NOW, THEREFORE, in consideration of the foregoing Recitals and the mutual covenants and agreements contained herein, the Parties do hereby agree as follows:

ARTICLE 1
SOLICITATION, SELECTION AND NEGOTIATION OF P3 PARTNERSHIPS

1.1 Public Private Partnerships. Without excluding the possibility of alternative development structures and approaches, the Parties anticipate that the Landlord Property will be developed through a series of public-private partnerships (the “**Public-Private Partnerships**”) between Tenant and real estate developers (the “**Developers**”). A Public-Private Partnership may be formed in accordance with the terms of a comprehensive development agreement (a “**Comprehensive Development Agreement**”) between Tenant and a Developer.

1.2 Public-Private Partnership Guidelines. The process of soliciting and selecting the Developers for the Public-Private Partnerships and of negotiating preliminary

and definitive Comprehensive Development Agreements with the Developers will be a collaborative effort among City, Landlord and Tenant, with Tenant having the principal responsibility for initiating, organizing and prosecuting the process and working with the appropriate City Council Committee(s). Prior to issuing any solicitation for a Public-Private Partnership, Tenant shall obtain the Manager's Approval. Upon obtaining the Manager's Approval, Tenant shall then follow the process set forth in the Public-Private Partnership Guidelines attached hereto as Exhibit "C", as same may be modified from time to time ("**Hemisfair P3 Guidelines**").

1.3 Subleases. Each Public-Private Partnership, if approved, will be implemented by a long-term development sublease of a portion of the Landlord Property ("**Subleased Premises**"), between Tenant and the Developer, which sublease will obligate the Developer to develop the Subleased Premises in accordance with the terms of the approved Comprehensive Development Agreement in a manner consistent with and in furtherance of the Master Plan.

1.4 Approvals. Notwithstanding any provision herein to the contrary, Tenant shall not enter into any Public-Private Partnership or Comprehensive Development Agreement, and no such partnership or agreement shall be valid unless and until approved by Landlord. The long-term development subleases will be approved in accordance with the requirements of the Master Lease (each, a "**Development Sublease**"). Upon execution of this Agreement, Tenant shall develop a base form for the long-term development subleases, subject to the Manager's Approval, which will be the starting point for negotiations with the Developers concerning the Development Subleases.

1.5 Release of Retained Rights. In connection with each Development Sublease, City shall also release the Reserved Rights with respect to the portion of the Landlord Property covered by such Development Sublease, to the extent required under the related Public-Private Partnership and/or Comprehensive Development Agreement and subject to any rights City may want to retain in its approval of such Development Sublease (e.g., utility easement or public access rights through passageways providing access to the Hemisfair Parkland).

1.6 Infrastructure Obligations. Unless otherwise expressly approved in writing by City or Landlord, the costs of all infrastructure requirements for development of all or any part of the Landlord Property shall be the responsibility of the subject Developer undertaking such development, including alterations to existing infrastructure installations.

ARTICLE 2 GENERAL REQUIREMENTS FOR DEVELOPMENT SUBLEASES

2.1 Permitted Uses. Each Development Sublease shall specify the uses permitted for the applicable Subleased Premises (the "**Permitted Uses**"). The Permitted Uses in each Development Sublease shall be consistent with the Master Plan and shall not permit any use that (a) violates the provisions of the Master Lease or any Laws, (b) causes

waste, (c) is or creates a nuisance, or (d) sells or promotes the sale of obscene materials or involves obscene or similar disreputable activities.

2.2 Prohibited Uses. Neither Tenant nor any subtenant under a Development Sublease or Minor Sublease (hereinafter defined) shall install or permit the installation on the Landlord Property of a “wireless communication system” (as that term is defined in the Unified Development Code of the City of San Antonio as of the Effective Date or may be hereafter amended or supplemented, and including any other terminology therein having the same or similar meaning).

2.3 Sublease Financing. In order to encourage the rapid and full development of Hemisfair, the Parties intend that each Development Sublease will permit the subject Developer to obtain financing secured by its leasehold interest in the Sublease. Therefore, each Development Sublease, if requested by the Developer, will contain provisions protecting the interests of sublease mortgagees, including provisions requiring notice of defaults under a Development Sublease to be provided to the sublease mortgagee and giving such sublease mortgagee rights to cure such default as a means of protecting its collateral (collectively and without limitation, the “*Mortgagee Protection Language*”). The Mortgagee Protection Language will be negotiated between Tenant and the Developers and shall be subject to Landlord’s approval. The Mortgagee Protection Language shall restrict the sublease mortgagee’s use of the Developer’s leasehold estate to the Permitted Use set forth in the Development Sublease.

2.4 Recognition Agreements. When requested by a Developer, Landlord will enter into an agreement with such Developer (a “*Recognition Agreement*”) whereby (a) Landlord will recognize the rights of such Developer under its Development Sublease in the event the Master Lease is terminated, (b) such Developer will agree to attorn to Landlord in the event the Master Lease is terminated, and (c) the rights of any sublease mortgagee will be recognized and reasonably protected in the event the Master Lease is terminated. It is also anticipated that each Recognition Agreement will be negotiated between Landlord, Tenant and the Developer and approved contemporaneously by Landlord with the approval of the related Development Sublease in accordance with the terms of the Master Lease.

2.5 Non-Discrimination. Each Development Sublease shall include provisions prohibiting the Developers and their successors and assigns from discriminating against any person or persons because of race, color, religion, national origin, age, sex, sexual orientation, gender identity, veteran status or disability in the development, improvement and conduct of operations on the Subleased Premises. In addition, Tenant shall not discriminate against any person or persons because of race, color, religion, national origin, age, sex, sexual orientation, gender identity, veteran status or disability in the Tenant’s performance of this Agreement.

ARTICLE 3
IMPROVEMENT, MAINTENANCE AND OPERATIONS OF LANDLORD
PROPERTY

3.1 Pre-Development Maintenance of Landlord Property. City will continue to maintain the Landlord Property until such time as (a) a Development Sublease has been executed covering a portion of the Landlord Property, whereupon City will discontinue maintenance for such Subleased Premises, or (b) City has determined that Tenant is accruing sufficient Hemisfair Revenues to assume responsibility for such maintenance obligations. In addition, City will remain solely responsible for overseeing and funding the obligations and commitments that the City now has, or hereafter incurs, for the demolition of the portion of the Henry B. Gonzalez Convention Center now located on the Civic Park and restoration of the Civic Park, to the extent of available funds for such purpose.

3.2 Existing Leases Affecting Landlord Property.

3.2.1 The following leases (collectively referred to herein as the “**Existing Leases**”) currently affect the Landlord Property:

3.2.1.1 The Lease Agreement effective as of February 10, 2010 by and between City, as landlord, and Universidad Nacional Autónoma de México, as tenant (the “**UNAM Lease**”);

3.2.1.2 The Lease Agreement dated August 9, 2001 by and between City, as landlord, and Palacio Del Rio, Ltd., as tenant (the “**Pavilion Lease**”); and

3.2.1.3 The Lease Agreement effective as of May 8, 1997 by and between City, as landlord, and The Magik Theatre, as tenant (the “**Magik Theatre Lease**”), which is currently on a month-to-month basis.

3.2.2 As owner of the Landlord Property, Landlord has succeeded to City’s interests as landlord under the Existing Leases.

3.2.3 To enable Tenant to effectively manage the Landlord Property, Landlord will assign its interests as landlord under the Existing Leases to Tenant as of the Effective Date and Tenant will agree to assume and perform the duties and obligations of the landlord thereunder.

3.2.4 Pursuant to Section 19.05 of the UNAM Lease, Tenant will deliver a written agreement confirming that it will not disturb the leasehold of Universidad Nacional Autónoma de México (“**UNAM**”) so long as UNAM is not in default under the UNAM Lease, whereupon UNAM will be obligated to attorn to Tenant as landlord under the UNAM Lease, and pursuant to such agreement, UNAM will look solely to Tenant for performance of the duties and obligations of the landlord under the UNAM Lease.

3.2.5 Pursuant to Section 28.8 of the Pavilion Lease, Landlord will require Palacio Del Rio, Ltd. (“**Palacio**”) to subordinate its leasehold interest to the Master Lease and Tenant will enter into a nondisturbance agreement with Palacio whereby Palacio shall agree to look solely to Tenant to perform the duties and obligations of the landlord under the Pavilion Lease.

3.2.6 Pursuant to Section 22.3 of the Magik Theatre Lease, Tenant will deliver a written agreement confirming that it will not disturb the leasehold of Magik Theatre (“**Magik**”), whereupon City’s assignment of the landlord’s interest in the Magik Theatre Lease to Tenant shall be binding upon Magik and Magik shall agree to look solely to Tenant to perform the duties and obligations of landlord under the Magik Theatre Lease.

3.2.7 All revenues collected by Tenant pursuant to the Existing Leases shall be deemed Hemisfair Revenue for the purposes of this Agreement.

3.2.8 Once Tenant has taken an assignment of Landlord’s interest under the Existing Leases, Tenant shall not amend or modify such leases in a manner that would impose any additional monetary obligations or liabilities upon the City, Landlord or Tenant (as landlord under such Existing Leases) (including without limitation, any reduction or waiver of funding and other requirements for the “Beethoven Hall/Magik Theatre Fund” under the Magik Theatre Lease) without first obtaining Manager’s Approval.

3.3 Improvement and Restoration of Existing Buildings. In addition to any approvals required under any applicable laws or ordinances, Tenant shall also obtain Manager’s Approval prior to commencing any Significant Work (as defined below) on any of the buildings existing on the Landlord Property as of the Effective Date hereof, including the buildings identified on Exhibit “D” (the “**Existing Buildings**”). For purposes hereof, “**Significant Work**” shall be defined as any project for the improvement, addition, renovations, or other construction work for an Existing Building, the cost of which is reasonably anticipated by Tenant to exceed \$50,000.00.

3.3.1 Tenant shall require all contractors and subcontractors performing work on, in or about the Existing Buildings to carry worker compensation and employer liability insurance, commercial general liability insurance and owned or hired business auto liability insurance, all with coverages commensurate with the scope of work being performed by such contractor or subcontractor, in amounts reasonably determined to be sufficient under the circumstances.

3.3.2 All work shall be prosecuted in compliance with all applicable Laws (as herein defined), including all municipal ordinances.

3.4 Minor Subleases. Tenant may sublease the Existing Buildings on the Landlord Property that are not then subject to a Public-Private Partnership or an Existing Lease (each such sublease referred to herein as a “**Minor Sublease**”). Tenant shall not be required to follow the process set forth in the Hemisfair P3 Guidelines to solicit or negotiate a Minor Sublease or an extension, but all Minor Subleases shall require Manager’s Approval and shall use City’s standard lease form. If material modification of

the City's standard lease form is proposed for a Minor Sublease, Manager's Approval will be required. Each Minor Sublease shall require that each of the parties to such Minor Sublease provide copies to Landlord of any notice(s) of default given by such party to the other party, when such notices are given.

3.5 Sustainable Water Plan. With the goal of minimizing the impact of the Master Plan on limited water resources, Tenant shall formulate a sustainable water plan for indoor and outdoor water use on the Landlord Property, for City's approval. The sustainable water plan shall include (but not be limited to) recommendations for the utilization of reuse water for irrigation and in water features, as appropriate, and for the responsible detention of storm water runoff.

3.6 Chilled Water System. Unless waived by the City, Tenant and each subtenant under a Development Sublease or Minor Sublease shall be required to obtain chilled water services from the SAWS distribution system in the San Antonio central business district for each of the buildings now located or hereafter located on the Landlord Property (each, an "**Improvement**"), to the extent that such distribution system is available to serve an Improvement and service to that Improvement is reasonably feasible under the circumstances and available technology.

ARTICLE 4 HEMISFAIR REVENUE

4.1 Collection of Hemisfair Revenue. Tenant shall be solely responsible and shall use diligent efforts for the collection of all Hemisfair Revenue (as defined below), which Tenant shall disburse and retain in accordance with the Permitted Purposes (as defined below) in accordance with this Agreement. For purposes hereof, "**Hemisfair Revenue**" shall mean all income, rents, receipts, reimbursements, insurance proceeds, condemnation awards, profit participation interests, sales proceeds and other consideration received by Tenant (a) under the terms of the Master Lease, a Development Sublease, an Existing Lease, Public-Private Partnership, Comprehensive Development Agreement, Minor Sublease, Hemisfair Parkland Concessions (as defined below) or other approved agreement of Tenant related to the occupancy, use, improvement or development of the Landlord Property or otherwise related to the Landlord Property or any part or parts thereof, (b) from or related to the Hemisfair Parkland or any part or parts thereof, (c) under the terms of a Funding Agreement (as defined in Section 4.7, below), (d) for donor recognition, (e) by donation, and (f) from any activities of Tenant related to this Agreement. Tenant shall act in a fiduciary capacity with respect to the proper protection of and accounting for all Hemisfair Revenue in Tenant's possession or subject to Tenant's control.

4.2 Permitted Purposes. The Hemisfair Revenue shall be used solely for the following "**Permitted Purposes**":

4.2.1 Any costs or expenses related to Tenant's compliance with its obligations under the Master Lease, this Agreement or the Park Management Agreements (as defined below);

4.2.2 Any costs or expenses related to the promotion, solicitation, negotiation and implementation of Public-Private Partnerships, Comprehensive Development Agreements and Development Subleases;

4.2.3 Any costs or expenses reasonably incurred in the operation of Tenant's organization, including (without limitation) (a) capital and operational expenses related to offices occupied by Tenant's officers, employees, volunteers and other staff, including rent, utility expenses, repair and maintenance expenses, insurance expenses, and property tax expenses, (b) salaries and benefits for Tenant's officers and employees, and (c) fees paid to consultants, contractors, accountants and attorneys working on behalf of Tenant ;

4.2.4 With Manager's Approval, costs and expenses related to the acquisition of land and other real property interests in proximity to Hemisfair;

4.2.5 Any other costs or expenses related to the implementation of the Master Plan; and

4.2.6 Any other purposes authorized under the terms of a Funding Agreement.

Notwithstanding anything to the contrary herein set forth, casualty insurance proceeds shall be used to restore or repair the subject property unless another application of such insurance proceeds has received Manager's Approval.

4.3 Segregated Account. Tenant shall deposit all collected Hemisfair Revenue into a federally insured depository bank, or in another form of investment account that complies with Tenant's Cash Management and Investment Policy. The account holder shall be the Tenant, and the account funds shall be managed and disbursed by Tenant solely for the Permitted Purposes. If the bank account is an interest-bearing account, the accrued interest will be part of the Hemisfair Revenue.

4.4 Periodic Activity Reports. During each year during which Hemisfair Revenues are collected or funds are advanced to Tenant under a Funding Agreement, Tenant shall deliver to the Director of the Center City Development and Operations Office, or another official designated by the City Manager, a report (each such report referred to herein as an "**Activity Report**") concerning the Hemisfair Revenues generated and disbursed since the prior reporting period. Activity Reports shall be issued not less often than annually and on a more frequent periodic basis if requested by the City Manager or his/her designee. Each Activity Report shall include information detailing (a) all Hemisfair Revenue received during the subject reporting period, (b) the sources of such Hemisfair Revenue, (c) the interest earned on Hemisfair Revenue a during the subject reporting period, (d) the amount of Hemisfair Revenue in Tenant's possession on the first and last day of the subject reporting period, and (e) an accounting of all disbursements from the Hemisfair Revenues with the level of detail specified by the Director of Center City Development and Operations or other official designated by the City Manager to receive and review Activity Reports.

4.5 Review and/or Audit. City and Landlord each shall have the right to review all documents (in whatever form or media) in Tenant's possession or under its control that

are directly or indirectly related to the Hemisfair Revenue, the accounts maintained by Tenant and/or one or more Activity Reports. City and Landlord shall have unrestricted access to all information that may be necessary to verify Tenant's ability to assume maintenance obligations under Section 3.3, above, ascertain the existence of Excess Funds (as defined in Section 4.6, below), and verify Tenant's compliance with the terms of this Agreement.

4.5.1 Tenant agrees to provide the documents and information on a timely basis to City and Landlord at the location or locations in Bexar County, Texas requested by Landlord, following not less than thirty (30) days' written notice. All such applicable books, records and supporting documentation generated in connection with the sources and uses of the Hemisfair Revenue (which may be in electronic form) shall be preserved by Tenant for five (5) years after the period to which such documents relate or until all reviews and/or audits, if any, relating to those documents are complete and any and all findings have been fully resolved, and any litigation shall be finally resolved, whichever is the greater period of time.

4.5.2 City or Landlord may designate a certified public accountant to conduct the review and/or audit under this Section 4.5, and City may utilize the services of any employee or agent of City for such purpose.

4.6 Excess Revenues. In the event that Hemisfair Revenues exceed Tenant's expenses for any fiscal year of Tenant, such excess ("**Excess Funds**") shall accrue as a reserve fund ("**Tenant's Reserve Fund**") that will be available to meet Tenant's goal of financial self-sufficiency and may be used to satisfy revenue shortfalls in other fiscal years and other uses consistent with the Permitted Purposes set forth under Section 4.2, above, and to fund park improvements and renovations undertaken in the exercise of Tenant's park management duties or otherwise as approved by City. If the Excess Funds exceed the amounts necessary for the purposes outlined in the preceding sentence, in the sole judgment of the City Manager, then any additional excess revenues shall accrue to City consistent with Section 431.107 of the Texas Transportation Code.

4.7 Funding Agreement. As of the Effective Date, Tenant is being funded by City pursuant to that certain Funding Agreement approved by City by Ordinance No. 2104-09-18-0690 on September 18, 2014, and City and Tenant anticipate that additional similar funding agreements will follow the expiration of the current Funding Agreement (each, a "**Funding Agreement**"). The currently effective Funding Agreement sets forth the terms, conditions and provisions under which City's funding is being provided to Tenant, including certain budgeting, recordkeeping and reporting obligations that Tenant is required to satisfy. While this Agreement and each Funding Agreement are distinct agreements addressing different topics, these agreements are complementary, and the City Manager shall have the ability to impose additional requirements related to the Hemisfair Revenues through the terms and conditions of each Funding Agreement. In addition to any other rights of City under a Funding Agreement or this Agreement, City may discontinue a Funding Agreement when City, in the exercise of its discretion, has determined that Hemisfair Revenues are sufficient for Tenant's funding.

4.8 No Ability to Obligate City or Landlord. Neither City nor Landlord shall have any financial obligation to Tenant, except as may be set forth in this Agreement or a Funding Agreement, or to any person or entity in privity of contract with Tenant. Tenant covenants and agrees not to incur any financial obligation that cannot be discharged by available or committed Hemisfair Revenues.

ARTICLE 5
OPERATIONS, MANAGEMENT AND PROGRAMMING OF HEMISFAIR
PARKLAND

5.1 Park Management Agreements. To implement the Master Plan, it is anticipated that City will enter into one or more Park Management Agreements with Tenant (each such agreement, a “***Park Management Agreement***”), pursuant to which City will delegate certain rights and responsibilities to Tenant with respect to the design, construction, maintenance, operations and programming of the Hemisfair Parkland. Given the unique nature of each of the individual tracts comprising the Hemisfair Parkland, City and Tenant anticipate that there may be a series of Park Management Agreements related to individual tracts or a single Park Management Agreement with a phased implementation as the Hemisfair Parkland is redeveloped according to the Master Plan. The Park Management Agreement(s) shall:

5.1.1 Establish a schedule for the planning, design, construction and implementation of the concepts of the Master Plan in the Hemisfair Parkland;

5.1.2 Establish a financial plan for the planning, design, construction, maintenance, operations and programming of the Hemisfair Parkland in accordance with the Master Plan, to include (without limitation) milestones to be achieved by Tenant to generate financial resources sufficient to cover increasing percentages of funding of Tenant’s activities (e.g., 25%, 50%, 75%);

5.1.3 Identify Tenant’s role in the process of soliciting, selecting and overseeing architects, planners and contractors engaged to undertake the redevelopment of the Hemisfair Parkland in accordance with the Master Plan (including the renovation and reuse of any historic buildings located within the Hemisfair Parkland); and

5.1.4 Provide a framework under which the Parks and Recreation Department and other City departments coordinate and collaborate with Tenant to achieve the Enhanced Park Standards and to perform various design, construction, maintenance, operations and activities programming on the Hemisfair Parkland, as therein provided.

5.2 Hemisfair Parkland Concessions. Tenant shall identify, solicit, negotiate, administer and enforce all licenses and concessions located or to be located on the Hemisfair Parkland (collectively, the “***Hemisfair Parkland Concessions***”). In this capacity, Tenant shall be charged with and shall use its best efforts to discharge the responsibility of fostering uses with the Hemisfair Parkland that support and activate the public’s enjoyment of the Hemisfair Parkland. Tenant and City shall work together to

develop a standard form for the Hemisfair Parkland Concessions agreements, which standard form and any material alteration of such standard form will require the Manager's Approval. Any such agreements for a term greater than one (1) year will require the Manager's Approval.

5.3 Incurring Obligations. In exercising its rights and responsibilities with respect to the Hemisfair Parkland, Tenant is not authorized to incur any payment obligations, debts, charges or other liabilities of any kind on behalf of City.

5.4 Non-Discrimination. All Hemisfair Parkland Concessions and other agreements negotiated by Tenant on behalf of City with respect to the Hemisfair Parkland shall include provisions prohibiting discrimination against any person or persons because of race, color, religion, national origin, age, sex, sexual orientation, gender identity, veteran status or disability.

ARTICLE 6 TERM; MILESTONES

6.1 Term. The Parties anticipate that this Agreement will remain in full force and effect for so long as one or more of the Funding Agreements, Development Subleases, or Parkland Management Agreements shall remain in effect, unless earlier terminated as herein provided; provided, however, that the provisions of Article 8 shall survive past the date upon which this Agreement is terminated (the "***Termination Date***") until such time as the term (including any renewal options granted to the donors thereunder) of all Donor Recognition Agreements entered into prior to the Termination Date have expired or been terminated but Tenant's authority to enter into new Donor Recognition Agreements shall terminate on the Termination Date.

6.2 Milestones. The execution of the duties and responsibilities of Tenant under this Agreement shall be achieved in accordance with the timetable established from time to time by the City Manager or his/her designee, in consultation with Tenant ("***Milestones***"). The initial Milestones shall be documented within ninety (90) days of the Effective Date of this Agreement. The Milestones may be amended by the City Manager, in the exercise of the City Manager's sole discretion, from time to time.

6.3 Failure to Achieve Milestones. If Tenant fails to achieve the Milestones, the City Manager may choose to adjust such Milestones (in consultation with Tenant) to account for factors outside Tenant's control, and/or implement such remedial actions as the City Manager may deem appropriate, in the sole discretion of the City Manager. Such remedial actions may include, without limitation, (a) the institution of additional procedures for oversight by City over Tenant's activities, and/or (b) re-delegation of Tenant's responsibilities under this Agreement to Landlord, City or other actors as may be appropriate under the circumstances.

ARTICLE 7

DEFAULT; REMEDIES; TERMINATION

7.1 Events of Default. Tenant shall be in default under this Agreement if Tenant fails to perform any covenant, agreement or obligation of Tenant under this Agreement (other than a failure described in Section 7.2, below) within thirty (30) days after City has furnished to Tenant written notice of such default (an “*Event of Default*”), provided, however, if such default is curable but cannot reasonably be cured by the exercise of reasonable diligence within such thirty (30) day period, then such failure to cure will not be an Event of Default if (a) within such thirty (30) day period, Tenant gives written notice to City and Landlord setting forth the reasons that such default cannot be cured by the exercise of reasonable diligence within thirty (30) days and Tenant’s reasonable estimate of the amount of time which will be required to effect such cure, (b) Tenant commences curative action within such thirty (30) day period and thereafter diligently pursues the curative action, (c) upon request of City, but in no event more often than monthly, Tenant provides written notice to City and Landlord of the efforts undertaken by Tenant, the curative work remaining to be done and the estimated time required for completion of the curative action, and (d) such default is cured within six (6) months from the date of Tenant’s receipt of the notice of default from City.

7.2 Material Events of Default. Each of the following events or circumstances shall be a material event of default (“*Material Event of Default*”) by Tenant:

7.2.1 Default by Tenant under the Master Lease. Tenant shall be in default under the Master Lease, which default remains uncured after notice and the expiration of any applicable cure period for such default under the Master Lease.

7.2.2 Default by Tenant under an Existing Lease. Tenant shall be in default of its obligations under an Existing Lease, as therein provided, which default remains uncured after notice and the expiration of any applicable cure period provided under the Existing Lease.

7.2.3 Liens. Tenant shall cause to be placed or suffer the existence of any lien on the Landlord Property (except as authorized under the Master Lease or a Development Sublease) and such lien has not been fully released or otherwise discharged within sixty (60) days following the creation of such lien.

7.2.4 Action without Approval. Tenant shall fail to obtain an approval required by this Agreement or the Master Lease for any lease, sublease, license, concession, contract or other agreement.

7.2.5 Misapplication of Funds. Tenant shall use Hemisfair Revenue for other than a Permitted Purpose.

7.3 Remedies. Upon a Material Event of Default, City or Landlord may terminate this Agreement in whole or in part with respect to any of the Landlord Property or the Hemisfair Parkland. Upon a Material Event of Default or an uncured Event of

Any amendment to the Delegation Agreement shall require Manager’s Approval. In addition, prior to entering into any Donor Recognition Agreement for a Major Recognition Opportunity (defined below), the prior approval of the City shall be obtained.

8.3 City Approval. The prior approval of City, in the exercise of its sole discretion, shall be required for any Donor Recognition Agreement that does not comply with the Pledge Requirements. In addition, City’s approval also shall be required for a Donor Recognition Agreement that names or identifies any of the following (each, a “**Major Recognition Opportunity**”):

8.3.5 Any part of the structure now known as the Tower of the Americas.

8.4 Donor Recognition Agreements Without City Approval. A Donor Recognition Agreement for any portion, improvement or element of the Hemisfair Parkland, except for the Major Recognition Opportunities, shall require the approval of City unless the Donor Recognition Agreement:

8.4.1 Has been approved by the Conservancy; and

Should a judgment or interpretation be required with respect to a Donor Recognition Agreement in regards to the standards set forth above in Section 8.5 or Section 8.6, above, the determination in writing of the City Manager or his/her designee shall be deemed conclusive. Any waiver of the standards set forth above in Section 8.5 or Section 8.6, above, shall require the approval of the City.

8.8 Pledge Requirements. Attached as Exhibit "F" is the Yanaguana Hemisfair Donor Recognition Policy formulated by Tenant and the Conservancy for the Yanaguana Garden (Park Tract 2) that identifies:

Capital costs include design, construction, installation, materials, inspection, supervision, signage, legal fees, furniture, fixtures, equipment and other related costs for the subject amenity or feature. 8.9.3 The approval of the Historic Design and Review Commission (HDRC) shall be required for the type, size and placement of markers; provided, however, that the HDRC may preapprove templates for markers to be used for these purposes and the subsequent use of such templates shall not be subject to HDRC review.

8.9.4. This Agreement (once approved by City Council) shall function as the "formal action" required for purposes of Section 35-612(a)(8) or 35-645(a) of

the San Antonio City Code of Ordinances, and no further approval of City Council shall be required for any memorials, markers or naming rights in Hemisfair subject to this Agreement except as expressly provided in Section 8.3 above.

9.10 Maximum Interest. Nothing in this Agreement shall ever entitle any Party hereto to charge or collect or shall obligate any Party thereto to pay interest in excess of the highest rate allowed by Law of the United States of America or the State of Texas. It shall be deemed an error if any excess amount be collected and such excess shall be refunded.

9.11 Exhibits and References. All exhibits and other documents attached to or referred to in this Agreement are incorporated herein by reference for the purposes set forth in this Agreement. References in this Agreement to articles, sections, subsections, sub-subsections, exhibits, or schedules are to such articles, sections, subsections, sub-subsections, exhibits, schedules unless otherwise specified.

9.12 Conflict of Interest. ARTICLE I. INTRODUCTION

Hemisfair Park Area Redevelopment Corporation (“**HPARC**”) is a local government corporation and a not-for-profit 501(c)(3) created by the City of San Antonio (“**City**”) in accordance with Chapter 431 of the Texas Transportation Code.

The mission of HPARC is to accomplish certain governmental purposes of the City, to wit: assist with acquiring property, planning, developing, constructing, managing, maintaining and financing projects within and adjacent to Hemisfair. HPARC has adopted these “P3 Program Guidelines” to accommodate greater use of public-private partnerships in fulfilling this mission. These Guidelines are intended to be reasonable, encourage competition, and guide the selection of projects under the purview of HPARC. These Guidelines are designed to be compatible and consistent with the *Public and Private Facilities and Infrastructure Act*, S.B. 1048, 82nd Legislature, Chapter 2267, Texas Government Code (the “**P3 Act**”) and the City’s Public Private Partnership Guidelines; provided, however, that HPARC intends to retain the maximum amount of flexibility permitted under Texas law with regard to the process of soliciting and selecting proposals for public-private partnerships.

A general outline of HPARC’s process for soliciting, reviewing and selecting public-private partnerships is set forth on the attached Exhibit A, which is incorporated herein by reference for all purposes.

ARTICLE II. PROJECT SOLICIATION AND RESPONSES

Section 2.01 PROJECT IDENTIFICATION

In consultation with the City and in consideration of the Hemisfair Master Plan, HPARC may identify projects for potential public-private partnership within and around Hemisfair. These public-private partnerships may include real estate development within and around Hemisfair and other activities that will further HPARC’s mission of improving Hemisfair in accordance with HPARC’s mission, the Hemisfair Master Plan and other City policies.

Section 2.02 SOLICITATIONS

HPARC shall prepare and issue the RFP and RFQ solicitations in accordance with these Guidelines and HPARC procurement policy and procedures. All RFP’s or RFQ’s issued by HPARC shall be by issuance of a written solicitation. HPARC will not accept any unsolicited proposals. HPARC staff may elect to proceed directly to the RFP Process (thereby skipping the RFQ Process) when such action is deemed appropriate and desirable.

Section 2.03 RESPONSES TO SOLICITATIONS

Responses to solicitations for RFQs and/or RFPs shall include the information requested in such solicitations and the procedures and requirements applicable to any particular solicited proposal shall be specified in the written solicitation.

Responses to RFQ should provide detailed information on the respondent's qualifications and experience. Respondent should detail demonstrable experience in the development and operation of projects similar to the proposed project. The submission should describe relevant experience with respect to the development and operation of other commercial or public-private partnership projects, distinguishing the experience of the private entity (including joint venture partners) from that of consultants and other team members.

Responses to the RFP should detail information regarding the proposed project in accordance with the instructions set forth in the RFP. In general, this information should include the following:

- *Project Overview:* An overview of the proposed project, including the conceptual design of any facility or a conceptual plan for the provision of services. The conceptual design for facilities, at a minimum, should include concept renderings, a concept site plan, and elevations that collectively illustrate the location, size, and context of the qualifying project.

Gift Acceptance Policy**

Summary Statement

The Hemisfair Conservancy (“Conservancy”) is a public charitable organization exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code.

The Conservancy strongly encourages the solicitation and acceptance of gifts which help it fulfill its stated mission: to serve as an empowering conduit of philanthropy to elevate San Antonio by ensuring exceptional quality and longevity of the Hemisfair public spaces and their amenities for generations. Philanthropic funding has become an essential resource which enables Hemisfair Park Area Redevelopment Corporation (HPARC) to continue to create a series of beloved urban parks embraced by a vibrant walkable neighborhood.

The Conservancy’s goal is to assist in the funding of Hemisfair projects and programs with gifts that generate more benefit than cost and which are aligned with the mission and goals of the Conservancy. Once a gift is accepted by the Conservancy, the administration and investment of the gift becomes the responsibility of the Conservancy’s Board of Directors (“Board”).

The Conservancy’s fundraising programs subscribe to the Association of Fundraising Professionals (AFP) Code of Ethics and Partnership for Philanthropic Planning (formerly National Committee on Planned Giving) Model Standards of Practice. The AFP Code of Ethical Principles and Standards is available online at www.afpnet.org/files/ContentDocuments/CodeofEthics.pdf.

The Conservancy’s procedures and policies for counting, reporting and recognizing gifts comply with all IRS regulations. The Conservancy abides by the rules and regulations of the Financial Accounting Standards Board (FASB) as they affect the recording and receipting of gift income.

The Conservancy may seek gifts and grants from individuals, corporations, foundations and other appropriate entities. However, gifts or grants may be sought only for programs that have either been approved by the Board or have been included in HPARC or Conservancy strategic plans or budgets.

Donors are encouraged both orally and in writing to share their intended gifting plans with their spouse and family members as well as their professional advisors.

The Conservancy values and protects its integrity and independence. As such, the Conservancy will not accept gifts that are too restrictive in purpose or inconsistent with the Conservancy's stated purposes and priorities. Gifts that may expose the Conservancy or HPARC to an unreasonable degree of liability or adverse publicity, require unreasonable expenditures or result in unexpected responsibilities must be approved by the Board before acceptance. Gifts that affect the Hemisfair master plan must be approved by the Conservancy and HPARC Boards.

The Conservancy will not accept gifts which are deemed to involve unlawful discrimination based upon race, religion, gender, age, national origin, color, disability or on any other basis prohibited by federal, state and/or local laws and regulations. Likewise, the Conservancy will not accept gifts which obligate it to violate any applicable law or regulation, or which violate its certificate of formation, charter, bylaws or tax-exempt status.

Monetary gifts which are not accompanied by direction from the donor concerning their use will be placed in an unrestricted Conservancy account unless designated by the Board for special use. Board approval is required prior to acceptance of any restricted gift.

The use of a gift may be restricted only by the gift's donor. Departments or programs do not have the power to restrict gifts. Estate gifts not restricted by the donor's estate planning documents or representatives will be placed in the Conservancy's endowment unless otherwise directed by action of the Board.

Up to 20 percent of all unrestricted gifts will be allocated to the Conservancy's endowment to sustain the parks and their amenities.

GIFT ACCEPTANCE POLICIES & PROCEDURES

The policies and procedures outlined below are current as of 18 Nov 14 and are not intended to give legal or financial advice. Please consult with your financial and/or legal advisor for more information and guidance to address your specific needs.

Gifts of Cash

The Conservancy is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and accepts charitable gifts as allowed by applicable law. It accepts gifts of cash (including checks), as well as gifts made through credit card.

Reporting Policy:

Gifts of cash will be reported at their face value.

Gifts of Securities

The Conservancy also accepts gifts of publicly-traded securities. There may be distinct advantages to the donor in giving long-term appreciated securities, which are currently defined as security instruments that have been held for at least one year and are worth more now than their income tax basis.

Procedure for Accepting Gifts of Securities

For appreciated securities that a donor has held short term (currently defined as less than one year), only the cost basis is deductible (i.e., the donor will not be able to deduct the appreciation as he/she can with securities held long term held more than one year). Securities held long term are fully deductible at Fair Market Value (FMV) and the donor does not incur a tax on the unrealized capital gain.

In cases where the donor wishes to make a gift of securities, the correct procedures for handling gifts of stocks and bonds are:

If the Securities are Held in an Account with a Broker or Bank:

The donor should consult his/her investment broker or accountant regarding the appropriate securities to transfer. Have them arrange with the Conservancy's investment advisors for the transfer of the securities through Depository Trust Company to the Conservancy's account.

Please call the Conservancy office for a sample transfer letter and account information.

The donor should call the Conservancy office to advise that the transfer has occurred and also send a copy of the instruction letter sent to the donor's broker along with any special requests regarding the designation of the gift to:

Hemisfair Conservancy
424 S Alamo St
San Antonio, TX 78205
(210) 262-2502

If the Securities are in Certificate Form:

The donor may mail the unendorsed certificates, or deliver them by hand to the Conservancy office. He/she should enclose a letter describing the security that is being donated and special instructions for the gift, if any.

By Hand

1. The *unendorsed* stock or bond certificate(s) should be taken to:

Hemisfair Conservancy
424 S Alamo St

San Antonio, TX 78205
(210) 262-2502

2. A stock power should be signed – one power for each certificate, **with only the signature block completed**. *For publicly traded securities the signature must be guaranteed by a broker or bank*. Stock power forms are available from the Conservancy office as well as from most stockbrokers.

By Mail

1. The *unendorsed* stock certificate(s) should be sent by *registered mail* to the Conservancy.
Enclose: a brief note identifying the donor's name address, phone number and a description of the number of shares, the name(s) of the stock(s), and a statement regarding the purpose of the gift and any instructions intended.
2. In a *separate envelope*, by *regular mail*, send to the same address (see above) a signed stock power – one power for each certificate. The donor should sign the power exactly as his/her name appears on the certificate. **Do not complete any other section of the stock/bond power.**

Please note that for security reasons it is very important to send the unendorsed stock certificates and the signed stock powers in separate envelopes.

If held in certificate form, the effective date of the gift is the date postmarked on the envelope containing the certificates or date of hand delivery to the Conservancy.

If transferred electronically to the Conservancy's brokerage account, the effective date of the gift for valuation purposes is the date the stock is actually transferred into the Conservancy's account.

Reporting Policy/Valuation of Securities:

Gifts of securities are recorded at the FMV on the date of the gift. For publicly traded securities, the FMV is the mean between the high and the low prices on the date of the gift. Mutual fund shares are valued using the public redemption price on the date of the gift.

Disposition of Securities:

Securities, once donated to the Conservancy, are sold immediately in accordance with a standing order with the Conservancy's investment advisors. Only designated

Conservancy officers are authorized to issue instructions for the sale of donated securities and execute the documents required to transfer the stock to the ultimate purchaser. Brokers, unauthorized staff or any other persons who issue or accept instructions for the disposition of securities donated to the Conservancy who are not authorized by the Conservancy may be deemed to have engaged in unlawful transactions and in violation of the rules of one or more stock exchanges.

Disposition of Transfer/Sale Costs:

All transfer costs will be considered costs of doing business and will be borne by the Conservancy. A complete record of all securities donated to the Conservancy is kept in the office files. The files maintained by the Conservancy shall include:

| | |
|-------------------------------|-----------------------------------------------------------------|
| Name of donor certificates | Certificate number and a photocopy of |
| Date gift received | High and low market value on date of receipt |
| Number of shares | Gross and net sale value |
| Name of stock | Name of transfer agent Photocopy of letter of transfer |

Pledges

A pledge is a binding commitment to pay a specified amount at a certain point in the future, and may be paid periodically over the life of the pledge period. Pledges, especially those payable over multiple years, may afford donors an opportunity to make far more substantial gifts than might be the case if they are limited to making payment in full up-front or within a single year.

To be officially credited and entered into the Conservancy's records, all gifts, pledges and other forms of support must be documented by the donor in writing. An exception to this policy is a verbal pledge made during a "phone-a-thon" setting.

Pledge payments may be made annually, semi-annually, quarterly, monthly or other schedule reasonably requested by the donor and approved by the Conservancy. The Conservancy will be responsible for recording, acknowledging, billing and monitoring the status of all pledges and payments.

Gifts-in-Kind

In-kind gifts may be accepted by the Conservancy; provided, however, that they may not be used to substitute for the monetary donations required in relation to the naming opportunities described in Appendices B and C. Currently, the donor may claim as a tax deduction any gift of inventory based on the lower of the donor's cost or FMV (e.g., merchandise, building materials, equipment, landscaping, printing,

items used for special events, etc.). Such gifts should be usable by the Conservancy or HPARC as determined by the Conservancy in consultation with HPARC.

As of the effective date hereof, if the claimed value of the in-kind property exceeds \$500.00, the donor must complete IRS Form 8283 "Non-Cash Charitable Contributions" and attach it to his/her tax return. Note: Also refer to the section on "Gifts of Real Estate and Other Property" later in this policy.

Gifts of Real Estate and Other

Property

Real Estate

Gifts of real estate may be accepted on a case by case basis after the Conservancy's review of the following:

- Most recent survey available and current ownership and encumbrance report,
- Environmental study if available, which should include, but not be limited to, review of potential hazardous materials and endangered species on the site,
- Marketability of the property,
- Current market value of the property as determined by an acceptable valuation,
- Existence of any costs associated with ownership of the property such as fees, taxes, and insurance, and
- Existence of or potential for any encumbrances such as mortgages, restrictions or easements that would affect marketability.

Gifts of real estate will not be accepted until a checklist (available in the Conservancy office) has been completed and an appraisal received from a qualified independent appraiser or other acceptable opinion of value. The Conservancy reserves the right to accept or reject an independent appraisal presented by the donor, and if rejected may commission a qualified appraiser selected by the Conservancy to appraise the property as long as the appraiser has no direct affiliation with the donor or the Conservancy.

The Conservancy does not accept gifts of undivided interests in real estate or other property. The Conservancy will consider gifts of retained life estates provided that the property meets all other requirements of the Conservancy.

Donors are encouraged to pay for any assessments, reviews and audits, and should consult with their tax advisors to determine if these expenses may be tax-deductible or eligible to receive other favorable tax treatment.

In keeping with law, gifts of real estate may not be used to fund a charitable gift annuity.

Gifts of Other Personal Property

Gifts of personal property such as valuable artwork and furniture that are acquired with intent for display in the Hemisfair District must be coordinated in advance and receive approval from HPARC and the Historic Design and Review Committee (if HDRC approval is required by the proposed placement of the item within the Hemisfair District) before they can be accepted by the Conservancy.

Gifts of personal property such as valuable artwork, collections and jewelry that cannot be used by the Conservancy or HPARC shall only be considered if:

- A current (within one year), qualified independent appraisal shows the items are valued in excess of \$2,000,
- There is a market for selling such items in the near term in an orderly manner,
- Acceptance of the gift has been approved by the Board, and
- There are no restrictions as to the property's disposition.

A donor must declare any restrictions to a gift in writing before it is accepted by the Conservancy.

Unless properly restricted, any property that has been accepted by the Conservancy may be disposed of immediately at the Board's discretion. No gift that requires special security or facilities will be accepted without prior approval of the Board.

Donors will be notified after the Conservancy accepts a gift of personal property as to whether it intends to (i) hold the property for a period of time, (ii) hold the property for use in the Conservancy's or HPARC's programs, or (iii) dispose of the property. Should the Conservancy decide to sell, exchange or otherwise dispose of the property within two years of its receipt, the Conservancy will complete Form 8282 as required by the IRS. Property will be sold as it best fits the needs of the organization, as determined by the Conservancy in its sole discretion.

Exceptions to the above policy may be made by the Board on a

case-by-case basis. Reporting Policy:

Once a gift of personal property has been accepted, the donor will be recognized based on the current appraised value of his or her gift.

Life Insurance

It is possible to make a commitment to the Conservancy through a life insurance gift. Through relatively modest annual gifts, a donor can create a potentially major gift. Under current tax laws the donor's annual premiums are deductible for income tax purposes.

If a donor owns an insurance policy that is no longer needed for its original purpose, the policy can be donated to the Conservancy by naming it as both the owner and beneficiary of the policy. In general, the donor will be entitled to an income tax deduction for the cash surrender value of the policy and can deduct the amount of future premiums paid on it.

Reporting Policy:

In order to be officially accepted and entered in the Conservancy's records, ownership of the insurance policy must be transferred irrevocably by the donor to the Conservancy, designated as the sole beneficiary. Other deferred gifts, such as those in which the Conservancy is named as a beneficiary, will be recognized through the legacy program of the Conservancy; however, donors will not be credited in the Conservancy's official records until a gift is received.

Bequests

It is possible for donors who wish to make a significant gift to the Conservancy to do so by way of a bequest rather than through a current outright gift.

Gifts through wills or other estate planning vehicles are encouraged. Whenever feasible, intended bequests other than cash or securities should be brought to the attention of the Conservancy's Executive Director so that the donor may be encouraged to conform his/her estate planning goals to the Conservancy's policies. The same conditions apply to the Conservancy's acceptance of bequests as apply to donations made during the donor's lifetime. Should the Board consider a bequest unacceptable, the Conservancy's legal counsel will notify the representatives of the estate as quickly as possible.

Corporate Matching Gifts

The Conservancy accepts matching gifts. An entity offering a matching gift program that matches a portion or all of an employee's contribution to Conservancy will receive credit for such matching gift.

Gifts of Foreign Assets

Gifts of foreign currency, securities and real estate will be considered on a case-by-case basis by the Board.

Counsel of Tax Advisor Suggested

As described above, there are a variety of ways in which a donor may make a gift to the Conservancy. Because each donor's financial and tax-planning circumstances

may be unique, donors are encouraged to seek the counsel of their tax advisor when appropriate.

Recognition and Acknowledgment of Contributions

Every contribution to the Conservancy including pledge payments, should be promptly acknowledged with a personal letter (and receipt, if appropriate) within three business days of the date received.

For tax purposes and in accordance with IRS regulations, all donors of gifts with a value of \$250.00 or more are issued a written receipt by the Conservancy with a statement of the value of services received, if any.

Anonymous Gifts

Careful provisions will be made for honoring the wishes of a donor who may desire to contribute to the Conservancy and yet remain anonymous. Inquiries should be made through a third party or directly to the staff of the Conservancy.

Named and Restricted Funds

Endowed funds may be established through a gift from an individual, family or entity or by raising funds from a group in honor or in memory of an individual or family. As with all named funds, the Conservancy prefers to have prior written consent of the honoree or the family of the honoree before naming the fund.

An unrestricted fund may be named with a donation of \$10,000 or more. A fund may be named and restricted with a donation of \$50,000 or more.

A named fund must reach \$10,000 in value within one year of the date of its establishment in order to remain named.

The corpus of a restricted, named fund must reach its minimum required level by the end of five years from the date of establishment. In some situations, a restricted, named fund that has not reached its minimum required level at the end of five years may remain restricted if a planned gift commitment has been established and agreed to by the Conservancy.

Until a fund reaches its minimum required level, any interest earned on that fund will remain in the fund for future distribution. Distributions will not be made until the balance in the fund reaches its required minimum level.

A fund may not be terminated unless designated in the documentation establishing the fund or agreed to in writing by the donor.

Funds are distributed based on Conservancy’s Investment Policy, which is available upon request.

Additional information about donor recognition for philanthropic contributions is contained in the Conservancy’s Major Donor Recognition Policy, found in Appendix B, and the Donor Recognition Policy, found in Appendix C.

APPENDIX A
THE PLANNED GIVING PROGRAM

Purpose

The purpose of the Planned Giving Program of the Hemisfair Conservancy (“Conservancy”) is to encourage, solicit, accept and recognize bequests, gifts of life insurance, and gifts created by life income agreements for any purpose consistent with the Conservancy objectives.

This program shall be designed to supplement and enhance all Hemisfair programs by offering donors the opportunity to:

1. Make charitable bequests to the Conservancy as a part of their estate planning and to provide the opportunity for outright bequests, annuity for life income provisions for other beneficiaries, and additions to agreements and trusts, which may qualify for deduction or exemption under existing tax laws.
2. Establish a permanent memorial in the donor's name or for another.
3. Make retained income gifts, which will enable them to retain the income from their capital for life or a designated period of time and may permit donors to make a larger gift during their lifetime than might be made without income retention.

Enabling Statement

It shall be the policy of the Conservancy through the Planned Giving Program to offer an opportunity for donors to make gifts in the following forms:

1. Outright lifetime gifts;
2. Gifts by will or other instruments effective at death;
3. Gifts of a remainder interest, including the charitable gift annuity; deferred
4. Other gifts - including life insurance policies; charitable lead (income) payment charitable gift annuity; charitable remainder unitrust; charitable remainder annuity trust; pooled income fund; and the gift of one's personal residence or real estate with retained life estate; and trusts, and other gifts as approved by the Board.

It shall also be the policy of the Conservancy to thoughtfully seek such gifts, and to provide adequate staff and resources for a full and effective Planned Giving Program. The Development Committee shall recommend general guidelines and conditions for

various types of gifts for approval by the Conservancy Board. Specific guidelines and conditions may be negotiated for each gift subject to review and approval by the Development Committee and the Conservancy's legal counsel.

Authority to Supervise

The Development Committee shall be responsible for supervising the Planned Giving Program. The Development Committee shall review the policies and guidelines annually and report periodically to the Board.

Authority to Negotiate, Approve

The Executive Director shall be authorized to negotiate with any potential donor gift annuities, life income agreements and trusts that follow the basic format of the agreements approved by the Development Committee without further approval. All other agreements which are binding on the Conservancy and which do not follow these forms must receive the approval of the Development Committee before completion of final negotiations with the donor.

Authority to Invest

Investment policies shall be recommended by the Finance Committee for approval by the Conservancy Board and periodically reviewed. It is essential that the investment policy in each case be clearly stated and rigorously followed. The Finance Committee shall have the authority to designate a third party to manage Conservancy investments.

Separate Trustees

In arrangements requiring a trustee, donors are urged to use their bank or trust company as trustee.

Donor's Rights, Interests

In all matters involving donors or prospective donors, the stated interests of the donor must come before those of the Conservancy. No program, agreement, trust, contract, or commitment shall be knowingly urged upon any donor or prospective donor that would benefit the Conservancy at the expense of the donor's interests. No agreement shall be made between the Conservancy and any agency, person, company, or organization on any matter, whether it be investment, management, sale, or other interest, which would knowingly jeopardize or compromise the donor's interests.

It shall be the policy of the Conservancy, its Board and staff to exclude any high-pressure sales techniques when dealing with prospective donors. The task of all shall be to inform, serve, guide and otherwise assist in fulfilling the donor's philanthropic wishes, but never under any circumstances that pressure or unduly persuade.

No representative of the Conservancy shall offer any legal or tax advice to any prospective donor. Rather, it shall be the policy of the Conservancy to insist that any prospective donor obtain independent tax and legal advice from professional advisors of his or her choice.

In keeping with this policy, all staff employed by the Conservancy to administer or promote planned gifts shall be paid on a fixed salary or other basis and not receive a commission related to gifts received in such a way as to create a personal financial interest in any agreement. Commercial programs offered by only one company or one agent shall be avoided.

Review of Agreements

EXECUTIVE SUMMARY

The purpose of the Major Donor Recognition Policy (i.e., Appendix B of the Hemisfair Conservancy Gift Acceptance Policy) is to provide guidance and consistency to those that have an interest in the naming and subsequent renaming of the parks, plazas, amenities and improvements in the Hemisfair District, relating to philanthropic donor recognition specifically. It is the policy of the Hemisfair Conservancy to reserve the name(s) and renaming of parks, plazas, amenities and improvements in pursuit of a worthy and enduring legacy in the Hemisfair District for circumstances that will best serve the interests of the community. Pursuant to the official Hemisfair Conservancy Gift Acceptance Policy, the Conservancy will also adopt the following terms for donor recognition within the first phase of development, Yanaguana Garden, which will set the precedent for donor recognition in subsequent Hemisfair phases.

Naming of Yanaguana Garden (as a whole)

The naming opportunity in recognition for a significant contribution to Yanaguana Garden, the 4+ acre park in the southwest region of Hemisfair, will be offered for 25 years upon the contribution of \$5,500,000 or more, which equates to approximately 70% of total capital cost. If total project capital is already funded, the entire gift will be invested in an endowment for ongoing Operations, Maintenance and Activation of the area. If, however, there are unfunded capital costs at the time the gift is made, a portion will be used to finish construction and invest the remainder in the endowment.

Naming of Individual Amenities and Features

The naming opportunities in recognition of significant contributions to amenities and features within Yanaguana Garden will be offered for 10 years for contributions of \$250,000 or more, covering 70% or more of the total capital cost of the amenity/feature as outlined in the Major Donor Recognition Policy. In Yanaguana Garden, there are six naming opportunities that meet the contribution criterion, in addition to the Yanaguana Garden naming

opportunity outlined above. The amenities and features eligible for naming opportunities include the Promenade, Water Play Area, Net Play Structures, Wall-holla (Alamo Gateway), The Lawn and Central Plaza. To ensure the amenity/feature including its donor recognition signage is maintained over the 10-year period, up to 20% (exact figure to be based on available funding resources) of the gift will be invested in the endowment.

Donor Recognition Signage

Plaques will provide donor recognition for 10 years for contributions of \$100,000 or more which cover a minimum of 70% of the total capital cost of an amenity/feature as outlined in the Major Donor Recognition Policy. In Yanaguana Garden, the following five donor recognition opportunities exist at this threshold in addition to the above categories: Yanaguana Storytelling Sculpture, Entrance to Cesar Chavez Plaza, Entrance to Goliad Plaza, The Big Backyard and the Eagar Entrance Plaza. To ensure that the amenity/feature including its donor recognition signage is maintained over the 10-year period, up to 20% of the gift will be invested in the endowment. Additionally, if a donor requests plaque recognition for an amenity/feature that does not meet the minimum gift threshold, a donation of \$100,000 is required to maintain consistent recognition throughout Yanaguana Garden.

Donor Recognition Wall

A donor wall, one in each of the three parks of the Hemisfair District, will provide donor recognition for 5 years for investments of \$50,000 or more, or annual contributions of \$10,000 or more.

Contribution/Pledge Period

All recognition is intended for one-time investments which may be paid over a period of up to 5 years.

All donors at the \$100,000 level or above shall have an opportunity to renew their gift at the end of the recognition period.

Subsequent Park Redevelopment Phases

Pledges can be accepted for subsequent phases of the Hemisfair redevelopment, currently referred to as the Civic Park and Tower Park, at the following levels:

\$27,500,000 (naming opportunity for Civic Park)

\$20,000,000*

\$15,000,000*

\$10,000,000*

\$14,000,000 (naming opportunity for Tower Park)

\$2,500,000*

\$1,000,000*

*Additional naming opportunities to be defined as design is completed.

Smaller investment opportunities will be available as amenity/feature designs are completed.

Exhibit C: Yanaguana Garden Elements

The Promenade

The promenade will be the central spine of Yanaguana Garden, winding from a gateway entrance at Cesar Chavez Blvd to the vibrant plaza along Goliad Road. The promenade mimics the alignment of the San Antonio River as it weaves through the Garden, creating pleasant surprises along the way. The 400-foot-long paved pathway will be 20 feet wide and 20 feet high, and covered by a unique picturesque pergola supporting flowering vines for shade, white starry lights after dark and temporary art installations. The promenade will connect the major elements of the park like the splash pad, lawn and climbing structures; it can accommodate fairs, markets and vendors along its path.

Water Play Area

To cool down from the heat, the naturally-designed splash pad will feature spontaneous water sprays and erupting geysers to delight children of all ages. Locally-sourced limestone steps will seep water, offering visitors a dry seat while cooling their feet. The splash pad will blend into a peaceful ankle-deep wading pool on one end, and be surrounded by shade trees, low limestone seating walls and grassy slopes for lounging.

Net Play Structures

The horizontal net play structure will be the first of its kind in Texas. Custom designed, the structure will allow for climbing, swinging, balancing, sliding, and jumping at different elevations, all while accommodating the highest standards of safety and accessibility.

Also the first of its kind in San Antonio, this vertical net climbing structure is designed for all ages to climb 35 feet into the air without being able to fall more than 5 feet at a time. Kids will have the opportunity to interact with the surrounding tree canopy and learn about botany and the natural world without damage to the trees.

Wall-holla at South Alamo Street

The Wall-holla is a custom-designed enclosed climbing structure inspiring adventurers of all ages to discover different ways of exploring its undulating maze. The Hemisfair Wall-holla will also serve as a colorful gateway from South Alamo Street, inviting visitors to enter the park through a 20-foot high cut-out while children explore a network of possible routes. At night, the

structure will be lit to attract visitors and inspire photographers with views of the Tower of Americas in the background.

The Lawn

Located between the Central Plaza and the Wall-holla entrance, this 1/3-acre lawn will offer lush green grass at different grades, providing a flexible setting for a wide range of activities. In this space, visitors will enjoy picnics, fly kites, enjoy performances in the central plaza and lounge in the sun. A successional planting scheme will provide colorful flowering plants year round.

Central Plaza

The 6,400-square-foot central plaza will connect walkways from the four entrances of Yanaguana Garden in the center of the park. The paving design will double as a life- size chess/checkers board and will be filled with bistro tables and umbrellas. The central plaza can accommodate live music and special events that spill out into the adjacent green lawn.

Yanaguana Storytelling Sculpture

In order to artistically integrate the native legend of the Yanaguana and the founding of San Antonio into the park design, a large sculpture of an anhinga bird in flight will be installed near the climbing structures. The sculpture will be covered in a brightly-colored tile mosaic, will provide seating and a serve as a playful object for children to conquer. An additional artistic interpretation of a blue panther water spirit will be built into the water play design referencing the anhinga bird and the source for all life.

Entrance Plaza off Cesar Chavez Blvd

The entrance plaza off of Cesar Chavez Blvd will not only be the major drop-off point to Yanaguana Garden, but also Hemisfair's connection to Southtown. Artistically lit signage in the plaza will welcome visitors entering downtown by car or streetcar and pedestrians from nearby neighborhoods. This plaza is the starting point of the picturesque 20-foot pergola which will lead people to the nearby restored homes for food and drink.

Entrance Plaza off Goliad Road

The entrance plaza off of Goliad Road will be the primary connection between Yanaguana Garden and the future Civic Park. The plaza will rest below a canopy of mature oaks, spilling across reconstructed Goliad Road to the southern entrance of the Civic Park. The plaza will feature brightly colored paving patterns, seating and tables, restored gondolas from the 1968 World's

Fair, skateboarding elements and an adjacent music area with built-in percussion instruments and recycled pianos.

The Big Backyard

This charming courtyard behind the historic Eagar House and Herrmann Carriage House will include a shaded patio, seating and backyard games for all ages like bocce ball, ping pong and chess. The Big Backyard boasts an unadulterated backdrop of the Tower of the Americas, and will feature an overhead canopy of lights. When not being used as a games plaza during the day, this courtyard will become an attractive venue for intimate receptions and musical performances in the evening.

Eagar Entrance Plaza

This tree-canopied entrance plaza located north of the historic Eagar House on South Alamo Street will feature informal seating and tables as well as a public art installation that encourages imaginative play. Prominent lines of sight include the historic Herrmann Carriage House and Tower of the Americas which provide a beautiful backdrop for gatherings.
