

CITY OF SAN ANTONIO

TRANSPORTATION & CAPITAL IMPROVEMENTS

ADOPTED INFRASTRUCTURE MANAGEMENT PROGRAM (IMP) FY 2015 - 2019

- Advanced Transportation District (ATD) Improvements
- Street Maintenance
- Alley Maintenance
- Drainage Maintenance
- Traffic Signals
- Pavement Markings
- Sidewalks

Executive Summary

The Infrastructure Management Program (IMP) is a five-year rolling program which funds San Antonio's infrastructure maintenance projects. Transportation and Capital Improvements (TCI) focuses on adding projects to the program's fifth year and making refinements to projects scheduled in the previous four years. The proposed five-year IMP for each district is presented annually to City Council Districts for their review and input. After each Council District has reviewed their plan, the IMP is finalized and submitted to the Office of Management and Budget (OMB) for inclusion in the annual budget for the upcoming fiscal year. Upon approval, funding for the first fiscal year of the five-year program is made available after October 1st. Programmed projects may be changed or reprioritized due to Council requests, budgetary constraints, or other unforeseen conditions. All project changes require concurrence memorandum for the affected Council District(s).

The table below shows the programs and funding sources incorporated in the IMP:

Program	Funding Source
Street Maintenance	General Fund
Pavement Markings	
Traffic Signal	
Drainage Maintenance	Stormwater Operating Fund
Alley Maintenance	Stormwater Operating Fund & Solid Waste Operating Fund
Sidewalk	Advanced Transportation District (ATD)
Other ATD	
School Zone Improvements	

In accordance with the priorities expressed by the public and City Council, the proposed budget for FY 2015 maintains funding for Street Maintenance and increases funding for Sidewalks and Drainage. The \$67 million IMP includes \$50 million allocated to Streets, \$7.9 million for Sidewalks, \$3.5 million for Drainage and \$5.6 million for Markings, Alleys, Traffic Signals and Bike Facilities.

The proposed projects in the attached report are divided by program and have been sorted by fiscal year, council district and application/project type.

Should you have any questions or would like further clarification please contact the City of San Antonio Transportation and Capital Improvements at (210)-207-8022.

Table of Contents

Executive Summary	i
Street Maintenance Program	1
Drainage Maintenance Program	71
