Staci Schwantz noted that she was not against development, commercial, or otherwise but wanted responsible development. She added that the Martinez Property did not have frontage on the access road and no access to Walters Street. She stated that she was opposed to deed restrictions and restricted covenants.

Marlene Hawkins noted that she resided within the Government Hill Community Association which covered the entire neighborhood. She added that she was fighting for the health, safety, and cultural characteristics of her neighborhood.

Lorenzo Ortiz noted that his home was within the 200 feet of the property. He played a video of the proposed property depicting the surrounding area.

Dora Perez noted that her home was 58 feet from the applicant's property and that she had lived in Government Hill all her life. She noted that the property was not on the corner of Walters and not on the Main Frontage Road of IH-35; it was one block into the neighborhood. She added that the applicant was not interested in reaching compromise.

Liz Franklin noted that nine votes were needed to pass the proposed zoning change. She added that this vote required City Councils upmost leadership and asked Council not to support the proposed change.

Jazzmine Burgess spoke in opposition of the proposed zoning change. She noted that C-2 was not appropriate for the area and asked the City Council to deny this request.

Rose Hill, President of the Government Hill Alliance thanked City Staff for doing their job and following the process. She noted that the proposed restrictions were put in place by way of an affidavit to protect the residents. She added that the affidavit would be enforced once the property was sold and that a continuance was needed to continue to work with the neighborhood to dispel misinformation.

Caleb James played a video recording of proposed negotiations that took place regarding the proposed zoning change and requested consideration for C-1 zoning.

Jack M. Finger spoke in opposition of delaying the proposed zoning change and requested that the case be decided today. He urged the City Council to deny the proposed zoning change.

Councilmember Andrews-Sullivan stated that this area has not had economic development in over 20 years. She noted that there were no health options, restaurants, hospitals, or urgent care centers near the entrance area of Fort Sam Houston. She added that the schools in the area needed to be protected so having a restaurant or liquor sales within the community and having potential drunk drivers was not something she would endorse as the City Council Representative for District 2. She stated that she took an oath of office to change the community and bring positive economic development to a community that was crime stricken, crime driven, and where the people were suffering. She noted that there was no economic advancement in the area. She added that she stands by the property owner's side but was also standing with the residents of District 2 to say they needed something new, something different, and something that was going to advance the area out of poverty.

Councilmember Andrews-Sullivan moved to continue Items P-1 and Z-1 until November 5, 2020. Councilmember Viagran seconded the motion. The motion prevailed by the following vote:

AYE: 11 - Mayor Nirenberg, Treviño, Andrews-Sullivan, Viagran, Rocha Garcia, Gonzales,

Councilmember Viagran thanked Zoning Commissioner Ms. McGee and the applicant for working with City Staff. She noted that the property was currently zoned at I-1 so they were effectively downzoning.
