STATEMENT:

TO: Historic & Design Review Commission

RE: Agenda Item 16: 222 Brooks Street
HDRC Case No.: 2021-165

The Conservation Society of San Antonio supports the finding of historic significance for 222 Brooks Street. The house meets at least three criteria for designation and is located in the center of an intact block of homes. The house conforms to the configuration shown on the 1896 Sanborn map and retains many original features, such as siding, fenestration, and decorative bargeboard in the north gable end. Landmark designation will allow the owner to take advantage of tax incentives and other funding opportunities while preserving the historic integrity of this lot.

Respectfully Submitted,

THE CONSERVATION SOCIETY OF SAN ANTONIO

Patti Zaiontz, President
