\* \* \* \* \*

**WHEREAS**, the San Antonio Water System Board of Trustees (“SAWS”) has determined that the acquisition of permanent easement rights to certain real properties located in Bexar County, Texas are necessary and desirable for the expansion and operation of the San Antonio Water System (the “System”) in connection with the construction, operation and maintenance of Indian Creek, Phase II Project (the “Project”), which Project includes the construction of a 0.8 miles of adjusted and replaced sewer and adjusted and replaced water mains located in southwest Bexar County along the route shown by the Overall Project Drawing marked **Exhibit A – 1** attached hereto and made a part hereof; and

**WHEREAS**, employees, agents and attorneys acting for the City of San Antonio, by and through the System, are in the process of investigating, surveying, defining and negotiating for the acquisition of such permanent easements (which shall include, for all purposes herein, any related rights of ingress and egress as may be needed) on behalf of the City of San Antonio; and
