Mayor Julian Castro and City of San Antonio Council Representatives  
P.O. Box 839966  
San Antonio, Texas 78283-3966

Dear Mayor Castro and City Council Representatives:

The nominee for the Medina County representative on the Edwards Aquifer Protection Venue Project's Conservation Advisory Board (CAB) is Clayton S. Binford. As you are already aware, Mr. Binford is a current member of the CAB and has participated in such role since February of 2006. As evidenced by this work, as well as his service as a Director for the Edwards Aquifer Authority, his commitment to the success of Edwards Aquifer protection initiatives benefiting the region should be self-evident.

Thank you for your consideration of this nomination, as well as for allowing Medina County to be involved in such a significant conservation effort for San Antonio and the State of Texas.

Sincerely,

A handwritten signature in blue ink, which appears to read "James E. Barden". The signature is written in a cursive style with a large, looping initial "J".

RE: EDWARDS AQUIFER PROTECTION SALES TAX VENUE –  
NOMINATIONS FOR THE CONSERVATION ADVISORY BOARD

Dear Mr. Ellis:

The San Antonio River Authority (SARA) appreciates the opportunity to once again serve the citizens of San Antonio by providing a representative to the Edwards Aquifer Protection Initiative Conservation Advisory Board (CAB). We are nominating James L. Blair, Manager of SARA's Watershed Operations Department to continue his service on the CAB. Providing continuity in membership from the previous CAB to the expanded initiative will allow consistency in SARA's interaction with the program.

Mr. Blair has been employed with SARA since 1976 and has over 35 years of experience in Parks and Recreation and Flood Control and other water resource related activities. He has extensive knowledge of watershed management programs and practices and works directly with state and federal resource agencies including the Texas Parks and Wildlife Department, the United States Geological Service and the Natural Resource Conservation Service. Mr. Blair may be contacted by phone at (210) 302-3623 or via e-mail at [jblair@sara-tx.org](mailto:jblair@sara-tx.org).

Thank you for providing SARA the opportunity to continue our representation on the Conservation Advisory Board. The expanded initiative to protect the Edwards Aquifer is commendable and we are honored to participate.

Respectfully,

Re: Mr. John P. Dodson

Dear Ms. Vacek,

I would like to take this opportunity to recommend Mr. John P. Dodson of Uvalde, Texas, to serve on the Conservation Advisory Board. I have had the pleasure of working with Mr. Dodson in his capacity as Uvalde County Attorney and have found him to be a conscientious, efficient and effective attorney. If appointed, I feel he would bring these qualities to his work on behalf of your board.

Should you have any questions or comments, or if I can be of further assistance please do not hesitate to contact me.

Sincerely,

RE: DESIGNEE FOR THE CONSERVATION ADVISORY BOARD

Dear Mr. Ellis,

The protection of the Edwards Aquifer is important, as it is one of our most vital natural resources. The San Antonio Water System (SAWS) recognizes the efforts of the Conservation Advisory Board (CAB), which is tasked with making recommendations to the San Antonio City Council on the Proposition One Land Acquisition Program.

This letter serves to designate Scott R. Halty, Director – Resource Protection and Compliance, as SAWS' representative to serve on CAB. I believe Scott has demonstrated his dedication to the land stewardship and that his knowledge of the geology of the Edwards Aquifer System will prove to be beneficial in your review and evaluation activities.

If you have any questions regarding this letter, please do not hesitate to contact me at (210) 233-3848.

Sincerely,

  
Robert R. Puente

Dear Mayor Castro and City Council Representatives:

The nominee for the Texas Parks and Wildlife Department (TPWD) representative on the Proposition One: Edwards Aquifer Protection Venue Project's Conservation Advisory Board (CAB) is Mr. Chris Holm. I am thankful for Mr. Holm's participation on the CAB over the past year and a half and wish to continue having an active TPWD presence and connection to this vital project.

Mr. Holm currently serves the Texas Parks and Wildlife Department as the Superintendent of Government Canyon State Natural Area, located in northwest San Antonio. His role as the Superintendent provides him with the necessary insight to be able to be of great assistance to this particular project role, considering that Government Canyon SNA contains and protects portions of all three of the Edwards Aquifer zones including over 7,500 acres of the aquifer's recharge zone.

Thank you for your consideration of this nomination as well as for allowing the Texas Parks and Wildlife Department to be involved in such a significant conservation effort for San Antonio and the State of Texas.

Respectfully,

Brent Leisure  
Texas State Parks Director
