STATE OF TEXAS § FUNDING AGREEMENT OF THE CITY OF
§ SAN ANTONIO – Brooks Development
COUNTY OF BEXAR § Authority: Aeromedical Drive Phase 1

This Funding Agreement is hereby made and entered into by and between the CITY OF SAN ANTONIO (referred to as "City"), a Texas municipal corporation, acting by and through its City Manager pursuant to Ordinance No. 2015- ___ - ___ - ___ dated June 11, 2015, and BROOKS DEVELOPMENT AUTHORITY, a Texas Defense Base Authority established under 379B of the Texas Local Government Code (referred to as "Grantee"), acting by and through its duly authorized board of directors, and together referred to as the Parties.

WHEREAS, through City of San Antonio City Council by Ordinance 2012-12-12-0968 the City has committed to use its best efforts to provide up to \$12 million to BDA for public infrastructure improvements; and

WHEREAS, City of San Antonio City Council by Ordinance 2015- ___ - ___ - ___ approved \$1,050,000.00 in Certificates of Obligation to be sourced from the City's 14% return on investment from CPS Energy sales generated from Mission Solar Energy, LLC Project at Brooks City-Base; and

WHEREAS, through this Funding Agreement, the City's Transportation and Capital Improvement Department ("TCI") is designated as the managing City department for the oversight of the Funding Agreement; and

NOW THEREFORE, the Parties severally and collectively agree, and by the execution hereof are bound, to the mutual obligations herein contained and to the performance and accomplishment of the tasks hereinafter described.

I. TERM

1.01 The term of this Funding Agreement shall commence upon execution of the Funding Agreement by the City Manager or designee ("Effective Date") and continue until the earliest of the following: (a) October 31, 2016 (the "completion date"); or (b), termination of this Funding Agreement as otherwise provided in this Funding Agreement (the "Term").

II. GENERAL RESPONSIBILITIES OF GRANTEE

2.01 Provided Grantee receives the funding described in this Agreement, Grantee hereby accepts full responsibility for the performance of all services and activities described in this Agreement.

2.02 The project, for which Grantee is responsible, includes the construction of Aeromedical Drive Phase 1 ("Project") as described in Exhibit A. Grantee will complete the design and construction of the Project by approximately October 31, 2016 (the "completion date"). The project shall consist of a three-lane, un-divided roadway extending 540-feet south from Sidney Brooks to Junkin Dr. The proposed extension of Aeromedical Dr Phase 1 is classified as a Local B street with 40-feet of pavement and 60-feet of right-of-way. The proposed realignment of Aeromedical Drive will provide public street access to multi-family and single family developments as well as the existing site currently occupied by Texas A&M. The project will include street, drainage and utility infrastructure. If grantee fails to complete the Project as described in Exhibit A and by the completion date, then City may either terminate this Agreement in accordance with Article X of this Agreement or the City may at its discretion extend the completion date up to three years from the completion date. Approval of an extension of the completion date shall be in writing and authorized by the Director of TCI.

2.03 Current budget estimates of the Project are \$1,818,00.00, exclusive of City administrative fees and legal costs. Grantee shall provide all necessary funding for the Project beyond the City's commitment of \$1,050,000.00 less \$21,000.00 which will be retained by the City per Section 5.01. Grantee will provide evidence to City that all Project funds have been secured prior to the receipt of any funding under this Funding Agreement. In the event that the scope of the project is adjusted downward, the City shall have the option of adjusting its commitment downward accordingly. City is not responsible for any costs over the estimated amount of the Project unless agreed to in writing in the form of an amendment to this Funding Agreement.

2.04 Grantee will provide to City their plans and specifications for the Project, including a construction schedule ("Plans"), and such Plans shall be subject to the review and approval of City, acting in its capacity as grantor under this Funding Agreement. After approval by City, the Plans shall be attached and incorporated into this Funding Agreement as **Exhibit A**, and Grantee shall not make any substantial changes to the Plans without the prior written approval of City. The approvals given in this Section do not relieve Grantee of the burden of obtaining all necessary governmental approvals, including those provided by City through its relevant development departments and relevant boards and commissions including the Historic and Design Review Commission, and the State of Texas Commission on Environmental Quality (Article 9102). Nor does City's approval of the Plans release Grantee of the responsibility for the correction of Grantee's mistakes, errors or omissions contained in the Plans, including any mistakes, errors or omissions which may be the result of circumstances unforeseen at the time the Plans were developed or approved.

2.05 Grantee understands that all funds must be expended to achieve the stated public purpose of constructing the Project for public use. Grantee understands that the funding provided through this Funding Agreement cannot be expended on private administrative/office space. Grantee is responsible for tracking the use of funds accordingly. Any improvements that are not for public use and in accordance with this agreement will not be funded.

2.06 Grantee shall submit all future changes to the TCI Director or his or her designee for review and written approval to ensure their compatibility with the Plans.

2.07 City shall have authority to inspect the Project throughout the construction process to ensure compliance with the Plans. Grantee shall cause its design or construction professional to provide periodic certifications of construction certifying that construction has been conducted in compliance with the Plans. Upon request by City, any and all drawings must be certified by a qualified engineer or architect, licensed by the State of Texas and must conform to all applicable federal, state and local laws and regulations. Grantee shall submit said certification to the TCI Director or his or her designee at the completion of the Project construction. City shall have the right to withhold funding until such certifications are provided.

2.08 Unless written notification by Grantee to the contrary is received and approved by City, Grantee's Office of Project Management, ATTN: Jaime Lawhn shall be Grantee's designated representative responsible for the management of this Funding Agreement and the point of contact for City on all matters regarding this Funding Agreement.

III. COMPLIANCE WITH FEDERAL, STATE AND LOCAL LAWS

3.01 Grantee warrants and represents that it will comply with all Federal, State and Local laws and regulations and will use all reasonable efforts to ensure said compliance by any and all contractors and subcontractors that may work on the Project.

3.02 To the extent applicable, Grantee agrees to abide by Chapters 252, and 271 of the Texas Local Government Code, and Chapters 2254 and 2267 of the Texas Government Code or other competitive contracting processes allowed for as express exceptions to these laws.

3.03 Plans must conform to Americans with Disabilities Act requirements and must be approved by the Texas Department of Licensing and Regulation before construction may begin. Inspections and final approval shall be the responsibility of Grantee.

3.04 Prevailing Wage Rate and Labor Standards

Grantee agrees that its construction contractor will comply with City Ordinance No. 71312 and its successors such as Ordinance No. 2008-11-20-1045 and will require subcontractors to comply with City Ordinance 71312 and its successors such as Ordinance No. 2008-11-20-1045 and shall not accept affidavits.

B. In accordance with the provisions of Chapter 2258 and Ordinance No. 2008-11-20-1045, Grantee shall request upon advertisement of construction bids, and the City will provide Grantee with the appropriate wage determination which includes the general prevailing rate of per diem wages in this locality for each craft or type of workman needed to perform the construction work. The Grantee is required, and shall require its construction contractor and all subcontractors to comply with each updated schedule of the general prevailing rates in effect at the time the Grantee calls for bids for construction of a given phase. The Grantee is further required to cause the latest prevailing wage

determination decision to be included in bids and contracts with the Grantee's general contractor and all subcontractors for construction of each Phase. Grantee is responsible for and shall collect and monitor weekly certified payrolls and perform site visits to ensure the prevailing wage is being paid to all workmen. City will audit certified payroll records as necessary in accordance with this Funding Agreement.

C. Upon audit of the records and certified payrolls under this section, should the City or its auditors find any violations, the Grantee shall cause its Construction Contractor to forfeit as a penalty to the City \$60.00 for each laborer, workman, or mechanic employed, for each calendar day, or portion thereof, that such laborer, workman or mechanic is paid less than the said stipulated rates for any work done under said contract, by the Contractor or any subcontractor. The establishment of prevailing wage rates in accordance with Chapter 2258, Texas Government Code shall not be construed to relieve the Grantee from its obligation under any federal or state law regarding the wages to be paid to or hours worked by laborers, workmen or mechanics insofar as applicable to the work to be performed under this Funding Agreement.

3.05 Environmental - Construction shall be in accordance with all Federal, State, and local environmental requirements including all City applicable construction and development regulations.

In addition, purposes which are not permissible include, but are not limited to religious activities, restaurants, cafes, and retail stores.

IV. OWNERSHIP AND MAINTENANCE

4.01 Grantee hereby acknowledges that it will construct the Project in a manner consistent with use by the general public. 12.05 As they apply to the limits required by the City, the City shall be entitled, upon request and without expense, to receive copies of the policies, declaration page, and all endorsements thereto and may require the deletion, revision, or modification of particular policy terms, conditions, limitations, or exclusions (except where policy provisions are established by law or regulation binding upon either of the parties hereto or the underwriter of any such policies). Grantee shall be required to comply with any such requests and shall submit a copy of the replacement certificate of insurance to City at the address provided below within 10 days of the requested change. SBEDA
FUNDING AGREEMENT – AEROMEDICAL DRIVE PHASE I

I. SBEDA Ordinance Compliance Provisions

A. SBEDA Program

The CITY has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2010-06-17-0531 and as amended, also referred to as “SBEDA” or “the SBEDA Program”), which is posted on the City’s Economic Development (EDD) website page and is also available in hard copy form upon request to the CITY. The SBEDA Ordinance Compliance Provisions contained in this section of the Agreement are governed by the terms of this Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by the CITY pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this section of the Agreement shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

B. Contract Requirements and Commitment

GRANTEE understands and agrees that the following provisions shall be requirements of this Agreement, and by its execution, GRANTEE commits to comply with these requirements. In the absence of a waiver granted by the SBO, failure of GRANTEE to commit, through fully-documented and signed SBO-promulgated Commitment and Subcontractor/Supplier Utilization Plan forms, to satisfying the application of the SBE Prime Contracting Points to its evaluation criteria for solicitation or bid documents shall constitute default.

GRANTEE understands and agrees that GRANTEE is required to insert the provisions of this Article (*SBEDA Ordinance Compliance Provisions*, Sections A through H) into the solicitation and contract documents for its Prime Contractors. GRANTEE understands and agrees that GRANTEE is required to, and responsible for, Prime Contractor and Subcontractor compliance with all provisions of the SBEDA Ordinance and this Agreement including, but not limited to, obtaining all Utilization Documentation from GRANTEE's Prime Contractors and securing Prime GRANTEE and Subcontractor registration in City's CVR.

GRANTEE understands and agrees that the following provisions shall be requirements of this solicitation and the resulting Agreement, and by submitting this executed Agreement, GRANTEE commits to comply with these requirements.

Exception Request - A Respondent to the GRANTEE'S solicitation associated with the scope of work included in this Agreement may, for good cause, request an Exception to the application of the SBEDA Program if the Respondent submits the *Exception to SBEDA Program Requirements Request* form (available at <http://www.sanantonio.gov/SBO/Forms.aspx>) with its solicitation response to the GRANTEE. The Respondent's Exception request must fully document why: (1) the value of the contract is below the \$50,000.00 threshold for application of the SBEDA Program; or (2) no commercially-useful subcontracting opportunities exist within the contract scope of work; or (3) the type of contract is outside of the scope of the SBEDA Ordinance. **Late Exception Requests will not be considered.**

C. Definitions

Affirmative Procurement Initiatives (API) – Refers to various Small Business Enterprise, Minority Business Enterprise, and/or Women Business Enterprise (“S/M/WBE”) Program tools and Solicitation Incentives that are used to encourage greater Prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE program tools, see Section III. D. of Attachment A to the SBEDA Ordinance.)

Centralized Vendor Registration System (CVR) – a mandatory electronic system wherein the City requires all prospective Respondents, Prime Contractors and Subcontractors that are ready, willing and able to sell goods or services to the City to register. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

Certification or “Certified” – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City accepts any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6 of Attachment A.

Certification Application – this form shall be completed by vendors when applying for Certification and/or re-Certification status for participation in the City of San Antonio's S/M/WBE Program. This form shall be submitted, to the City's certifying agency, every two years by each certified vendor by the anniversary date of its original Certification.

Commercially Useful Function – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of a distinct element of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed. The use of S/M/WBE firms by GRANTEE to perform such “pass-through” or “conduit” functions that are not commercially useful shall be viewed by the CITY as fraudulent if GRANTEE attempts to obtain credit for such S/M/WBE participation towards the satisfaction of S/M/WBE participation goals or other API participation requirements. As such, under such circumstances where a Commercially Useful Function is not actually performed by the S/M/WBE firm, the GRANTEE shall not be given credit for the participation of its S/M/WBE Subcontractor or joint venture partner towards attainment of S/M/WBE utilization goals, and the GRANTEE and S/M/WBE firm may be subject to sanctions and penalties in accordance with the SBEDA Ordinance.

Control – the authority of a person or business owner to sign responses to solicitations and contracts, make price negotiation decisions, sell or liquidate the business and have the primary authority to direct the day-to-day management and operation of a business enterprise without interference from others.

Economic Inclusion – efforts to promote and maximize commercial transactions within, between and among all segments of the business population, regardless of race or gender, within the Relevant Marketplace.

Emerging SBE (ESBE) – a certified SBE corporation, partnership, sole proprietorship or other legal entity for the purpose of making a profit, which is independently owned and operated by Individuals legally residing in, or that are citizens of, the United States or its territories, that is no more than five years old at the time of its original certification as an ESBE or whose annual revenues and number of employees are no greater than 25% of the small business size standards for its industry as established by the U.S. Small Business Administration, that is actively enrolled in the Mentor-Protégé Program for its Industry (once established by the City), and meets the Significant Business Presence requirements as defined herein.

Emerging M/WBE – a certified M/WBE firm that is no more than five years old at the time of its original certification as an Emerging M/WBE that is actively enrolled in the M/WBE or SBE Mentor-Protégé Program for its industry (once established by the City), whose annual revenues

and number of employees are no greater than 25% of the small business size standards for its industry as established by the U.S. Small Business Administration, and meets the Significant Business Presence requirements as defined herein.

Goal Setting Committee (GSC) – a committee, or series of committees, appointed and chaired by the City Manager or designee from the Executive Team that includes, at a minimum, the Small Business Office Manager or designee, and the Director of Purchasing & General Services (P&GS) or Director of Transportation & Capital Improvements Department (TCI) or their designees, and the Director or designee of the Originating Department (if the Originating Department is neither P&GS nor TCI,) all without duplication of designees. The City Manager or designee may also appoint two ex-officio members of the Small Business Advocacy Committee to serve on any GSC purely in an advisory and non-voting capacity. The GSC establishes S/M/WBE Program Goals for the City of San Antonio (e.g., Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals) based upon Industry Categories, vendor availability and project-specific characteristics. The GSC also makes determinations about which Affirmative Procurement Initiatives (APIs) are to be applied to specific contracts based upon various criteria.

Good Faith Efforts – documentation of the GRANTEE's or Respondent's intent to comply with S/M/WBE Program Goals and procedures including, but not limited to, the following: (1) Utilization Documentation within a solicitation response or contract reflecting the Respondent's or GRANTEE'S commitment to comply with SBE or M/WBE Program Goals as established by the GSC for a particular contract; or (2) documentation of efforts made toward achieving the SBE or M/WBE Program Goals (e.g., timely advertisements in appropriate trade publications and publications of wide general circulation; timely posting of SBE or M/WBE subcontract opportunities on the City of San Antonio website; solicitations of bids/proposals/qualification statements from all qualified SBE or M/WBE firms listed in the Small Business Office's directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Contractor's posting of a bond covering the work of SBE or M/WBE Subcontractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Respondent or GRANTEE; and documentation of consultations with trade associations and consultants that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE Subcontractors.) The appropriate form and content of GRANTEE's Good Faith Efforts documentation shall be in accordance with the SBEDA Ordinance as interpreted in the SBEDA Policy & Procedure Manual.

Graduation – an SBE firm permanently graduates from the City of San Antonio SBE program when it meets the criteria for graduation set forth in Section III.E.7 of this Ordinance. A firm's graduation or temporary suspension from the SBE program does not necessarily affect its eligibility to be certified and to participate in the City's S/M/WBE Program as an M/WBE. An M/WBE firm permanently graduates from the M/WBE program when it meets the criteria for graduation as set forth in this Ordinance in Section III.E.7. An M/WBE firm that graduates from the M/WBE program is no longer eligible to participate in the Race-Conscious APIs as described

herein at Sections III D.2, D.4, D.6, D.8 & D.10 and is also ineligible to participate in the SBE program APIs at Sections III D.1, D.3, D.5, D.7 & D.9 of this Ordinance. However, a graduated M/WBE firm may continue to participate in and benefit from other Race-Neutral non-industry-specific remedies of the S/M/WBE Program as described in Section III.C of this Ordinance.

E. SBEDA Program Compliance – Affirmative Procurement Initiatives

The CITY has applied the following contract-specific Affirmative Procurement Initiative to this contract:

SBE Subcontracting Program. In accordance with SBEDA Ordinance Section III. D. 1. (c), this contract is being awarded pursuant to the SBE Subcontracting Program. GRANTEE agrees to subcontract at least *twenty-two (22%)* of the contract value to certified SBE firms headquartered or having a significant business presence within the San Antonio Metropolitan Statistical Area (SAMSA); and

M/WBE Subcontracting Program. In accordance with SBEDA Ordinance Section III. D. 2. (b), this contract is being awarded pursuant to the M/WBE Subcontracting Program. GRANTEE agrees to subcontract at least **sixteen percent (16%)** of the contract value to certified M/WBE firms headquartered or having a significant business presence within the San Antonio Metropolitan Statistical Area (SAMSA). This fifteen percent (16%) subcontracting goal will also count toward the aforementioned fifteen percent (22%) SBE subcontracting goal; and

Segmented M/WBE Goal. In accordance with SBEDA Ordinance Section III. D. 2. (d), this contract is being awarded pursuant to Segmented M/WBE Goals. GRANTEE agrees to

subcontract at least **one percent (1%)** contract value to certified African American Business Enterprise (AABE) firm(s) headquartered or having a significant business presence within the San Antonio Metropolitan Statistical Area (SAMSA). This one percent (1%) subcontracting goal will also count toward the aforementioned sixteen percent (16%) M/WBE subcontracting goal.

The Subcontractor / Supplier Utilization Plan that GRANTEE submitted to CITY for this contract (or, as appropriate, that it agrees to submit during the price proposal negotiation phase of this contract), and that contains the names of the certified SBE, M/WBE and AABE Subcontractors to be used by GRANTEE on this contract, the respective percentages of the total prime contract dollar value to be awarded and performed by each SBE, M/WBE and AABE Subcontractor, and documentation including a description of each SBE, M/WBE and AABE Subcontractor's scope of work and confirmation of each SBE, M/WBE and AABE Subcontractor's commitment to perform such scope of work for an agreed upon dollar amount is hereby attached and incorporated by reference into the material terms of this Agreement. In the absence of a waiver granted by the SBO, the failure of GRANTEE to attain this subcontracting goal for SBE, M/WBE and AABE firm participation in the performance of a Commercially Useful Function under the terms of its contract shall be a material breach and grounds for termination of the contract with the CITY, and may result in debarment from performing future CITY contracts, withholding of payment for retainage equal to the dollar amount of the underutilization below the agreed upon SBE, M/WBE and AABE subcontracting goal, and/or shall be subject to any other remedies available under the terms of this Agreement for violations of the SBEDA Ordinance, or under any other law.

Subcontractor Diversity: The City of San Antonio strongly encourages each firm to be as inclusive as possible, and to reach out to all segments of the M/WBE community in its efforts to exercise good faith in achieving the SBE subcontracting goal of 22%, the M/WBE subcontracting goal of 16% and AABE Subcontracting goal of 1% that have been established for this contract. While the relative availability of ready, willing, and able firms within various ethnic and gender categories will vary significantly from contract to contract based upon the particular trades that are involved, overall in the San Antonio Construction industry, as reflected in the City's Centralized Vendor Registration system for the month of March 2015, African-American owned firms represent approximately 2.76% of available subcontractors, Hispanic-American firms represent approximately 16.47%, Asian-American firms represent approximately 1.14%, Native American firms represent approximately 0.13%, and Women-owned firms represent approximately 4.91% of available construction subcontractors.

As part of such compliance, GRANTEE shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation or, on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring or commercial treatment of Subcontractors, vendors,

suppliers, or commercial customers, nor shall the company retaliate against any person for reporting instances of such discrimination. The company shall provide equal opportunity for Subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the CITY's Relevant Marketplace. The company understands and agrees that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in CITY contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party. GRANTEE's certification of its compliance with this Commercial Nondiscrimination Policy as submitted to the CITY pursuant to the solicitation for this contract is hereby incorporated into the material terms of this Agreement. GRANTEE shall incorporate this clause into each of its Subcontractor and supplier agreements entered into pursuant to CITY contracts.

G. Prompt Payment

Upon execution of this Agreement by GRANTEE, GRANTEE shall be required to submit to CITY accurate progress payment information with each invoice regarding each of its Subcontractors, including HUBZone Subcontractors, to ensure that the GRANTEE's reported subcontract participation is accurate. GRANTEE shall pay its Subcontractors in compliance with Chapter 2251, Texas Government Code (the "Prompt Payment Act") within ten days of receipt of payment from CITY. In the event of GRANTEE's noncompliance with these prompt payment provisions, no final retainage on the Prime Contract shall be released to GRANTEE, and no new CITY contracts shall be issued to the CONTRACTOR until the CITY's audit of previous subcontract payments is complete and payments are verified to be in accordance with the specifications of the Agreement.
