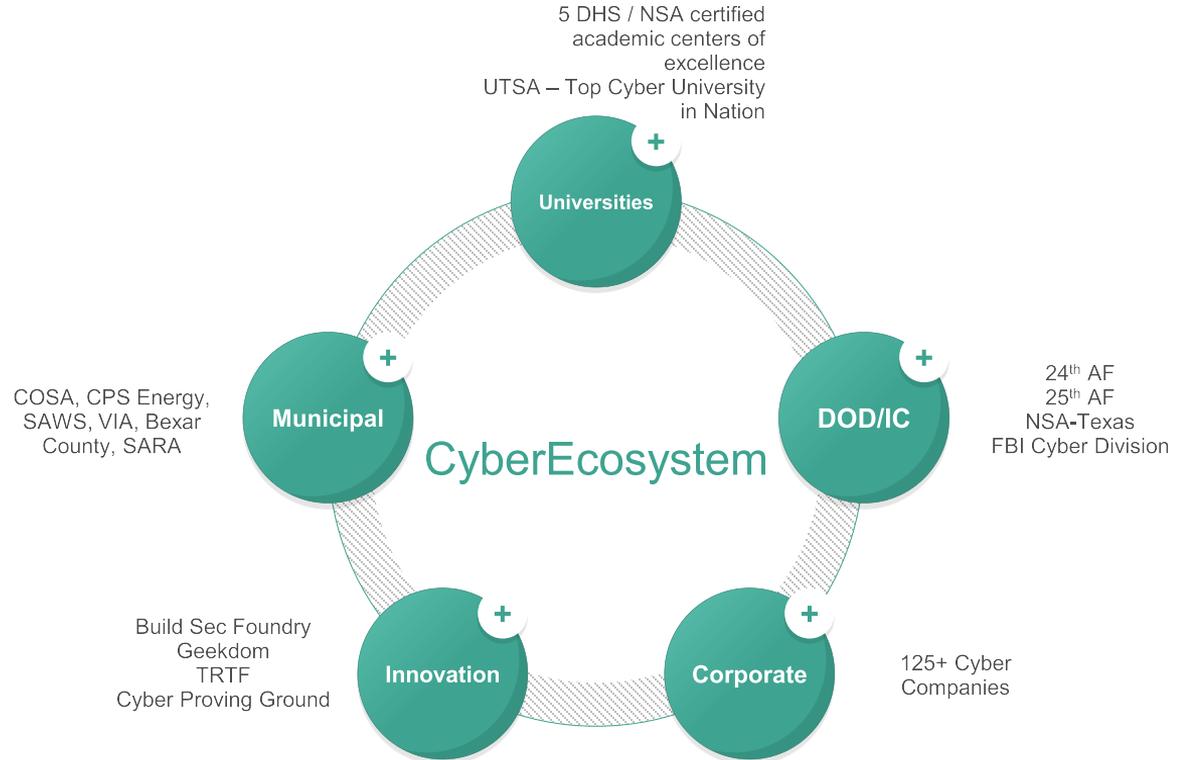

An ecosystem connecting our military, intelligence community, academic institutions, entrepreneurs, companies and municipal organizations.

SA + CYBER + ECOSYSTEM

The best at cyber.

San Antonio boasts the second largest cluster of cyber and intelligence assets in the nation, outside of the National Capitol Region. Home to critical Department of Defense missions, top academic cyber programs, leading private-sector companies, and a growing startup scene, San Antonio is quickly becoming a U.S. leader in cyber solutions, innovation and collaboration.

Cybersecurity Capabilities Maturity Model

Cybersecurity Industry Council

Strategic plan

1. Organization
2. Global Engagement
3. Military & Federal
4. Workforce & Talent
5. Innovation & Economic Development

Organization: CyberSecurity SA

Building a nationally competitive brand, staff, funding stream and industry-led strategy.

Public-private partnership between the City of San Antonio and the San Antonio Chamber of Commerce.

Aligned with the San Antonio Economic Development Foundation and efforts mapped to the Forefront SA framework.

Driven by a 250-member Cybersecurity Industry Council, representing all aspects of the cyber ecosystem in San Antonio.

Global Engagement: Global Brand

Strategic Framework mapped to the Brookings Global Cities Initiative.

- Foreign-Direct Investment
- Export Engagement
- Collaborative Exchanges of Innovation and Technology

Elevate the San Antonio Cyber brand to the global stage through strategic market & metro engagement.

Military / Federal: National Security in SA

UTSA
National Security
Collaboration Center

Port San Antonio
Project Tech

USAF Life Cycle
Management Center
Cyber Proving Ground

Future state of 24th AF &
25th AF

Workforce / Talent: Global Talent Supply

Building a world-class pipeline of talent to fill future cyber job demands for the commercial and defense sector

Aligning Supply+Demand efforts in partnership with SA Works

Innovation : Economic Development

Build Sec Foundry

Geekdom

Targeted C-Suite HQ Visits

Business Intelligence from Industry driving engagements

Event activation at National Conferences

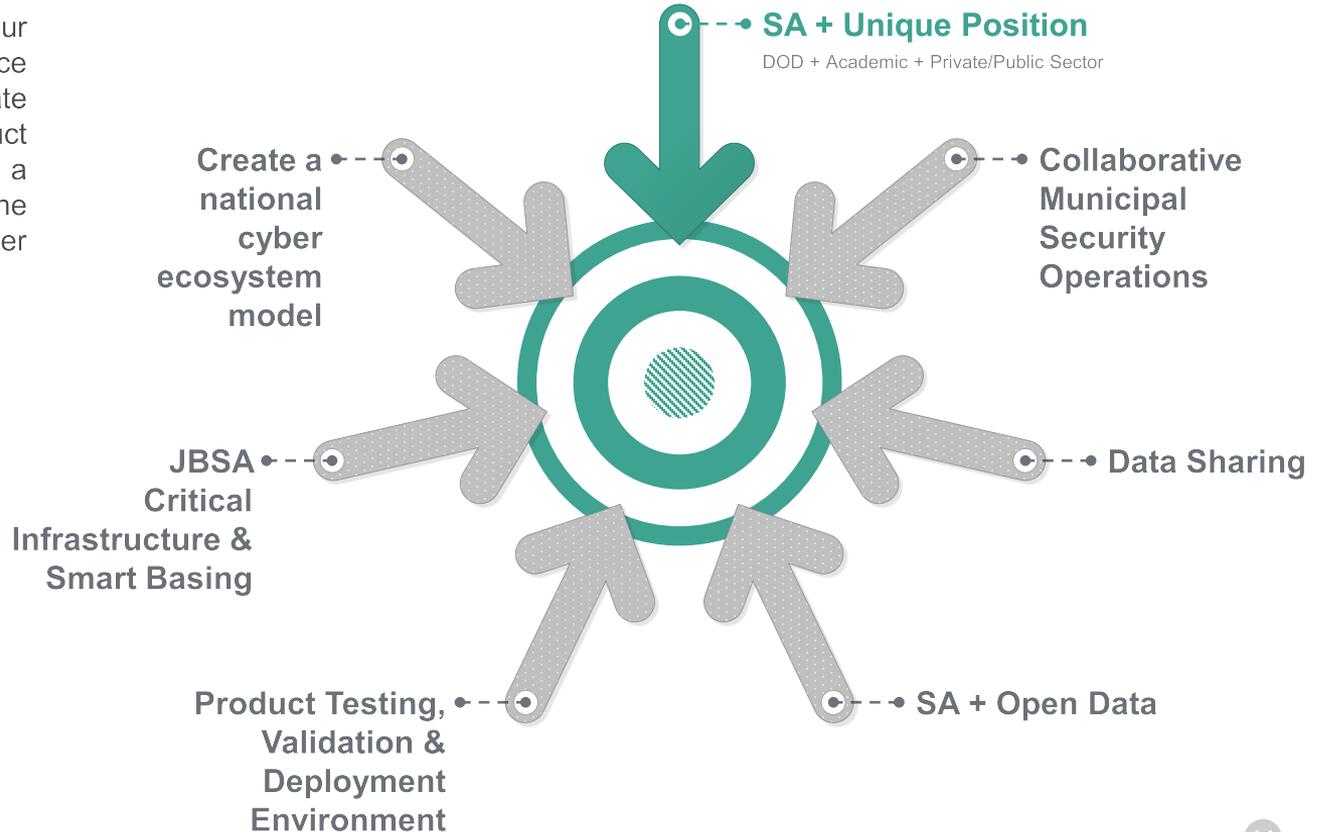

Ongoing, data-driven market comparisons to measure SA cluster strength

Big Rocks: ripple effect

The chance to leverage our city's strengths, enhance national security, accelerate new company and product creation, and emerge as a global leader for solving the most complex cyber problems.
