Proposals sent to City by facsimile or email shall be rejected.

Modified Proposals. Proposals may be modified provided such modifications are received prior to the time and date set for submission of proposals, and submitted in the same manner as original proposals. For hard copy proposals, provide a cover letter with the proposal, indicating it is a modified proposal and that the original proposal is being withdrawn. For electronic proposals, a modified proposal will automatically replace a prior proposal submission. See below for information on submitting Alternate Proposals.

City shall not be responsible for lost or misdirected proposals or modifications.

Respondents must sign the Signature Page on hard copy proposals and return the RFCSP document to City. For electronic proposals, Respondent's electronic submission, with accompanying affirmations, constitutes a binding signature for all purposes. Respondents are cautioned that they are responsible for the security of their log on ID and password, since unauthorized use could result in Respondent's being held liable for the submission.

The CVR form may be accessed at: <http://www.sanantonio.gov/purchasing/>. Respondents must identify the correct name of the entity that will be providing the goods and/or services under the contract. The proposal will be based on manufacturer's latest dated price list(s). Said price list(s) must denote the manufacturer, latest effective date and price schedule.

Specified items identified herein, if any, are for overall proposal evaluation and represent the commonly and most used items. Net prices entered for those specified items must reflect the actual price derived from quoted price list less all discounts offered.

Restrictions on Communication.

Respondents are prohibited from communicating with: 1) elected City officials and their staff regarding the RFCSP or proposals from the time the RFCSP has been released until the contract is posted as a City Council agenda item; and 2) City employees from the time the RFCSP has been released until the contract is awarded. These restrictions extend to "thank you" letters, phone calls, emails and any contact that results in the direct or indirect discussion of the RFCSP and/or proposal submitted by Respondent. Violation of this provision by Respondent and/or its agent may lead to disqualification of Respondent's proposal from consideration.

Exceptions to the restrictions on communication with City employees include:

Respondents may ask verbal questions concerning this RFCSP at the Pre-Submittal Conference.

Respondents may submit written questions, or objections to specifications, concerning this RFCSP to the Staff Contact Person listed on the Cover Page on or before 7 calendar days prior to the date proposals are due. Questions received after the stated deadline will not be answered. Questions submitted and City's responses will be posted with this solicitation. All questions shall be sent by e-mail or through the portal.

Respondents may provide responses to questions asked of them by the Staff Contact Person after proposals are received and opened. The Staff Contact Person may request clarification to assist in evaluating Respondent's response. The information provided is not intended to change the proposal response in any fashion. Such additional information must be provided within two business days from City's request. Respondents may also respond to requests by the Staff Contact Person for best and final offers, which do allow respondents to change their proposals. Requests for best and final offers will be clearly designated as such. During interviews, if any, verbal questions and explanations will be permitted. If interviews are conducted, respondents shall not bring lobbyists. The City reserves the right to exclude any persons from interviews as it deems in its best interests.

Respondents and/or their agents are encouraged to contact the Small Business Office of the International and Economic Development Department for assistance or clarification with issues specifically related to the City's Small Business Economic Development Advocacy (SBEDA) Program policy and/or completion of the SBEDA form(s), if any. The point of contact is identified on the Cover Page. Contacting the Small Business Office regarding this RFCSP after the proposal due date is not permitted. If this solicitation contains Affirmative Procurement Initiatives, it will be noted on the Cover Page.

If this solicitation contains DBE/ACDBE requirements, respondents and/or their agents may contact the Aviation Department's DBE/ACDBE Liaison Officer for assistance or clarification with issues specifically related to the DBE/ACDBE policy and/or completion of the required form(s). Point of contact is Ms. Lisa Brice, who may be reached via telephone at (210) 207-3505 or through e-mail at lisa.brice@sanantonio.gov. Respondents and/or their agents may contact Ms. Brice at any time prior to the due date for submission of proposals. Contacting her or her office regarding this RFCSP after the proposal due date is not permitted. If this solicitation contains DBE/ACDBE requirements, it will be noted on the Cover Page.

Respondents desiring a review of the solicitation process may submit a written request no later than seven (7) calendar days from the date letter was sent. The letter will indicate the name and address for submission of requests for review.

Pre-Submittal Conference.

If a Pre-Submittal Conference is scheduled, it will be held at the time and place noted on the Cover Page. Respondents are encouraged to prepare and submit their questions in writing in advance of the Pre-Submittal Conference in order to expedite the proceedings. City's responses to questions received by this due date may be distributed at the Pre-Submittal Conference and posted with this solicitation. Attendance at the Pre-Submittal Conference is optional, but highly encouraged. Site Tours, if any, will begin at the conclusion of the conference.

This meeting place is accessible to disabled persons. Call the Staff Contact Person for information on the location of the wheelchair accessible entrance, or to request an interpreter for the deaf. Interpreters for the deaf must be requested at least 48 hours prior to the meeting. For other assistance, call (210) 207-7245 Voice/TTY.

Any oral response given at the Pre-Submittal Conference that is not confirmed in writing and posted with this solicitation shall not be official or binding on the City.

Changes to RFCSP.

Changes to this RFCSP made prior to the due date for proposals shall be made directly to the original RFCSP. Changes are captured by creating a replacement version each time the RFCSP is changed. It is Respondent's responsibility to check for new versions until the proposal due date. City will assume that all proposals received are based on the final version of the RFCSP as it exists on the day proposals are due.

No oral statement of any person shall modify or otherwise change or affect the terms, conditions or specifications stated in the RFCSP.

Preparation of Proposals.

All information required by the RFCSP must be furnished or the proposal may be deemed non-responsive and rejected. Any ambiguity in the proposal as a result of omission, error, unintelligible or illegible wording shall be construed in the favor of City.

Proposal Format. Each proposal shall be typewritten, single spaced on 8 ½" x 11" white paper. If submitting a hard copy, place proposal inside a three ring binder or other securely bound fashion. The use of recycled paper and materials is encouraged. Unnecessarily elaborate brochures, artwork, bindings, visual aides, expensive paper or other materials beyond that sufficient to present a complete and effective submission are not required. Font size shall be no less than 12-point type. All pages shall be numbered and printed two-sided. Margins shall be no less than 1" around the perimeter of each page. A proposal response to the RFCSP General Information Form may not exceed pages in length. Websites or URLs shall not be submitted in lieu of the printed proposal or electronic submission through City's portal. Each proposal must include the sections and attachments in the sequence listed in the RFCSP Instructions to Respondents Part B - Submission Requirements, and each section and attachment must be indexed and, for hard copy submission, divided by tabs and indexed in a Table of Contents page. For electronic submissions, whether through the portal, or on a CD, each separate section should be attached as a separate file. Failure to meet the above conditions may result in disqualification of the submission or may negatively affect scoring.

Correct Legal Name. If Respondent is found to have incorrectly or incompletely stated the name of the entity that will provide goods and/or services, the proposal may be rejected.

Line Item Proposals. Any proposal that is considered for award by each unit or line item must include a price for each unit or line item for which Respondent wishes to be considered. All proposals are awarded on the basis of low line item, low total line items, or in any other combination that serves the best interest of City, unless City designates this solicitation as an "all or none" proposal in the Supplemental Terms & Conditions.

All or None Bid. Any proposal that is considered for award on an "all or none" basis must include a price for all units or line items. In an "All or None" bid, a unit price left blank shall result in the proposal being deemed nonresponsive and disqualified from consideration. An "All or None" bid is one in which City will award the entire contract to one respondent only.

Delivery Dates. Proposed delivery dates must be shown in the proposal where required and shall include weekends and holidays, unless specified otherwise in this RFCSP. Proposed delivery times must be specific. Phrases such as "as required", "as soon as possible" or "prompt" may result in disqualification of the proposal. Special delivery instructions, if any, may be found in the Specifications / Scope of Services section of this document, or in the Purchase Order.

Tax Exemption. The City of San Antonio is exempt from payment of federal taxes, and State of Texas limited sales excise and use taxes. Respondents must not include such taxes in proposal prices. An exemption certificate will be signed by City where applicable upon request by Respondent after contract award.

Description of Supplies.

Any brand names, catalog or manufacturer's reference used in describing an item is merely descriptive, and not restrictive, unless otherwise noted, and is used only to indicate quality and capability desired.

Proposals submitted for comparable items must clearly identify the proposed product, model, and type, as applicable, and shall include manufacturer specification sheet(s) for each proposed item with proposal response. Product specifications shall be the most current available and be sufficiently detailed and descriptive so as to permit City to determine the item's suitability and compliance with proposal specifications. City shall be the sole judge of equality and suitability of comparable items.

Pro-rata adjustments to packaging and pricing may be allowed at the sole discretion of City.

Samples, Demonstrations and Pre-award Testing. If requested by City, Respondent shall provide product samples, demonstrations, and/or testing of items proposed to ensure compliance with specifications prior to award of the contract. Samples, demonstrations and/or testing must be provided within 7 calendar days of City's request. Failure to comply with City's request may result in rejection of a proposal. All samples (including return thereof), demonstrations, and/or testing shall be at Respondent's expense. Samples will be returned upon written request. Requests for return of samples must be made in writing at the time the samples are provided. Otherwise, samples will become property of City at no cost to City. Samples that are consumed or destroyed during demonstrations or testing will not be returned.

Estimated Quantities for Annual Contracts.

Designation as an "annual" contract is found in the contract's title on the Cover Page of this document. The quantities stated are estimates only and are in no way binding upon City. Estimated quantities are used for the purpose of evaluation. City may increase or decrease quantities as needed. Where a contract is awarded on a unit price basis, payment shall be based on the actual quantities supplied.

Respondents shall thoroughly examine the drawings, specifications, schedule(s), instructions and all other contract documents.

Respondents shall make all investigations necessary to thoroughly inform themselves regarding plant and facilities for delivery of material and equipment, or conditions and sites/locations for providing goods and services as required by this RFCSP. No plea of ignorance by Respondent will be accepted as a basis for varying the requirements of City or the compensation to Respondent.

Confidential or Proprietary Information. All proposals become the property of City upon receipt and will not be returned. Any information deemed to be confidential by Respondent should be clearly noted; however, City cannot guarantee that it will not be compelled to disclose all or part of any public record under the Texas Public Information Act, since information deemed to be confidential by Respondent may not be considered confidential under Texas law, or pursuant to a Court order.

Interlocal Participation.

City may engage in cooperative purchasing with other governmental entities or governmental cooperatives ("Entity" or "Entities") to enhance City's purchasing power. At City's sole discretion and option, City may inform other Entities that they may acquire items listed in this RFCSP. If this contract will be subject to cooperative purchasing, such fact will be indicated in the Supplemental Terms and Conditions portion of this RFCSP. Such acquisition(s) shall be at the prices stated in the proposal, and shall be subject to Respondent's acceptance. Entities desiring to acquire items listed in this RFCSP shall be listed on a rider attached hereto, if known at the time of issuance of the RFCSP. City may issue subsequent riders after contract award setting forth additional Entities desiring to utilize this proposal.

Respondent must sign and submit the rider, if attached to this RFCSP, with its proposal, indicating whether Respondent wishes to allow other Entities to use its proposal. Respondent shall sign and return any subsequently issued riders within ten calendar days of receipt. Respondent's decision on whether to allow other Entities to use the proposal shall not be a factor in awarding this RFCSP.

Costs of Proposing. Respondent shall bear any and all costs that are associated with the preparation of the Proposal, attendance at the Pre-Submittal conference, if any, or during any phase of the selection process.

Rejection of Proposals.

City may reject any and all proposals, in whole or in part, cancel the RFCSP and reissue the solicitation. City may reject a proposal if:

Respondent misstates or conceals any material fact in the proposal; or

The proposal does not strictly conform to law or the requirements of the solicitation;

The proposal is conditional; or

Any other reason that would lead City to believe that the proposal is non-responsive or Respondent is not responsible.

City, in its sole discretion, may also waive any minor informalities or irregularities in any proposal, such as failure to submit sufficient proposal copies, failure to submit literature or similar attachments, or business affiliation information.

Variations and Exceptions to Proposal Terms. In order to comply with State law, respondents must submit proposals on the same material terms and conditions. Proposals that contain material variations or exceptions to the terms and conditions, including additional terms and conditions, will be rejected.

Changes to Proposal Form. Proposals must be submitted on the forms furnished, where forms are provided. Proposals that change the format or content of City's RFCSP will be rejected.

Withdrawal of Proposals. Proposals may be withdrawn prior to the due date for submission. Written notice of withdrawal shall be provided to the City Clerk for proposals submitted in hard copy. Proposals submitted electronically may be withdrawn electronically.

Proposal Opening. Proposals will be opened publicly and the names of the respondents read aloud at 2:30 P.M. on the day the proposals are due. Proposal openings are held at Purchasing & General Services, Riverview Tower, 11th floor, 111 Soledad, Suite 1100, San Antonio, Texas 78205. However, in accordance with state law, the contents will not be revealed until after the contract is awarded.

Evaluation and Award of Contract.

Per Section §252.043 of the Texas Local Government Code, the contract will be awarded to the responsible offeror whose proposal is determined to be the most advantageous to City, considering the relative importance of price and the other evaluation factors included in this RFCSP.

City reserves the right to make an award on the basis of low line item, low total line items, or in any other combination that serves the best interest of City, unless City designates this solicitation as an "all or none" proposal in the Supplemental Terms & Conditions.

A written award of acceptance (manifested by a City Ordinance) and Purchase Order furnished to Respondent results in a binding contract without further action by either party. Vendor must have the Purchase Order before making any delivery.

City reserves the right to utilize historical usage data as a basis for evaluation of proposals when future usages are unable to be determined.

City reserves the right to delete items prior to the awarding of the contract, and purchase said items by other means.

Inspection of Facilities/Equipment.

Depending on the nature of the RFCSP, Respondent's facilities and equipment may be a determining factor in making the proposal award. All respondents may be subject to inspection of their facilities and equipment.

Prospective respondents must prove beyond any doubt to the City Purchasing Administrator that they are qualified and capable of performing the contract's requirements.

Prompt Payment Discount.

Provided Respondent meets the requirements stated herein, City shall take Respondent's offered prompt payment discount into consideration. The evaluation will not be based on the discount percentage alone, but rather the net price as determined by applying the discount to the proposal price, either per line item or total proposal amount. However, City reserves the right to reject a discount if the percentage is too low to be of value to City, all things considered. City may also reject a discount if the percentage is so high as to create an overly large disparity between the price City would pay if it is able to take advantage of the discount and the price City would pay if it were unable to pay within the discount period. City may always reject the discount and pay within the 30 day period, at City's sole option.

City will not consider discounts that provide fewer than 10 days to pay in order to receive the discount.

For example, payment terms of 2% 5, Net 30 will NOT be considered in proposal evaluations or in the payment of invoices. However, payment terms of 2% 10, Net 30 will result in a two percent reduction in the proposal price during proposal evaluation, and City will take the 2% discount if the invoice is paid within the 10 day time period.

Prohibited Financial Interest.

The Charter of the City of San Antonio and its Ethics Code prohibit a City officer or employee, as those terms are defined in the Ethics Code, from having a financial interest in any contract with City or any City agency such as City-owned utilities. An officer or employee has a "prohibited financial interest" in a contract with City or in the sale to City of land materials, supplies or service, if any of the following individual(s) or entities is a party to the contract or sale: the City officer or employee; his parent, child or spouse; a business entity in which he or his parent, child or spouse owns ten (10) percent or more of the voting stock or shares of the business entity, or ten (10) percent or more of the fair market value of the business entity; or a business entity in which any individual or entity above listed is a subcontractor on a City contract, a partner or a parent or subsidiary business entity.

Conflict of Interest.

Effective January 1, 2006, Chapter 176 of the Texas Local Government Code requires that persons, or their agents, who seek to contract for the sale or purchase of property, goods, or services with the City, shall file a completed conflict of interest questionnaire with the City Clerk not later than the 7th business day after the date that the person: (1) begins contract discussions or negotiations with the City; or (2) submits to the City an application, response to a request for proposals or proposals, correspondence, or another writing related to a potential agreement with the City. The conflict of interest questionnaire form is available from the Texas Ethics Commission at www.ethics.state.tx.us. Completed conflict of interest questionnaires may be mailed or delivered by hand to the Office of the City Clerk. If mailing a completed conflict of interest questionnaire, mail to: Office of the City Clerk, P.O. Box 839966, San Antonio, TX 78283-3966. If delivering a completed conflict of interest questionnaire, deliver to: Office of the City Clerk, City Hall, 2nd floor, 100 Military Plaza, San Antonio, TX 78205." Respondent should consult its own legal advisor with questions regarding the statute or form. Do not include this form with your proposal. The Purchasing Division will not deliver the form to the City Clerk for you.

004 - SCOPE OF SERVICES

Background

The City of San Antonio, Aviation Department (City) seeks an experienced passenger transportation provider to operate a high quality, 24 hours a day, 7 days a week (24/7) scheduled bus service for San Antonio International Airport (SAT). Service will be primarily for Long Term Garage (LT Garage) Bus Service during the construction of the Consolidated Rent A Car Facility (ConRAC). The Garage/Terminals Circuit will operate from the LT Garage to Terminals A and B for both departing and arriving passengers during the demolition of the Hourly Garage and construction of the ConRAC. In addition, Contractor shall provide Supplemental Services, when requested, to shuttle public and/or employee parking patrons between the airport terminals and the Green and Red Parking Lots (collectively referred to as "Outlying Lots") at SAT.

Long Term Garage Bus Service

The existing Hourly Garage will be demolished to make way for the construction of a ConRAC. This work is anticipated to start in June, 2015. During the construction period, passengers using SAT will have a number of choices for parking, including the LT Garage. Throughout the construction project, pedestrian access to the Terminals from the LT Garage will be limited or non-existent at times. Although there are plans to construct a public access walkway, the accessibility of the walkway may be restricted during different phases of the construction project and it will not be initially available at the onset of the project demolition. SAT will provide strategically placed bus stops in the LT Garage and will have designated drop-off and pick-up areas at the terminals (as shown on Attachments H & I). Customers will have the option of walking from the LT Garage to the Terminals when the pathway is accessible or they may take advantage of the busing services.

At various times during the contract period, LT Garage Bus Service levels may change depending upon the flow of passengers, availability of walkways to and from the terminals, and airline changes or consolidations. As the ConRAC facility progresses through the construction phases, and new public parking spaces become available close to the terminals, the need for busing services may decrease or be phased out entirely prior to the end of the contracted period.

The City will guarantee payment for 2,200 hours per month for Months 1 through 20, regardless of the actual hours performed. Before the expiration of Month 18, City will give Contractor notice of extension for either: 1) LT Garage Bus Service beyond 20 months, without any guarantee of hours, or 2) cancellation of LT Garage Bus Services after Month 20.

Supplemental Service

The City operates a fleet of buses and employs drivers to transport patrons to and from the Airport terminals and Outlying Lots (as shown on Attachment J). From time to time, there is a need to supplement these services when buses are out of service or drivers are not available.

The Services to be provided by Contractor will allow the City to respond to peak demand periods and also to maintain the required level of service should the City experience equipment failure or shortage of qualified drivers. Historically, peak demand periods are within the summer months on Tuesdays through Thursdays, during the Thanksgiving holiday period, Christmas/New Year's holiday period, the week of Spring Break, and occasionally for special events. The augmentation and termination of Supplemental Services for designated "peak periods" will be fluid, based on customer demand that creates a full capacity condition in the Airport's LT Garage; however, when possible, City will provide Contractor with a schedule up to two weeks in advance.

The Green Lot is a 1500 space surface lot bordered by Northern Blvd., John Saunders St., Dee Howard Way, and Airport Blvd. Bus access to the Lot is via a two-way access-controlled point off John Saunders St., directly across (east) from the Avis Car Rental location entrance. The City operates the Green Lot twenty-four hours a day, seven days a week, for employee parking. In addition, the Green Lot is opened to the public when needed to accommodate overflow parking during peak demand periods. Future plans for this lot include moving the employee parking to an alternate location that will not require bus service so that the entire lot will be used for public parking. This will begin at the same time that the construction of the ConRAC starts.

The Red Lot is a 500 space public parking lot located on Northern Boulevard east of Airport Boulevard and bordered by the airfield perimeter fence.

When called for Supplemental Service, Contractor may not use or reduce LT Garage Bus Services.

As a condition of such consent, if such consent is granted, Vendor shall remain liable for completion of the services and provision of goods outlined in this contract in the event of default by the successor vendor, assignee, transferee or subcontractor. Any attempt to transfer, pledge or otherwise assign this Contract without said written approval, shall be void ab initio and shall confer no rights upon any third person.

Vendor shall retain any and all Documents produced as a result of services provided hereunder for a period of four years ("Retention Period") from the date of termination of the contract. If, at the end of the Retention Period, there is litigation or other questions arising from, involving or concerning these Documents or the services provided hereunder, Vendor shall retain the records until the resolution of such litigation or other such questions. Vendor acknowledges and agrees that City shall have access to any and all such Documents at any and all times, as deemed necessary by City, during said Retention Period. It is also the intention of the parties hereto that in lieu of each clause or provision of this contract that is invalid, illegal, or unenforceable, there be added as a part of the contract a clause or provision as similar in terms to such invalid, illegal or unenforceable clause or provision as may be possible, legal, valid and enforceable.

Compliance with Law. Vendor shall provide and perform all services required under this Agreement in compliance with all applicable federal, state and local laws, rules and regulations.

Non-waiver of Performance. Unless otherwise specifically provided for in this Agreement, a waiver by either Party of a breach of any of the terms, conditions, covenants or guarantees of this Agreement shall not be construed or held to be a waiver of any succeeding or preceding breach of the same or any other term, condition, covenant or guarantee herein contained. Further, any failure of either Party to insist in any one or more cases upon the strict performance of any of the covenants of this Agreement, or to exercise any option herein contained, shall in no event be construed as a waiver or relinquishment for the future of such covenant or option. In fact, no waiver, change, modification or discharge by either party hereto of any provision of this Agreement shall be deemed to have been made or shall be effective unless expressed in writing and signed by the party to be charged. No act or omission by a Party shall in any manner impair or prejudice any right, power, privilege, or remedy available to that Party hereunder or by law or in equity, such rights, powers, privileges, or remedies to be always specifically preserved hereby.

Vendor shall provide equal opportunity for subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the City's Relevant Marketplace. Vendor understands and agrees that a material violation of this clause shall be considered a material breach of this agreement and may result in termination of this agreement, disqualification of Vendor from participating in City contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party. Vendor shall include this nondiscrimination clause in all subcontracts for the performance of this contract.

Delinquent Taxes. In the event that Vendor is or subsequently becomes delinquent in the payment of taxes owed to the City of San Antonio, the City reserves the right to deduct any delinquent taxes from payments that the City may owe to the delinquent Vendor as a result of this contract.

C. Definitions

Affirmative Procurement Initiatives (API) – Refers to various Small Business Enterprise, Minority Business Enterprise, and/or Women Business Enterprise ("S/M/WBE") Program tools and Solicitation Incentives that are used to encourage greater Prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE program tools, see Section III. D. of Attachment A to the SBEDA Ordinance.)

Certification or "Certified" – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City accepts any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6 of Attachment A.

Centralized Vendor Registration System (CVR) – a mandatory electronic system wherein the City requires all prospective Respondents and Subcontractors that are ready, willing and able to sell goods or services to the City to register. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used

by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

Commercially Useful Function – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of a distinct element of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed. The use of S/M/WBE firms by CONTRACTOR to perform such “pass-through” or “conduit” functions that are not commercially useful shall be viewed by the CITY as fraudulent if CONTRACTOR attempts to obtain credit for such S/M/WBE participation towards the satisfaction of S/M/WBE participation goals or other API participation requirements. As such, under such circumstances where a commercially useful function is not actually performed by the S/M/WBE firm, the CONTRACTOR shall not be given credit for the participation of its S/M/WBE subcontractor or joint venture partner towards attainment of S/M/WBE utilization goals, and the CONTRACTOR and S/M/WBE firm may be subject to sanctions and penalties in accordance with the SBEDA Ordinance.

Evaluation Preference – an API that may be applied by the Goal Setting Committee (“GSC”) to Construction, Architectural & Engineering, Professional Services, Other Services, and Goods and Supplies contracts that are to be awarded on a basis that includes factors other than lowest price, and wherein responses that are submitted to the City by S/M/WBE firms may be awarded additional Points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime CONTRACTORS or Respondents.

Good Faith Efforts – documentation of the CONTRACTOR’s or Respondent’s intent to comply with S/M/WBE Program Goals and procedures including, but not limited to, the following: (1) documentation within a solicitation response reflecting the Respondent’s commitment to comply with SBE or M/WBE Program Goals as established by the GSC for a particular contract; or (2) documentation of efforts made toward achieving the SBE or M/WBE Program Goals (e.g., timely advertisements in appropriate trade publications and publications of wide general circulation; timely posting of SBE or M/WBE subcontract opportunities on the City of San Antonio website; solicitations of bids/proposals/qualification statements from all qualified SBE or M/WBE firms listed in the Small Business Office’s directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Contractor’s posting of a bond covering the work of SBE or M/WBE Subcontractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Respondent; and documentation of consultations with trade associations and consultants that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE Subcontractors.) ADDENDUM I

SUBJECT: Request for Competitive Sealed Proposals, Annual Contract for Temporary Busing Services for the San Antonio International Airport, (RFCSP 6100005267), Scheduled to Open: March 2, 2015. Date of Issue: January 30, 2015.

FROM: Paul J. Calapa
Procurement Administrator

DATE: February 18, 2015

THIS NOTICE SHALL SERVE AS ADDENDUM NO. I TO THE ABOVE REFERENCED REQUEST FOR COMPETITIVE SEALED PROPOSALS

THE ABOVE MENTIONED REQUEST FOR COMPETITIVE SEALED PROPOSALS IS HEREBY AMENDED AS FOLLOWS:

1. Change: Proposal due date and time is extended to Monday, March 9, 2015 at 2:00 p.m. Central Time.
2. Change: RFCSP, Attachment A, Part Three – Proposed Plan, second bullet – Staffing Plan, is amended as follows:
 - **Staffing Plan** – Describe the proposed plan, to include the following
 - An organizational chart showing positions for managers, drivers, mechanics and all other personnel assigned to the contract.
 - Job description for each position identified in organizational chart, including all certificates, licenses, and registrations required for the job.

QUESTIONS SUBMITTED IN ACCORDANCE WITH RFCSP SECTION 003, INSTRUCTIONS FOR RESPONDENTS: PRE-SUBMITTAL CONFERENCE:

On February 10, 2015, the City of San Antonio hosted a Pre-Submittal Conference to provide information and clarification for Temporary Busing Services Request for Competitive Sealed Proposals. Below is a list of questions that were asked at the pre-submittal conference. The City's official response to questions asked is as follows:

- Question 1: How many buses is the City expecting the Contractor to provide?
Response: Contractors shall propose the number of buses that would be necessary to meet the quality of service that the City is looking for.
- Question 2: If submitting electronically, is the bid bond the only thing that needs to go to the Office of the City Clerk?
Response: Yes.

Question 3: If the Prime Contractor does not qualify as a Small Business Enterprise (SBE), is there something else they can do to receive the SBEDA points?

Response: No. To be eligible to receive fifteen (15) evaluation preference points the Prime respondents must be certified as Small Business Enterprises (SBEs) and must propose by documenting on the Subcontractor/Supplier Utilization Commitment Form that at least 51% of the contract shall be self-performed or shall be subcontracted to other certified SBEs. To be SBEDA eligible SBEs, prime respondents must be certified as SBEs through the South Central Texas Regional Certification Agency (SCTRCA) and be headquartered or demonstrate "significant business presence" (20% of total company employees) regularly based in the SAMSA (Atascosa, Bandera, Bexar, Comal, Guadalupe, Kendall, Medina, or Wilson) for at least one year. All prime respondents must **sign and submit** the Subcontractor/Supplier Utilization Form with their proposal, even if they are not eligible to receive the evaluation preference points.

Question 4: Can the prime contractor joint venture with an SBE to receive the points?

Response: No. SCTRCA does not certify joint ventures. Therefore, a joint venture is NOT eligible for SBE Prime Contractor Program evaluation points.

Question 5: Can the prime contractor receive SBEDA points if they subcontract to SBE firms?

Response: No evaluation criteria percentage points will be awarded to non-SBE Prime Contractors through subcontracting to certified SBE firms.

Question 6: Will Contractors be required to do a presentation?

Response: The evaluation committee will determine if presentations/interviews are necessary.

**THIS NOTICE SHALL SERVE AS ADDENDUM NO. I TO THE ABOVE REFERENCED REQUEST FOR
COMPETITIVE SEALED PROPOSALS**

**QUESTIONS RECEIVED IN ACCORDANCE WITH RFCSP SECTION 003, INSTRUCTIONS FOR
RESPONDENTS: RESTRICTIONS ON COMMUNICATION:**

Question 1: Can the City provide vehicle ingress and egress volume counts broken out by hour for all parking locations impacted in the construction so we can back into how many shuttles and staffing levels will be needed and what size?

Response: Exhibit A to this Addendum II shows examples of Occupancy by hour and Exits per hour/by station for February 18, 2015. This day represents a typical pattern for a regular average day. Higher and lower demands for parking are typical at SAT as at most airports. Early morning demand is greater for incoming and by evening, the traffic flows out. Monday and Tuesday are heavy incoming parking days while Thursday, Friday, and Sunday nights are busy exiting evenings. The heaviest exit days of the year are the Sunday after Thanksgiving and the week between Christmas and New Year's.

Question 2: Are drivers required to assist with luggage?

Response: They are not required to assist with luggage but are certainly encouraged to do so.

Question 3: Both of the following statements were taken from the RFCSP and are contradictory. Can you please confirm which is correct?

“Vehicles must not exceed 18 passenger size and can be no more than 10 feet in height. Perimeter seating is preferred.”

“Buses must have a seating capacity of between fourteen to thirty passengers.”

Response: Both statements are correct. The first statement (“Vehicles must not exceed 18 passenger size and can be no more than 10 feet in height. Perimeter seating is preferred.”) applies to the buses used for Long Term Garage Bus Service. The second statement (“Buses must have a seating capacity of between fourteen to thirty passengers.”) applies to buses used for Supplemental Services.

Question 4: Will there be an annual increase allowed in the rate charged to the City for the services if it is extended beyond the 20 months?

Response: RFCSP Attachment B, Price Schedule, Item 1.c, provides Contractor the opportunity to increase prices for Month 21 and beyond.

- Question 5: Are employees required to pay for parking?
Response: Parking for Contractor's employees will be available in the Airport Employee Parking lot at the established rate of \$30 per month and will be the Selected Contractor's (or Selected Contractor's employee) responsibility.
- Question 6: Please provide clarification on page 16 "SAePS Electronic Catalog Options". Does this apply to this RFCSP?
Response: No.
- Question 7: Is there a DBE requirement with this contract (since there may be federal dollars utilized), if so, then would you please clarify. I attended the pre-proposal in case there was a small business requirement and one of the primes was looking for supplemental staff for this contract. We are also DBE certified.
Response: No DBE requirement but there is a SBEDA requirement (see response to Question 1 in Addendum I).
- Question 8: Please clarify the ADA shuttle requirement. Does every shuttle have to be ADA equipped or can a percentage of the fleet be ADA equipped?
Response: Yes, the City requires that all shuttles are ADA compliant.
- Question 9: Does City perform hourly passenger counts for the employee shuttle service? If so, could these counts be provided?
Response: The employee shuttle counts are not relevant to this project and would not help in determining need for buses to provide Supplemental Services. Supplemental Services will be serving public passengers only. In June, employees will be moving to a parking lot that is adjacent to the terminals and within walking distance.
- Question 10: Does City have any requirements as to what type of fuel the shuttles need to use for operation?
Response: No.
- Question 11: Please clarify the following statement from page 12 of the RFCSP, "The City will guarantee payment of 2200 hours per month" Is this a minimum or maximum?
Response: Minimum. The City will pay for 2,200 hours per month in Months 1 – 20, even if actual hours performed in any given month are fewer than 2,200.
- Question 12: Please clarify that the current employee parking (green) lot will be available for over flow parking including all 1500 spaces?
Response: Yes it will be available by the start of the busing contract for public parkers only.
- Question 13: Does the City have overnight inventory counts for all days that overflow parking was utilized in 2013 and 2014? If so, could they be provided?
Response: The City does not have the requested counts.
- Question 14: What was the total number of available parking spaces (including overflow) for 2013 and 2014?
Response: Total public parking spaces for 2013/2014 was 7,232.
- Question 15: Once the 1256 Hourly Garage spaces are taken out of service for construction, what is the projected total available parking spaces for the entire airport including overflow?
Response: The number of available public parking will actually increase due to some additional surface lot improvements that are planned to be completed prior to the contract start date. Total public parking spaces for 2015/2016 is estimated to be 7,650.

Question 16: Please clarify the maximum height and passenger seating for shuttles that will be entering into and driving through LT Garage?

Response: RFCSP Section 004-Scope of Services, Scope of Work, Long Term Garage Bus Service, paragraph 3 (Page 15 of 58), "Vehicles must not exceed 18 passenger size and can be no more than 10 feet in height." This is due to clearance and turning radius issues in the garage.

- Question 1: Currently the city is requiring a \$2,000,000 performance bond. Is this an annual bond or for the term of the agreement?
Response: The current bond requirement is for the term of the agreement. However, see change to Performance Bond requirement in Item B above.
- Question 2: Bonding companies typically won't write bonds for more than one year. Therefore can the bond be reduced to \$1,000,000 to be renewed annually?
Response: No. However, see change to Performance Bond requirement in Item B above.
- Question 3: Regarding the section titled "Financial Information" can we submit up to date bank references, letters of credit through our banks and audited financial statements in lieu of a D&B report?
Response: Yes.
- Question 4: In order to determine how many shuttles and the size we need to purchase or lease, can City provide an estimate of how many times a week we will be dispatched to the Outlying lots?
Response: The requirements for the Supplemental Service are unpredictable. In the past we have needed Supplemental Services around the Thanksgiving and Christmas holidays for one or two 8 hour shifts per day. The Supplemental Services will be changing from serving the employee shuttle needs to providing busing for public parkers with bags. For City operations, we are removing the large 26 passenger buses and replacing them with 18 passenger buses with internal luggage racks. The racks fill fast and we don't want to make customers wait too long so the smaller buses are what we have determined is needed. City estimates Supplemental Services will increase. To provide the expected level of service, Respondent should plan to assist the City with at least one bus/driver for 16 hours per day M-F throughout the contract.
- Question 5: Please confirm that all shuttles to be used in the airport operation are to be dedicated to the airport operation fulltime with the exception of the Supplemental Services shuttles?
Response: It is Aviation's desire that a core fleet of vehicles be dedicated to the contract. We understand the logistics of doing that for 100% of the needs so all shuttles do not have to be dedicated to the Airport Operations 100% of the time. We only need the shuttles to be properly identified while on the Aviation Route and that can be accomplished with magnetic signage for the exterior.
- Question 6: If the city terminates the contract prior to the 20 month term will the City pay for the remaining balance of the shuttles?
Response: The City will not pay for the shuttles. Instead, per the guarantee, if the contract is cancelled after Notice to Proceed but before the end of Month 20, the City will pay for 2,200 hours per month for any remaining months between the effective date of termination up to and including Month 20. Partial months will be paid out on a prorated basis according to the following formula: $2,200 / \# \text{ of Days in Month Being Prorated} \times \text{Number Days in Partial Month}$.
- Question 7: So we can provide competitive pricing for the On Demand Supplemental Service, please provide the estimated total of billable hours needed over the length of the contract?
Response: There are unpredictable circumstances that will drive the demand for supplemental busing services. Based on the answer provided in Question #2 to plan for one driver and bus 16 hours each day, the number of billable hours may be up to 5,480 hours annually.
- Question 8: If 14 passenger shuttles are proposed, could the CDL Driver requirement be amended?
Response: License requirements must follow applicable laws and proposer must guarantee that the drivers are properly licensed for all size(s) buses proposed.

Question 9: In our pricing model, should we include shuttle decals or wraps as part of our submission?
Response: No. The RFCSP specifically states that all buses must not have any advertising affixed to them. See RFCSP Section 004, Scope of Services, Scope of Work, paragraph 13 (page 14 of 58):
“All vehicles used during the contract period for the purposes of fulfilling contract obligations must not have any advertising affixed to the vehicle. This includes but is not limited to bus wraps, advertising boards, electronic displays other than a destination sign, externally or internally. The logo of the Company fulfilling the contract is excluded from this requirement provided that it does not reference any other company or service as an advertisement.”

THIS NOTICE SHALL SERVE AS ADDENDUM NO. IV TO THE ABOVE REFERENCED REQUEST FOR COMPETITIVE SEALED PROPOSALS

THE ABOVE MENTIONED REQUEST FOR COMPETITIVE SEALED PROPOSALS IS HEREBY AMENDED AS FOLLOWS:

A. Delete: RFCSP Section 004-Scope of Services, Miscellaneous, Paragraph 4, the following sentence is deleted:

B. Change: RFCSP Attachment A, Part Three, Proposed Plan, Operating Plan, Bullet #5, is amended as follows:

“Describe Respondent’s plans for procuring off-airport facility for office space, break room, private restroom, unused bus parking, and bus maintenance.”

QUESTIONS RECEIVED IN ACCORDANCE WITH RFCSP SECTION 003, INSTRUCTIONS FOR RESPONDENTS: RESTRICTIONS ON COMMUNICATION:

Question 1: Please clarify miscellaneous statements on pg. 13 of the RFP, “The City will not provide office space, break room or private restroom space to the contractor. Subject to review and approval by the City, **City may allocate space for the contractor to establish temporary structure for Contractor use.**” Please clarify specifically ”may allocate” to mean “will allocate” that the contractor will be guaranteed a place to put a temporary building for management and dispatch operations pending the City’s approval of the physical location and aesthetics of the temporary building?

Response: See amendment to RFCSP in Item A above.

Question 2: Where would the optimal space for the structure be located?

Response: See amendment to RFCSP in Item A above.

Question 3: Would there be access to water, electricity and data?

Response: Not applicable. See amendment to RFCSP in Item A above.

Question 4: Does the cost for the structure need to be included in our response or is it to be requested after the awarding of the contract?

Response: See amendment to RFCSP in Item A above.

Question 5: a. Please define "Unused vehicle parking".
b. Will all operational shuttles be allowed to park by the approved temporary management building as they are rotated throughout the shifts and only non-operational shuttles scheduled for maintenance or supplemental service stored off site at the contractors off-site maintenance facility?

Response: a. Unused vehicles are those that are idle for more than 1 hour and/or are stored.
b. See amendment to RFCSP in Item A above. However, if there is a Supplemental Service bus on-route with COSA operations, they will be incorporated into COSA operations to include bus parking at the COSA Parking Office for breaks.

Question 6: Are shuttles designated for on demand Supplemental Service to be parked off-site or can they be parked by the approved temporary management building for quick implementation to customer demand?

Response: Shuttles designated for on demand Supplemental Service are not to be stored on-airport. If there is a Supplemental Service bus on-route with COSA operations, they will be incorporated into our operations to include bus parking at the COSA Parking Office for breaks.

Question 7: Can we buy Parking passes in the employee lot to park the shuttles when not in use? If so what will that cost be?

Response: No, selected Respondent will not be able to purchase parking passes.

Question 8: In Attachment K, "Sample Schedule", was the list of 5 drivers intended to be the maximum count for drivers or is this only to be used as an example?

Response: Attachment K is only to be used as an example.
