**BACKGROUND:**

**WHEREAS**, the City recognizes the importance of its continued role in economic development, community development, planning and urban design; and

**WHEREAS**, a tax increment reinvestment zone created pursuant to the Tax Increment Financing Act, Chapter 311 of the Texas Tax Code (as amended, hereinafter called the “Act”) may only be designated by the City within the city limits; and

**WHEREAS**, by Ordinance Number 93101, dated December 14, 2000, the City created Reinvestment Zone Number Eleven in accordance with the Act, to promote development and redevelopment of the Zone Property, the Inner City area, through the use of tax increment financing, which development and redevelopment would not otherwise occur solely through private investment in the reasonably foreseeable future, and established a Board of Directors for the Zone, and authorized the Board to exercise all the rights, powers, and duties as provided to such boards under the Act; and

**WHEREAS**, in accordance with the Act, the City created the Board and authorized the Board to exercise all the rights, powers, and duties as provided to such Boards under the Act or by action of the City Council; and

**WHEREAS**, on the \_\_\_\_\_ day of \_\_\_\_\_, 2015 the Board approved funding for this project; and

**WHEREAS**, the Board will adopt and approve an amended Project Plan and an amended Finance Plan defined hereunder and referred to as “Project Plan” and “Finance Plan” which will include this project for development of the Zone Property; and

**WHEREAS**, pursuant to the Act and City of San Antonio Ordinance Number 2015-\_\_-\_\_-\_\_\_\_, passed and approved on the \_\_\_\_ day of \_\_\_\_\_, 2015, the Board has authority to enter into agreements that the Board considers necessary or convenient to implement the Project Plan and

Finance Plan and to achieve the purposes of developing the Zone Property within the scope of those plans; and

**WHEREAS**, pursuant to said authority above, the Board, the City, and the Developer each hereby enters into a binding agreement with the others to develop and/or redevelop the Zone Property as may be specified in any future amended Project Plans, and Finance Plans and this Agreement; and

## **ARTICLE II. REPRESENTATIONS**

2.1 **No Tax Increment Bonds or Notes:** The City, the Board and the Developer represent that they understand and agree that neither the City nor the Board shall issue any bonds or notes to cover any costs directly or indirectly related to the Developer’s improvement of the Zone under this Agreement.

2.2 **City Authority.** The City represents to the Developer that as of the date of the execution of this Agreement, the City is a home rule municipality located in Bexar County, Texas, and has authority to carry out the obligations contemplated by this Agreement.

2.3 **Board’s Authority.** Board represents to the Developer that as of the date of the Board’s signature to this Agreement the Zone is a Tax Increment Reinvestment Zone established by the City pursuant to Ordinance Number 93101, passed and approved on December 14, 2000, and

that the City and the Board have authority to carry on the functions and operations contemplated by this Agreement.

**2.4 Developer's Authority and Ability to Perform.** The Developer represents to the City and to the Board that the Developer is a 501(c)(3) nonprofit organization; that the Developer has the authority to enter into this Agreement and to perform the requirements of this Agreement; that the Developer's performance under this Agreement shall not violate any applicable judgment, order, law or regulation nor result in the creation of any claim against the City for money or performance, any lien, charge, encumbrance or security interest upon any asset of the City or the Board, except that this Agreement shall constitute a claim against the TIF Fund only from Available Tax Increment Funds to the extent provided herein; and that the Developer shall have sufficient capital to perform all of its obligations under this Agreement when it needs to have said capital.

**2.5 Reasonable Efforts of All Parties.** The City, the Board and the Developer represent each to the others that they shall each make reasonable efforts to expedite the subject matters hereof and acknowledge that the successful performance of this Agreement requires their continued cooperation.

**2.6 All Consents and Approvals Obtained.** The City, the Board and the Developer represent each to the others that the execution, delivery, and performance of this Agreement on its part does not require consent or approval of any person that has not been obtained.

**2.7 Right to Assign Payment.** The City and the Developer may rely upon the payments to be made to them out of the TIF Fund as specified in this Agreement and the Developer may assign its rights to such payments, either in full or in trust, for the purposes of financing its obligations related to this Agreement, but the Developer's right to such payments is subject to the other limitations of this Agreement. Notwithstanding the forgoing, the City shall issue a check or other form of payment made payable only to the Developer.

**2.8 Developer's Continuing Duty to Complete Improvements.** The City, the Board and the Developer represent each to the others that they understand and agree that even after the Zone terminates, the Developer shall diligently work to successfully complete any and all required improvements that are not completed before the Zone terminates. Such completion shall be at no additional cost to the City and/or the Board.

**2.9 No Interlocal Agreements.** The City, the Board and the Developer represent each to the others that they understand and agree that the City is the only participating taxing entity contributing one hundred percent (100%) of its tax increment to the TIF Fund, and therefore, no other agreements are necessary with any other public entity to make this Agreement effective.

**2.10 Developer Bears Risk of Reimbursement.** The Developer understands and agrees that any expenditure made by the Developer in anticipation of reimbursement from Tax Increments shall not be, nor shall be construed to be, financial obligations of the City, Board or participating taxing entities. The Developer shall bear all risks associated with reimbursement, including, but not limited to: incorrect estimates of Tax Increment, changes in tax rates or tax collections, changes in law or interpretations thereof, changes in market or economic conditions impacting

the Project, changes in interest rates or capital markets, changes in building and development code requirements, changes in City policy, unanticipated effects covered under legal doctrine of force majeure.

2.11 **Not an Obligation of the General Fund.** Any contributions made by the Developer in anticipation of reimbursement from tax increments shall never be an obligation of the City's general fund, but are only obligations of the TIF Fund, and are subject to limitations herein.

### **ARTICLE III. THE PROJECT**

3.1 **The Project.** The Project is projected to include the following Public Improvements to be constructed by the Developer: modification of the exterior spaces located at 116 and 132 Blue Star, the site of the Blue Star Museum and Mosaic after-school program for at-risk youth, respectively. The modifications and work to be completed will include incorporation of improved handicap accessibility to the entrances, including but not limited to improved wheelchair accessible approach and automatic doors, increased and improved lighting in and around the porch and stairwells; improved and more secure railing along the elevated foundation/porch area; repair and refinish the concrete façade at 116 and 132 Blue Star; preparing the façade of Blue Star Contemporary Art Museum for a rotating series of temporary murals and projections, turning the façade into a new public art exhibition site and other improvements as more thoroughly set forth in the Exhibit F attached and incorporated herein for all purposes.

3.2 **Public Purpose.** The Developer shall maintain the Project and related Public Improvements, and keep the Public Improvements open to the general public until September 30, 2025. If Developer fails to maintain and or keep the Project and related Public Improvements open to the public until September 30, 2025, then Developer shall return any payments received under this Agreement for the construction of Public Improvements. This Section 3.2 shall survive termination of this Agreement.

3.3 **Competitive Bidding.** Contracts for the construction of the Public Improvements financed through Available Tax Increment Funds shall be competitively bid in a process acceptable to the City, or in compliance with Chapter 252 of the Local Government Code, and be constructed by or on behalf of the Developer, in compliance with all applicable law unless: (1) Available Tax Increment Funds go toward financing 30% or less of the cost for a specific Public Improvement, in compliance with Chapter 212 of the Local Government Code; and (2) such Public Improvement is not a building or structure of any sort. Should the Developer not competitively bid a Public Improvement, the Developer must obtain written approval by the City in order to be eligible for partial reimbursement of those Project Costs not competitively bid pursuant to the regulations in Chapters 252 and 212 of the Local Government Code. Partial reimbursements to the Developer in that event shall not exceed 30% of the Project Costs that would otherwise have been eligible for total reimbursements had they been competitively bid.

3.4 **Private Financing.** The cost of the Public Improvements and all other improvement expenses associated with the Project shall be funded by the Developer's own capital or through commercial or private construction loans/lines of credit secured solely by the Developer. The

Developer may use all or any or part of the Zone Property as collateral for the construction loan or loans as required for the financing of the Project; however, no property with a lien still attached may be offered to the City for dedication. The City and the Board pledge to use Available Tax Increment Funds, up to the maximum amount provided herein, to reimburse the Developer for eligible Project Costs it has expended. These Available Tax Increment Fund reimbursements made to the Developer are not intended to reimburse the Developer for all of its costs incurred in connection with performing its obligations under this Agreement.

3.5 **Reimbursement.** Neither the City nor the Board can guarantee that Available Tax Increment Funds shall completely reimburse the Developer, but those Available Tax Increment Funds shall constitute the only source of reimbursement to the Developer for the construction of the Public Improvements within the Project.

#### **ARTICLE IV. TERM**

4.1 The term of this Agreement shall commence on the Effective Date and end on whichever of the following dates should occur the earliest: (i) the date the Developer receives the final reimbursement for completing the Project; (ii) the date this Agreement is terminated as provided in Article X; or (iii) termination of the Inner City TIRZ, provided that all existing warranties and warranty bonds on the Project shall survive termination of this Agreement.

#### **ARTICLE V. DUTIES AND OBLIGATIONS OF DEVELOPER**

5.1 **Compliance with Laws and Ordinances.** Notwithstanding any other provision of this Agreement, the Developer agrees to retain and exercise supervision over the construction of the Public Improvements of the Project, shall comply and require its contractors and subcontractors to comply with all applicable provisions of the Act, the TIF Guidelines, the City Charter, the City Code (including the Unified Development Code such as Universal Design and Construction requirements), all City ordinances, state, federal and local law, as amended.

5.2 **Duty to Complete.** Subject to Article VII, "Compensation to Developer," the Developer agrees to complete, or cause to be completed, the Public Improvements described in Section 3.1 and **Exhibit F** of this Agreement. The Developer agrees to provide, or cause to be provided, all materials, labor, and services for completing the Project. The Developer also agrees to obtain or cause to be obtained, all necessary permits and approvals from the City and/or all other governmental agencies having jurisdiction over the construction of Public Improvements.

5.3 **Commencement of Construction.** From the Effective Date of this Agreement forward, the Developer shall not commence any construction on any Phase of the Project until the plans and specifications for a Phase have been approved in writing by the appropriate City department and the requirements of all federal, state and local laws have been met. For purposes of this Section 5.3, letters of certification or acceptance issued by the City shall constitute written approval of the City.

5.4 **Payment and Performance Bonds.** For all Phases, in accordance with Chapter 2253 of the Texas Government Code, the Developer shall cause its general contractor or general

contractors to obtain payment and performance bonds naming the City as a beneficiary or obligee of the bonds. The Developer and its contractors must wait for approval of the bonds by the City's Risk Management Department prior to construction, in order for the Public Improvements to be eligible for reimbursement. Failure to meet the City's minimum standards for these bonds prior to the commencement of construction for each Phase will be considered a breach of this Agreement. The payment and performance bonds for each Phase shall be in an amount sufficient to cover the entire contract cost of the Public Improvements for that Phase.

The City's Risk Management Department shall determine whether the bonds meet the minimum standard. Failure of the Developer to comply with this Section or Chapter 2253 of the Texas Government Code is a breach of this Agreement, and the City may exercise the full range of legal remedies available, including but not limited to: terminating this Agreement, exercising its rights under Article X, and/or removing the value of Phases and lots which are ineligible for reimbursement.

**5.5 Supervision of Construction.** Notwithstanding any other provision of this Agreement, the Developer agrees to retain and exercise supervision over the construction of all public and private improvements of the Project, and cause the construction of all Public Improvements to be performed, at a minimum, in accordance with federal, state and local laws and ordinances, including, but not limited to the current TIF Guidelines, the Project Plan, the Financing Plan, the Unified Development Code, Universal Design, Prevailing Wage, Chapter 2258 of the Texas Government Code, the City Code, and the plans and specifications approved by the appropriate department of the City and the Board. The Developer also agrees to provide reports including inspections of such construction and of compliance with such laws, ordinances, and contractual requirements to the City and to the Board quarterly, or more often if requested by the City or the Board, using the form attached as **Exhibit B**, as it may be amended. Developer's failure to comply with this Section 5.5 is a breach of this Agreement, and the City may terminate this Agreement and exercise the full range of legal remedies available to the City, including Article X.

**5.6 Discretionary Program.** The Developer agrees that the TIF program is a discretionary program and that the City has no obligation to extend TIF to the Developer. In exchange for receiving TIF, the Developer agrees that it has no vested rights under any regulations, ordinances or laws, and waives any claim to be exempt from applicable provisions of the current and future City charter, City Code, City ordinances, and City Unified Development Code, state or federal laws and regulations.

**5.7 Payment of Applicable Fees.** The Developer shall be responsible for paying, or causing to be paid, to the City and all other governmental agencies the cost of all applicable permit fees and licenses, which have not been waived and are required for construction of the Project.

**5.8 Delays.** The Developer agrees to commence and complete the Project in accordance with the Construction Schedule (**Exhibit A**). If Project completion is delayed due to war, civil commotion, acts of God, inclement weather, governmental restrictions, fire or other casualty, court injunction, necessary condemnation proceedings, interference by third parties, or any circumstances reasonably beyond the Developer's control, then at the City's reasonable discretion, the deadlines set forth in the Construction Schedule may be extended by the period of

each such delay. In the event that the Developer does not complete the Project substantially in accordance with the Construction Schedule, then the Parties, in compliance with Section 22.2 of this Agreement, may extend the deadlines set forth in the Construction Schedule, but not past the expiration of the Zone. If the Parties cannot reach an agreement on the extension of the Construction Schedule, or if the Developer continues to fail to complete the Project in accordance with the revised Construction Schedule, then the City may exercise its remedies including but not limited to termination of the Agreement.

**5.9 Litigation Against the City.** City's policy on litigation is that, except to the extent prohibited by law, persons who are engaged in litigation related to TIF or TIRZ or adversarial proceedings related to TIF or TIRZ against the City are ineligible to obtain or continue the use of TIF as principals or participants for the duration of the litigation. A principal or participant includes the TIF applicants and the TIF applicant's developers, partners, affiliates, sponsors, payroll employees, or relatives of the first degree of consanguinity. Accordingly, the City shall not consider a project proposing the use of TIF, designate a TIRZ, enter into any TIF agreements with, or authorize or make any TIF payments to persons engaged in litigation related to TIF or TIRZ or adversarial proceedings related to TIF or TIRZ with the City. Ineligible persons shall be excluded from participating as either participants or principals in all TIF projects during the term of their litigation. "Person" includes an individual, corporation, organization, government or governmental subdivision or agency, business trust, estate, trust, partnership, association, and any other legal entity.

**5.10 Utility payments.** The Developer shall pay, or cause to be paid, monthly rates and charges for all utilities (such as water, electricity, and sewer services) used by the Developer in regard to the development of the Zone Property for all areas owned by the Developer during construction of the Project, and for so long as the Developer owns those areas. The Project shall be subject to Section 35.501 et seq. of the San Antonio City Code (impact fees) and the Developer shall not be prohibited from applying for the benefits of any impact fee credits allowed by that Section.

**5.11 Tree Ordinance.** In accordance with Sections, 5.1 and 5.5 above, the Developer shall comply and shall cause its contractors and subcontractors to comply with the City Code provisions for tree preservation, located in Chapter 35, Article IV of the City's Unified Development Code.

**5.12 Date of Rendering to Appraisal District.** The Developer shall render, or cause to be rendered, any and all residential buildings and commercial buildings to the Bexar Appraisal District before December 31 of each year of this Agreement if the buildings were completed prior to December 31 of that year.

**5.13 Infrastructure Maintenance.**

- a. The Developer shall, at its own cost and expense, maintain or cause to be maintained all Public Improvements not dedicated to the City upon completion. For all Public Improvements dedicated to the City upon completion, the Developer shall, at its own cost and expense, maintain or cause to be maintained all Public Improvements until

acceptance by the City as evidenced by written acceptance required by subsection 1.9.(1) and for one year after Completion.

- b. If applicable and upon acceptance of a street or drainage improvement for maintenance by the City, Developer shall deliver to the City a one-year extended warranty bond, naming the City as the obligee, in conformity with Chapter 35 of the City's Unified Development Code. The cost of repair, replacement, reconstruction and maintenance for defects discovered during the first year after Completion shall be paid by the Developer or the bond company and shall not be paid out of the TIF Fund.
- c. After the expiration of the one year extended warranty bond, the cost of the repair, replacement, reconstruction and maintenance of the Public Improvements dedicated to the City shall be the City's responsibility. The City shall be reimbursed from the TIF Fund for those costs incurred, including, but not limited to: demolition, rebuilding, engineering, design, reconstruction or any other cost necessitated by the failure without regard to fault or degree ("failure") of Public Improvements, which is discovered within years two through ten after Completion of said Public Improvements.
- d. Payment of the City under this Section shall take priority over reimbursement of the Developer.
- e. The City's reimbursement from the TIF Fund shall not be considered an amendment of the Finance Plan and requires no action by the Board or the City Council to be effective.
- f. The TIF Unit shall report any City reimbursement for the reconstruction or repair of any Public Improvements to the Board in a timely manner.
- g. It shall be no defense to the City's reimbursement of itself out of the TIF Fund that the City or its agents have inspected, accepted or approved the Public Improvement. Approval or acceptance of a Public Improvement is not a waiver of claims. The City may attempt multiple repairs on the same infrastructure and reimburse itself for each attempt.
- h. The Developer, its agents, employees, and contractors will not interfere with reasonable use of all the Public Improvements by the general public, except for drainage retention improvements. In accordance with the Construction Schedule, the Developer shall use its best efforts to dedicate (or grant a public easement to) the Public Improvements where applicable to the appropriate taxing entity (as determined by the City), at no additional cost or expense to the City or any other Participating Taxing Entity within 60 days after completion and acceptance of the improvements.
- i. Reimbursement of the Developer shall not be unreasonably denied provided the Public Improvement has reached Completion, and provided the City has no active claim for reimbursement.

- j. The requirements of this Agreement cannot be waived or modified in any way by an engineer, employee or other official of the City or its subordinate agency with responsibility for inspecting or certifying public infrastructure. The actions of a City employee or agent do not work as an estoppel against the City under this Agreement or the Unified Development Code.

5.14 **Duty to Cooperate.** The Developer shall cooperate with the City and the Board in providing all necessary information to the City and the Board in order to assist the City and the Board in determining Developer's compliance with this Agreement.

5.15 **Universal Design and Determination of Tax Increment Portion.** If units in the Project are found not to be constructed in compliance with the Universal Design requirements, the City may exercise all its legal options, including but not limited to removing non-compliant parcels and their tax accounts from the boundaries of the Zone and the list of accounts generating revenue for the TIF Fund, which will then be reflected in an amended Finance Plan.

5.16 **Quarterly Status and Compliance Reports.** The Developer shall submit to the City and the Board written and signed Project Status Reports (see Sections 1.22 and 5.5 above) containing all required information, starting no later than 30 days following the beginning of construction of the Project, and on the 15<sup>th</sup> days of January, April, July and October thereafter throughout the duration of the Project, or more often if requested by the City, County or Board, on its construction progress and construction expenses, proof of insurance and its compliance with laws, ordinances, and contractual requirements. If Project Status Reports are not submitted on the assigned dates as above, the Developer understands that no Available Tax Increment Funds will be paid to the Developer and the City may exercise its rights in accordance with Article X.

5.17 **Duty to Comply.** The Developer shall comply and shall cause all contractors and subcontractors to comply with the City of San Antonio Unified Development Code, as amended, where applicable regarding the development of the Project.

## **ARTICLE VI. DUTIES AND OBLIGATIONS OF CITY AND BOARD**

6.1 **No TIF Bonds.** Neither the City nor the Board shall sell or issue any bonds to pay or reimburse the Developer or any third party for any improvements to the Zone Property performed under the Project Plan, Finance Plan or this Agreement.

6.2 **Pledge of Funds.** Subject to the terms and conditions of this Agreement, termination of the Zone, and any reimbursement to the City under Section 5.13, the City and the Board hereby pledge all Available Tax Increment Funds as reimbursement to the Developer for approved Project costs, up to the maximum total amount specified in Section 7.3 in this Agreement, excluding those taxes collected after September 30, 2025.

6.3 **Form of Reimbursement Requests.** The City and the Board agree that all reimbursement requests from the Developer shall be initiated by the submission of a CPPR form, attached as **Exhibit D**.

## **ARTICLE VII. COMPENSATION TO DEVELOPER**

7.1 **CPPR Approval.** Upon completion of the Public Improvements in each Phase of the Project, the Developer shall submit to the Board within ninety (90) days a completed Contract Progress Payment Request (hereinafter “CPPR”), as detailed in **Exhibit D** hereof. The CPPR shall be presented to the Board for review and possible reimbursement authorization after the City review and approval, as evidenced by a written CPPR Approval issued by the City. Failure to timely submit CPPR’s in accordance with this Section 7.1 shall result in disallowance of any such Developer requests for reimbursement of expenses.

7.2 **Corrections to CPPR.** Should there be discrepancies in the CPPR or if more information is required, Developer will have thirty (30) days upon notice by City to correct any discrepancies or submit additional information requested by City. Failure to timely submit the additional information requested by the City shall result in disallowance of the Developer’s requested expense reimbursement.

7.3 **Maximum Reimbursement of Developer.** Following the Board’s authorizations, the Developer shall receive, in accordance with this Agreement, total reimbursements for Public Improvements from the City of a maximum of Fifty Thousand Dollars (**\$50,000.00**) for public improvements on eligible project costs, as full reimbursement for designing and constructing the Public Improvements required under this Agreement.

7.4 **Processing of Payment Requests.** Board-authorized reimbursements of Available Tax Increment Funds shall be made to the Developer by the City within forty-five (45) days after the deposit of the City’s Tax Increment Payment to the TIF Fund, if the Developer is in compliance with laws, statutes, ordinances and the requirements of this Agreement.

7.5 **Available Tax Increment Funds.** The sole source of the funds to reimburse the Developer for Project Costs shall be the Available Tax Increment Funds levied and collected on the Zone Property and contributed by the Participating Taxing Entities participating in the Zone to the fund created and maintained by the City for the purpose of implementing the Public Improvements of the Project.

7.6 **Order or Priority of Payment.** The Parties agree that the City and the Board may use funds in the Tax Increment Fund to pay eligible expenditures in the following order or priority of payment: (i) to fully reimburse eligible startup Administrative Costs incurred by City; (ii) to pay all other ongoing Administrative Costs to the City for administering the Tax Increment Fund and/or the Zone, except that if there are insufficient funds for the full reimbursement of ongoing Administrative Costs to the City, then the ongoing Administrative Costs of the City shall be reimbursed on a pro rata basis; (iii) to reimburse the City for costs of the repair, replacement, and maintenance of public infrastructure and associated costs as described in this Development Agreement; (iv) to reimburse the City under any reclaim of funds pursuant to Article X; (v) to reimburse the Developer for Public Improvements, including financing costs, as provided in this Development Agreement and to the extent that funds in the TIF Fund are available for this purpose. The foregoing notwithstanding, no funds will be paid from the TIF Fund to a Participating Taxing Entity or the Developer for its financial or legal services in any dispute

arising under this Agreement or a related interlocal agreement between the Developer and a Participating Taxing Entity or between Participating Taxing Entities.

7.7 **Partial Payments.** If Available Tax Increment Funds do not exist in an amount sufficient to make payments in full when the payments are due under this Agreement, partial payment shall be made in the order of priority above, and the remainder shall be paid as Available Tax Increment Funds become available. has employees. This includes, without limitation, independent contractors, subcontractors, leasing companies, motor carriers, owner-operators, employees of any such entity, or employees of any entity, which furnishes persons to provide services on the Project. "Services" include, without limitation, providing, hauling, or delivering equipment or materials, or providing labor, transportation, or other service related to the Project. "Services" does not include activities unrelated to the Project, such as food/beverage vendors, office supply deliveries, and delivery of portable toilets.

9.3 The Developer shall provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements that meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all employees of the Developer providing services on the Project, for the duration of the Project.

9.4 The Developer must provide a certificate of coverage to the City prior to proceeding under this Agreement.

9.5 If the coverage period shown on the Developer's current certificate of coverage ends during the duration of the Phase of the Project, the Developer must, prior to the end of the coverage period, file a new certificate of coverage with the City showing that coverage has been extended.

9.6 The Developer shall obtain from each person providing services on a project, and shall provide to the City:

9.7 The Developer shall retain all required certificates of coverage for the duration of the Project and for one year thereafter.

9.8 The Developer shall notify the City in writing by certified mail or personal delivery, within 10 days after the Developer knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the Project.

9.9 The Developer shall post on the Zone Property a notice, in the text, form and manner prescribed by the Texas Workers' Compensation Commission, informing all persons providing services on the Project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

9.10 The Developer shall contractually require each person with whom it contracts to provide services on the Project, to:

- a. provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements that meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all of its employees providing services on the Project, for the duration of the applicable Phase of the Project;

- d. obtain from each other person with whom it contracts, and provide to the Developer:
  - (1) a certificate of coverage, prior to the other person beginning work on the Project; and
  - (2) a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the coverage period shown on the current certificate of coverage ends during the duration of the applicable Phase of the Project;
- e. retain all required certificates of coverage on file for the duration of the applicable Phase of the Project and for one year thereafter;
- f. notify the City in writing by certified mail or personal delivery, within ten (10) days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the Project; and
- g. perform as required by subsections a-g with the certificates of coverage to be provided to the person for whom they are providing services.

9.11 By signing this Agreement or providing or causing to be provided a certificate of coverage, the Developer is representing to the City that all employees of the Developer who will provide services on the Project will be covered by workers' compensation coverage for the duration of the applicable Phase of the Project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the Developer to administrative penalties, criminal penalties, civil penalties, or other civil actions.

9.12 The Developer's failure to comply with any of these provisions is a breach of this Agreement by the Developer, which entitles the City to declare the Agreement void and exercise all legal remedies including to terminate if the Developer does not remedy the breach within ten (10) days after receipt of notice of breach from the City without necessity of the ninety (90) day cure period set forth in Article X.

## **ARTICLE X. DEFAULT AND TERMINATION**

The City or Board may terminate this Agreement if the Developer does not take adequate steps to cure its failure within ninety (90) calendar days after receiving written notice from the City and/or the Board requesting the failure be cured. In the event of such default, and as one of the remedies of the City and/or the Board, the Developer shall return any payments under this Agreement for the construction of Public Improvements for any Phase within ninety (90) calendar days after receiving written notice from the City and/or the Board that the Developer has defaulted on this Agreement; EXCEPT that no refund is due if Developer, with the City's and the Board's written consent, assigns its remaining obligations under this Agreement to a qualified party who timely completes the Developer's obligations under this Agreement, pursuant to Article XVI (Assignment) herein.

10.2 After sending notice of failure under Section 10.1 above, the City and Board shall not distribute TIF funds to the Developer until the Developer's default is cured. If the default is not cured, the City and Board may retain all undistributed TIF funds, terminate this agreement, and unencumber the unpaid balance under the terms of this agreement without further Board or Council action.

10.3 Notwithstanding Section 10.1 above, in the event the Board and/or the Developer fails to furnish any documentation required in Article XIV (Examination of Records) herein within thirty (30) days following the written request for same, then the Board and/or the Developer shall be in default of this Agreement.

**16.5 Lending Institutions.** Any restrictions in this Agreement on the transfer or assignment of the Developer's interest in this Agreement shall not apply to and shall not prevent the assignment of this Agreement to a lending institution or other provider of capital in order to obtain financing for the Project. Developer shall notify the City of all such assignments to a lending institution or other provider of capital. In no event, shall the City be obligated in any way to said financial institution or other provider of capital. The City shall only issue a check or any other form of payment made payable only to the Developer.

In the event the City approves the assignment or transfer of this Agreement, the Developer shall be released from such duties and obligations.

**16.7 No Waiver.** Except as set forth in Section 16.3, the receipt by the City of services from an assignee of the Developer shall not be deemed a waiver of the covenant in this Agreement against assignment or an acceptance of the assignee or a release of the Developer from further observance or performance by the Developer of the covenants contained in this Agreement. 19.2 **No Authority.** The Parties further understand and agree that no Party has authority to bind the others or to hold out to third parties that it has the authority to bind the others.

## **ARTICLE XX. TAXES**

20.1 **Duty to Pay.** The Developer shall pay, on or before their respective due dates, to the appropriate collecting authority all Federal, State, and local taxes and fees which are now or may be levied upon the Zone Property, the Developer or upon the business conducted on the Zone Property or any of the Developer’s property used in connection therewith, including employment taxes. Developer shall also maintain in current status all Federal, State, and local licenses and permits required for Developer’s business operation.

20.2 **Evidence of Payment.** The Developer shall include in the CPPR submission evidence of payment or exemption of the taxes and fees above.

## **ARTICLE XXI. PREVAILING WAGES**

21.1 The TIF program is a discretionary program, and it is the policy of the City that the requirements of Chapter 2258 of the Texas Government Code, entitled “Prevailing Wage Rates,” shall apply to TIF Development Agreements. The Board and the Developer each individually agree that the Developer will comply with City Ordinance No. 71312 and its successors such as Ordinance No. 2008-11-20-1045 and will require subcontractors to comply with City Ordinance 71312 and its successors such as Ordinance No. 2008-11-20-1045 and shall not accept affidavits.

21.2 In accordance with the provisions of Chapter 2258 and Ordinance No. 2008-11-20-1045, a schedule of the general prevailing rate of per diem wages in this locality for each craft or type of workman needed to perform this Agreement is included as **Exhibit C**, and made a part of this Agreement. The Developer is required, and shall require its subcontractors to comply with each updated schedule of the general prevailing rates in effect at the time the Developer calls for bids for construction of a given phase.

21.3 The Developer is further required to cause the latest prevailing wage determination decision to be included in bids and contracts with the Developer’s general contractor and all subcontractors for construction of each Phase. The Developer shall forfeit as a penalty to the City \$60.00 for each laborer, workman, or mechanic employed, for each calendar day, or portion thereof, that such laborer, workman or mechanic is paid less than the said stipulated rates for any work done under said contract, by the Developer or any subcontractor under the Developer. The establishment of prevailing wage rates in accordance with Chapter 2258, Texas Government Code shall not be construed to relieve the Developer from his obligation under any Federal or State Law regarding the wages to be paid to or hours worked by laborers, workmen or mechanics insofar as applicable to the work to be performed under this Agreement.

## **ARTICLE XXII. CHANGES AND AMENDMENTS**

22.1 **Ordinance and Order Required.** Except when the terms of this Agreement expressly provide otherwise, any alterations, additions, or deletions to the terms of this Agreement shall be by amendment in writing executed by the City, the Board and the Developer and evidenced by passage of a subsequent City ordinance.

22.2 **Construction Schedule.** Notwithstanding the above, the Construction Schedule as detailed in **Exhibit A** may be amended by approval of the Board and the City, as evidenced by an agreement in writing between the Board and the Director of the City Department responsible for overseeing the TIF Unit, (the “TIF Director”) as long as the overall Amended Project Plan and Amended Finance Plans are not materially changed by such amendment. In the event an amendment to the Construction Schedule will result in a Material Change to the overall Final Project Plan or Final Financing Plan, then such amendment shall comply with the requirements of Section 22.1 above. No change under this section may result in an increase in the maximum contribution of the City or any other Participating Taxing Entity. The Developer shall rely on the

determination of the TIF Director whether a change in the Construction Schedule would result in a Material Change to the overall Project requirements.

22.3 **Automatic Incorporation of Laws.** Changes in local, state and federal rules, regulations or laws applicable to the Board's and the Developer's services under this Agreement may occur during the term of this Agreement and any such changes shall be automatically incorporated into this Agreement without written amendment to this Agreement, and shall become a part of this Agreement as of the effective date of the rule, regulation or law.

### **ARTICLE XXIII. SEVERABILITY**

23.1 If any clause or provision of this Agreement is held invalid, illegal or unenforceable under federal, state or local laws, then said clause or provision shall not affect any other clause or provision and the remainder of this Agreement shall be construed as if such clause or provision was never contained herein. It is also the intent of the Parties that in lieu of each invalid, illegal, or unenforceable clause or provision, there be added to this Agreement a clause or provision as similar in terms to such invalid, illegal or unenforceable clause or provision as may be possible, legal, valid and enforceable.

### **ARTICLE XXIV. LITIGATION EXPENSES**

24.1 Under no circumstances will the available Tax Increment Funds received under this Agreement be used, either directly or indirectly, to pay costs or attorney fees incurred in any adversarial proceeding regarding this Agreement against the City or any other public entity.

24.2 During the term of this Agreement, if the Board and/or the Developer files and/or pursues an adversarial proceeding against the City regarding this Agreement without first engaging in good faith mediation of the dispute, then, at the City's option, all access to the funding provided for hereunder may be deposited with a mutually acceptable escrow agent that will deposit such funds in an interest bearing account.

24.3 The Board and/or the Developer, at the City's option, could be ineligible for consideration to receive any future funding while any adversarial proceedings regarding this Agreement against the City remains unresolved if it was initiated without first engaging in good faith mediation of the dispute.

24.4 For purposes of this Article, "adversarial proceedings" include any cause of action regarding this Agreement filed by the Board and/or the Developer against the City in any state or federal court, as well as any state or federal administrative hearing, but does not include Alternate Dispute Resolution proceedings, including arbitration. Nothing contained in this Article shall effect or otherwise affect the indemnity provisions contained in Article XI above.

**ARTICLE XXV. LEGAL AUTHORITY**

25.1 **All Consents and Approvals Obtained.** Each person executing this Agreement on behalf of each Party, represents, warrants, assures and guarantees that he or she has full legal authority to (i) execute this Agreement on behalf of the City, the Board and/or the Developer, respectively and (ii) to bind the City, the Board and/or the Developer to all of the terms, conditions, provisions and obligations of this Agreement.

**ARTICLE XXVI. VENUE AND GOVERNING LAW**

26.1 THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS. Venue and jurisdiction arising under or in connection with this Agreement shall lie exclusively in Bexar County, Texas. Any legal action or proceeding brought or maintained, directly or indirectly, as a result of this Agreement shall be heard and determined in Bexar, County Texas.

**ARTICLE XXVII. PARTIES' REPRESENTATIONS**

27.1 This Agreement has been jointly negotiated by the City, the Board and the Developer and shall not be construed against a Party because that Party may have primarily assumed responsibility for the drafting of this Agreement.

**ARTICLE XXVIII. CAPTIONS**

28.1 All captions used in this Agreement are only for the convenience of reference and shall not be construed to have any effect or meaning as to the agreement between the Parties to this Agreement.

**ARTICLE XXIX. LICENSES/CERTIFICATIONS**

29.1 Developer warrants and certifies that Developer and any other person designated to provide services hereunder has the requisite training, license and/or certification to provide said services, and meets all competence standards promulgated by all other authoritative bodies, as applicable to the services provided herein.

**ARTICLE XXX. NONDISCRIMINATION AND SECTARIAN ACTIVITY**

30.1 Developer shall ensure that no person shall, on the ground of race, color, national origin, religion, sex, age or handicap, be excluded from participation in, be denied the benefits of, be subjected to discrimination under, or be denied access to any program or activity funded in whole or in part with public funds. Further no portion of the funds received shall be used in support of any sectarian or religious activity.

**ARTICLE XXXI. ENTIRE AGREEMENT**

31.1 **No Contradictions.** This written Agreement embodies the final and entire agreement between the Parties and may not be contradicted by evidence of prior, contemporaneous, or subsequent oral agreements of the Parties.

31.2 **Incorporation of Exhibits.** The **Exhibits A through E** attached to this Agreement are incorporated herein and shall be considered a part of this Agreement, except that if there is a conflict between an Exhibit and a provision of this Agreement, the provision of this Agreement shall prevail over the Exhibit.

**IN WITNESS THEREOF**, the Parties have caused this instrument to be signed on the date of the each signature below. This Agreement will become effective on the date of the last signature below:

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or

"UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

-----  
WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

**Contract Progress Payment Request Form & Requirements**

## **CITY OF SAN ANTONIO Contract Progress Payment Request (CPPR) Form and Requirements**

Prior to submitting an invoice to request reimbursement, the developer must submit to the TIF Unit:

- **All approved Master Development Plans (MDPs), recorded plats, City approved construction plans and Inspections**
- **Copies of the payment and performance bond in accordance with executed Development Agreement**
- **Proof of compliance of the Bidding Policies must accompany the invoices submitted to include, but is not limited to: Publication of request for proposals, list of bidders, rating of bidders, and reason for choosing bidder (*Please refer to City's policy on Bidding Requirements.*)**
- **Letters of acceptance from City departments or other agencies certifying the public infrastructure was constructed and accepted in accordance with all applicable rules, regulations and codes.**

When submitting an invoice for reimbursement, a summary page (refer to Sample Packet, page 2) must accompany all invoices to include related project name, invoice number, period covered by invoices and phase covered by invoices. Invoices must be submitted in the categories listed in the approved Final Finance Plan Sources and Uses page. The Sources and Uses page is broken down into phases and categories on a forecasted maximum allowable cost.

Each category should have their own separate summary page (refer to Sample Packet, page 2) itemizing invoices submitted in each appropriate category. The summary page will need to include maximum allowable cost, actual invoice amount, Plat or MDP number (if applicable) and method of payment. This maximum allowable cost is the forecasted amount that was projected for each category in the phase.

A receipt and/or a cancelled check must accompany each invoice to qualify for reimbursement. The invoice must refer to the related project. The dates and amount on invoices must coincide with receipt or cancelled checks. The invoice total must calculate correctly and tie to the summary page.

Each column is defined below: (refer to Sample Packet, page 2)

- **Column A** is the category from the Sources and Uses page for projected expenses
- **Column B** is the forecasted maximum allowable cost per the Final Finance Plan
- **Column C** is the actual developer's expense
- **Column D** is the amount of prior requests
- **Column E** is the balance column. The balance is the difference between the projected expenses and the actual developer's expenses. (The balance column will be used for internal tracking purposes only.)

**\* All invoice Payments must be accompanied by:**

- **Receipt or Cancelled Check**
- **Must Reference the Project**

**\* Only those categories outlined in the approved Final Finance Plan are eligible expenses for reimbursement.**
