Consultant shall not be responsible for the failure of Construction Contractor to perform the construction Work in accordance with the Plans and Specifications and Construction Contractor's contract. However, Consultant shall report to City any deficiencies in the Work actually detected.

3.15.4 Submittals: Consultant shall review and take other appropriate action (approve with modifications, reject, etc.) with regard to Construction Contractor's submittals, such as shop drawings, product data and samples, but only for conformance with the design concept of the Project and compliance with the information given in the Contract Documents. Such action shall be taken with reasonable promptness so as to cause no delay. Such reviews and approvals, or other appropriate actions, shall not extend to means, methods, techniques, sequences, or procedures of construction, or to safety precautions and program incident thereto. The approval of a specific item shall not indicate approval of an assembly of which the item is a component. If no agreement is made concerning the time within which review and appropriate action is required by Consultant, then such action shall be provided by Consultant within fifteen (15) days after a written request is made.

3.15.5 Consultant shall provide, receive and review certificates of inspections, testing (to include field, laboratory, shop and mill testing of materials) and approvals required by laws, rules, regulations, ordinances, codes, orders or the Contract Documents, to determine generally that the results certified substantially comply with the Contract Documents, which are submitted to it. Consultant also shall recommend to City special inspection or testing, when deemed necessary, to assure that materials, products, assemblages and equipment conform to the design concept and the Contract Documents.

3.15.6 Consultant shall participate in a Substantial Completion and a final inspection of the Project, to observe any apparent defects in the completed construction, assist City in consultation and discussions with Construction Contractor(s) concerning such deficiencies and make recommendations as to replacements or corrections of defective Work.

3.15.7 Consultant shall develop, at the request of City, any changes, alterations or modifications to the Project, which appear to be advisable, feasible and in the best interest of City. Such alterations shall appear on or be attached to City's Change Order Request form. Consultant shall obtain Construction Contractor's acceptance of the proposed alteration, prior to submitting it to City for its approval. Consultant shall not authorize Construction Contractor to perform any additional Work prior to receipt of City's written approval of the Change Order Request.

3.15.8 Except as otherwise provided in any Supplementary or Special Conditions to this Agreement, Consultant and City will have authority to reject Work that does not conform to the Construction Documents. Whenever Consultant or City considers it necessary or advisable, Consultant, with written approval of City, may require inspection or testing of the Work, whether or not such Work is fabricated, installed or completed. However, neither this authority of Consultant or City, nor a decision made by either, in good faith, to exercise or not to exercise such authority, shall give rise to a duty or responsibility of Consultant or City to require testing or inspection not otherwise specified in the Construction Contract Documents by Construction Contractor, subcontractors, suppliers, agents or employees, or other persons or entities.

3.16 APPLICATION FOR PAYMENT BY CONSTRUCTION CONTRACTOR

3.16.1 Before the Construction Contractor submits its first Application for Payment during the construction phase, Consultant shall receive from Construction Contractor a Schedule of Values, allocated to various portions of the Work, prepared in such form and supported by such data to substantiate accuracy as Consultant may require. This schedule shall be used as the basis for reviewing Consultant's invoice during the construction phase.

3.16.2 Construction Contractor will submit monthly Applications for Payment to City electronically through City's PRIMElink, as defined in **Section 11.11** herein. Upon such submission, Consultant will determine the amounts due to Construction Contractor, based on observations at the site and on evaluations of Construction Contractor's Monthly Application for Payments (and Final Application for Payment) and approve or reject Contractor's application.

3.16.3 The approval an Application For Payment shall constitute a representation by Consultant to City, based on Consultant's observations at the site, as required herein, and in the data comprising Construction Contractor's Monthly Application for Payment (and Final Application for Payment), that the Work has progressed to the point indicated; that to the best of Consultant's knowledge, information and belief, the quality of Work is in accordance with the Contract Documents, and to any specific qualifications stated in the Certification For Payment; and that Construction Contractor is entitled to payment in the amount recommended. The approval of an Application for Payment will not be a representation that Consultant has:

- (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work;

- (2) reviewed construction means, methods, techniques, sequences or procedures;
- (3) reviewed copies of requisitions received from Subcontractors and material suppliers and other data requested by City to substantiate Construction Contractor's right to payment; or
- (4) made any examination to ascertain how or for what purpose Construction Contractor has used money previously paid on account of the Agreement sum.

3.16.4 Consultant shall, within three (3) days after notification of Construction Contractor's submission of its Application for Payment, either approve the Application for Payment, based upon the percentage of work completed by Construction Contractor, or reject the Application for Payment, noting the reasons for withholding approval.

3.16.5 When the Work is found to be substantially complete, Consultant shall inform City about the balance of the Contract Sum remaining to be paid to Construction Contractor, including the amount to be retained from the Contract Sum, if any, for final completion of the Work.

3.16.6 Consultant shall reject Construction Contractor's Application for Payment, to the extent reasonably necessary to protect City, if, in Consultant's opinion, the representations to City, required by Section 3.15 herein, cannot be made. If Consultant is unable to approve payment in the amount of the Application, Consultant will notify City, as provided in Section 3.15 herein. Consultant also may withhold approval of an Application for Payment because of subsequently discovered evidence from loss for which the Construction Contractor is responsible, including loss resulting from acts and omissions described below:

- 3.16.6.1 Defective Work not remedied.
- 3.16.6.2 Third party Claims filed or reasonable evidence indicating probable filing of such Claims, for which Construction Contractor is responsible hereunder, unless security acceptable to City is provided by Construction Contractor.
- 3.16.6.3 Failure of Construction Contractor to make payments properly to the subcontractor and/or material providers; or
- 3.16.6.4 Reasonable evidence that the Work cannot be completed for the unpaid balance of the Construction Contract sum and Construction Contractor has failed to provide City adequate assurance of its continued performance within a reasonable time after demand.
- 3.16.7.5 Damage to City or another Construction Contractor.

3.16.6.6 Reasonable evidence that the Work will not be completed within the Construction Contract time and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay.

3.16.6.7 Persistent failure by Construction Contractor to carry out the Work, in accordance with the Contract Documents.

3.16.7 When the above applicable reasons for withholding payment are removed, payment will be made to Construction Contractor for amounts previously withheld. Owner shall not be deemed in default by reason of withholding payment as provided.

3.17 PROJECT COMPLETION

3.17.1 Consultant and City shall:

- (1) conduct inspections to determine the date or dates of Substantial Completion;
- (2) issue Certificate of Substantial Completion; and
- (3) receive from Construction Contractor and forward to City, for City's review and records, written warranties and related documents required by the Contract Documents and assembled by Construction Contractor.

3.17.2 When all of the Work is completed and ready for a final inspection, Construction Contractor shall notify Consultant in writing that Construction Contractor requests Final Completion. Consultant shall notify City in writing of receipt of Final Completion request from Construction Contractor. Thereupon, Consultant and City will make final inspection of the Work and, if the Work is complete in full accordance with this Agreement and this Agreement has been fully performed, Consultant shall confirm with City and promptly issue a final Certificate for Payment, certifying to City that the Project is complete and that Construction Contractor is entitled to the remainder of the unpaid Construction Contract Sum, less any amount withheld pursuant to the terms of this Agreement. If Consultant is unable to issue its final Certificate of Payment, for reasons for which Consultant is responsible, and is required to repeat its final inspection of the Work, Consultant shall bear the full cost of such repeat final inspection(s). Consultant also shall review the close out documents.

3.17.3 After completion of the Work, and before final payment to Construction Contractor, it shall be Consultant's responsibility to recommend to City that Construction Contractor receive final payment from City, based on the completion of all close-out activities, including the delivery of "Record Drawings" by Construction Contractor, which has control of the Work and which is in a position to know how the Project was constructed. Consultant shall not be held liable for the information supplied it by Construction Contractor and/or City.

3.17.4 City will require Construction Contractor to submit to Consultant, which then shall review and deliver to City, all manufacturer's warranties or bonds, equipment maintenance, operating manuals and similar data on materials and equipment incorporated in the Project, as required by the Contract Documents, and shall attend and monitor Construction Contractor's commissioning and operator training of systems and equipment, as applicable.

3.17.5 Consultant shall forward to City the following information received from Construction Contractor: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; and (2) affidavits, receipts, releases and waivers of liens or bonds indemnifying City.

ARTICLE IV. ADDITIONAL SERVICES

Additional Services are not included in Basic Services but may be required for the delivery of the Project. All Additional Services, to include the cost thereof, shall be listed in **Exhibit C** hereto, and if such Additional Services are to be performed by Subcontractors or Sub-Consultants, then Consultant shall list such subcontractors or Sub-Consultants, to include the legal names, addresses and telephone numbers. The cost of all Additional Services shall be included in the not-to-exceed Total Compensation for this Contract.

ARTICLE V. FURTHER SERVICES REQUIRING AMENDMENT

5.1 If, during the performance of the Project, further services are required of Consultant, Consultant shall notify City, in a timely manner, to explain the reasons for the further services. Any further Architectural services will be negotiated, agreed upon and added to this Agreement by a written amendment executed by both parties hereto.

5.2 Further Architectural services may be provided after the execution of this Agreement without nullifying the Agreement. If further Architectural services are required, to redraw or redesign as a result of City's decision to change the scope or redirect the goals after drawings have been completed, and Consultant will be charging City for these additional services, Consultant shall agree to work on the agreed-upon fully-loaded hourly basis per task, established in the negotiation of this Agreement, to complete the services. If City elects to add scope and increase the services to be provided by Consultant, there shall be a written agreement between both City and Consultant to change the scope and a written agreement reached for additional fees, based upon hours necessary, if any. If additional compensation is negotiated for these requested increased services, that compensation shall be added to the Final Compensation and paid to Consultant after a written amendment incorporating such services into the Agreement has been executed by both parties. Any further services, which Consultant negotiates to charge City, will be provided in accordance with the labor rates set out in **Exhibit A** herein on a not-to-exceed basis and set out in a written amendment approving such services.

**ARTICLE VI.
ESTIMATED COST OF WORK**

6.1 The Estimated Cost of Work shall be the total estimated cost for the Project to construct all elements of the Project, designed or specified by Consultant, and must include and incorporate City's General Conditions for Construction Costs, overhead and profit, but not the Cost for Design, land or City's equipment. The format of the Estimated Cost of Work shall follow the divisions of the specifications and show contingency, general conditions, insurances and bond costs and profit and overhead through the Project's end.

6.2 City's budget for the Estimated Cost of Work is provided in this Agreement and may be adjusted throughout the Project, as agreed upon by City. It is the responsibility of Consultant to professionally evaluate City's budget and recommend scope changes which may be required to meet City's budget. If Consultant's consideration of City's budget is not challenged during the schematic phase of design, it is understood that City's Project budget is approved by Consultant and to be correct, in Consultant's professional opinion, to cover financial requirements of the Estimated Cost of Work.

6.3 Since Consultant has no control over Construction Contractor's cost of labor, materials or equipment, or over Construction Contractor's methods of determining prices, or over competitive bidding or market conditions, Consultant's opinions of probable Project Cost or Construction Cost provided for herein are to be made on the basis of Consultant's experience and qualifications and represent Consultant's best judgment as a design professional familiar with the construction industry, but Consultant cannot and does not guarantee that proposals, bids or the construction cost will not vary from the Estimated Cost of Work prepared by Consultant.

6.4 Consultant shall be permitted to include in the Estimated Cost of Work contingencies for price escalation early in the Project and identify Design Elements and systems which will deliver the Project within City's budget. If, at the end of each phase of Work, Consultant's Estimated Cost of Work is higher than City's budget, Consultant shall, at its own cost, revise the documents to bring them into budget, unless a written agreement from City approves a budget change.

**ARTICLE VII.
REVISIONS TO DRAWINGS AND SPECIFICATIONS**

7.1 Consultant shall make, without expense to City, such revisions to the drawings, reports or other documents, as may be required to meet the needs of City, which are within the Scope of the Project. After the written approval by City of drawings, reports or other documents and specifications at the end of each phase of Services, any revisions, additions or other modifications made at City's request, which further involve services and expenses to Consultant, shall require an amendment to incorporate such services and associated compensation into this Agreement based on Rates set forth in **Exhibit A** hereto.

7.2 The Director may require Consultant to revise the Construction Documents, Phase drawings, drawings, reports or other documents and specifications, at no cost to City, if the lowest bona fide bid received for this Project is in excess of ten percent (10%) of the Estimated Cost of Work, as submitted by Consultant to and accepted by City.

**ARTICLE VIII.
TIME AND PERIOD OF SERVICE**

8.1 Prior to commencement of any Services, Consultant shall provide City with:

- (1) Service Fees and Reimbursables, listed in Consultant's Scope and Budget on **Exhibit A** hereto, which shall list labor categories and associated fully-loaded hourly rates and reimbursable cost and expenses required for completion of the Services; and
- (2) a Schedule of Project Services, listed in **Exhibit B** hereto, which shall detail the various service phases, as described in **Article III** and **Article IV** herein, with the expected time frame for delivery and shall delineated all services to be performed during each phase, the total estimated time and labor by Consultant and all subcontractors required for the completion of each phase and the Additional Services and Reimbursables, if any, for each phase.

8.2 Time is of the essence for this Agreement. Consultant shall perform and complete its obligations for the Services as stated in **Article III "Scope of Basic Service"** and **Article IV "Additional Services"** of this Agreement in a prompt and continuous manner, so as to not delay the development of the design and Construction Documents and so as to not delay the Construction of the Project in accordance with the schedules approved by City. If, upon review of any phase of Services, City determines that corrections, modifications, alterations or additions are required by Consultant, Consultant shall complete these corrections, modifications, alterations or additions before that Phase of Services is approved by City.

8.3 Consultant shall not proceed with the next appropriate Phase of Services without written authorization from City. City may, at any time, elect to discontinue Consultant's Services for any reason. However, if circumstance dictates, City may make adjustments to the scope of Consultant's obligations at any time to achieve the required design.

8.4 Consultant shall not be liable or responsible for any delays due to strikes, riots, acts of God, national emergency, acts of the public enemy, governmental restrictions, laws or regulations or any other causes beyond Consultant's reasonable control. Within ten (10) calendar days from the occurrence of any event, for which time for performance by Consultant shall significantly be extended under this provision, Consultant shall give written notice thereof to City, stating the reason for such extension and the actual or estimated time thereof. If City determines that Consultant is responsible for the need for extended time City shall have the right to make a Claim, as provided in this Agreement.

**ARTICLE IX
INSURANCE REQUIREMENTS**

9.1 Prior to the commencement of any work under this Agreement, Consultant shall furnish copies of all required endorsements and completed Certificate(s) of Insurance to City's TCI/Contract Services Department, which clearly shall be labeled "HEMISFAIR HISTORIC HOMES RENOVATION PROJECT" in the Description of Operations block of the Certificate. The Certificate(s) shall be completed and signed by an Agent, accompanied by an affidavit also signed by Consultant, attesting that the furnished Certificate(s) represent Consultant's current coverages. City will not accept a Memorandum of Insurance or Binder as proof of insurance. The certificate(s) must have the agent's signature and phone number and be mailed, with copies of all applicable endorsements, directly from the insurer's authorized representative to City. City shall have no duty to pay or perform under this Agreement until such certificate and endorsements have been received and approved by City's TCI Department. No officer or employee, other than City's Risk Manager, shall have authority to waive this requirement.

9.2 City reserves the right to review the insurance requirements of this **Article IX** during the effective period of this Agreement and any extension or renewal hereof and to request the modification of insurance coverage and limits when deemed necessary and prudent by City's Risk Manager, based upon changes in statutory law, court decisions or circumstances surrounding this Agreement. In no instance will City allow modification whereby City may incur increased risk.

9.3 Consultant's financial integrity is of interest to City; therefore, subject to Consultant's obligation to maintain reasonable deductibles in such amounts as are approved by Consultant's insurance companies, Consultant shall obtain and maintain in full force and effect for the duration of this Agreement and any extension hereof at Consultant's sole expense, insurance coverage written on an occurrence basis, unless otherwise indicated, by companies authorized to do business in the State of Texas and with an A.M Best's rating of no less than A- (VII), in the following types and for an amount not less than the amount listed below. These listed insurance limits are standard limits for all City projects. If a project does not justify these standard limits of insurance coverages, Consultant may request a review of the City's insurance requirements, to be considered on a project-by-project basis:

City may request, and without expense to City, to inspect copies of Consultant's policies and endorsements as they apply to the limits and forms required by City.

9.4 Consultant agrees to require, by written contract, that all Sub-Consultants and/or Subcontractors providing goods or services hereunder obtain the same insurance coverage required of Consultant herein, and provide to Consultant a certificate of insurance and endorsement that names Consultant and City as additional insureds. Consultant shall maintain said certificate and endorsement prior to the commencement of any work by any Sub-Consultant and/or Subcontractor and through the period referenced in 9.3.5. This provision may be modified by City's Risk Manager, without subsequent City Council approval, when deemed necessary and prudent, based upon changes in statutory law, court decisions or circumstances surrounding this Agreement. Such modification may be enacted by letter signed by City's Risk Manager, which shall become a part of the contract for all purposes.

9.5 If City requests a copy/copies of an insurance policy, Consultant promptly shall comply and Consultant shall mark those portions of the policy, if any, Consultant regards as confidential. In the event a third party makes an Open Records Request, under the Texas Freedom of Information Act or other public information law asking to view or copy Consultant's policy, City shall submit the received request, along with Consultant's information, to the Texas Attorney General (hereafter referred to as "AG") for an opinion regarding the release of Consultant's policy information. Consultant and City agree that City will be bound by the AG opinion/decision. Similarly, Consultant agrees and accepts City will provide all Consultant information pursuant to a court order or a litigation discovery rule requiring or directing City to disclose any of Consultant's information.

9.6 Consultant agrees, with respect to the above required insurance, all insurance policies are to contain or be endorsed to contain the following provisions, to the extent permitted by policy provisions, terms and conditions:

- Name City, its officers, officials, employees, volunteers, and elected representatives as additional insureds by endorsement or within policy provisions, terms or conditions, with respect to operations and activities of, or on behalf of, the named insured performed under contract with City, with the exception of the workers' compensation and professional liability policies;

- Where allowed by respective policy provisions, terms and conditions, provide thirty (30) calendar days advance written notice to City of any cancellation or non-renewal or material change in coverage, any change in policy limits by endorsement and not less than ten (10) calendar days advance notice for nonpayment of premium.

9.7 Within ten (10) calendar days of notice to Consultant of a cancellation or non-renewal of coverage, Consultant shall provide a replacement Certificate of Insurance and applicable endorsements to City. City shall have the option to suspend Consultant's performance, should there be a lapse in coverage at any time during this contract. Failure to provide and to maintain the required insurance shall constitute a material breach of this Agreement.

9.8 In addition to any other remedies City may have upon Consultant's failure to provide and maintain any insurance or policy endorsements, to the extent and within the time herein required, City shall have the right to order Consultant to stop work hereunder until Consultant demonstrates compliance with the requirements hereof.

9.9 Nothing herein contained shall be construed as limiting in any way the extent to which Consultant may be held responsible for payments of damages to persons or property resulting from Consultant's or its Sub-Consultants' and/or Subcontractors' performance of the work covered under this Agreement.

9.10 It is agreed that Consultant's insurance shall be deemed primary and non-contributory, with respect to any insurance or self insurance carried by the City of San Antonio, for liability arising out of operations under this Agreement.

9.11 It is understood and agreed that the insurance required is in addition to and separate from any other obligation contained in this Agreement and that no claim or action by or on behalf of City shall be limited to insurance coverage provided..

9.12 Consultant and any Sub-Consultants and/or Subcontractors are responsible for all damage to their own equipment and/or property.

ARTICLE X. CITY'S RESPONSIBILITIES

10.1 The Director or a representative appointed by the Director shall act on behalf of City, with respect to the Services to be performed under this Agreement. The Director shall have complete authority to transmit instructions, receive information and interpret and define City's policies and decisions with respect to materials, equipment, elements and systems pertinent to Consultant's services.

10.2 City shall give prompt written notice to Consultant whenever City observes or otherwise becomes aware of any defect in Consultant's Services, in the Work of Construction Contractor or any development which affects the scope or timing of Consultant's Services.

10.3 City reserves the right to contract directly for the services of the geotechnical engineers, surveyors, material testing and special testing of materials, as required by the code and Contract Documents. In some instances, however, City may request these listed services to be managed by Consultant as an Additional Services. In most instances, Environmental and hazardous waste testing will be contracted by City.

ARTICLE XI. COMPENSATION

11.1 The Total Compensation for all services defined by this Agreement, to include Basic Services, Additional Services and Reimbursables, is the not-to-exceed sum of **THREE HUNDRED FORTY AND NO/100 DOLLARS (\$340,000.00)**. It is agreed and understood that such amount will constitute full compensation to Consultant for all Basic Services, Additional Services and Reimbursables listed on Consultant's Scope of Services on **Exhibit A** hereto, and shall meet all requirements of City's Design Guidelines. Such amount has been approved and appropriated by the San Antonio City Council for expenditure under this Agreement. Unless and until City further makes further appropriations for any additional services not included in the Scope Services, Additional Services and Reimbursables of this Agreement, the obligation of City to Consultant for Total Compensation in connection with this Agreement cannot and will not exceed such sum of **THREE HUNDRED FORTY AND NO/100 DOLLARS (\$340,000.00)** without further amendment to this Agreement.

11.2 Consultant's Schedule of Project Services, as found in **Exhibit B** hereto, shall be used as the basis for reviewing Consultant's Invoices. The Schedule shall include all services to be performed for both the design phases and construction administration of the Project and also shall include Additional Services and Reimbursable which make up the Total Compensation.

11.2.1 Before the first Invoice, City shall receive from Consultant a Schedule of Project Services, reflecting the fully-loaded hourly rates and projected actual hours required for each task, along with the expected time frame for delivery based on the Design Phases, as described in **Article III** and **Article IV** herein, prepared in such form and supported by such data to substantiate its accuracy as City may require. This Consultant's Schedule of Project Services shall be used as the basis for reviewing Consultant's Invoice during each phase of the Services.

11.2.2. Consultant and City acknowledge that the total not-to-exceed Compensation amount contained in **Section 11.1** herein has been established predicated upon the not-to-exceed costs of all Services to be rendered under this Agreement.

11.2.3 All Invoices shall be submitted electronically through City's Program Management Portal (hereafter referred to as "PRIMElink"), as defined in **Section 11.11** herein. Any changes with Consultant's Schedule, once approved, will be processed and approved as task orders through PRIMElink.

11.3 Consultant warrants that title to all Services covered by its Invoices will pass to City no later than the time of Compensation. Consultant further warrants that, upon submittal of an Invoice, all Services for which Invoices previously have been issued and compensation received from City shall, to the best of Consultant's knowledge, information and belief, be free and clear of liens, Claims, security interests or encumbrance in favor of Consultant, or other persons or entities making a Claim by reason of having provided labor or services relating to the Work. Consultant shall indemnify and hold City harmless from any liens, claims, security interest or encumbrances filed by anyone claiming by through or under the items covered by compensation paid by City to Consultant.

11.4 Consultant shall, within ten (10) calendar days following receipt of Compensation from City, pay all bills for services performed and furnished by Sub-Consultants or vendors in connection with the Project and shall provide City with evidence of such payment through City's electronic City of San Antonio Contract Management System (hereafter referred to as "CCMS"). Consultant's failure to make payments within such time shall constitute a material breach of this Agreement, unless Consultant is able to demonstrate to City bona fide disputes associated with the unpaid Sub-Consultant(s) or vendors for their services or products. Consultant shall include a provision in each of its sub-agreements imposing the same payment obligations on Sub-Consultants and vendors as are applicable to Consultant hereunder, and require Sub-Consultants to provide confirmation to City of receipt of payments through CCMS and, if City so requests, shall provide copies of such payments by the Sub-Consultants and/or vendors.

11.5 The final compensation to be made by City to Consultant will be payable upon submission of a statement of release, with the final Invoice notifying City that there is no further compensation owed to Consultant by City beyond the final Invoice.

11.6 City may withhold compensation to such extent as may be necessary, in City's sole opinion, to protect City from damage or loss for which Consultant is responsible, because of:

11.6.1 Delays in the performance of Consultant's Services;

11.6.2 Third party Claims filed or reasonable evidence indicating a probable filing of such Claims, unless security acceptable to City is provided by Consultant;

11.6.3 Failure of Consultant to make payments properly to Sub-Consultants or vendors for labor, materials or equipment;

11.6.4 Reasonable evidence that Consultant's Services cannot be completed for the amount unpaid under this Agreement.

11.6.5 Damage to City or Construction Contractor; and/or

11.6.6 Persistent failure by Consultant to carry out the performance of its Services in accordance with this Agreement.

11.7 When the above reasons for withholding are removed or remedied by Consultant, compensation of the amount withheld shall be made within a reasonable time. City shall not be deemed in default by reason of withholding Compensation, as provided for in this **Article XI**.

11.8 In the event of any dispute between the parties regarding the amount of compensation for any Phase or as final Compensation, or regarding any amount withheld by City, Consultant shall be required to make a Claim pursuant to and in accordance with the terms of this Agreement and follow the procedures provided herein for resolution of such dispute. In the event Consultant does not initiate and follow the Claims procedures provided in this Agreement, in a timely manner and as required by the terms herein, any such Claim shall be deemed to have been waived.

11.9 Consultant agrees to maintain adequate books, payrolls and records satisfactory to City, in connection with any and all Services performed hereunder. Consultant agrees to retain all such books, payrolls and records (including data stored in computer) for a period of not less than four (4) years after completion of Services. At all reasonable times, City and its duly authorized representatives shall have access to all personnel of Consultant and all such books, payrolls and records and shall have the right to audit same.

11.10 Reimbursable Expenses. City maintains the right of prior approval of any reimbursable expenditure by Consultant and shall not pay any expenses that have not been agreed to and accepted in writing by City prior to the execution of this Agreement. If Consultant, Sub-Consultant or vendor of Consultant should make an expenditure which, prior to its occurrence, had not been approved in writing by City, either prior to or after the execution of this Agreement, those costs shall be the sole responsibility of Consultant and not City. When authorized by City in writing, Consultant will be entitled to reimbursement at actual cost incurred for services and related expenses for the following:

11.10.1 Travel outside SAMSA only if approved in writing by City prior to such travel. If approved by City, reimbursement for travel costs shall be limited to costs directly associated with Consultant's performance of Service under this Agreement. Travel costs are limited to the per diem rates set annually by the Federal Government's General Services Administration. Consultant shall provide detailed receipts for all reimbursable charges. Travel expenses shall not exceed the amount noted in attached **Exhibit A** Scope/Budget/Reimbursables without further approval of City. City shall not pay for Consultant's travel within SAMSA.

11.10.2 Mailing, courier services and copies of documents requested in writing by City in excess of the copies which are to be provided under the Agreement. These costs shall not exceed the amount noted in attached Scope/Budget/Reimbursables without further approval of City.

11.10.3 Graphics, physical models and presentation boards requested in writing by City in excess of those which are to be provided under this Agreement. These costs shall not exceed the amount noted in attached Scope/Budget without further approval of City.

11.10.4 City shall not allow a markup on any of the above reimbursable items and only shall reimburse actual costs incurred with City's written approval.

11.11 Internet-based Project Management Systems. City will administer its services through an Internet-Based Project Management System ("PRIMElink"). In such case, Consultant shall conduct communication through PRIMElink and perform all Project-related functions utilizing this system, with the exception of Sub-Consultant payment monitoring activities through CCMS. This includes correspondence, submittals, requests for information, vouchers, invoices or payment requests and processing, amendments, change orders and other administrative activities. City shall administer the software, shall provide training to Project Team Members and shall make the software accessible via the Internet to all Project Team Members.

**ARTICLE XII.
OWNERSHIP OF DOCUMENTS**

12.1 All previously owned documents not relating to this Project, including any original drawings, estimates, specifications and all other documents and data of Consultant, will remain the property of Consultant as instruments of service. However, Consultant understands and agrees that City shall have free access to all such information with the right to make and retain copies of previously owned drawings, estimates, specifications and all other documents and data. Any reuse of any documents and data without the specific written verification or adaptation by Consultant shall be at City's sole risk and without liability or legal exposure to Consultant.

12.2 All completed documents submitted by Consultant for final approval or issuance of a permit shall bear the seal with signature and date adjacent thereto of a Texas registered Consultant/Landscape Consultant licensed to practice in Texas.

12.3 Consultant acknowledges and agrees that, upon payment, City exclusively shall own any and all information in whatsoever form and character produced and/or maintained in accordance with, pursuant to or as a result of this Project and Agreement and shall be used as City desires. All documents, including the original drawings, estimates, specifications and all other documents and data, shall be delivered to City at no additional cost to City upon request or termination or completion of this Agreement without restriction on future use. However, any reuse of documents on a different Project, without specific written verification or adaptation by Consultant, will be at City's sole risk and without liability or legal exposure to Consultant.

ARTICLE XIII. TERMINATION AND/OR SUSPENSION OF WORK

13.1 Right of Either Party to Terminate for Default

13.1.1 This Agreement may be terminated by either party for substantial failure by the other party to perform (through no fault of the terminating party) in accordance with the terms of this Agreement and a failure to cure, as provided in this **Article XIII**.

13.1.2 The party not in default must issue a signed, written Notice of Termination, citing this paragraph, to the other party, declaring the other party to be in default and stating the reason(s) why it is in default. Upon receipt of such written notice of default, the party in receipt shall have a period of ten (10) calendar days to cure any failure to perform under this Agreement. Upon the completion of such 10-day calendar period, commencing upon receipt of notice of termination, if such party has not cured any failure to perform, such termination shall become effective without further written notice.

13.2 City reserves the right to terminate this Agreement for reasons other than substantial failure by Consultant to perform by issuing a written and signed Notice of Termination, citing this paragraph, which shall take effect on the twentieth (20th) calendar day following receipt of said Notice and upon the scheduled completion date of the performance phase in which Consultant then currently is working, whichever effective termination date occurs first.

13.3 City reserves the right to suspend this Agreement for the convenience of City by issuing a written and signed Notice of Suspension, citing this paragraph, which shall outline the reasons for the suspension and the expected duration of the suspension, but such expected duration shall in no way guarantee the total number of days of suspension which may occur. Such suspension shall take effect immediately upon Consultant's receipt of said Notice of Suspension.

13.4 Consultant hereby is given the right to terminate this Agreement in the event a suspension extends for a period in excess of sixty (60) consecutive calendar days. Consultant may exercise its right to terminate by issuing a written and signed Notice of Termination, citing this paragraph, to City after the expiration of sixty (60) consecutive calendar days from the effective date of the suspension. Termination, as defined under this paragraph, shall become effective immediately upon City's receipt of said written and signed Notice of Termination from Consultant.

13.5 The procedures which Consultant will follow, upon Receipt of Notice of Termination, are:

13.5.1 Upon receipt of a Notice of Termination and prior to the effective date of termination, unless the notice otherwise so directs or Consultant immediately takes action to cure a failure to perform under the cure period set out herein, Consultant immediately shall begin the phase-out and the discontinuance of all services in connection with the performance of this Agreement and promptly shall proceed to cancel all existing orders and contracts, insofar as such orders and contracts are chargeable to this Agreement. Within thirty (30) days after receipt of such notice of termination, unless Consultant successfully has cured a failure to perform, Consultant shall submit a statement to City showing in detail the services performed under this Agreement prior to the effective date of termination. City shall have the option to grant an extension to the time period allowable for the submittal of such statement.

13.5.2 Copies of all completed or partially completed specifications and all reproductions of all completed or partially completed designs, plans and exhibits, prepared under this Agreement prior to the effective date of termination, shall be delivered to City, in the form requested by City, as a pre-condition to the payment of final Compensation.

13.5.3 Upon the above conditions being met, City promptly shall compensate Consultant that proportion of the prescribed fee which the services actually performed under this Agreement bear to the total services called for under this Agreement, less previously paid Compensation.

13.5.4 City, as a public entity, has a duty to document the expenditure of public funds. Consultant acknowledges this duty on the part of City. To that end, Consultant further acknowledges that the failure of Consultant to comply with the submittal of the statement and documents, as required herein, shall constitute a waiver by Consultant of any and all rights or Claims to compensation for services performed under this Agreement and for which Consultant otherwise may be entitled for services performed under this Agreement.

13.6 The procedures Consultant is to follow, upon Receipt of Notice of Suspension, are:

13.6.1 Upon receipt of written Notice of Suspension, which date also shall be the effective date of the suspension, Consultant shall, unless the Notice otherwise directs, immediately begin to phase-out and discontinue all services in connection with the performance of this Agreement and promptly shall proceed to suspend all existing orders and contracts, insofar as such orders and contracts are chargeable to this Agreement.

13.6.2 Consultant shall prepare a statement showing in detail the services performed under this Agreement prior to the effective date of suspension.

13.6.3 Copies of all completed or partially completed designs, plans and specifications and models, prepared under this Agreement prior to the effective date of suspension, shall be prepared for possible delivery to City but shall be retained by Consultant until such time as City may exercise the right to terminate this Agreement.

13.6.4 In the event that Consultant elects to exercise its right to terminate one hundred twenty (120) calendar days after the effective suspension date, within thirty (30) days after receipt by City of Consultant's Notice of Termination, Consultant promptly shall cancel all existing orders and contracts, insofar as such orders and contracts are chargeable to this Agreement, and shall submit the above referenced statement showing in detail the services performed under this Agreement, prior to the effective date of suspension.

13.6.5 Any documents prepared in association with this Agreement shall be delivered to City as a pre-condition to final payment.

13.6.6 Upon the above conditions being met, City promptly shall compensate Consultant that proportion of the prescribed fee which the services actually performed under this Agreement bear to the total services called for under this Agreement, less previously paid Compensation.

13.6.7 City, as a public entity, has a duty to document the expenditure of public funds. Consultant acknowledges this duty on the part of City. To that end, Consultant further acknowledges that the failure of Consultant to comply with the submittal of the statement and documents, as required herein, shall constitute a waiver by Consultant of any and all rights or Claims to compensation for services performed under this Agreement and for which Consultant otherwise may be entitled for services performed under this Agreement.

HEMISFAIR HISTORIC HOMES RESTORATION PROJECT PROJECT NO. 40-00357-03

Background

Hemisfair Park Area Redevelopment Corporation (HPARC) is tasked with redevelopment of Hemisfair. The City of San Antonio's (hereafter referred to as "City") 2012 - 2017 Bond Program provides funding for the design and rehabilitation of historic homes in Hemisfair Park.

Quimby McCoy Preservation Architecture, LLP (hereafter referred to as "QMC") conducted a condition assessment for ten historic homes within Hemisfair. The current state of each home was reviewed, including the site, ADA accessibility, architectural exteriors, architectural interiors, structural, mechanical, electrical and plumbing. The condition of each element reviewed was classified as good, fair or poor and a recommendation was provided for each element, based on the following priorities:

Stabilization: Issues that require immediate attention, to prevent further deterioration of the building or address life safety.

Exterior Rehabilitation: Issues associated with the rehabilitation of the exterior of the building.

Interior Rehabilitation: Issues associated with the rehabilitation of the interior of the building and if the building is ready for occupancy or use, although such occupancy or use may not be immediate.

Based on field investigations, *Guidelines for Restoration and Adaptive Use Historic Building On the Hemisfair Park Site* and HPARC's future development needs, QMC prepared the *Condition Assessment and Cost Estimates for Historic Homes at Hemisfair Park*, which is the starting point for the services delivered under this agreement.

Scope of Services

HPARC and City's Transportation and Capital Improvements Department (hereafter referred to as "TCI") have developed a design and construction scope of work which shall include **stabilization and exterior rehabilitation** (as detailed in the condition assessment report) of five (5) historic homes. The five (5) historic homes are Amaya, Espinoza, Kampmann/Solomon, Koehler and Pereida.

Those five (5) homes designated for stabilization only are Acosta/Halff,, Mayer/Halff, Schultze, Smith and Sweeney.

All buildings within the scope of the Project are located within the Hemisfair Park Historic District, as established by the Texas Historic Commission (hereafter referred to as "THC"), and are designated as State Antiquities Landmarks (hereafter referred to as "SAL") by THC. As designated SAL landmarks, the design of the homes is to conform with the *Secretary of the Interior's Standards for the Treatment of Historic Properties*, as it relates to the Project. In

addition, all the homes are considered local landmarks within the Hemisfair Historic District, established by City. Fisher Heck Inc., Architects (hereafter referred to as "Consultant") shall act as City's and HPARC's liaison to the state and local design review agencies and shall be responsible for design submission and coordination with the City Office of Historic Preservation (hereafter referred to as "OHP"), the Historic Design and Review Commission (hereafter referred to as "HDRC") and THC.

Services provided by Consultant shall include complete architectural and structural design and limited mechanical, electrical and plumbing design, based per the recommendations within the condition assessment report. Consultant is not responsible for landscape or civil design; however Consultant shall coordinate with the Hemisfair Play Escape design team, Moore Iacofano Goltsman (hereafter referred to as "MIG"), to finalize ADA accessibility, landscaping and grading elements for the Amaya, Espinoza, Kampmann/Solomon, Koehler and Pereida homes.

In addition, Consultant shall provide the services described in the following sections herein. The design shall be in accordance with applicable building codes, HPARC sustainability guidelines, historic guidelines, design and development guidelines, environmental reports and both state and local Hemisfair Historical District requirements.
