WHEREAS, the San Antonio Water System Board of Trustees ("SAWS") has determined that the acquisition of permanent and temporary easement rights to certain real properties located in Bexar County, Texas are necessary and desirable for the expansion and operation of the San Antonio Water System (the "System") in connection with the construction, operation and maintenance of the San Antonio River Outfall project (the "Project"), which Project includes the construction of a 4.7-mile long, 48-inch diameter wastewater collection main located in southeast

Bexar County along the route shown by the Overall Project Drawing marked **Exhibit A – 1** attached hereto and made a part hereof; and

WHEREAS, employees, agents and attorneys acting for the City of San Antonio, by and through the System, are in the process of investigating, surveying, defining and negotiating for the acquisition of such permanent and temporary easements (which shall include, for all purposes herein, any related rights of ingress and egress as may be needed) on behalf of the City of San Antonio; and

WHEREAS, in connection with the acquisition of such permanent and temporary easement rights, it may be necessary for the System to enter upon properties to investigate and survey the needed property interests so that they may be defined and described with specificity for inclusion in any easement or conveyance document, or, if necessary, as part of any filings to institute proceedings in eminent domain to acquire the necessary property rights;

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

SECTION 1. The above caption and recitals are incorporated herein for all purposes.

SECTION 2. Public necessity for public use requires that the System, through the City of San Antonio acquire permanent water easements and temporary construction easements (collectively, the “Property Interests”), over, under, across, and upon certain real properties (the Properties”) either through purchase or by the process of eminent domain for the public purpose and public use of the expansion and operation of the System, in connection with the construction, operation and maintenance of the Project, in the location and along the route shown by the Overall Project Drawing marked **Exhibit A-1** attached hereto and made a part hereof and to take all other lawful action necessary or incidental to such acquisitions or eminent domain proceedings to investigate, survey, specify, define and secure the necessary property rights. SECTION 3. The Property Interests which are the subject of Section 2 for which permanent water easements, are required for the Project consist of permanent sanitary sewer easements and temporary construction easements, located generally along the route described in **Exhibit A-2** and in the County Blocks and New City Blocks listed in **Exhibit A-2**, and more particularly described in **Exhibit A-3**, which Exhibits are attached to and is made a part of this Ordinance for all purposes.

SECTION 5. All acts and proceedings done or initiated by the employees, agents and attorneys of the System for the acquisition of such property interests rights are hereby authorized, ratified, approved, confirmed and validated and declared to be valid in all respects as of the respective dates of such acts and proceedings, with and in regard to the grantors from whom such rights are being purchased or acquired.

SECTION 6. Severability: If any provision, section, subsection, sentence, clause or phrase of this Ordinance, or the application of same to any person or set of circumstances is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this Ordinance shall not be affected thereby, it being the intent of the City Council in adopting this Ordinance that no portion hereof, or provisions or regulation contained herein, shall become inoperative or fail by reason of any unconstitutionality or invalidity of any other portion hereof and all provisions of this Ordinance are declared to be severable for that purpose.
