

**FINANCE DEPARTMENT  
Certificate of Exemption Form**

Date: 05/31/2016

Originating Department: Aviation

The City is authorized under limited conditions to make procurements outside of the competitive solicitation process. Chapter 252 of the Local Government Code provides guidance regarding sixteen general exemptions from the competitive solicitation. Please select one exemption.

- a procurement made because of a public calamity that requires funds to relieve the needs of the residents or to preserve city property
- a procurement to preserve or protect the public health or safety of the city's residents
- a procurement necessary because of unforeseen damage to machinery, equipment or other property
- a procurement for personal, professional or planning services
- a procurement for work that is performed and paid for by the day as the work progresses
- a purchase of land or right-of-way
- a procurement of items available from only one source
- a purchase of rare books, papers and other materials for a public library
- paving, drainage, street widening and other public improvements or related matter where at least one-third of the costs are paid by special assessments
- a public improvement project which has been authorized but for which there is deficiency of funds to complete in accordance with the plans as authorized
- a payment under a contract by which a developer participates in the construction of a public improvement as provided by subchap. c, ch 212.
- personal property sold
- services performed by blind or severely disabled persons
- goods purchased by a municipality for subsequent retail sale by the municipality
- electricity
- advertising, other than legal notices

This Certificate of Exemption is executed and filed with the Finance Department as follows:

1. The undersigned is authorized to approve an exemption.
2. An exemption according to Section 252.022 of the Local Government Code exists. More specifically, the following event has occurred:

The Aviation Department is seeking a subscription to Dilo, a web-based aviation data portal, to provide domestic and international market data that is critical to the Airport's efforts to attract new flights. The subscription will include the following modules: 1) "MI" (Worldwide Airline Schedule data); 2) "FMd" (Domestic Market Size Data); 3) "FMI" (International Market Size Data); and 4) "QSI" (forecasting tool). Dilo LLC has a naturally occurring monopoly based on proprietary copyrighted material using algorithm searches. The Aviation Department seeks to issue a Request for Offer (RFO) to Dilo LLC on the basis of a sole source exemption due to Dilo being the sole provider of Dilo MI and its FMd, FMI, and QSI components and their support. Dilo is also the only provider that brings all datasets and tools together in a single one-stop service. Estimated annual costs are \$46,000.00 with a total contract value of \$230,000.00 for three years and two 1 year renewals.

3. Because the exemption stated above exists, the City of San Antonio intends to contract with Dilo, LLC which will cost approximately \$ 230,000 (5yrs).
