

FINANCE DEPARTMENT
Certificate of Exemption Form

Date: 01/17/2018

Originating Department: SAFD

The City is authorized under limited conditions to make procurements outside of the competitive solicitation process. Chapter 252 of the Local Government Code provides guidance regarding sixteen general exemptions from the competitive solicitation. Please select one exemption.

- a procurement made because of a public calamity that requires funds to relieve the needs of the residents or to preserve city property
- a procurement to preserve or protect the public health or safety of the city's residents
- a procurement necessary because of unforeseen damage to machinery, equipment or other property
- a procurement for personal, professional or planning services
- a procurement for work that is performed and paid for by the day as the work progresses
- a purchase of land or right-of-way
- a procurement of items available from only one source
- a purchase of rare books, papers and other materials for a public library
- paving, drainage, street widening and other public improvements or related matter where at least one-third of the costs are paid by special assessments
- a public improvement project which has been authorized but for which there is deficiency of funds to complete in accordance with the plans as authorized
- a payment under a contract by which a developer participates in the construction of a public improvement as provided by subchap. c, ch 212.
- personal property sold
- services performed by blind or severely disabled persons
- goods purchased by a municipality for subsequent retail sale by the municipality
- electricity
- advertising, other than legal notices

This Certificate of Exemption is executed and filed with the Finance Department as follows:

1. The undersigned is authorized to approve an exemption.
2. An exemption according to Section 252.022 of the Local Government Code exists. More specifically, the following event has occurred:

This contract will provide SAFD with maintenance and support of the FIRE TRAINER T-2000. The system can be used for "live fire" response and attack in a variety of different scenarios such as a bedroom fire, attic fire, or an office building/high-rise type fire. These different areas assist with training San Antonio Fire Department Personnel on techniques to attack each type of fire. The system reacts to water to allow a realistic extinguish of the fires. This system also has many built in safety systems to protect the users and attack crews from any harm due to possible malfunction of the system.

3. Because the exemption stated above exists, the City of San Antonio intends to contract with Kidde Fire Trainers which will cost approximately \$ 114,000.00.
