5. Briefing and possible action on legislation filed in the 84th Regular State Legislative Session, an update on the status of proposed State legislation and its impact on the City of San Antonio. [Carlos Contreras, Assistant City Manager; Jeff Coyle, Director, Intergovernmental Relations]

Jeff Coyle presented a Power Point regarding the 84th Regular State Legislative Session noting that 4,736 bills had been filed as of March 11, 2015. He outlined the City of San Antonio Initiatives including: 1) G. J. Sutton Building; 2) Municipal Court; 3) Military Funding; 4) 3rd Trimester Syphilis Testing; 5) Missions Resolution; and 6) Local Procurement Preference. He highlighted bills of interest such as Alamo Funding, Transportation Network Companies, E-Cigarettes, Stormwater Fee Exemption for Independent School Districts (ISDs), Pre-K Funding, Truancy, Texting While Driving Ban, and Synthetic Marijuana. He spoke of the hearings related to the Erosion of Local Control noting that Senate Bill (SB) 474 would make eminent domain acquisition more expensive. He indicated that House Bill (HB) 555 would place additional limits on size and shape of property annexed by a governmental entity. He provided a schedule of upcoming hearings and a session timeline which concludes on June 1, 2015.

Mayor Taylor thanked staff for the presentation and called upon the citizens registered to speak.

George Alejos requested an update on any bills filed in the Legislative Session related to Smart Meters. He expressed concern with the dangers of Smart Meters and spoke of the individuals that could not afford to opt-out of the program.

Nazirite Ruben Flores Perez also expressed concerns with Smart Meters. He stated that he was supportive of funding for Pre-K Education but did not feel it should be provided by religious organizations.

Councilmember Viagran asked of the bill filed regarding Stormwater Fee Exemptions for ISDs. However, he stated that Pre-K was a priority for Governor Abbott and that they would continue to keep the City Council informed of pending legislation. Councilmember Saldaña asked of bills related to Body Worn Cameras. Mr. Coyle replied that there was an opportunity for partnership and funding through the State and that the bill would require every Police Department across the state to apply for a State Grant. He stated that those

entities awarded the grant would be required to implement policies, training, and a Body Worn Camera Program. He noted that the main concern was that it would be an unfunded mandate.

Councilmember Krier stated that it would be important for the City Council to support funding for The Alamo and the G. J. Sutton Building. He expressed concern with the Stormwater Fee Exemption for ISDs.

Mayor Taylor asked if the ISDs had been involved in the City's Process to restructure Stormwater Fees. Mrs. Sculley replied that Peter Zanoni and Mike Frisbie had been meeting with them and that they were proposing to freeze the rates so that they would never pay more than the current amount.

32. City Manager's Report

A. Center City Development Office Update - HOPE Program

Mrs. Sculley reported that the HOPE (Home Ownership Program for Employees) Program was created by City Council on June 14, 2012 to encourage full-time City employees to buy their first home within the center city. She stated that the HOPE Program provides employees with a loan for down payment and closing costs for first time homebuyers in San Antonio, which will be forgiven if the employee stays in the home and remains employed by the City of San Antonio for five years. She mentioned that as part of the program, eligible City Employees received \$10,000 of assistance if the house is located in the CRAG (Community Revitalization Action Group) Target Area or \$5,000 of assistance if the house is located in the ICRIP (Inner City Reinvestment and Infill Policy) Target Area. She indicated that the program was funded annually through the budget process and that Total City Investment in the program since 2012 was \$290,000. She reported that 29 City Employees representing 18 Departments had purchased their first home in San Antonio with assistance from the HOPE Program. She highlighted the HOPE Loans by Council District: 1) District 1 had eight loans; 2) District 2 had seven loans; 3) District 3 had eight loans; 4) District 5 had three loans; and 5) District 7 had three loans. She stated that another goal of the HOPE Program was to encourage other Center City employers to create similar housing assistance programs for their employees. In January 2014, the San Antonio Spurs Entertainment created a similar housing assistance program for employees who purchased or rented a home or apartment within a targeted area of the urban core, which includes area surrounding the AT&T Center and much of the Promise Zone. She reported that to date, 30 Spurs Employees have participated in the program. She noted that this month, Brooks City Base launched a program to provide financial assistance for employees who rent or buy a house within three miles of Brooks City Base. She stated that next steps include developing a fundraising strategy targeting private and foundation sources to obtain additional funds to continue the HOPE Program.

Mayor Taylor thanked Mrs. Sculley for the report and stated that she had recommended that staff implement the program. She encouraged other large institutions and employers to offer similar programs to their employees which could lessen traffic and improve air quality.
