III. SCOPE OF SERVICES

Consultant agrees to provide the services described in this Article III entitled Scope of Services in exchange for the compensation described in Article IV. Compensation.

3.1 The City seeks a solution that will provide state-of-the-art technology for use by the **City's Development Services Department (DSD)**, plan reviewing agencies, other inspection service departments, citizens, contractors and developers to facilitate collaboration between all parties in order to provide an efficient and effective development process that supports City growth and economic development. This consists of the implementation of a comprehensive land and building infrastructure development and management system.

3.2 The goal of this comprehensive system is to replace various primary, integrated, and legacy systems including, but not limited to, the following:

3.2.1 Primary Systems Targeted for Replacement:

- **Plan, Permit, Inspections & License Management** – Application used to manage permits, contractors' licenses/registration and inspections.
- **Code Enforcement Tracking & Management** – Application used to manage code enforcement for residential & commercial properties/buildings.

3.2.2 **Integrated Systems** which may be included in replacement solution and/or require modifications to maintain integration with primary systems targeted for replacement:

- **Plat & Land Development Management** – “Land Development System” (LDS) and MS-Access database used for managing plan & plat applications, workflow processing and content management.
- **WEB Permitting** (Hansen-Dynamic Portal) – 3rd party web application used for applying & paying for permits, and schedule inspections.
- **Mobile Web Inspection Scheduler** – In-house developed WEB application used for scheduling active inspections via handheld devices (smartphones, tablets...)
- **Inspections Route Optimization** – Solution currently being solicited with a planned deployment date of December 2013. System also sends notices to inspection contacts alerting them of their place in the queue and potentially estimated time of inspection.
- **Contractor Notification** – Web application with minimal use for automated notifications to development community on inspection

results. Complex filtering functions have driven the development of less complex Customer Alerts system (H.)

- **Customer Alerts** – In-house WEB application used to alert customers of specific activity on permits status and inspection results.
- **Plat Management** – Mainframe application (TPLT) that contains historical Plats and used to manage the active platting process.
- **Mobile Inspector** – In-house WEB application used by field inspectors to capture inspection results using mobile device.
- **Electronic Plan & Plat Review** – Drawings redlining tool with integration to electronic repository for sharing and capturing development drawings during planning and platting services. Active project to deploy by year-end 2013 a web based application for external development community to submit drawings from their desktop as opposed to hand carrying hardcopies and/or electronic content via external drive/CD.
- **Zoning and Land Use Management** – Excel spreadsheets, Word documents and Access database used for managing zoning & board of adjustment applications, case management, non-conforming rights registrations, zoning verifications and alcohol variances
- **Health Inspections Management** – Used for managing licenses & permits, inspection scheduling, inspection results and billing. Activities related to food services and environmental safety (Public Pools, Boarding Homes, Air Quality, etc.)

City shall not be obligated or liable under this

Agreement to any party, other than Consultant, for the payment of any monies or the provision of any goods or services.

V. OWNERSHIP OF DOCUMENTS

5.1 *Ownership of Prior Rights by City* – All tangible and intangible property including the Intellectual Property Rights therein, which is owned by City prior to the execution of any Statement of Work (e.g. copyrights, trademarks, etc.) shall to be exclusively owned by the City and Consultant shall have no ownership thereof and no rights thereto other than the limited, non-exclusive right to use such property for purposes set forth in a Statement of Work and only for the duration of such Statement of Work which is hereby granted to Consultant by City.

5.2 *Ownership of Prior Rights by Consultant* - All tangible and intangible property including the Intellectual Property Rights therein, which is owned by Consultant prior to the execution of any Statement of Work (e.g. pre-existing tools, processes, methodologies, proprietary research data and proprietary databases) (hereinafter “Pre-existing Gartner IP”) shall continue to be exclusively owned by the Consultant and City shall have no ownership thereof and no rights thereto other than the limited, non-exclusive right to use such Pre-existing Gartner IP for internal business use, solely for purposes set forth in a Statement of Work and only for the duration of such Statement of Work which is hereby granted by Consultant.

5.3 *Ownership of Pre-Existing Rights Embodied in Deliverables* – To the extent any pre-existing rights or property of either party are embodied or contained in the Works or a Deliverable, each party retains ownership of its pre-existing rights and property (e.g. City ownership of the Works that include Pre-existing Gartner IP shall extend only to the additional work product or deliverables that do not comprise such Pre-Existing Gartner IP). Each party hereby grants to the other a irrevocable, perpetual, non-exclusive, worldwide, royalty free right and license to use, execute, reproduce and display, perform and distribute copies of the Works as necessary for their business purposes or to enjoy the benefits of the services to be provided under a Statement of Work (and provided further that Consultant does not identify City by name or otherwise use any of City’s confidential or proprietary information).

5.4 *Benchmark/Measurement Reports* – With respect to any measurement of benchmarking services that may be performed by Consultant under any Statement of Work, the parties acknowledge and agree that (i) the contents of such measurement report(s) may be based in part upon information which is proprietary to Consultant and contained in Consultant’s proprietary data base, (ii) the contents of such database belong solely to Consultant, (iii) City’s raw data will become part of such database, (iv) Consultant will code any presentation of City’s raw data to preserve City anonymity, and (v) the proprietary database may be used by Consultant in future consulting and measurement engagements.

5.5 *Ownership of Deliverables* - Subject to payment of fees specified in an applicable SOW, Consultant grants to City ownership of any Deliverable originally created for and submitted to City. Unless the Deliverable is a Request for Proposal (RFP) or similar document intended to be distributed by City to the public, City shall not make the Deliverables available, in

whole or in part, to anyone outside of City, or quote excerpts from the Deliverables to the public, without the prior written consent of Consultant. Notwithstanding the foregoing, City may share the Deliverables with (i) its outside auditors and/or accountants, (ii) third parties who have signed appropriate confidentiality agreements with City and/or who are engaged by City to review or implement suggestions or to further research the issues contained in the Deliverables or any other City internal business purpose, and (iii) governmental or regulatory bodies as required by law to include the Texas Public Information Act.

The parties understand that City is a governmental entity required to comply with the Texas Public Information Act (Chapter 552 of the Texas Government Code) ("TPIA" or the "Act") when responding to records requests made under the Act. Pursuant to the requirements of TPIA, if City receives a request for information identified or has the potential to be classified as confidential, trade secret, commercial, financial or proprietary information, City will respond to the request in accordance with the procedures set forth in Section 552.305 of the Act. Specifically, the City will notify Consultant of its receipt of the request and request an attorney general decision identifying the exception(s) to disclosure believed to apply. The Parties acknowledge that TPIA requires a brief to be submitted to the attorney general explaining why the claimed exceptions apply to the information in issue. City shall not be obligated to submit the brief supporting those claimed exceptions. Consultant shall be solely responsible for submitting the brief and the documents in issue to the attorney general.

Should the attorney general render a decision indicating that all or a part of the information must be disclosed, City shall be permitted to disclose the information unless Consultant successfully contests the attorney general decision in accordance with the requirements of TPIA. Nothing in this agreement shall require City to institute or participate in any litigation relating to an open records request for information that Consultant considers to be confidential.

VI. RECORDS RETENTION

6.1 Consultant and its subcontractors, if any, shall properly, accurately and completely maintain all documents, papers, and records, and other evidence pertaining to the services rendered hereunder (hereafter referred to as "documents"), and shall make such materials available to the City at their respective offices, at all reasonable times and as often as City may deem necessary during the Agreement period, including any extension or renewal hereof, and the record retention period established herein, for purposes of audit, inspection, examination, and making excerpts or copies of same by City and any of its authorized representatives.

6.2 Consultant shall retain any and all documents produced as a result of services provided hereunder for a period of four (4) years (hereafter referred to as "retention period") from the date of termination of the Agreement. If, at the end of the retention period, there is litigation or other questions arising from, involving or concerning this documentation or the services provided hereunder, Consultant shall retain the records until the resolution of such litigation or other such questions. Consultant acknowledges and agrees that City shall have access to any and all such documents at any and all times, as deemed necessary by City, during said retention period. City may, at its election, require Consultant to return the documents to City at Consultant's expense prior to or at the conclusion of the retention period. In such event,

Consultant may retain a copy of the documents.

6.3 Consultant shall notify City, immediately, in the event Consultant receives any requests for information from a third party, which pertain to the documentation and records referenced herein. Consultant understands and agrees that City will process and handle all such requests.

7.1 For purposes of this Agreement, "termination" of this Agreement shall mean termination by expiration of the Agreement term as stated in Article II. Term, or earlier termination pursuant to any of the provisions hereof.

7.2 Termination Without Cause. This Agreement may be terminated by City upon 30 calendar days' written notice, which notice shall be provided in accordance with Article VIII. Notice. In the event of a termination without cause Consultant is due its cost incurred for the work-in-progress on any deliverable that had been started and not completed at such date that the termination is effective.

7.3 Termination For Cause. Upon written notice, which notice shall be provided in accordance with Article VIII. Notice, City may terminate this Agreement as of the date provided in the notice, in whole or in part, upon the occurrence of one (1) or more of the following events, each of which shall constitute an Event for Cause under this Agreement:

7.3.1 The sale, transfer, pledge, conveyance or assignment of this Agreement without prior approval, as provided in Article XII. Assignment and Subcontracting.

7.4 Defaults With Opportunity for Cure. Should Consultant default in the performance of this Agreement in a manner stated in this section 7.4 below, same shall be considered an event of default. City shall deliver written notice of said default specifying such matter(s) in default. Consultant shall have 30 calendar days after receipt of the written notice, in accordance with Article VIII. Notice, to cure such default. If Consultant fails to cure the default within such 30-day cure period, City shall have the right, without further notice, to terminate this Agreement in whole or in part as City deems appropriate, and to contract with another consultant to complete the work required in this Agreement. City shall also have the right to seek an offset of the cost of said new Agreement with a new consultant against Consultant's future or unpaid invoice(s), subject to the duty on the part of City to mitigate its losses to the extent required by law.

7.4.1 Bankruptcy or selling substantially all of company's assets

7.4.2 Failing to perform or failing to comply with any covenant herein required

7.4.3 Performing unsatisfactorily

7.5 Termination By Law. If any state or federal law or regulation is enacted or promulgated which prohibits the performance of any of the duties herein, or, if any law is interpreted to prohibit such performance, this Agreement shall automatically terminate as of the effective date of such prohibition.

7.6 Regardless of how this Agreement is terminated, Consultant shall effect an orderly transfer to City or to such person(s) or firm(s) as the City may designate, at no additional cost to City, all completed or partially completed documents, papers, records, charts, reports, and any other materials or information produced as a result of or pertaining to the services rendered by Consultant, or provided to Consultant, hereunder, regardless of storage medium, which the City has paid for if so requested by City, or shall otherwise be retained by Consultant in accordance with Article VI. Records Retention. Any record transfer shall be completed within thirty (30) calendar days of a written request by City and shall be completed at Consultant's sole cost and expense. Payment of compensation due or to become due to Consultant is conditioned upon delivery of all such documents, if requested.

7.7 Within ninety (90) calendar days of the effective date of completion, or termination or expiration of this Agreement, Consultant shall submit to City its claims, in detail, for the monies owed by City for services performed under this Agreement through the effective date of termination. Failure by Consultant to submit its claims within said ninety (90) calendar days shall negate any liability on the part of City and constitute a **Waiver** by Consultant of any and all right or claims to collect moneys that Consultant may rightfully be otherwise entitled to for services performed pursuant to this Agreement.

7.8 Upon the effective date of expiration or termination of this Agreement, Consultant shall cease all operations of work being performed by Consultant or any of its subcontractors pursuant to this Agreement.

7.9 Termination not sole remedy. In no event shall City's action of terminating this Agreement, whether for cause or otherwise, be deemed an election of City's remedies, nor shall such termination limit, in any way, at law or at equity, City's right to seek damages from or otherwise pursue Consultant for any default hereunder or other action.

XI. INDEMNIFICATION

11.1 Indemnity for Tangible Property: **CONSULTANT covenants and agrees to FULLY INDEMNIFY, DEFEND and HOLD HARMLESS, the CITY and the elected officials, employees, officers, directors, volunteers and representatives of the CITY, individually and collectively, from and against any and all costs, claims, liens, damages, losses, expenses, fees, fines, penalties, proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including but not limited to, personal or bodily injury, death and property damage, made upon the CITY directly resulting from the negligent acts and/or omissions of the CONSULTANT'S activities under this Agreement, including any acts or omissions of CONSULTANT, any agent, officer, director, representative, employee, consultant or subcontractor of CONSULTANT, while in the exercise of the rights or performance of the duties under this Agreement. The indemnity provided for in this paragraph shall not apply to any liability resulting from the negligence of CITY, its officers or employees, in instances where such negligence causes personal**

injury, death, or property damage. IN THE EVENT CONSULTANT AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS FOR THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.

11.2 Indemnity for Intangible Property: Upon notification of a claim against City alleging any Deliverable infringes a copyright, US patent or trade secret of any third party, Consultant will defend such claim at its expense and will pay any costs or damages that may be finally awarded against City. Consultant will not indemnify City however, if the claim of infringement is caused by (1) City's misuse or modification of the Deliverable; (2) City's failure to use corrections or enhancements made available by Consultant; (3) City's use of the Deliverable in combination with any product or information not owned or developed by Consultant. If any Deliverable is, or in Consultant's opinion is likely to be, held to be infringing, Consultant shall at its expense and option either: (a) procure the right for City to continue using it, (b) replace it with a non-infringing equivalent, (c) modify it to make it non-infringing, or (d) direct the return of the Deliverable and refund to City the fees paid for such Deliverable.

XII. ASSIGNMENT AND SUBCONTRACTING

12.1 Consultant shall supply qualified personnel as may be necessary to complete the work to be performed under this Agreement. Persons retained to perform work pursuant to this Agreement shall be the employees or subcontractors of Consultant. Consultant, its employees or its subcontractors shall perform all necessary work.

12.2 It is City's understanding and this Agreement is made in reliance thereon, that Consultant intends to use Smartbridge, LLC as its subcontractor in the performance of this Agreement. Any deviation from this listed subcontractor, whether in the form of deletion, additions or substitutions shall be approved in writing by the Director or authorized designee prior to the provision of any services by said subcontractor.

12.3 Any work or services approved for subcontracting hereunder shall be subcontracted only by written contract and, unless specific waiver is granted in writing by the Director, shall be subject by its terms to each and every provision of this Agreement. Compliance by subcontractors with this Agreement shall be the responsibility of Consultant. City shall in no event be obligated to any third party, including any subcontractor of Consultant, for performance of services or payment of fees. Any references in this Agreement to an assignee, transferee, or subcontractor, indicate only such an entity as has been approved by the City.

12.4 Except as otherwise stated herein, Consultant may not sell, assign, pledge, transfer or convey any interest in this Agreement, nor delegate the performance of any duties hereunder, by transfer, by subcontracting or any other means, without the consent of the Director effective

by amendment in accordance with Section XVI. Amendments. As a condition of such consent, if such consent is granted, Consultant shall remain liable for completion of the services outlined in this Agreement in the event of default by the successor Consultant, assignee, transferee or subcontractor.

12.5 Any attempt to transfer, pledge or otherwise assign this Agreement without said written approval, shall be void ab initio and shall confer no rights upon any third person. Should Consultant assign, transfer, convey, delegate, or otherwise dispose of any part of all or any part of its right, title or interest in this Agreement, City may, at its option, cancel this Agreement and all rights, titles and interest of Consultant shall thereupon cease and terminate, in accordance with Article VII. Termination, notwithstanding any other remedy available to City under this Agreement. The violation of this provision by Consultant shall in no event release Consultant from any obligation under the terms of this Agreement, nor shall it relieve or release Consultant from the payment of any damages to City, which City sustains as a result of such violation.

XIII. INDEPENDENT CONTRACTOR

Consultant covenants and agrees that he or she is an independent contractor and not an officer, agent, servant or employee of City; that Consultant shall have exclusive control of and exclusive right to control the details of the work performed hereunder and all persons performing same, and shall be responsible for the acts and omissions of its officers, agents, employees, contractors, subcontractors and consultants; that the doctrine of “respondeat superior” shall not apply as between City and Consultant, its officers, agents, employees, contractors, subcontractors and consultants, and nothing herein shall be construed as creating the relationship of employer-employee, principal-agent, partners or joint venturers between City and Consultant. The parties hereto understand and agree that the City shall not be liable for any claims which may be asserted by any third party occurring in connection with the services to be performed by the Consultant under this Agreement and that the Consultant has no authority to bind the City.

XIV. SMALL BUSINESS ECONOMIC DEVELOPMENT ADVOCACY (SBEDA)

14.1 Solicitation Response and Contract Requirements and Commitment. Consultant understands and agrees that the following provisions shall be requirements of this contract and by submitting its Response, Consultant commits to comply with these requirements.

14.2 SBEDA Program. The CITY has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2010-06-17-0531 and as amended, also referred to as “SBEDA” or “the SBEDA Program”), which is posted on the City’s Economic Development (EDD) website page and is also available in hard copy form upon request to the CITY. The SBEDA Ordinance Compliance Provisions contained in this section of the Agreement are governed by the terms of this Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by the CITY pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Agreement. Unless defined in a contrary

manner herein, terms used in this section of the Agreement shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

14.3 Definitions

Affirmative Procurement Initiatives (API) – Refers to various Small Business Enterprise, Minority Business Enterprise, and/or Women Business Enterprise (“S/M/WBE”) Program tools and Solicitation Incentives that are used to encourage greater Prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE program tools, see Section III. D. of Attachment A to the SBEDA Ordinance.)

Centralized Vendor Registration System (CVR) – a mandatory electronic system wherein the City requires all prospective Consultants and Subcontractors that are ready, willing and able to sell goods or services to the City to register. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

Certification or “Certified” – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City accepts any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6 of Attachment A.

Commercially Useful Function – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of a distinct element of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount

the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed. The use of S/M/WBE firms by Consultant to perform such “pass-through” or “conduit” functions that are not commercially useful shall be viewed by the CITY as fraudulent if Consultant attempts to obtain credit for such S/M/WBE participation towards the satisfaction of S/M/WBE participation goals or other API participation requirements. As such, under such circumstances where a commercially useful function is not actually performed by the S/M/WBE firm, the Consultant shall not be given credit for the participation of its S/M/WBE subcontractor or joint venture partner towards attainment of S/M/WBE utilization goals, and the Consultant and S/M/WBE firm may be subject to sanctions and penalties in accordance with the SBEDA Ordinance.

Evaluation Preference – an API that may be applied by the Goal Setting Committee (“GSC”) to Construction, Architectural & Engineering, Professional Services, Other Services, and Goods and Supplies contracts that are to be awarded on a basis that includes factors other than lowest price, and wherein responses that are submitted to the City by S/M/WBE firms may be awarded additional Points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime contractors or respondents.

Good Faith Efforts – documentation of the Consultant’s intent to comply with S/M/WBE Program Goals and procedures including, but not limited to, the following: (1) documentation within a solicitation response reflecting the consultant’s commitment to comply with SBE or M/WBE Program Goals as established by the GSC for a particular contract; or (2) documentation of efforts made toward achieving the SBE or M/WBE Program Goals (e.g., timely advertisements in appropriate trade publications and publications of wide general circulation; timely posting of SBE or M/WBE subcontract opportunities on the City of San Antonio website; solicitations of bids/proposals/qualification statements from all qualified SBE or M/WBE firms listed in the Small Business Office’s directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Contractor’s posting of a bond covering the work of SBE or M/WBE Subcontractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Respondent; and documentation of consultations with trade associations and consultants that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE Subcontractors.) The appropriate form and content of

Consultant's Good Faith Efforts documentation shall be in accordance with the SBEDA Ordinance as interpreted in the SBEDA Policy & Procedure Manual.

HUBZone Firm – a business that has been certified by U.S. Small Business Administration for participation in the federal HUBZone Program, as established under the 1997 Small Business Reauthorization Act. To qualify as a HUBZone firm, a small business must meet the following criteria: (1) it must be owned and Controlled by U.S. citizens; (2) at least 35 percent of its employees must reside in a HUBZone; and (3) its Principal Place of Business must be located in a HUBZone within the San Antonio Metropolitan Statistical Area. [See 13 C.F.R. 126.200 (1999).]

Independently Owned and Operated – ownership of an SBE firm must be direct, independent and by Individuals only. Ownership of an M/WBE firm may be by Individuals and/or by other businesses provided the ownership interests in the M/WBE firm can satisfy the M/WBE eligibility requirements for ownership and Control as specified herein in Section III.E.6. The M/WBE firm must also be Independently Owned and Operated in the sense that it cannot be the subsidiary of another firm that does not itself (and in combination with the certified M/WBE firm) satisfy the eligibility requirements for M/WBE Certification.

Individual – an adult person that is of legal majority age.

Industry Categories – procurement groupings for the City of San Antonio inclusive of Construction, Architectural & Engineering (A&E), Professional Services, Other Services, and Goods & Supplies (i.e., manufacturing, wholesale and retail distribution of commodities). This term may sometimes be referred to as “business categories.”

Minority/Women Business Enterprise (M/WBE) – firm that is certified as a Small Business Enterprise and also as either a Minority Business Enterprise or as a Women Business Enterprise, and which is at least fifty-one percent (51%) owned, managed and Controlled by one or more Minority Group Members and/or women, and that is ready, willing and able to sell goods or services that are purchased by the City of San Antonio.

M/WBE Directory – a listing of minority- and women-owned businesses that have been certified for participation in the City's M/WBE Program APIs.

Minority Business Enterprise (MBE) – any legal entity, except a joint venture, that is organized to engage in for-profit transactions, which is certified a Small Business Enterprise and also as being at least fifty-one percent (51%) owned, managed and controlled by one or more Minority Group Members, and that is ready, willing and able to sell goods or services that are purchased by the CITY. To qualify as an MBE, the enterprise shall meet the Significant Business Presence requirement as defined herein. Unless otherwise stated, the term “MBE” as used in this Ordinance is not inclusive of women-owned business enterprises (WBEs).
