AYE: 10 - Mayor Taylor, Treviño, Warrick, Viagran, Gonzales, Lopez, Medina, Nirenberg, Krier and Gallagher

ABSENT: 1 - Saldaña

POINT OF PERSONAL PRIVILEGE

Mayor Taylor recognized The Honorable Jochen Partsch, Lord Mayor of Darmstadt, Germany. She stated that they would be signing a Friendship City Agreement on Friday, April 29th. She presented an Alcalde Certificate to Honorable Partsch and welcomed him and the delegation to San Antonio. Honorable Partsch thanked the City Council for the recognition and stated that he was pleased to be here in San Antonio. Councilmember Viagran thanked the delegation for their hospitality while she was in Germany and welcomed them to San Antonio.

ACTION ITEMS FOR STAFF BRIEFING

City Clerk Vacek read the captions for Items 4A and 4B:

4. Consideration of the following two items for contracts related to the River Barges and related concessions contract: [Lori Houston, Assistant City Manager; John Jacks, Interim Director, Center City Development]

2016-04-28-0291

- 4A. An Ordinance approving a professional services agreement with METALAB in an amount not to exceed \$400,000.00 to complete construction documents for watercraft design of a new river barge fleet and fabrication of a prototype barge.

2016-04-28-0292

- 4B. An Ordinance approving an amendment to the River Barge Concession Contract to extend the contract term through September 30, 2017 and to adjust ticket prices and percentage payment to the City effective May 1, 2016.

John Jacks presented a Power Point related to Items 4A&B. He outlined the process used for the River Barge Design Contest noting that three Finalists were selected by the Jury of 11 Professionals. He indicated that the Evaluation Criteria consisted of 60%

Constructability, Functionality and Maintenance, while 40% was rated for Design & Innovation. He reported that Metalab Design was selected due to the following: 1) Versatility; 2) Modular; 3) Single-Level Deck; 4) ADA with Companion Seating; 5) Durable Materials; 6) Minimal Maintenance; 7) San Antonio Branding; and 8) Increased capacity. He stated that the City of San Antonio had requested an All-Electric Fleet with a 12-hour Battery Life. He outlined the agreement with Metalab which would include \$183,108 for Design Development; \$160,400 for the Barge Prototype; and \$55,704 for Fleet Construction Administration.

Mr. Jacks highlighted the extension with Rio San Cruises through September 30, 2017 and stated that they would increase the ticket prices effective May 1, 2016. He outlined the ticket price increases and noted that they would still be comparable to other Downtown Attractions. He spoke to the Barge Operator Request for Proposals (RFP) which they would release on May 23, 2016 and outlined the entities that would provide a representative on the Evaluation Committee. He stated that the Scope of the RFP would include Daily Service, Transportation, River Walk Fund, and Payment Options. He noted the Evaluation Criteria to include Experience, Economic Terms, and Small Business Economic Development Advocacy (SBEDA). He added that the RFP was due July 25, 2016 with the award occurring on October 20, 2016.

Mayor Taylor called upon Nazirite Ruben Flores Perez to speak.

Mr. Nazirite Ruben Flores Perez spoke in favor of the River Barge Contract and stated that he had learned a great deal when serving on the San Antonio River Authority Board of Directors.

Councilmember Treviño stated that this was a very important project for the City of San Antonio and he was pleased with the innovation regarding the Design Competition. He asked of the accessibility submitted by Metalab. Mr. Jacks stated that they had incorporated ADA Accessibility through the use of a single deck and modular seating that could be removed and rearranged as needed. Councilmember Treviño asked of the different uses for the barges. Mr. Jacks replied that they could be used for many other activities such as exercise, live music, or cocktail dining. Councilmember Treviño spoke of the need to attract locals and asked of the All-Electric Fleet. Mr. Jacks responded that they were currently using Compressed Natural Gas (CNG) as fuel for the motors which created a lot of noise. He stated that the All-Electric Motor was almost silent and that Metalab had experience in other projects where electric motors were involved. Councilmember Treviño thanked Rio SA Cruises for their great work over the years and for their collaboration.

Councilmember Viagran spoke to the importance of the barges and asked of the current

electric barge. Mr. Pat Boone of Rio SA Cruises stated that it was not used on a daily basis; however, they used the same electric motor proposed by Metalab. Councilmember Viagran noted concerns with the peak season and having an All-Electric Fleet. Mr. Jacks stated that they would build a prototype and ensure that the battery life would last 12 hours. Councilmember Viagran asked of the responsibility of the barges. Mr. Jacks replied that the City would own the barges and they would be leased to the selected operator. He noted that operators would be required to perform maintenance which would be outlined in the RFP. Councilmember Viagran requested that residents from outside of the Downtown Area also be considered to serve on the Evaluation Committee.

Councilmember Gallagher also noted concerns with an All-Electric Fleet and asked if they could be implemented gradually. Mr. Jacks replied that they could install a CNG Motor on the electric fleet if necessary but were committed to ensuring that the All-Electric Fleet was functional and durable. Councilmember Gallagher asked if additional charging stations would be needed. Mr. Jacks responded that they would need to upgrade the two marinas to accommodate the All-Electric Fleet. Councilmember Gallagher asked if other cities operated anything similar. Mr. Jacks replied that All-Electric Boats were being used throughout the world but San Antonio was unique due to the frequency and volume of the operation.

Councilmember Gonzales asked of the cost and funding source to upgrade the marina. Mr. Jacks stated that they would utilize the funding from increased ticket prices to offset the cost for marina upgrades. Councilmember Gonzales asked of the potential to utilize Solar Energy. Mr. Jacks replied that Solar Energy was considered in some of the submittals but it was difficult to operate same on the river all day. He noted that there could be an opportunity in the future to add a canopy that would have solar panels on the roof.

Councilmember Warrick asked of the future of the batteries and any impact to the barges. Mr. Jacks replied that the batteries were getting smaller and that there would not be an impact to the barge capacity. Councilmember Warrick asked if the current operator would make any changes over the next 17 months. Mr. Jacks stated that they did not foresee any changes to operations with the exception of the ticket prices.

Councilmember Krier referenced a previous incident that occurred when too many people were gathered on one end of the barge. Mr. Jacks stated that Metalab worked with Nautical Engineers on their design and were confident they would not have that issue occur in the future. Councilmember Krier asked of the Evaluation Committee. Mr. Jacks replied that there were only two City Staff on the Committee and the remainder were from the River Authority, Tourism Industry, Conservation Society, and Downtown Residents.

Councilmember Treviño moved to adopt the proposed Ordinances for Items 4A and 4B. Councilmember Warrick seconded the motion. The motion prevailed by the following vote:

AYE: 10 - Mayor Taylor, Treviño, Warrick, Viagran, Gonzales, Lopez, Medina, Nirenberg, Krier and Gallagher

ABSENT: 1 - Saldaña

CONSENT AGENDA ITEMS

Items 16 and 17 were pulled for Individual Consideration. Councilmember Medina moved to approve the remaining Consent Agenda Items. Councilmember Viagran seconded the motion.

Mayor Taylor called upon Nazirite Ruben Flores Perez to speak.

Mr. Nazirite Ruben Flores Perez spoke of the Head Start Program (Item 12) and expressed concern with some of the traditions and holidays that were being taught. He stated that the city should be investing and providing oversight of the Aquifer (Item 17).

Councilmember Viagran highlighted Ordinances related to the Air Traffic Control Tower Project at Stinson Municipal Airport (Items 14A&B). She stated that they held a Design Competition to ensure that the Tower reflected the community and Stinson. She thanked everyone that worked on the project. Councilmember Treviño expressed his support and also thanked everyone involved in the project.

Faris Hodge, Jr. submitted written testimony in favor of Items 4-14, 16, and 17.

The motion to approve the remaining Consent Agenda Items prevailed by the following vote:

19. City Manager's Report
A. Fiesta Recycling Update

Mrs. Sculley reported that City Staff, in conjunction with the Fiesta Commission and the Conservation Society, worked diligently to make Sustainability a priority for Fiesta 2016. She stated that 45 Fiesta Events had received the City's Green Events Certification including Oyster Bake, NIOSA, the King William Fair and the Battle of Flowers Parade. She noted that to receive a Green Events Certificate, an event needs to offer recycling and meet certain Sustainability Initiatives such as making available public transportation, bike amenities, or having a reduction in paper use. She reported that this year, City Staff implemented a new strategy in Waste Reduction Efforts through distribution of over 2,000

reusable water bottles. She stated that the Solid Waste Management Department introduced Organics Recycling for the first time during the parades for items such as pizza boxes, soiled napkins, and paper plates. She stated that while the impact was small, it was received well by parade-goers and will be expanded in the future. She noted that NIOSA also introduced Organics Recycling this year, offering vendors the opportunity to compost fruit scraps. She mentioned that City Staff, along with Keep San Antonio Beautiful, distributed 15,000 yellow mesh recycling bags during the parades for recycling of items such as plastic bottles, plastic cups, glass bottles and aluminum cans. She noted that parade-goers that provided a full bag of clean recyclables to Recycling Ambassadors were awarded a 2016 Recycling Fiesta Medal. She stated that the Solid Waste Management Department adopted the slogan "Recycle San Antonio - Stay Classy Do Not Be Trashy" and the slogan ran on billboards, radio commercials, newspaper ads, and social media. She reported that during the Battle of Flowers and Fiesta Flambeau Parades; there was an increase in the recycling rate reaching 23%. She stated that this year, the city collected 55 tons of non-recyclable garbage which is approximately 30 tons less garbage than what was collected last year. She added that San Antonio continues to improve on recycling efforts each year and will continue to work with the Fiesta Commission and Conservation Society to improve Recycling and "Greening" Efforts during Fiesta.

ZONING CASE # Z2016097 (Council District 8): An Ordinance amending the Zoning District Boundary from "MF-33" Multi-Family Residential District to "RM-4" Residential Mixed District on 27.031 acres of land out of NCB 14862 and 6.142 acres of land out of NCB 17204 and to "C-2" Commercial District on 2.6800 acres of land out of NCB 14862, generally located in the 6400 Block of Babcock Road and the 6300 Block of Melissa Ann Street. Staff recommends Approval, pending Plan Amendment. Zoning Commission recommends Denial. (Associated Plan Amendment 16029)

Catherine Hernandez presented Item P-2 and stated that it would amend the future Land Use Plan contained in the North Sector Plan. She reported that staff recommended approval while the Planning Commission recommended denial.

For Item Z-8, she stated that staff recommended approval while the Zoning Commission recommended denial. She reported that of 109 notices mailed; 44 were returned in favor and 10 were received in opposition. She noted that the Jade Oaks Homeowners Association was in favor of said items. She stated that 40 letters of support were received from residents outside of the 200-foot requirement. She added that letters of opposition were received from the Greater SA Builders Association, SA Apartment Association, SA Chamber of Commerce, The Real Estate Council of San Antonio, and the SA/S Texas CCIM Chapter. She stated that the case would require nine votes for approval due to opposition from the Property Owner.

Mayor Taylor called upon the citizens registered to speak.

Richard Perez, President and CEO of the San Antonio Chamber of Commerce, addressed the City Council in opposition to the proposed zoning request. He stated that that property

was zoned appropriately and that approval would send the wrong message in terms of growth and development.

Ramiro Cavazos, President and CEO of the San Antonio Hispanic Chamber of Commerce, addressed the City Council in support of the staff recommendation. He stated that the owner was made aware that the property was being rezoned before they purchased it and that increased traffic and congestion in the area would affect current businesses.

Brian Biggs, President of the Real Estate Council of San Antonio, addressed the City Council in opposition to the zoning request. He stated that downzoning the property against the owner's wishes would set a dangerous precedent and have a chilling effect on companies and lenders who want to do business in the area.

Duane Wilson, President and CEO of the North San Antonio Chamber of Commerce, addressed the City Council in opposition to the zoning request. He stated that their Board of Directors had overwhelmingly voted against the downzoning and read a letter of opposition from Chairman Gary Hoyack.

Mary Brogan stated that she was a resident in District 1 but supportive of the zoning request.

Cynthia Stevens stated that she was the Senior Vice-President of Koontz Development and was opposed to the zoning request. She noted that the Zoning and Planning Commissions had voted against the proposal and that investors and lenders required a predictable level of certainty in development.

Marcela Davis stated that she was a resident of District 8 and owned a home on Babcock Road. She noted that she was in support of the zoning request and thanked Councilmember Nirenberg for his efforts to protect homeowners and neighborhoods.

Julia O'Meara stated that she had lived in the Oakmont Downs Subdivision since 2004 and had served as their Representative on the Northside Neighborhoods for Organized Development (NNOD). She spoke in favor of the zoning request and stated that it was important to vote in the best interest of constituents.

Ken Brown stated that he was representing the Property Owner and they were opposed to the zoning request. He expressed concern that the process was flawed and noted that the RM-4 Zoning Use was incompatible with the surrounding areas. He stated that the downzoning violated basic comprehensive planning principles and that it would not solve Code Compliance or Traffic Issues. He noted that they tried to work with the

Neighborhood Association but they had not come to an agreement. He added that if the property was downzoned; the City would not know the name of the developer, product type, layout, or design. He asked the City Council to deny the downzoning of the property.

Michael Moore addressed the City Council in opposition to the zoning request. He stated that he had been involved in the Development Business for over 30 years and that there were many limitations on the site for Single-Family Development.

Carlos Madero, President of the Tanglewood Residents Association, stated that they were in favor of the rezoning. He spoke of the great amount of growth that has already occurred and noted that the schools in the area were at maximum capacity. He expressed concern with the current traffic and congestion that cause long delays.

Trevor Whitney representing the Greater San Antonio Builders Association addressed the City Council in opposition to the zoning request. He expressed concern that these types of cases create uncertainty and economic loss, as well as discourage development in the City of San Antonio.

Barney Tearney stated that he lived in the Oakland Estates Neighborhood and read a letter of support from Sue Schneider, President of the Oakland Estates Neighborhood Association.

Laura Burress stated that she lived in the Tanglewood Neighborhood and was supportive of the zoning request. She expressed concern with the current traffic and congestion in the area.

Karen Yurconic addressed the City Council in support of the downzoning. She expressed concern with flooding and traffic issues in the area, as well as concerns for the wildlife being forced out.

John Thornton addressed the City Council in favor of the zoning request. He expressed concern that an apartment complex would greatly reduce property values in the area.

James Griffin stated that he was also representing the Property Owner in opposition to the rezoning. He spoke of the flawed process and referenced the thoroughly negotiated Restrictive Covenants that had been agreed to in 2008.

John Crone, III stated that he had been involved in Real Estate since 1957 and was opposed to the downzoning. He expressed concern with the policy that would deter lenders and investors and could have unintended consequences.

Ross Laughead stated that he was a Volunteer Attorney for the Oakland Estates Neighborhood Association and was supportive of the zoning request. He expressed concern that District 8 had the most apartment complexes in the city and noted traffic and drainage issues.

Ken Montgomery stated that he lived in the Tanglewood Neighborhood and was in favor of the zoning request. He noted that the development of an apartment complex would not be beneficial and expressed concern with the great amount of traffic in the area.

Susan Storrie stated that she has been a resident of the Tanglewood Neighborhood for 32 years and was supportive of the zoning request. She noted the maximum capacity of the schools in the area and concerns with the decrease in property values.

Lucio Cantu stated that he was representing CCIM San Antonio South Texas Chapter, a Commercial Real Estate Organization, in opposition to the zoning request. He noted that this would set a bad precedent and was an issue of property rights.

Randy Bales, Senior Pastor of University Baptist Church, addressed the City Council in opposition to the rezoning. He stated that they had been located adjacent to the property in question since the mid 1970's and expressed concern with changing the designation to a Commercial District. He noted that the businesses could be counter to the purposes and objectives of the church.

George Vann stated that he lives closest to the property in question and was opposed to the rezoning. He noted that he believed in property rights and that the developer should have the opportunity to rezone it in the future if necessary.

Virginia Frazier addressed the City Council in support of the zoning request. She stated that the land should be preserved to protect the character of the neighborhoods and to reflect existing development and environmental conditions.

Sherry Montgomery stated that she was a resident of the Tanglewood Neighborhood and was supportive of the zoning request.

James Vale stated that he was a resident of District 8 and a Real Estate Agent. He expressed support for the rezoning, noting that there were already concerns with traffic and congestion in the area.

Elizabeth Taylor stated that she was representing NNOD in favor of the zoning request.

She noted concerns with public safety, traffic congestion, and overcrowding of schools in the area.

Gordon Ivers stated that he lived in the Oakland Estates Neighborhood and was in support of the zoning request.

Eric Lamkin, President of the Jade Oaks Homeowner Association, addressed the City Council in support of the zoning request. He stated that he did not feel that the rezoning would dampen future development or affect the certainty of business developers in the community.

Tom Moore stated that he was a Member of the Board of the Jade Oaks Homeowner Association and was in support of the rezoning. He expressed concern that the existing infrastructure in the area had not kept pace with the developments to include numerous multi-family units.

A Written Testimony was noted by the City Clerk as received from Marianne Kestenbaum who registered in Favor of the zoning case which will be incorporated into the minutes of the Council Meeting.

Councilmember Nirenberg thanked everyone involved and asked if the City Council had the authority to make this change. Susan Guinn confirmed that rezoning of property whether it was an upzoning or downzoning was within the legislative authority of the City Council. Councilmember Nirenberg asked if they met the legal notice requirements before, during, and after the sale of the property. Ms. Guinn replied that they had followed the legal requirements and extended courtesy notices above and beyond what was required. Councilmember Nirenberg asked how this case was different from other similar cases such as the Pecan Golf Course. Ms. Guinn stated that the other cases referenced were already owned by individual property owners or corporations. However, the case in question today was initiated when the case was owned by the United States Government. Councilmember Nirenberg asked of the notices regarding the zoning process and at the Property Auction on January 21, 2016. Ms. Gayle McDaniel stated that she had reached out to the Property Manager prior to the auction and provided them with a copy of the Resolution approved by the City Council. She indicated that copies of the Resolution were made available at the auction and that an announcement was made by the Auctioneer with regard to the potential rezoning of the property prior to the bidding process.

Councilmember Nirenberg asked if the neighbors supported the zoning change to MF-33 in 2008. Mr. Tom Moore stated that they had agreed not to oppose the zoning change to MF-33 in order to negotiate Deed Restrictions. Councilmember Nirenberg asked if the Jade

Oaks Homeowners Association would be willing to amend the Restrictive Covenants to conform with an RM-4 Zoning Designation. Mr. Moore confirmed that they would. Councilmember Nirenberg asked of the buyer on record. Mr. Norbert Hart stated that it was Babcock Riverwalk, LLC who purchased the property from San Antonio Properties, LLC which as the high bidder. He noted that they were a Delaware Corporation and could not confirm that they were registered to conduct business in the State of Texas. Councilmember Nirenberg asked how staff arrived at the RM-4 Designation for the property. Mr. Rod Sanchez stated that the property was surrounded by three Single Family Neighborhoods and felt the RM-4 Designation on the back was the most appropriate for the property. He added that it has frontage on Babcock Road and C-3 was an appropriate zoning for that portion of the property.

Councilmember Nirenberg moved to approve Items P-2 and Z-8. Councilmember Gonzales seconded the motion.

Councilmember Treviño stated that he was grateful for all of the input received in this case and that the issue was about fairness. He noted that nine votes were required for approval which spoke to the importance of the decision being made. He stated that the City of San Antonio would need to allocate significant resources to address future traffic congestion in the surrounding area. He spoke of the need for the City to demonstrate a public interest that outweighs the rights of the property owner when initiating a rezoning. He added that he could not support burdening a property owner to take the fall for an existing traffic problem.

Councilmember Gallagher stated that this was a very difficult case and thanked everyone that came to speak. He asked of the impact with changing the zoning from MF-33 to RM-4. Mr. Rod Sanchez replied that it was difficult to say as RM-4 would allow Single Family, Duplex, Triplex, and Quadruplex Developments which could yield up to 1,000 residents. Councilmember Gallagher asked of the allowed businesses under the C-2 Zoning. Mr. Sanchez stated that it would include retail, convenience stores, and restaurants. Councilmember Gallagher expressed concern with the potential impact but noted that he would support Councilmember Nirenberg.

Councilmember Krier stated that he could not support Councilmember Nirenberg at this time for several reasons. He noted that consistency was important and essential for the business community. He spoke to the issue of precedence and expressed concern with the extensive change to deed restrictions that were implemented in 2008. He added that he did not feel that the downzoning of the property was the best decision for the city.

Councilmember Viagran asked if the deed restrictions remained with the property. Mr. Hart

confirmed that they did and that the Jade Oaks Neighborhood Association was responsible for enforcing them. Councilmember Viagran stated that she understood the traffic concerns; however, she was not sure if downzoning the property was the best approach.

Councilmember Gonzales stated that she was grateful to all of the individuals that came to speak today and that she would support Councilmember Nirenberg's decision. She spoke of her experience with traffic congestion several years back when traveling from UTSA to the Downtown Area and noted that measures should be taken to improve transportation.

Councilmember Warrick stated that he appreciated both sides of the argument but could not support the downzoning without the owner's consent. He noted that this was not the best way to address traffic congestion and should be done through the bond or budget.

Councilmember Nirenberg recognized the neighbors in attendance and stated that he was committed to ensuring that the proper attention was given to the infrastructure in the area. He noted that the City Council had the authority to downzone the property and that he did not feel this was an issue of property rights. He stated that he had received 61 letters of support and that he was speaking for the interest of the neighbors.

Mayor Taylor stated that she had been trained as a Planner and felt that planning was a way to create a better future for the community and address many of the concerns articulated. She noted that although she appreciated what Councilmember Nirenberg was trying to accomplish; she could not in good faith support the downzoning. She stated that if the process was not followed, they would run the risk of depriving property owners of their rights. She indicated that as policymakers, they had the responsibility to balance a variety of interests, needs, and furtherance of community goals. She stated that they should work together to determine the best way to address traffic congestion in the area.

The motion to approve failed by the following vote:

AYE: 3 - Gonzales, Nirenberg and Gallagher

NAY: 7 - Mayor Taylor, Treviño, Warrick, Viagran, Lopez, Medina and Krier

ABSENT: 1 - Saldaña
