Contract Summary Sheet

Date: 12/05/2013
Agenda Item: 13-960

Name/Title (Caption as shown on agenda): X Series Supplies for the Fire Department 6100003654 VF	
Brief Description of Item(s) and Use: This contract will provide the Emergency Medical Services Division (EMS) of the Fire Department with X Series monitor/defibrillator supplies for the cardiac monitors/defibrillators deployed on all EMS ambulances and first command respond vehicles. These supplies are required to maintain the X Series monitors/defibrillators purchased in FY 2013 at peak functionality whenever first responders are accessing a patient's cardiac rhythm, measuring patient vital signs, administering electric defibrillation charges when needed, and transmitting electrocardiogram (EKG) data to hospitals in advance of arrival. Supplies include cables, sensors, cuffs, probes and training supplies validated for compatibility to the X Series cardiac monitors/defibrillators.	
Total \$:	\$781,000.00 annually
Contract Period:	Upon award through September 30, 2015 with a one year renewal option
Method of Procurement:	Public Health or Safety Exemption
Price Trend:	New contract – no price history available
Contract Info:	Formal ___ Annual <u>X</u> Support/Maintenance ___ Lease ___
Recommended Contractor(s):	Bound Tree Medical LLC, 5000 Tuttle Crossing Blvd., Dublin, OH 43016 Item(s): 4 ZOLL Medical Corporation, 269 Mill Road, Chelmsford, MA 01824 Item(s): 1, 2, 3, and 5
Previous Contractor(s):	N/A
Comments:	NAS: Bound Tree Medical LLC – Items 1a and 1j are not validated by the manufacturer for compatibility and use with the X Series monitor/defibrillator. In FY 2013, the San Antonio Fire Department (SAFD) purchased 60 X Series 12 Lead cardiac monitors/defibrillators to provide cardiac assessment and subsequent treatment of patients experiencing cardiac arrest symptoms. These supplies will support the functionality of these cardiac monitors/defibrillators.
Anticipated Future Requirements and Action:	N/A
Procurement Alternative:	Should this contract not be approved, the EMS Division of the Fire Department would be required to purchase supplies as requirements arise. Without operational monitors/defibrillators, the EMS Division will not be able to provide critical cardiac treatment on patients who are experiencing cardiac arrest symptoms.
