Contract No. _____

**STATE OF TEXAS * HEAD START AGREEMENT
FOR EDUCATION SERVICES
COUNTY OF BEXAR * BETWEEN THE CITY OF SAN ANTONIO
&
CITY OF SAN ANTONIO * SAN ANTONIO INDEPENDENT SCHOOL DISTRICT (SAISD)**

This Agreement is entered into by and between the City of San Antonio (hereinafter referred to as "City"), a Texas Municipal Corporation, acting by and through its Director of the Department of Human Services pursuant to Ordinance No. _____ dated _____, and San Antonio Independent School District (SAISD), a political subdivision of the State of Texas, acting by and through its Board of Trustees (hereinafter referred to as "Contractor") (individually "the Party" and collectively "the Parties") to set forth the objectives, understandings, and agreements between the Parties in connection with the use of Head Start grant funds as described herein. This Agreement is made and entered into by the Parties pursuant to the authority granted under the Interlocal Cooperation Act, Texas Gov't Code 791 *et seq.*

WITNESSETH:

WHEREAS, the City has received a grant pursuant to the Head Start Act (42 U.S.C. §9831 *et seq.*, as amended) (the "Grant") for the purpose of providing Head Start services to children and families in the San Antonio and Edgewood Independent School Districts; and

WHEREAS, the City is authorized by the U.S. Department of Health and Human Services ("HHS"), Administration for Children and Families ("ACF"), and desires, through its Department of Human Services (hereinafter referred to as "Managing City Department") to execute an agreement with Contractor to provide Head Start services to children residing in the San Antonio Independent School District (hereinafter referred to as the "Project" or "Program"); and

WHEREAS, Contractor desires, and is appropriately licensed and qualified, to enter into this Agreement with City and agrees to deliver the services described herein in accordance with applicable Head Start Performance Standards and other requirements more fully set forth below;

NOW THEREFORE, in consideration of the mutual promises and covenants herein contained and intending to be legally bound hereby, City and Contractor agree as follows:

I. SCOPE OF WORK

1.1 The Contractor will provide, oversee, administer, and carry out all activities and services in a manner satisfactory to the City and in compliance with the Contractor's Scope of Work, attached hereto and incorporated herein for all purposes as **Attachment I**, this Agreement, and the Terms of the Grant (hereinafter defined). If the terms of this Agreement are inconsistent or in conflict with applicable Terms of the Grant, the applicable Terms of the Grant shall be controlling, unless the inconsistency or conflict results from more stringent requirements set forth in this Agreement, in which case the terms imposing the most stringent requirements upon the Contractor shall control.

1.2 For purposes of this Agreement, the terms listed below shall have the following meanings:

(A) "Terms of the Grant" shall mean all requirements of the Grant, whether contained in the Head Start Act, as amended by the Improving Head Start for School Readiness Act of 2007 (42 U.S.C. §9831, *et seq.*), or other applicable statutes, implementing regulations (e.g., 45 C.F.R. §1301 *et seq.* (the "Head Start Performance Standards" or "Performance Standards") and 45 C.F.R. Part 75, as amended), rules, Executive Orders, the award document from U.S. Department of Health and Human Services ("HHS") to the City, Relevant HHS Directives, or elsewhere, including, but not limited to circulars, Program Instructions, Information Memorandums and Policy Clarifications, the City's policies and procedures

and the program design manual applicable to the Head Start Program, as such requirements exist as of the date of this Agreement and as such requirements may be established or modified (by amendment, deletion, addition or otherwise) during the period of the Agreement.

(B) "Relevant HHS directives" shall mean regulations, manuals, guidelines, or other oral or written directives of HHS or any subdivision thereof, including the Administration for Children and Families, Head Start Bureau, the Program Operations Division and ACF Region VI, as such regulations, manuals, guidelines, or other oral or written directives shall be made applicable to the Grant or Grantee.

1.3 Contractor shall establish and implement policies and procedures governing personnel, financial management, and programmatic management, as specified more fully in 45 C.F.R Parts 1301 *et. seq.*, and/or 45 C.F.R. Part 75. Such policies and procedures shall be consistent with the Terms of the Grant, the policies and procedures approved by the Grantee's Policy Council and Governing Body, and content and service plans.

1.4 City retains the authority to contract with third-parties for the delivery of other Head Start services in the San Antonio and Bexar County area. Contractor agrees to allow the City's other contractors access to the facilities leased and/or owned by Contractor in order to provide said services, so long as access would not cause disruption of Contractor's educational activities or purpose as an educational entity. Contractor agrees to cooperate with City and third-party Head Start contractors to establish, modify and comply with a set of policies and procedures and/or a program design manual governing the City's Head Start Program and the protocol for collaboration between Head Start service providers. Contractor agrees that, notwithstanding the fact that another Head Start service provider under the City of San Antonio Head Start program may be contracted to provide a category of service, Contractor, under the leadership of its Head Start Program Director, will be responsible for coordinating with Head Start service providers and working with the City to ensure provision of full array of services to which the children are entitled under the Terms of the Grant.

II. TERM

2.1 Except as otherwise provided for pursuant to the provisions hereof, this Agreement shall begin on February 1, 2016 and shall terminate on January 31, 2017.

III. CONSIDERATION

3.1 In consideration of the services to be delivered by Contractor, the City will reimburse Contractor a total amount not to exceed \$11,843,040.00 ("the Federal Share") during the period in which this Agreement is in effect for costs incurred in accordance with the Program Budget attached hereto and incorporated herein for all purposes as **Attachment II**. Contractor's Program Budget is comprised of the Federal Share and the Non-Federal Share. The Federal Share shall be no more than 80% of the total Program Budget. Should Contractor fail to raise all of the non-Federal Share funds (20% of the total Program Budget, or \$3,921,603.00) it is required to raise for the operation of its Program, City reserves the right to limit its reimbursements to Contractor proportionately. For instance, if Contractor succeeds in raising only eighty percent (80%) of its required non-Federal Share funds, City may limit its reimbursements to Contractor to eighty percent (80%) of City's total obligation to Contractor. Contractor may provide additional non-Federal share funds if Contractor, in its discretion, determines such funds are available. To meet the requirements of this Agreement, all claimed non-Federal Share must meet the requirements of 45 C.F.R. § 75.306, as applicable.

3.2 Prior to commencement of the Agreement, Contractor shall submit to City for its approval Contractor's proposed monthly budget by line item for the entire term of the Agreement along with its program Budget, including detail by category alone. Until the City receives the initial proposed monthly budget for the entire term of the Agreement and prior to the City's approval, the City reserves the right to redirect the funding City has proposed be allocated to Contractor under this Agreement. City shall notify the Contractor of the amount redirected and the revised Agreement funding. Additionally, throughout the term of the

Agreement, Contractor shall submit on or before the last day of each month a forecast of the projected monthly expenses for each month remaining in the Agreement so that the City may review and compare actual expenses to projected expenditures and address issues associated with Contractor's expenditure rate (e.g., on or before March 31, 2015, Contractor shall submit the projected expenses by month for April, May, and so on until January 31, 2016). Contractor's budgeted development and administrative costs (as defined by 45 C.F.R. §1301.32) shall not exceed twelve percent (12%) of the Program Budget, unless the total Program Budget is modified in accordance with this Agreement in which case this amount shall be reduced proportionately unless the Parties otherwise agree.

3.3 Approval required. Contractor shall seek and obtain City's (City's Head Start Program Administrator and the Managing City Department's Fiscal Administrator) prior written approval 30 calendar days before making budget modifications. City may make exceptions to the 30-day notice requirement on a case by case basis, but otherwise Contractor must make request in writing or via email to the City's Head Start Program Administrator. Contractor's written request must be accompanied by a justification for the change and indicate which lines items are affected by such change

3.4 Contractor understands and agrees that should Contractor fail to meet or maintain its funded enrollment level as set forth in the Scope of Work which failure continues for a thirty (30) day period, City may reduce Contractor's funding by an amount equal to the difference between funded and actual enrollment at the per capita rate.

3.5 The funding level of this Agreement is based on an allocation from the following funding sources:

U.S. Department of Health and Human Services (HHS) – Head Start Funds Catalog of Federal Domestic Assistance # 93.600

Consequently, Contractor agrees to comply with the Terms of the Grant and the Special Provisions, attached hereto and incorporated herein for all purposes as **Attachment III**.

3.6 It is expressly understood and agreed by the City and Contractor that the City's obligations under this Agreement are contingent upon the actual receipt of adequate grant funds from HHS to meet City's liabilities hereunder. This Agreement may be terminated by the City if HHS terminates the City as a grantee or reduces the amount granted to City, for any reason; provided that, if the reduction of grant funds does not result in complete unavailability of such funds, the Parties will use best efforts to amend this Agreement accordingly. City will promptly notify Contractor of any such HHS action.

IV. PAYMENT

4.1 Contractor agrees that this is a cost reimbursement contract and that the City's liability hereunder is limited to making reimbursements for allowable costs incurred as a direct result of services provided by the Contractor in accordance with the terms of this Agreement. Allowable costs are defined as those costs, which are necessary, reasonable and allowable under applicable federal, state, and local law, including but not limited to those laws referenced in Article XII hereof, for the proper administration and performance of the services to be provided under an agreement. All requested reimbursed costs must be consistent with the terms and provisions of the approved budgeted line items described in **Attachment II** of this Agreement, unless (a) a subsequent budget revision has been approved in accordance with the procedure set forth in Section 3.3 and signed by the Director of the Managing City Department in cases where the total Agreement Budget remains the same, or (b) an amendment has been approved and signed by the Director of the Managing City Department pursuant to Section 24.1 of this Agreement in cases where there is an increase or decrease to the total Agreement Budget. Approved budget revisions and amendments modify the Budget attached hereto, and in such cases Contractor's requested reimbursed costs must be consistent with the last revised, approved budget. Approved budget revisions and amendments supersede prior conflicting or inconsistent agreements with regard to the referenced Project Budget, and all references in the Agreement to the budget shall mean the budget as revised through approved budget revisions or amendments. Budget revision requests shall be submitted in advance of anticipated expense(s). The City will not accept budget revision requests submitted after December 31, 2016, unless Contractor requests a

reasonable extension before that date, which shall not be unreasonably denied by City. In no event shall the City be liable for any cost of Contractor not eligible for reimbursement as defined within the Agreement. Contractor shall remit to City within ten (10) Contractor business days after the City makes the request for remittance any funded amounts which were paid pursuant to this Article IV and used to cover disallowed costs. Any such amounts not remitted within ten (10) Contractor business days may, at City's option, be subject to offset against future funding obligations by City. For purposes of this Agreement, the term, "Contractor business day" shall mean every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by Contractor for Contractor employees.

4.2 If specific circumstances require an advance payment on this Agreement, Contractor must submit to the Director of the Managing City Department a written request for such advance payment, including the specific reason for such request in the form prescribed by City. Contractor agrees that the City shall not be obligated to pay for any advances requested. In those instances in which advance payments are authorized, the Director of the Managing City Department may, in the Director's sole discretion, approve an advance payment on this Agreement. It is understood and agreed by the parties hereto that (a) each request requires submission to the Director of the Managing City Department no less than ten (10) business days prior to the actual ostensible cash need; (b) each request will be considered by the Director of the Managing City Department on a case-by-case basis, and (c) the decision by the Director of the Managing City Department whether or not to approve an advance payment is final. For purposes of this Agreement, the term "business day" shall mean every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by the San Antonio City Council for City of San Antonio employees, except in those instances where this Agreement expressly calls for "Contractor business days." In those instances in which advance payments are authorized:

- (A) Contractor's payments to its vendors using funds advanced by the City shall be remitted to the vendors in a prompt and timely manner so long as services have been performed by the subject vendor, defined as not later than (10) business days after the Contractor is notified that an advance payment check is available from the City.
- (B) The Contractor must deposit Agreement funds in an account in a bank insured with the Federal Deposit Insurance Corporation (FDIC). In those situations where Contractor's total deposits in said bank, including all Agreement funds deposited with said bank, exceed the FDIC insurance limit, the Contractor must arrange with said bank to automatically have the excess collaterally secured. A written copy of the collateral agreement must be obtained by Contractor from the Contractor's banking institution, maintained on file and be available for City monitoring reviews and audits. Advanced funds that cause the Contractor's account balance to exceed the FDIC limit shall be deposited in a manner consistent with the Public Funds Investment Act (Chapter 2256 of the Texas Government Code) as amended. Contractor shall maintain the FDIC insured bank account in which Agreement funds are deposited and its recordkeeping in a manner that will allow City to track expenditures made with Agreement funds.
- (C) The City may deduct from monthly reimbursements amounts necessary to offset the amount advanced based upon the number of months remaining in the Agreement term, or from a single subsequent monthly reimbursement the full amount previously advanced to Contractor. The City may consider factors such as projected allowable costs and other indicators such as Contractor's financial stability. Contractor shall maintain a financial management system to account for periodic, or a lump sum, deduction from reimbursements.

4.3 Contractor shall submit to City not later than the forty-fifth (45th) day after the end of every month a monthly Request for Payment in the form prescribed by City, which details the specific costs (by category and by program account number) Contractor expended in the previous month for the services delivered as described in Article I herein, including supporting documentation of such costs as may be required by the Director of the Managing City Department. The Request for Payment shall also specify the Program Income (as defined herein) received or projected during the same time period. The Director of the Managing City Department may require the Contractor's submission of original or certified copies of invoices, cancelled checks, Contractor's general ledger and/or receipts to verify invoiced expenses.

- 4.4 City shall make reimbursement payments of eligible expenses to the Contractor of any undisputed amounts as determined by the Director of the Managing Department in accordance with established procedures, so long as City receives a properly completed and documented Request for Payment. City shall make payment to Contractor as soon as reasonably practicable, but not later than 30 calendar days of receiving a valid and approved Request for Payment.
- 4.5 The Contractor shall submit to City a full accounting of the Program Income and non-Federal Share funds received and total Program costs incurred, along with all requests for payment for the period February 1, 2016 through January 31, 2017, no later than March 15, 2017. In addition, all purchase orders that have been encumbered by January 31, 2017 must be received and paid no later than March 15, 2017. In the event of early termination of this Agreement, Contractor shall submit the information 45 calendar days from the early termination date of the Agreement. These deadlines may be adjusted only if Contractor receives written authorization from the Director of the Managing City Department allowing Contractor to submit a request for payment at a later specified date.
- 4.6 Contractor agrees that the City shall not be obligated to any subcontractors or third party beneficiaries of the Contractor.
- 4.7 Contractor shall maintain a financial management system, and acceptable accounting records in accordance with 45 C.F.R. § 75.302 *et seq.*, and that provide for:
- (A) accurate, current, and complete disclosure of financial support from each federal, state and locally sponsored project and program in accordance with the reporting requirements set forth in Article VIII of this Agreement. If accrual basis reports are required, the Contractor shall develop accrual data for its reports based on an analysis of the documentation available;
 - (B) records that adequately identify the source and application of funds for City-sponsored activities. Such records shall contain information pertaining to City awards, authorizations, obligations, unobligated balances, assets, equity, outlays, and income;
 - (C) effective control over and accountability for all funds, property, and other assets. The Contractor shall adequately safeguard all such assets and shall ensure that they are used solely for authorized purposes. Contractor shall maintain a separate numbered account for all funds received and disbursed through this Agreement;
 - (D) comparison of actual outlays with budget amounts for each award. Whenever appropriate or required by the City, financial information should be related to performance and unit cost data;
 - (E) procedures to minimize the time elapsing between the transfer of funds from the City and the disbursement of said funds by the Contractor;
 - (F) procedures for determining reasonable, allowable, and allocable costs in accordance with the provisions of any and all applicable cost principles, including but not limited to the cost principles referenced in Article XII hereof, and the terms of the award, grant, or contract, with the City;
 - (G) accounting records that are supported by source documentation (i.e., timesheets, employee benefits, professional services agreements, purchases, and other documentation as required by City). Contractor shall maintain records and shall meet necessary requirements under Generally Accepted Accounting Principles [GAAP]; and
 - (H) an accounting system based on generally acceptable accounting principles which accurately reflects all costs chargeable (paid and unpaid) to the Project. A Receipts and Disbursements Ledger must be maintained. A general ledger with an Income and Expense Account for each budgeted line item is necessary. Paid invoices revealing check number, date paid and evidence of

goods or services received are to be filed according to the expense account to which they were charged.

- 4.8 Contractor agrees that Contractor costs or earnings claimed under this Agreement may not be claimed under another contract or grant from another agency, organization, business entity or governmental entity.
- 4.9 Contractor shall establish and abide by a cost allocation methodology and plan which ensures that the City is paying only its fair share of the costs for services, overhead, and staffing not solely devoted to the Project or funded pursuant to this Agreement. The Cost Allocation Plan is a plan that identifies and distributes the cost of services provided by staff and/or departments or functions. It is the means to substantiate and support how the costs of a program are charged to a particular cost category or to the Program so as to assure Head Start Grant funds provided hereunder do not subsidize other program(s). Contractor must ensure that costs allocated and charged to the Head Start grant are not charged to other Federal, State or Local awards to overcome fund deficiencies, to avoid restrictions imposed by law or terms of the Federal awards, or for other reasons. Contractor shall provide to City prior to the beginning of the Agreement term (i) a matrix identifying the shared use of such facilities and/or program services; and (ii) the Cost Allocation Plan and supporting documentation, along with its Budget, financial statements and audit that are applicable to the Contractor's Project. City shall have the right to approve the Cost Allocation Plan.
- 4.10 Contractor agrees to reimburse the City for any Contractor overpayment based upon reconciled adjustments resulting from Contractor's balance and/or Statement of Revenue and Expenditure sheet as of January 31, 2016, which balance or Statement sheet shall be due to the City no later than February 15, 2016. Reimbursement shall be made within 20 calendar days of written notification to Contractor of the need for reimbursement.
- 4.11 Upon expiration or early termination of this Agreement, or at any time during the term of this Agreement, all unused funds, rebates, advances exceeding allowable costs, or credits on-hand or collected thereafter relating to the Project, shall be returned by Contractor to the City within twenty (20) days of receipt of written notice.
- 4.12 Upon execution of this Agreement or at any time during the term of this Agreement, the City's Director of Finance, the City Auditor, or a person designated by the Director of the Managing City Department may review and approve all Contractor's systems of internal accounting and administrative controls prior to the release of funds hereunder.

V. PROGRAM INCOME

- 5.1 For purposes of this Agreement, "program income" shall mean earnings of Contractor realized from activities resulting from this Agreement or from Contractor's management of funding provided or received hereunder. Such earnings shall include, but shall not be limited to, interest income; usage or rental/lease fees; income produced from Agreement-supported services of individuals or employees or from the use of equipment or facilities of Contractor provided as a result of this Agreement; and if applicable, payments from clients or third parties for services rendered by Contractor pursuant to this Agreement. At the sole option of the Director of the Managing City Department, Contractor will either (a) be required to return program income funds to City through the Managing City Department, or (b) upon prior written approval by the Director of the Managing City Department, Contractor may be permitted to retain such funds to be:
- (A) added to the Project and used to further eligible Project objectives, in which case proposed expenditures must first be approved by the City; or
 - (B) deducted from the total Project cost for the purpose of determining the net cost reimbursed by the City.
- 5.2 In any case where Contractor is required to return program income to the Managing City Department, Contractor must return such program income to City within the timeframe that may be specified by the Director of the Managing City Department. If the Director of the Managing City Department does not

specify a timeframe for Contractor to return program income to City, then Contractor must return such program income to City on the same date that Contractor submits its statement of expenditures and revenues to the Managing City Department set forth in Article V, Section 5.4 of this Agreement. If the Director of the Managing City Department grants Contractor authority to retain program income, Contractor must submit all reports required by the Managing City Department within the timeframe specified in the Agreement.

- 5.3 Contractor shall provide the Managing City Department with thirty (30) calendar days written notice prior to the activity that generates program income. Such notice shall detail the type of activity, time, and place of all activities that generate program income.
- 5.4 The Contractor shall fully disclose and be accountable to the City for all program income. Contractor must submit a statement of expenditures and revenues to the Managing City Department within thirty (30) calendar days of the activity that generates program income. The statement is subject to audit verification by the Managing City Department. Failure by Contractor to report program income as required is grounds for suspension, cancellation, or termination of this Agreement.
- 5.5 Contractor is prohibited from charging fees or soliciting donations and is prohibited from inviting or contracting with vendors who shall charge fees or solicit donations from Head Start participants and their parents in any Agreement-funded project without the prior written approval of the Director of the Managing City Department. However, Contractor may engage in general school activity that is not specifically targeted at Head Start families.
- 5.6 Contractor shall include this Article V, in its entirety, in all of its subcontracts involving income-producing services or activities.

VI. ADMINISTRATION OF CONTRACT

- 6.1 The Contractor agrees to comply with all the terms and conditions that the City must comply with within its award document from HHS. A copy of said award document is attached hereto and incorporated herein for all purposes as **Attachment IV**. From time to time, the award document may be amended or supplemented, and these shall be incorporated into the Agreement collectively as **Attachment IV**.
- 6.2 In the event that any disagreement or dispute should arise between the Parties hereto pertaining to the interpretation or meaning of any part of this Agreement or its governing rules, regulations, laws, codes or ordinances, the City Manager or the Director of the Managing City Department, as representatives of the City and the parties ultimately responsible for all matters of compliance with HHS and City rules and regulations, shall have the final authority to render or secure an interpretation. In the event that a dispute arises with regard to interpretation of regulations or law as it applies to this Agreement, Contractor may request that the City secure, and the City shall request an interpretation or opinion from HHS in order to assist in resolution of the dispute.
- 6.3 Contractor shall not use funds awarded from this Agreement as matching funds for any federal, state or local grant without the prior written approval of the Director of the Managing City Department.
- 6.4 The City shall have the authority during normal business hours to make physical inspections of all operating facilities occupied by Contractor for the administration of this Agreement and to require such physical safeguarding devices as locks, alarms, security / surveillance systems, safes, fire extinguishers, sprinkler systems, etc. as reasonably necessary, to safeguard property and/or equipment authorized by this Agreement.
- 6.5 The Contractor Board of Directors or Board of Trustees, as applicable, and Contractor's management staff shall adopt and approve an Employee Integrity Policy, in the event that Contractor has none, and internal program management procedures, and require all staff to abide by these and the Head Start standards as established in the HHS regulations, to preclude theft, embezzlement, improper inducement, obstruction of investigation or other criminal action, and to prevent fraud and program abuse. These policies and

procedures shall require repayment of such erroneously received grant funds or property to the Contractor, or to the applicable Head Start service provider from whom such grant funds or property was received, if other than the Contractor, and shall specify any other consequences to Contractor's employees and vendors involved in such illegal activities and may include but not be limited to termination and prosecution where necessary. Said policies and procedures shall be provided to the Managing City Department upon request by the Managing City Department. In the event that the Managing City Department finds the policies and procedures to be lacking, the Managing City Department may recommend revision.

6.6 Contractor agrees to comply with the following check writing and handling procedures:

(A) No blank checks are to be signed in advance;

(B) No checks are to be made payable to cash or bearer with the exception of those for petty cash reimbursement, not to exceed a \$100.00 maximum per check. Contractor agrees that the aggregate amount of petty cash reimbursement shall not exceed \$500.00 for any given calendar month during the term of this Agreement unless Contractor receives prior written approval from the Managing City Department to exceed such limit. Such requests for petty cash must be supported by the submission to the Managing City Department of an original receipt.

(C) Checks issued by City to Contractor shall be deposited into the appropriate bank account immediately or by the next Contractor business day after Contractor's receipt of each such check, and shall never be cashed for purposes of receiving the face amount back. If such check(s) are not deposited within the next Contractor business day from the date of issue, such checks shall be investigated by City and stop-payment orders issued, as applicable. City agrees that stop payment orders shall not be issued due to the financial institution's posting policies that result in posting of checks for credit beyond the required timeframe so long as the checks are deposited within the required timeframe. Upon cancellation of any outstanding check, if deemed appropriate by City, such check may be reissued to the Contractor or if deemed by City not to be a valid expense, such check shall be immediately returned to the City.

(D) For checks other than petty cash reimbursement, Contractor shall adopt and comply with a policy requiring no less than two (2) signatures of authorized representatives of Contractor on each check. Said signatures may be computer generated so long as they are issued in accordance with Contractor's internal policies established to reduce the risk of fraud, theft, or embezzlement. Contractor understands and agrees that City's reimbursement is subject to compliance with this provision of the Agreement.

6.8 Wherever in this Agreement, Contractor is required to perform an action within a specified number of days or hours, Contractor may request additional time to perform. In accordance herewith, Contractor agrees to make available to City all accounting and Project records.

Contractor shall during Contractor's normal business hours, and as often as deemed reasonably necessary by City and/or the applicable state or federal governing agency or any other auditing entity, make available the books, records, documents, reports, and evidence with respect to all matters covered by this Agreement and shall continue to be so available for a minimum period of four (4) years or whatever period is determined necessary based on the Records Retention guidelines, established by applicable law for this

Agreement. Said records shall be maintained for the required period beginning immediately after Agreement termination, save and except there is litigation or if the audit report covering such agreement has not been accepted, then the Contractor shall retain the records until the resolution of such issues has satisfactorily occurred. In the event that a dispute arises as to the allowability of an expenditure or charge pursuant to the federal regulations, then Contractor may request that the City secure, and the City shall request an interpretation or opinion from HHS in order to assist in resolution of the dispute. Should the City deduct such claims from subsequent reimbursements, the Contractor is forbidden from reducing Project expenditures and Contractor must use its own funds to maintain the Project.

Contractor agrees and understands that all expenses, fees, fines and penalties associated with the collection of delinquent debts owed by Contractor shall be the sole responsibility of the Contractor and shall not be paid from any Project funds received by the Contractor under this Agreement. Delinquent debts that would otherwise be identified as allowable costs may be paid with Project funds after written approval of the Managing City Department.

- 7.7 If the City determines that Contractor is in violation of the above requirements, the City shall have the right to dispatch auditors of its choosing to conduct the required audit and to have the Contractor pay for such audit from non-City resources. If after the audit is conducted it is determined that Contractor is in compliance with the contract then the cost of the audit, specifically the auditor's bill alone, shall be borne by the City. If the requested information is confidential or may be kept confidential pursuant to state or federal law, the Contractor shall submit to City the list of specific statutory authority mandating and/or authorizing confidentiality no later than three (3) Contractor business days of Contractor's designated liaison's receipt of such request. For the purposes of communicating and coordinating with regard to public information requests, all communications shall be made to the designated public information liaison for each Party. Each Party shall designate in writing to the other Party the public information liaison for its organization and notice of a change in the designated liaison shall be made promptly to the other Party. The parties shall cooperate with each other to preserve confidential information or records that may be excluded from disclosure under the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) and/or the Texas Public Information Act; and the parties shall coordinate efforts to seek any required Attorney General decision for the protection of such information from release.

- 8.17 In accordance with Texas law, Contractor acknowledges and agrees that all local government records as defined in Chapter 201, Section 201.003 (8) of the Texas Local Government Code created or received in the transaction of official business or the creation or maintenance of which were paid for with public funds are declared to be public property and subject to the provisions of Chapter 201 of the Texas Local Government Code and Subchapter J, Chapter 441 of the Texas Government Code. Thus, Contractor agrees that no such local government records produced by or on the behalf of Contractor pursuant to this Agreement shall be the subject of any copyright or proprietary claim by Contractor; however Contractor shall be entitled to maintain the confidentiality of "educational records" as that term is understood under FERPA and to use such records for educational purposes.

Contractor agrees that it shall not, under any circumstances, release any records created during the course of performance of the Agreement to any entity without the written permission of the Director of the Managing City Department, unless required to do so by a court of competent jurisdiction or the Texas Attorney General or his designee, or as may be required or permitted by Contractor due to the record being an "educational record" as that term is understood under FERPA. The Managing City Department shall be notified of such request as set forth in Article VIII, Section 8.15 of this Agreement.

The Project shall be deemed a "work for hire" within the meaning of the copyright laws of the United States, and ownership of the Project and all rights therein shall be solely vested in City. Contractor hereby grants, sells, assigns, and conveys to City all rights in and to the Project and the tangible and intangible property rights relating to or arising out of the Project, including, without limitation, any and all copyright, patent and trade secret rights. As owner of the tangible and intangible intellectual property, City shall have the right to reproduce, publish, authorize others to reproduce or publish, or otherwise use such material subject to confidentiality obligations as may be required by federal and /or state law for "educational records." Contractor agrees to execute all documents reasonably requested by City to perfect and establish City's right to the Intellectual

Property Rights. In the event City shall be unable, after reasonable effort, to secure Contractor's signature on any documents relating to Intellectual Property Rights in the Project, including without limitation, any letters patent, copyright, or other protection relating to the Project, for any reason whatsoever, Contractor hereby irrevocably designates and appoints City and its duly authorized officers and agents as Contractor's agent and attorney-in-fact, to act for and in Contractor's behalf and stead to execute and file any such application or applications and to do all other lawfully permitted acts to further the prosecution and issuance of letters patent, copyright or other analogous protection thereon with the same legal force and effect as if executed by Contractor. - 14.6 This Agreement is subject to the availability of federal grant funds to City and may be terminated by the City if HHS terminates the City as a grantee or reduces the amount granted to City, for any reason; provided that, if the reduction of grant funds does not result in complete unavailability of such funds, the Parties will use best efforts to amend this Agreement accordingly. City will promptly notify Contractor of any such HHS action.
- 14.7 In all instances of termination, Contractor shall not incur new obligations after the effective date of termination, and shall cancel as many outstanding obligations as possible. Contractor shall submit to City all required reports including a final financial statement which shall be a statement of all expenditures incurred by Contractor under this Agreement. City shall pay Contractor the full cost of obligations that City determines were not subject to cancellation if such costs are properly documented, allowable, within the approved budget, and unavoidably incurred by Contractor prior to termination or expiration. - 16.4 Contractor understands that the Head Start Act requires that grantees and their contractors, if any, ensure, and demonstrate upon request, that all of the teachers staffing its Head Start center-based program classrooms have (a) a baccalaureate or advanced degree in early childhood education; or (b) a baccalaureate or advanced degree and course work equivalent to a major relating to early childhood education, with experience teaching preschool-age children. Contractor agrees that during the term of this Agreement, Contractor will only employ teachers meeting the necessary qualifications.

Upon BA's conveyance of such written notification, BA shall extend the protections of this Agreement to such PHI and limit further uses and

disclosures of such PHI to those purposes that make its return or destruction infeasible, for so long as BA maintains such PHI.

Additional OMB Provisions

from Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by HHS or the City, all contracts made by the City under the Federal award must contain provisions covering the following, as applicable (2 C.F.R. 200, Appendix II).

Hereinafter in this Attachment VI, Center shall be referred to as “contractor.”

<u>Provision</u>	<u>Page Number</u>
Equal Employment Opportunity	2
Davis Bacon Act	4
Contract Work Hours and Safety Standards Act	9

Attachment VI

EQUAL EMPLOYMENT OPPORTUNITY provisions (60 C.F.R. 1.4(b)).

During the performance of this contract, contractor agrees:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to CONTRACTOR's books, records, and accounts by the U.S. Department of Health and Human Services ("HHS") and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally-assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

Attachment VI

(7) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as HHS may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request HHS to enter into such litigation to protect the interests of the United States.

Attachment VI

DAVIS BACON ACT provisions (29 C.F.R. § 5.5(a))

For any contract or subcontract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work, or building or work financed in whole or in part from federal funds, and which is subject to the labor standards provisions of any of the acts listed in 29 C.F.R. §5.1, the following § 5.5(a) must be included and complied with:

(1) Minimum wages.

- (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor, which is incorporated herein by reference, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in §5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)

(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an

Attachment VI

authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

- (iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
- (iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. HHS or the City shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, HHS may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

- (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected,

Attachment VI

and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)

(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HHS if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to HHS. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HHS if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to HHS, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under §5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under §5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of HHS or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner,

Attachment VI

take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees—

- (i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program,

Attachment VI

the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

- (iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the (write in the name of the Federal agency) may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

- (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- (ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- (iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

STATE OF TEXAS *
COUNTY OF BEXAR *
CITY OF SAN ANTONIO * EDGEWOOD INDEPENDENT SCHOOL DISTRICT (EISD)

**HEAD START AGREEMENT
FOR EDUCATION SERVICES
BETWEEN THE CITY OF SAN ANTONIO
&
EDGEWOOD INDEPENDENT SCHOOL DISTRICT (EISD)**

This Agreement is entered into by and between the City of San Antonio (hereinafter referred to as "City"), a Texas Municipal Corporation, acting by and through its Director of the Department of Human Services pursuant to Ordinance No. _____ dated _____, and Edgewood Independent School District (EISD), a political subdivision of the State of Texas, acting by and through its Board of Trustees (hereinafter referred to as "Contractor") (individually "the Party" and collectively "the Parties") to set forth the objectives, understandings, and agreements between the Parties in connection with the use of Head Start grant funds as described herein. This Agreement is made and entered into by the Parties pursuant to the authority granted under the Interlocal Cooperation Act, Texas Gov't Code 791 *et seq.*

WITNESSETH:

WHEREAS, the City has received a grant pursuant to the Head Start Act (42 U.S.C. §9831 *et seq.*, as amended) (the "Grant") for the purpose of providing Head Start services to children and families in the San Antonio and Edgewood Independent School Districts; and

WHEREAS, the City is authorized by the U.S. Department of Health and Human Services ("HHS"), Administration for Children and Families ("ACF"), and desires, through its Department of Human Services (hereinafter referred to as "Managing City Department") to execute an agreement with Contractor to provide Head Start services to children residing in the Edgewood Independent School District (hereinafter referred to as the "Project" or "Program"); and

WHEREAS, Contractor desires, and is appropriately licensed and qualified, to enter into this Agreement with City and agrees to deliver the services described herein in accordance with applicable Head Start Performance Standards and other requirements more fully set forth below;

NOW THEREFORE, in consideration of the mutual promises and covenants herein contained and intending to be legally bound hereby, City and Contractor agree as follows:

I. SCOPE OF WORK

- 1.1 The Contractor will provide, oversee, administer, and carry out all activities and services in a manner satisfactory to the City and in compliance with the Contractor's Scope of Work, attached hereto and incorporated herein for all purposes as **Attachment I**, this Agreement, and the Terms of the Grant (hereinafter defined). If the terms of this Agreement are inconsistent or in conflict with applicable Terms of the Grant, the applicable Terms of the Grant shall be controlling, unless the inconsistency or conflict results from more stringent requirements set forth in this Agreement, in which case the terms imposing the most stringent requirements upon the Contractor shall control.
- 1.2 For purposes of this Agreement, the terms listed below shall have the following meanings:
 - (A) "Terms of the Grant" shall mean all requirements of the Grant, whether contained in the Head Start Act, as amended by the Improving Head Start for School Readiness Act of 2007 (42 U.S.C. §9831, *et seq.*), or other applicable statutes, implementing regulations (e.g., 45 C.F.R. §1301 *et seq.* (the "Head Start Performance Standards" or "Performance Standards") and 45 C.F.R. Part 75, as amended), rules, Executive Orders, the award document from U.S. Department of Health and Human Services ("HHS") to the City, Relevant HHS Directives, or elsewhere, including, but not limited to circulars, Program Instructions, Information Memorandums and Policy Clarifications, the City's policies and procedures

and the program design manual applicable to the Head Start Program, as such requirements exist as of the date of this Agreement and as such requirements may be established or modified (by amendment, deletion, addition or otherwise) during the period of the Agreement.

(B) "Relevant HHS directives" shall mean regulations, manuals, guidelines, or other oral or written directives of HHS or any subdivision thereof, including the Administration for Children and Families, Head Start Bureau, the Program Operations Division and ACF Region VI, as such regulations, manuals, guidelines, or other oral or written directives shall be made applicable to the Grant or Grantee.

- 1.3 Contractor shall establish and implement policies and procedures governing personnel, financial management, and programmatic management, as specified more fully in 45 C.F.R Parts 1301 *et. seq.*, and/or 45 C.F.R. Part 75. Such policies and procedures shall be consistent with the Terms of the Grant, the policies and procedures approved by the Grantee's Policy Council and Governing Body, and content and service plans.
- 1.4 City retains the authority to contract with third-parties for the delivery of other Head Start services in the San Antonio and Bexar County area. Contractor agrees to allow the City's other contractors access to the facilities leased and/or owned by Contractor in order to provide said services, so long as access would not cause disruption of Contractor's educational activities or purpose as an educational entity. Contractor agrees to cooperate with City and third-party Head Start contractors to establish, modify and comply with a set of policies and procedures and/or a program design manual governing the City's Head Start Program and the protocol for collaboration between Head Start service providers. Contractor agrees that, notwithstanding the fact that another Head Start service provider under the City of San Antonio Head Start program may be contracted to provide a category of service, Contractor, under the leadership of its Head Start Program Director, will be responsible for coordinating with Head Start service providers and working with the City to ensure provision of full array of services to which the children are entitled under the Terms of the Grant.

II. TERM

- 2.1 Except as otherwise provided for pursuant to the provisions hereof, this Agreement shall begin on February 1, 2016 and shall terminate on January 31, 2017.

III. CONSIDERATION

- 3.1 In consideration of the services to be delivered by Contractor, the City will reimburse Contractor a total amount not to exceed \$4,102,560.00 ("the Federal Share") during the period in which this Agreement is in effect for costs incurred in accordance with the Program Budget attached hereto and incorporated herein for all purposes as **Attachment II**. Contractor's Program Budget is comprised of the Federal Share and the Non-Federal Share. The Federal Share shall be no more than 80% of the total Program Budget. Should Contractor fail to raise all of the non-Federal Share funds (20% of the total Program Budget, or \$1,353,618.00) it is required to raise for the operation of its Program, City reserves the right to limit its reimbursements to Contractor proportionately. For instance, if Contractor succeeds in raising only eighty percent (80%) of its required non-Federal Share funds, City may limit its reimbursements to Contractor to eighty percent (80%) of City's total obligation to Contractor. Contractor may provide additional non-Federal share funds if Contractor, in its discretion, determines such funds are available. To meet the requirements of this Agreement, all claimed non-Federal Share must meet the requirements of 45 C.F.R. § 75.306, as applicable.
- 3.2 Prior to commencement of the Agreement, Contractor shall submit to City for its approval Contractor's proposed monthly budget by line item for the entire term of the Agreement along with its program Budget, including detail by category alone. Until the City receives the initial proposed monthly budget for the entire term of the Agreement and prior to the City's approval, the City reserves the right to redirect the funding City has proposed be allocated to Contractor under this Agreement. City shall notify the Contractor of the amount redirected and the revised Agreement funding. Additionally, throughout the term of the

Agreement, Contractor shall submit on or before the last day of each month a forecast of the projected monthly expenses for each month remaining in the Agreement so that the City may review and compare actual expenses to projected expenditures and address issues associated with Contractor's expenditure rate (e.g., on or before March 31, 2015, Contractor shall submit the projected expenses by month for April, May, and so on until January 31, 2016). Contractor's budgeted development and administrative costs (as defined by 45 C.F.R. §1301.32) shall not exceed twelve percent (12%) of the Program Budget, unless the total Program Budget is modified in accordance with this Agreement in which case this amount shall be reduced proportionately unless the Parties otherwise agree.

3.3 Approval required. Contractor shall seek and obtain City's (City's Head Start Program Administrator and the Managing City Department's Fiscal Administrator) prior written approval 30 calendar days before making budget modifications. City may make exceptions to the 30-day notice requirement on a case by case basis, but otherwise Contractor must make request in writing or via email to the City's Head Start Program Administrator. Contractor's written request must be accompanied by a justification for the change and indicate which lines items are affected by such change

3.4 Contractor understands and agrees that should Contractor fail to meet or maintain its funded enrollment level as set forth in the Scope of Work which failure continues for a thirty (30) day period, City may reduce Contractor's funding by an amount equal to the difference between funded and actual enrollment at the per capita rate.

3.5 The funding level of this Agreement is based on an allocation from the following funding sources:

U.S. Department of Health and Human Services (HHS) – Head Start Funds Catalog of Federal Domestic Assistance # 93.600

Consequently, Contractor agrees to comply with the Terms of the Grant and the Special Provisions, attached hereto and incorporated herein for all purposes as **Attachment III**.

3.6 It is expressly understood and agreed by the City and Contractor that the City's obligations under this Agreement are contingent upon the actual receipt of adequate grant funds from HHS to meet City's liabilities hereunder. This Agreement may be terminated by the City if HHS terminates the City as a grantee or reduces the amount granted to City, for any reason; provided that, if the reduction of grant funds does not result in complete unavailability of such funds, the Parties will use best efforts to amend this Agreement accordingly. City will promptly notify Contractor of any such HHS action.

IV. PAYMENT

4.1 Contractor agrees that this is a cost reimbursement contract and that the City's liability hereunder is limited to making reimbursements for allowable costs incurred as a direct result of services provided by the Contractor in accordance with the terms of this Agreement. Allowable costs are defined as those costs, which are necessary, reasonable and allowable under applicable federal, state, and local law, including but not limited to those laws referenced in Article XII hereof, for the proper administration and performance of the services to be provided under an agreement. All requested reimbursed costs must be consistent with the terms and provisions of the approved budgeted line items described in **Attachment II** of this Agreement, unless (a) a subsequent budget revision has been approved in accordance with the procedure set forth in Section 3.3 and signed by the Director of the Managing City Department in cases where the total Agreement Budget remains the same, or (b) an amendment has been approved and signed by the Director of the Managing City Department pursuant to Section 24.1 of this Agreement in cases where there is an increase or decrease to the total Agreement Budget. Approved budget revisions and amendments modify the Budget attached hereto, and in such cases Contractor's requested reimbursed costs must be consistent with the last revised, approved budget. Approved budget revisions and amendments supersede prior conflicting or inconsistent agreements with regard to the referenced Project Budget, and all references in the Agreement to the budget shall mean the budget as revised through approved budget revisions or amendments. Budget revision requests shall be submitted in advance of anticipated expense(s). The City will not accept budget revision requests submitted after December 31, 2016, unless Contractor requests a

reasonable extension before that date, which shall not be unreasonably denied by City. In no event shall the City be liable for any cost of Contractor not eligible for reimbursement as defined within the Agreement. Contractor shall remit to City within ten (10) Contractor business days after the City makes the request for remittance any funded amounts which were paid pursuant to this Article IV and used to cover disallowed costs. Any such amounts not remitted within ten (10) Contractor business days may, at City's option, be subject to offset against future funding obligations by City. For purposes of this Agreement, the term, "Contractor business day" shall mean every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by Contractor for Contractor employees.

4.2 If specific circumstances require an advance payment on this Agreement, Contractor must submit to the Director of the Managing City Department a written request for such advance payment, including the specific reason for such request in the form prescribed by City. Contractor agrees that the City shall not be obligated to pay for any advances requested. In those instances in which advance payments are authorized, the Director of the Managing City Department may, in the Director's sole discretion, approve an advance payment on this Agreement. It is understood and agreed by the parties hereto that (a) each request requires submission to the Director of the Managing City Department no less than ten (10) business days prior to the actual ostensible cash need; (b) each request will be considered by the Director of the Managing City Department on a case-by-case basis, and (c) the decision by the Director of the Managing City Department whether or not to approve an advance payment is final. For purposes of this Agreement, the term "business day" shall mean every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by the San Antonio City Council for City of San Antonio employees, except in those instances where this Agreement expressly calls for "Contractor business days." In those instances in which advance payments are authorized:

- (A) Contractor's payments to its vendors using funds advanced by the City shall be remitted to the vendors in a prompt and timely manner so long as services have been performed by the subject vendor, defined as not later than (10) business days after the Contractor is notified that an advance payment check is available from the City.
- (B) The Contractor must deposit Agreement funds in an account in a bank insured with the Federal Deposit Insurance Corporation (FDIC). In those situations where Contractor's total deposits in said bank, including all Agreement funds deposited with said bank, exceed the FDIC insurance limit, the Contractor must arrange with said bank to automatically have the excess collaterally secured. A written copy of the collateral agreement must be obtained by Contractor from the Contractor's banking institution, maintained on file and be available for City monitoring reviews and audits. Advanced funds that cause the Contractor's account balance to exceed the FDIC limit shall be deposited in a manner consistent with the Public Funds Investment Act (Chapter 2256 of the Texas Government Code) as amended. Contractor shall maintain the FDIC insured bank account in which Agreement funds are deposited and its recordkeeping in a manner that will allow City to track expenditures made with Agreement funds.
- (C) The City may deduct from monthly reimbursements amounts necessary to offset the amount advanced based upon the number of months remaining in the Agreement term, or from a single subsequent monthly reimbursement the full amount previously advanced to Contractor. The City may consider factors such as projected allowable costs and other indicators such as Contractor's financial stability. Contractor shall maintain a financial management system to account for periodic, or a lump sum, deduction from reimbursements.

4.3 Contractor shall submit to City not later than the forty-fifth (45th) day after the end of every month a monthly Request for Payment in the form prescribed by City, which details the specific costs (by category and by program account number) Contractor expensed in the previous month for the services delivered as described in Article I herein, including supporting documentation of such costs as may be required by the Director of the Managing City Department. The Request for Payment shall also specify the Program Income (as defined herein) received or projected during the same time period. The Director of the Managing City Department may require the Contractor's submission of original or certified copies of invoices, cancelled checks, Contractor's general ledger and/or receipts to verify invoiced expenses.

- 4.4 City shall make reimbursement payments of eligible expenses to the Contractor of any undisputed amounts as determined by the Director of the Managing Department in accordance with established procedures, so long as City receives a properly completed and documented Request for Payment. City shall make payment to Contractor as soon as reasonably practicable, but not later than 30 calendar days of receiving a valid and approved Request for Payment.
- 4.5 The Contractor shall submit to City a full accounting of the Program Income and non-Federal Share funds received and total Program costs incurred, along with all requests for payment for the period February 1, 2016 through January 31, 2017, no later than March 15, 2017. In addition, all purchase orders that have been encumbered by January 31, 2017 must be received and paid no later than March 15, 2017. In the event of early termination of this Agreement, Contractor shall submit the information 45 calendar days from the early termination date of the Agreement. These deadlines may be adjusted only if Contractor receives written authorization from the Director of the Managing City Department allowing Contractor to submit a request for payment at a later specified date.
- 4.6 Contractor agrees that the City shall not be obligated to any subcontractors or third party beneficiaries of the Contractor.
- 4.7 Contractor shall maintain a financial management system, and acceptable accounting records in accordance with 45 C.F.R. § 75.302 *et seq.*, and that provide for:
- (A) accurate, current, and complete disclosure of financial support from each federal, state and locally sponsored project and program in accordance with the reporting requirements set forth in Article VIII of this Agreement. If accrual basis reports are required, the Contractor shall develop accrual data for its reports based on an analysis of the documentation available;
 - (B) records that adequately identify the source and application of funds for City-sponsored activities. Such records shall contain information pertaining to City awards, authorizations, obligations, unobligated balances, assets, equity, outlays, and income;
 - (C) effective control over and accountability for all funds, property, and other assets. The Contractor shall adequately safeguard all such assets and shall ensure that they are used solely for authorized purposes. Contractor shall maintain a separate numbered account for all funds received and disbursed through this Agreement;
 - (D) comparison of actual outlays with budget amounts for each award. Whenever appropriate or required by the City, financial information should be related to performance and unit cost data;
 - (E) procedures to minimize the time elapsing between the transfer of funds from the City and the disbursement of said funds by the Contractor;
 - (F) procedures for determining reasonable, allowable, and allocable costs in accordance with the provisions of any and all applicable cost principles, including but not limited to the cost principles referenced in Article XII hereof, and the terms of the award, grant, or contract, with the City;
 - (G) accounting records that are supported by source documentation (i.e., timesheets, employee benefits, professional services agreements, purchases, and other documentation as required by City). Contractor shall maintain records and shall meet necessary requirements under Generally Accepted Accounting Principles [GAAP]; and
 - (H) an accounting system based on generally acceptable accounting principles which accurately reflects all costs chargeable (paid and unpaid) to the Project. A Receipts and Disbursements Ledger must be maintained. A general ledger with an Income and Expense Account for each budgeted line item is necessary. Paid invoices revealing check number, date paid and evidence of goods or services received are to be filed according to the expense account to which they were charged.

- 4.8 Contractor agrees that Contractor costs or earnings claimed under this Agreement may not be claimed under another contract or grant from another agency, organization, business entity or governmental entity.
- 4.9 Contractor shall establish and abide by a cost allocation methodology and plan which ensures that the City is paying only its fair share of the costs for services, overhead, and staffing not solely devoted to the Project or funded pursuant to this Agreement. The Cost Allocation Plan is a plan that identifies and distributes the cost of services provided by staff and/or departments or functions. It is the means to substantiate and support how the costs of a program are charged to a particular cost category or to the Program so as to assure Head Start Grant funds provided hereunder do not subsidize other program(s). Contractor must ensure that costs allocated and charged to the Head Start grant are not charged to other Federal, State or Local awards to overcome fund deficiencies, to avoid restrictions imposed by law or terms of the Federal awards, or for other reasons. Contractor shall provide to City prior to the beginning of the Agreement term (i) a matrix identifying the shared use of such facilities and/or program services; and (ii) the Cost Allocation Plan and supporting documentation, along with its Budget, financial statements and audit that are applicable to the Contractor's Project. City shall have the right to approve the Cost Allocation Plan.
- 4.10 Contractor agrees to reimburse the City for any Contractor overpayment based upon reconciled adjustments resulting from Contractor's balance and/or Statement of Revenue and Expenditure sheet as of January 31, 2016, which balance or Statement sheet shall be due to the City no later than February 15, 2016. Reimbursement shall be made within 20 calendar days of written notification to Contractor of the need for reimbursement.
- 4.11 Upon expiration or early termination of this Agreement, or at any time during the term of this Agreement, all unused funds, rebates, advances exceeding allowable costs, or credits on-hand or collected thereafter relating to the Project, shall be returned by Contractor to the City within twenty (20) days of receipt of written notice.
- 4.12 Upon execution of this Agreement or at any time during the term of this Agreement, the City's Director of Finance, the City Auditor, or a person designated by the Director of the Managing City Department may review and approve all Contractor's systems of internal accounting and administrative controls prior to the release of funds hereunder.

V. PROGRAM INCOME

- 5.1 For purposes of this Agreement, "program income" shall mean earnings of Contractor realized from activities resulting from this Agreement or from Contractor's management of funding provided or received hereunder. Such earnings shall include, but shall not be limited to, interest income; usage or rental/lease fees; income produced from Agreement-supported services of individuals or employees or from the use of equipment or facilities of Contractor provided as a result of this Agreement; and if applicable, payments from clients or third parties for services rendered by Contractor pursuant to this Agreement. At the sole option of the Director of the Managing City Department, Contractor will either (a) be required to return program income funds to City through the Managing City Department, or (b) upon prior written approval by the Director of the Managing City Department, Contractor may be permitted to retain such funds to be:
- (A) added to the Project and used to further eligible Project objectives, in which case proposed expenditures must first be approved by the City; or
 - (B) deducted from the total Project cost for the purpose of determining the net cost reimbursed by the City.
- 5.2 In any case where Contractor is required to return program income to the Managing City Department, Contractor must return such program income to City within the timeframe that may be specified by the Director of the Managing City Department. If the Director of the Managing City Department does not specify a timeframe for Contractor to return program income to City, then Contractor must return such program income to City on the same date that Contractor submits its statement of expenditures and

revenues to the Managing City Department set forth in Article V, Section 5.4 of this Agreement. If the Director of the Managing City Department grants Contractor authority to retain program income, Contractor must submit all reports required by the Managing City Department within the timeframe specified in the Agreement.

- 5.3 Contractor shall provide the Managing City Department with thirty (30) calendar days written notice prior to the activity that generates program income. Such notice shall detail the type of activity, time, and place of all activities that generate program income.
- 5.4 The Contractor shall fully disclose and be accountable to the City for all program income. Contractor must submit a statement of expenditures and revenues to the Managing City Department within thirty (30) calendar days of the activity that generates program income. The statement is subject to audit verification by the Managing City Department. Failure by Contractor to report program income as required is grounds for suspension, cancellation, or termination of this Agreement.
- 5.5 Contractor is prohibited from charging fees or soliciting donations and is prohibited from inviting or contracting with vendors who shall charge fees or solicit donations from Head Start participants and their parents in any Agreement-funded project without the prior written approval of the Director of the Managing City Department. However, Contractor may engage in general school activity that is not specifically targeted at Head Start families.
- 5.6 Contractor shall include this Article V, in its entirety, in all of its subcontracts involving income-producing services or activities.

VI. ADMINISTRATION OF CONTRACT

- 6.1 The Contractor agrees to comply with all the terms and conditions that the City must comply with within its award document from HHS. A copy of said award document is attached hereto and incorporated herein for all purposes as **Attachment IV**. From time to time, the award document may be amended or supplemented, and these shall be incorporated into the Agreement collectively as **Attachment IV**.
- 6.2 In the event that any disagreement or dispute should arise between the Parties hereto pertaining to the interpretation or meaning of any part of this Agreement or its governing rules, regulations, laws, codes or ordinances, the City Manager or the Director of the Managing City Department, as representatives of the City and the parties ultimately responsible for all matters of compliance with HHS and City rules and regulations, shall have the final authority to render or secure an interpretation. In the event that a dispute arises with regard to interpretation of regulations or law as it applies to this Agreement, Contractor may request that the City secure, and the City shall request an interpretation or opinion from HHS in order to assist in resolution of the dispute.
- 6.3 Contractor shall not use funds awarded from this Agreement as matching funds for any federal, state or local grant without the prior written approval of the Director of the Managing City Department.
- 6.4 The City shall have the authority during normal business hours to make physical inspections of all operating facilities occupied by Contractor for the administration of this Agreement and to require such physical safeguarding devices as locks, alarms, security / surveillance systems, safes, fire extinguishers, sprinkler systems, etc. as reasonably necessary, to safeguard property and/or equipment authorized by this Agreement.
- 6.5 The Contractor Board of Directors or Board of Trustees, as applicable, and Contractor's management staff shall adopt and approve an Employee Integrity Policy, in the event that Contractor has none, and internal program management procedures, and require all staff to abide by these and the Head Start standards as established in the HHS regulations, to preclude theft, embezzlement, improper inducement, obstruction of investigation or other criminal action, and to prevent fraud and program abuse. These policies and procedures shall require repayment of such erroneously received grant funds or property to the Contractor,

or to the applicable Head Start service provider from whom such grant funds or property was received, if other than the Contractor, and shall specify any other consequences to Contractor's employees and vendors involved in such illegal activities and may include but not be limited to termination and prosecution where necessary. Said policies and procedures shall be provided to the Managing City Department upon request by the Managing City Department. In the event that the Managing City Department finds the policies and procedures to be lacking, the Managing City Department may recommend revision.

6.6 Contractor agrees to comply with the following check writing and handling procedures:

(A) No blank checks are to be signed in advance;

(B) No checks are to be made payable to cash or bearer with the exception of those for petty cash reimbursement, not to exceed a \$100.00 maximum per check. Contractor agrees that the aggregate amount of petty cash reimbursement shall not exceed \$500.00 for any given calendar month during the term of this Agreement unless Contractor receives prior written approval from the Managing City Department to exceed such limit. Such requests for petty cash must be supported by the submission to the Managing City Department of an original receipt.

(C) Checks issued by City to Contractor shall be deposited into the appropriate bank account immediately or by the next Contractor business day after Contractor's receipt of each such check, and shall never be cashed for purposes of receiving the face amount back. If such check(s) are not deposited within the next Contractor business day from the date of issue, such checks shall be investigated by City and stop-payment orders issued, as applicable. City agrees that stop payment orders shall not be issued due to the financial institution's posting policies that result in posting of checks for credit beyond the required timeframe so long as the checks are deposited within the required timeframe. Upon cancellation of any outstanding check, if deemed appropriate by City, such check may be reissued to the Contractor or if deemed by City not to be a valid expense, such check shall be immediately returned to the City.

(D) For checks other than petty cash reimbursement, Contractor shall adopt and comply with a policy requiring no less than two (2) signatures of authorized representatives of Contractor on each check. Said signatures may be computer generated so long as they are issued in accordance with Contractor's internal policies established to reduce the risk of fraud, theft, or embezzlement. Contractor understands and agrees that City's reimbursement is subject to compliance with this provision of the Agreement.

6.8 Wherever in this Agreement, Contractor is required to perform an action within a specified number of days or hours, Contractor may request additional time to perform. City shall give Contractor's request for additional time due consideration and shall grant Contractor's request whenever reasonable practicable, unless immediate compliance is required.

6.9 If the starting date of the Agreement term has already passed at the time of approval of the Agreement by Contractor, all deadlines imposed on Contractor for providing information to the City on or before the date of approval or within seven (7) Contractor business days of approval shall be extended in order for the Contractor to reasonably comply with the City's requirements; except and unless, the information has already been provided to the City. City and Contractor agree to confer and make best efforts to reasonably permit Contractor to comply with the extended deadlines.

VII. AUDIT

7.1 If Contractor expends \$750,000.00 or more of funds provided under this Agreement, or cumulative funds provided by or through City, and does not have to comply with the provisions of Section 7.2, then during the term of this Agreement, the Contractor shall have completed an independent audit of Contractor's Head Start program and the reporting required submitted to the City within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine (9) months after the end of Contractor's fiscal year, expiration or early termination of this Contract, whichever is earlier. Contractor understands and agrees to furnish the

Managing City Department a copy of the audit report including the corrective action plan(s) of the Head Start program on all audit findings, a summary schedule of prior audit findings, management letter and/or conduct of audit letter, within thirty (30) calendar days upon receipt of said report or upon submission of said corrective action plan to the auditor.

Contractor agrees and understands that upon notification from federal, state, or local entities that have conducted program reviews and/or audits of the Contractor or its programs of any findings about accounting deficiencies, or violations of Contractor's financial operations, a copy of the notification, review, investigation, and audit violations report must be forwarded to the Managing City Department within a period of ten (10) calendar days upon the Contractor's receipt of the report.

- 7.2 Contractor agrees that if Contractor receives or expends more than \$750,000.00 in federal funds from the City, an audit shall be made in accordance with the Single Audit Act Amendments of 1996, the State of Texas Single Audit Circular, and the U.S. Office of Management and Budget Circular ("Uniform Guidance"). Contractor shall also be required to submit copies of its annual independent audit report, and all related reports issued by the independent certified public accountant within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of the audit period, unless a longer period is agreed to in advance by the Federal cognizant or oversight agency for audit to the Federal Audit Clearinghouse. A copy of this report must also be provided to City within this same time period. Contractor may submit reports through the following website: <http://harvester.census.gov/sac/> and may also contact the Clearinghouse by telephone at (301) 763-1551 (local), 1-888-222-9907 or 1-800-253-0696 (toll free).

Per 2 C.F.R. 200.36, upon completion of Form SF-SAC, Contractor may submit the completed report by mail to:

Bureau of the Census

Jeffersonville, Indiana 47132

Contractor agrees to reimburse the City or supplement any disallowed costs with eligible and allowable expenses based upon reconciled adjustments resulting from Contractor's Single Audit. Reimbursement shall be made within thirty (30) calendar days of written notification regarding the need for reimbursement.

For breach or violation of this warrant, the City shall have the right to terminate this Agreement without liability or, at its discretion, to deduct from the Agreement or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee, or to seek such other remedies as legally may be available.
- 13.2 Contractor covenants that neither it nor any member of its governing body or of its staff presently has any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Contractor further covenants that in the performance of this Agreement, no persons having such interest shall be employed or appointed as a member of its governing body or of its staff.
- 13.3 Contractor further covenants that no member of its governing body or of its staff shall possess any interest in, or use their position for, a purpose that is or gives the appearance of being motivated by desire for private gain for themselves or others, particularly those with which they have family, business, or other ties.

(B) Have any direct or indirect interest in this Agreement or the proceeds thereof.

- 13.5 Contractor acknowledges that it is informed that Charter of the City of San Antonio and its Ethics Code prohibit a City officer or employee, as those terms are defined in Section 2-52 of the Ethics Code, from having a financial interest in any contract with the City. An officer or employee has “prohibited financial interest” in a contract with the City or in the sale to the City of land, materials, supplies or service, if any of the following individual(s) or entities is a party to the contract or sale: A City officer or employee; his parent, child or spouse; an entity in which the officer or employee, or his parent, child or spouse owns ten (10) percent or more of the voting stock or shares of the entity, or ten (10) percent or more of the fair market value of the entity; an entity in which any individual or entity above listed is subcontractor on a City contract, a partner or a parent or subsidiary entity.

XIV. TERMINATION

- 14.1 (a) Termination for Cause – Should the Contractor fail to fulfill, in a timely and proper manner, obligations under this Agreement to include performance standards established by the City, or if the Contractor should violate any of the covenants, conditions, or stipulations of the Agreement, the City shall have the right to terminate this Agreement by sending written notice to the Contractor of such termination, and specifying the effective date of termination.
- (b) Termination for Convenience - This Contract may be terminated in whole or in part when the City determines that continuation of the Project or Projects would not produce desired results commensurate with the further expenditure of funds or if the City has insufficient revenue to satisfy the City’s liabilities hereunder. Such termination by City shall specify the date thereof, which date shall not be sooner than 120 days following the day on which notice is sent (but which termination date shall not be later than the end of Contractor’s fiscal year), unless earlier terminated under any other provision in this Agreement.
- 14.2 The Contractor shall be entitled to receive just and equitable compensation for any work satisfactorily completed prior to such termination date. The question of satisfactory completion of such work shall be reasonably determined by the City, and its decision shall be final. To the extent that compliance with an Agreement matter falls under HHS authority to review, or in the event that a dispute arises with regard to interpretation of regulations or law as it applies to this Agreement, Contractor may request that the City secure, and the City shall request an interpretation or opinion from HHS in order to assist in resolution of the dispute. It is further expressly understood and agreed by the Parties that Contractor’s performance upon which final payment is conditioned shall include, but not be limited to, the Contractor’s complete and satisfactory performance, of its obligations for which final payment is sought.
- 14.3 Notwithstanding any other remedy contained herein or provided by law, the City may delay, suspend, limit, or cancel funds, rights or privileges herein given the Contractor for failure to comply with the terms and provisions of this Agreement. Specifically, at the sole option of the City, the Contractor may be placed on

probation during which time the City may withhold reimbursements in cases where it determines that the Contractor is not in compliance with this Agreement. The Contractor shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of this Agreement, and the City may withhold funds otherwise due as damages, in addition to retaining and utilizing any other remedies available to City.

- 14.4 If an employee of Contractor is discharged or otherwise leaves employment with Contractor, then the Contractor shall pay in full to such employee all of such employee's earned salaries and wages, within the timeframe specified by law.
- 14.5 Should the Contractor be debarred by federal government or the City pursuant to a debarment policy currently existing or hereafter adopted, said debarment may be grounds for termination.
- 14.6 This Agreement is subject to the availability of federal grant funds to City and may be terminated by the City if HHS terminates the City as a grantee or reduces the amount granted to City, for any reason; provided that, if the reduction of grant funds does not result in complete unavailability of such funds, the Parties will use best efforts to amend this Agreement accordingly. City will promptly notify Contractor of any such HHS action.
- 14.7 In all instances of termination, Contractor shall not incur new obligations after the effective date of termination, and shall cancel as many outstanding obligations as possible. Contractor shall submit to City all required reports including a final financial statement which shall be a statement of all expenditures incurred by Contractor under this Agreement. City shall pay Contractor the full cost of obligations that City determines were not subject to cancellation if such costs are properly documented, allowable, within the approved budget, and unavoidably incurred by Contractor prior to termination or expiration. The foregoing shall constitute full and complete reimbursement for all of Contractor's performance under this Agreement.

XV. PROHIBITION OF POLITICAL ACTIVITIES

- 15.1 Contractor agrees that no funds provided from or through the City shall be contributed or used to conduct political activities for the benefit of any candidate for elective public office, political party, organization or cause, whether partisan or non-partisan, nor shall the personnel involved in the administration of the Project provided for in this Agreement be assigned to work for or on behalf of any partisan or non-partisan political activity.
- 15.2 Contractor agrees that no funds provided under this Agreement may be used in any way to attempt to influence, in any manner, a member of Congress or any other State or local elected or appointed official.
- 15.3 The prohibitions set forth in Article XV, Sections 15.1 and 15.2 of this Agreement include, but are not limited to, the following:
- (A) an activity to further the election or defeat of any candidate for public office or for any activity undertaken to influence the passage, defeat or final content of local, state or federal legislation;

 - (C) coercing personnel, whether directly or indirectly, to work on political activities on their personal time, including activities such as taking part in voter registration drives, voter transportation activities, lobbying, collecting contributions, making speeches, organizing or assisting at meetings or rallies, or distributing political literature; and
 - (D) using facilities or equipment paid for, in whole or in part with City funds for political purposes including physical facilities such as office space, office equipment or supplies, such as telephones, computers, fax machines, during and after regular business hours.

- 15.4 To ensure that the above policies are complied with, Contractor shall provide every member of its personnel paid out of Agreement funds with a statement provided by Contractor of the above prohibitions and have each said individual sign a statement acknowledging receipt of the policy. Such statement shall include a paragraph that directs any staff person who has knowledge of violations or feels that he or she has been pressured to violate the above policies to call and report the same to the Managing City Department. Contractor shall list the name and number of a contact person from the Managing City Department on the statement that Contractor's personnel can call to report said violations.
- 15.5 Contractor agrees that in any instance where an investigation of the above is ongoing or has been confirmed based upon then current reasonable evidence of impropriety, salaries paid to the Contractor under this Agreement may, at the City's discretion, be withheld until the situation is resolved.
- 15.6 This Article shall not be construed to prohibit any person from exercising his or her right to express his or her opinion or to limit any individual's right to vote. Further, Contractor and staff members are not prohibited from participating in political activities on their own volition, if done during time not paid for with Agreement funds.

XVI. PERSONNEL

- 16.1 Contractor shall establish and maintain an organizational structure that supports the accomplishment of Program objectives, addresses the major functions and responsibilities assigned to each staff position and provides evidence of adequate mechanisms for staff supervision and support to ensure the effective oversight of the Head Start program operations. Contractor shall ensure that, at a minimum, the program management functions listed in the Scope of Work are assigned to and adopted by staff within the Program.
- 16.2 Contractor acknowledges and agrees that Head Start guidelines and City policy require that Contractor shall staff each Head Start classroom with two teachers, or one teacher and a teacher's aide, at all times. To the fullest extent possible, Contractor shall staff each classroom with a volunteer in addition to the two paid staff persons. Additionally, Contractor will have adequate staff to fully implement all areas of program operations, including those having the specific management functions and expertise set forth in the Scope of Work.
- 16.3 At the beginning of this Agreement period, Contractor shall submit to City a report which specifically (a) lists the number and percentage of classroom personnel in its center based program having child development associate credentials or associate, baccalaureate or advanced degrees; and (b) describes to City Contractor's compliance with the goals described in Sections 16.3, 16.4 and 16.5 of this Agreement.
- 16.4 Contractor understands that the Head Start Act requires that grantees and their contractors, if any, ensure, and demonstrate upon request, that all of the teachers staffing its Head Start center-based program classrooms have (a) a baccalaureate or advanced degree in early childhood education; or (b) a baccalaureate or advanced degree and course work equivalent to a major relating to early childhood education, with experience teaching preschool-age children. Contractor agrees that during the term of this Agreement, Contractor will only employ teachers meeting the necessary qualifications.
- 16.5 Contractor understands that the Head Start Act requires that grantees and their contractors, if any, ensure, and demonstrate upon request, that all teaching assistants staffing its Head Start center-based program classrooms (a) have at least a child development associate credential; (b) are enrolled in a program leading to an associate or baccalaureate degree; or (c) are enrolled in a child development associate credential program to be completed within two (2) years of September 30, 2013. Contractor agrees that during the term of this Agreement, Contractor will only employ teaching assistants meeting the necessary qualifications.
- 16.6 Contractor understands that the Head Start Act requires that grantees and their contractors, if any, ensure, and demonstrate upon request, that all Head Start education coordinators in its center-based programs, including those who serve as curriculum specialists: (a) have the capacity to offer assistance to other teachers in the implementation and adaptation of curricula to the group and individual needs of children in

a Head Start classroom; and (b) have (i) a baccalaureate or advanced degree in early childhood education; or (ii) a baccalaureate or advanced degree and coursework equivalent to a major relating to early childhood education, with experience teaching preschool-age children. Contractor agrees that during the term of this Agreement, Contractor will only employ education coordinators meeting the necessary qualifications.

- 16.7 Contractor agrees and acknowledges that each of its Head Start teachers shall attend not less than 15 clock hours of professional development per Contractor fiscal year. The term "professional development" means high-quality activities that will improve the knowledge and skills of Head Start teachers and staff, as relevant to their roles and functions, in program administration and the provision of services and instruction, as appropriate, in a manner that has a positive and lasting impact and improves service delivery to enrolled children and their families.
- 16.8 Contractor understands that the Head Start Act requires grantees and their contractors, if any, ensure and demonstrate upon request that all Head Start staff have the knowledge, skills, and experience they need to perform their assigned functions responsibly. Therefore, in addition to all other provisions in this article, Contractor agrees that Contractor's Head Start Director and all Program center site directors, site managers, content coordinators and other administrators must have education and/or training in the area of early childhood education and family support. To meet these obligations, Contractor will:
- (A) only employ a Head Start Director, and Program center site directors, site managers, content coordinators and other Program administrators meeting the necessary qualifications;
 - (B) promptly notify City of any transfers and/or disciplinary actions affecting Head Start personnel referred to in subsection (A) of this section 16.8; and
 - (C) ensure, in the event a Head Start position referred to in subsection (A) of this section 16.8 is vacated for any reason, that a replacement meeting the necessary qualifications is hired within 60 calendar days or, following notification to City of a delay, as soon as reasonably practical, but not later than 90 days after the position first became vacant unless the parties come to a new mutually acceptable deadline.
- 16.9 Contractor shall create, in consultation with each of its employees, and implement a professional development plan for all Head Start employees who provide direct services to children. Contractor shall regularly evaluate such plans to determine their impact on teacher and staff effectiveness.
- 16.10 Contractor understands that the City shall periodically perform its own wage and salary comparison and shall issue such results to Contractor. Contractor understands and agrees that City shall have no obligation to reimburse Contractor in excess of wages to an employee that exceed the average rate of compensation paid to persons providing substantially comparable services in the area. For purposes of this Agreement, the City shall accept the wage information set forth in the most recent study commissioned by, or issued by, the Texas Association of School Boards, in determining the rate of reimbursement. Although the City may consider factors such as training and experience as affecting compensation levels, the City shall have the sole and absolute authority to determine the rate of City's reimbursement under the Agreement and its decision shall be final due to the City's obligation of ensuring that wage comparability studies meet the requirements of the Head Start Act and implementing regulations. Subject to the restriction set forth in 16.10, Contractor may compensate its employees above the rate the City will reimburse, so long as the additional compensation is not charged to the Agreement budget.
- 16.11 Contractor expressly understands and agrees that in accordance with 42 U.S.C. §9848, no portion of the Agreement funds provided hereunder may be used to pay its employee if compensation (including non-federal funds) to that employee exceeds \$179,700.00, or the maximum authorized compensation as may be adjusted from time to time. Furthermore, Contractor agrees that all employees must devote to the Head Start Program the time proportionate to the percentage of their compensation funded through the Head Start program grant (e.g., employees who are one hundred percent (100%) funded through the Head Start grant must devote one hundred percent (100%) of their time and effort to support the Head Start program). Contractor agrees to submit employee certifications if requested by the City or HHS.
- 16.12 The Contractor agrees to establish internal procedures that assure employees of an established complaint and grievance process. The grievance process will include procedures to receive, investigate, and resolve complaints and grievances in an expeditious manner.

- 16.13 Contractor agrees to comply with all applicable federal regulations regarding the setting of, and maximum amount allowable for, salaries of Contractor's employees.
- 16.14 Contractor agrees to continue to work on placing written job descriptions for Head Start personnel in individual personnel folders for each position in the organization, or to have them placed online, until completed, but that all descriptions shall be filed or online no later than the expiration date of the Agreement. Contractor agrees to provide to the City specific job description(s) upon request.
- 16.15 The Contractor agrees to provide the City with the names and license registration of any employees of Contractor regulated by State law whose activities contribute towards, facilitate, or coordinate the performance of this Agreement.
- 16.16 Chief Executive Officers (CEOs), directors and other supervisory personnel of Contractor may not supervise a spouse, parents, children, brothers, sisters, and in-laws standing in the same relationship, (hereinafter referred to as "Relatives") who are involved in any capacity with program delivery supported through Agreement funds. Relatives, however, may be co-workers in the same Project in a non-supervisory position.

Contractor agrees that all public notices and any publicity, signs and/or marketing materials regarding any program which is funded by this Agreement shall provide a written statement acknowledging the role of the Federal funds provided by HHS through City hereunder, which shall read as follows: "The City of San Antonio Head Start Program services provided by the Edgewood Independent School District are funded by the City of San Antonio, Department of Human Services, through a federal grant received from the U.S. Department of Health and Human Services." These public notices or signs include, but are not limited to, signs identifying the facilities from which these programs are provided, and electronic media. In addition, all publicity related to Contractor's Head Start services shall note that the Program is operated on a non-discriminatory basis.

The Contractor agrees to relinquish and transfer possession of and, if applicable, title to said property without the requirement of a court order upon termination of this Agreement. Equipment that has reverted to the Contractor through a City-paid lease agreement with option to buy will be considered the same as though the equipment was purchased outright with Agreement funds. It is understood that the terms, "equipment" and "property", as used herein, means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit and shall include not only furniture and other durable property, but also vehicles, but shall not include supplies and consumables.
- 19.2 Contractor agrees that no equipment purchased with Agreement funds may be disposed of without receiving prior written approval from the Managing City Department. In cases of theft and/or loss of equipment, it is the responsibility of the Contractor to replace it with like equipment. Agreement funds cannot be used to replace equipment in those instances. All replacement equipment will be treated in the same manner as equipment purchased with Agreement funds.

Contractor shall not split the purchase of a line item with a value greater than the preceding thresholds in order to avoid obtaining approval from the Managing City Department.

- 19.9 Contractor will maintain a system for tracking, on an ongoing basis, inventory of equipment and supplies purchased with Head Start funds that either (i) has a purchase price of \$5,000.00 or greater; or (ii) meets such other criteria as City may prescribe (and which City shall notify Contractor as appropriate). Upon request, Contractor will provide City a status report of the current inventory of equipment and supplies meeting these requirements. City shall have the right to review and approve Contractor's inventory tracking system.

- 19.11 Contractor acknowledges and agrees that City is the intended third-party beneficiary of any and all facility leases with third-parties to which Contractor is or becomes a party in connection with the approved Program sites listed in Exhibit I-A to **Attachment I**, or as a consequence of this Agreement. As such, Contractor shall use its best efforts to cause the lessor of any such lease to execute an acknowledgment prepared by City that City is an intended third-party beneficiary of such lease. (1) Except as otherwise limited in this Agreement, BA may use or disclose PHI to perform functions, activities, or services for, or on behalf of, Covered Entity as specified in the Service Contract, provided that such use or disclosure would not violate the Privacy Rule if done by Covered Entity.

(2) Except as otherwise limited in this Agreement, BA may disclose PHI for the proper management and administration of the BA, provided that disclosures are Required By Law, or BA obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and used or further disclosed only as Required By Law or for the purpose for which it was disclosed to the person, and the person notifies the BA of any instances of which it is aware in which the confidentiality of the information has been breached.

(3) Except as otherwise limited in this Agreement, BA may use PHI to provide Data Aggregation Services to Covered Entity as permitted by 45 C.F.R. 164.504(e)(2)(i)(B).

(4) BA may use PHI to report violations of law to appropriate Federal and State authorities, consistent with 45 C.F.R. 502(j)(1).

D. Obligations of Covered Entity. Covered Entity shall inform BA of its privacy practices and restrictions as follows. Covered Entity shall:

(1) notify BA of any limitations in its notice of privacy practices in accordance with 45 C.F.R. 164.520, to the extent that such limitation may affect BA's use or disclosure of PHI;

(2) notify BA of any changes in, or revocation of, permission by any Individual to use or disclose PHI, to the extent that such changes may affect BA's use or disclosure of PHI;

(3) notify BA of any restriction to the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 C.F.R. 164.522 to the extent that such changes may affect BA's use or disclosure of PHI.

- (4) coordinate with BA regarding any PHI breach and make timely notification to affected individuals within 60 days of discovery.

E. Permissible Requests by Covered Entity.

Covered Entity shall not request BA to use or disclose PHI in any manner that would not be permissible under the Privacy Rule if done by Covered Entity, except that the BA may use or disclose PHI for data aggregation or management and administrative activities of the BA.

F. Term and Termination.

- (1) The term of this Agreement shall commence on the date on which it is fully executed or contract start date of February 1, 2016. This Agreement shall terminate when all PHI encompassed by this Agreement is destroyed or returned to Covered Entity or, if it is infeasible to return or destroy the PHI, protections are extended to such information in accordance with the termination provisions in this Section.
- (2) Termination for Cause. Upon Covered Entity's knowledge of a material breach by BA, Covered Entity shall either (a) provide an opportunity for BA to cure the breach in accordance with the terms of the Service Contract or, if the BA does not cure the breach or end the violation within the time for cure specified in the Service Contract, end the violation and terminate this Agreement and the Service Contract; or (b) immediately terminate this Agreement and the Service Contract if BA has breached a material term of this Agreement and cure is not possible. If neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary of the U.S. Department of Health and Human Services.
- (3) Effect of Termination.
 - (a) Except as provided below in paragraph (b) of this Section F(3), upon termination of this Agreement for any reason, BA shall return or destroy all PHI received from the Covered Entity, or created or received by BA on behalf of Covered Entity. This provision shall apply to PHI that is in the possession of BA or its subcontractors or agents. BA shall not retain any copies of PHI, except as required by law.
 - (b) In the event that BA determines that returning or destroying PHI is infeasible, BA shall provide to Covered Entity written notification of the condition that makes the return or destruction of PHI infeasible. Upon BA's conveyance of such written notification, BA shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make its return or destruction infeasible, for so long as BA maintains such PHI.

- G. Amendment to Comply with Law. The Parties agree to take such action as is necessary to amend this Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the Privacy Rule and HIPAA.
- H. Survival. The respective rights and obligations of the BA under Sections B, C(2) and (4), and F(3) shall survive the termination of this Agreement.
- I. Interpretation. Any ambiguity in this Agreement shall be interpreted to permit Covered Entity to comply with the Privacy Rule.

- M. Reimbursement. BA will reimburse Covered Entity for reasonable costs incurred responding to a PHI breach by BA or any of BA's subcontractors.
- N. Waiver. No provision of this Agreement or any breach thereof shall be deemed waived unless such waiver is in writing and signed by the party claimed to have waived such provision or breach. No waiver of a breach shall constitute a waiver of or excuse any different or subsequent breach.
- O. Assignment. Neither party may assign (whether by operation of law or otherwise) any of its rights or delegate or subcontract any of its obligations under this Agreement without the prior written consent of the other party. Notwithstanding the foregoing, Covered Entity shall have the right to assign its rights and obligations hereunder to any entity that is an affiliate or successor of Covered Entity, without the prior approval of BA.
- P. Entire Agreement. This Agreement constitutes the complete agreement between BA and Covered Entity relating to the matters specified in this Agreement, and supersedes all prior representations or agreements, whether oral or written, with respect to such matters. from Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by HHS or the City, all contracts made by the City under the Federal award must contain provisions covering the following, as applicable (2 C.F.R. 200, Appendix II).

Hereinafter in this Attachment VI, Center shall be referred to as “contractor.”

<u>Provision</u>	<u>Page Number</u>
Equal Employment Opportunity	2
Davis Bacon Act	4
Contract Work Hours and Safety Standards Act	9

Attachment VI

EQUAL EMPLOYMENT OPPORTUNITY provisions (60 C.F.R. 1.4(b)).

During the performance of this contract, contractor agrees:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to CONTRACTOR's books, records, and accounts by the U.S. Department of Health and Human Services ("HHS") and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally-assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

Attachment VI

(7) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as HHS may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request HHS to enter into such litigation to protect the interests of the United States.

Attachment VI

DAVIS BACON ACT provisions (29 C.F.R. § 5.5(a))

For any contract or subcontract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work, or building or work financed in whole or in part from federal funds, and which is subject to the labor standards provisions of any of the acts listed in 29 C.F.R. §5.1, the following § 5.5(a) must be included and complied with:

(1) Minimum wages.

- (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor, which is incorporated herein by reference, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in §5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)

(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an

Attachment VI

authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

- (iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
- (iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. HHS or the City shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, HHS may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

- (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected,

Attachment VI

and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)

(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HHS if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to HHS. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HHS if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to HHS, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under §5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under §5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of HHS or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner,

Attachment VI

take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees—

- (i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program,

Attachment VI

the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the (write in the name of the Federal agency) may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

Attachment VI

No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages.

In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages.

The U.S. Department of Health and Human Services or the City shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) Subcontracts.

The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

The Parties hereto agree as follows:

I. SCOPE OF WORK

1.1 The Contractor will provide, oversee, administer, and carry out all activities and services in a manner satisfactory to the City and in compliance with the Contractor's Scope of Work, attached hereto and incorporated herein for all purposes as **Attachment I**, this Contract, and the Terms of the Grant (hereinafter defined). If the terms of this Contract are inconsistent or in conflict with applicable Terms of the Grant, the applicable Terms of the Grant shall be controlling, unless the inconsistency or conflict results from more stringent requirements set forth in this Contract, in which case the terms imposing the most stringent requirements upon the Contractor shall control.

1.2 For purposes of this Contract, the terms listed below shall have the following meanings:

(A) "Terms of the Grant" shall mean all requirements of the Grant, whether contained in the Head Start Act, as amended by the Improving Head Start for School Readiness Act of 2007 (42 U.S.C. §9831, *et*

seq.), or other applicable statutes, implementing regulations (e.g., 45 C.F.R. §1301 et seq. (the "Head Start Performance Standards" or "Performance Standards") and 45 C.F.R. Part 75, as amended), rules, Executive Orders, the award document from U.S. Department of Health and Human Services ("HHS") to the City, Relevant HHS Directives, or elsewhere, including, but not limited to circulars, Program Instructions, Information Memorandums and Policy Clarifications, the City's policies and procedures and the program design manual applicable to the Head Start Program, as such requirements exist as of the date of this Contract and as such requirements may be established or modified (by amendment, deletion, addition or otherwise) during the period of the Contract.

(B) "Relevant HHS directives" shall mean regulations, manuals, guidelines, or other oral or written directives of HHS or any subdivision thereof, including the Administration for Children and Families, Head Start Bureau, the Program Operations Division and ACF Region VI, as such regulations, manuals, guidelines, or other oral or written directives shall be made applicable to the Grant or Grantee.

- 1.3 Contractor shall establish and implement policies and procedures governing personnel, financial management, and programmatic management, as specified more fully in 45 C.F.R. Parts 1301 *et. seq.*, and/or 45 C.F.R. Part 75 as applicable. Such policies and procedures shall be consistent with the Terms of the Grant, the policies and procedures approved by the Grantee's Policy Council and Governing Body, and content and service plans.
- 1.4 City retains the authority to contract with third-parties for the delivery of other Head Start services in San Antonio and Bexar County area. Contractor agrees to allow the City's other contractors access to the facilities leased and/or owned by Contractor in order to provide said services. Contractor agrees to cooperate with City and third-party Head Start contractors to establish, modify and comply with a set of policies and procedures and/or a program design manual governing the City's Head Start Program and the protocol for collaboration between Head Start service providers.

II. TERM

- 2.1 Except as otherwise provided for pursuant to the provisions hereof, this Contract shall begin on February 1, 2016 and shall terminate on January 31, 2017.

III. CONSIDERATION

- 3.1 In consideration of the services to be delivered by Contractor, the City will reimburse Contractor a total amount not to exceed \$77,480.00 ("the Federal Share") during the period in which this Contract is in effect for costs incurred in accordance with the Program Budget attached hereto and incorporated herein for all purposes as **Attachment II**. Contractor's Program Budget is comprised of the Federal Share and the Non-Federal Share. The Federal Share shall be no more than 80% of the total Program Budget. Should Contractor fail to raise all of the non-Federal Share funds (20% of the total Program Budget, or \$19,370.00) it is required to raise for the operation of its Program, City reserves the right to limit its reimbursements to Contractor proportionately. For instance, if Contractor succeeds in raising only eighty percent (80%) of its required non-Federal Share funds, City may limit its reimbursements to Contractor to eighty percent (80%) of City's total obligation to Contractor. To meet the requirements of this Contract, all claimed non-Federal Share must meet the requirements of 45 C.F.R. § 75.306, as applicable.
- 3.2 Prior to commencement of the Contract, Contractor shall submit to City for its approval a monthly budget by line item for the entire term of the Contract along with its program Budget, including detail by category alone. If the Contractor's budget is not submitted to the City for approval before the beginning of the Contract period, the City reserves the right to redirect Contractor's funding as necessary. Additionally, throughout the term of the Contract, Contractor shall submit on or before the last day of each month a forecast of the projected monthly expenses for each month remaining in the Contract so that the City may review and compare actual expenses to projected expenditures and address issues associated with

Contractor's expenditure rate (e.g., on or before March 31, 2016, Contractor shall submit the projected expenses by month for April, May, and so on until January 31, 2017). Contractor's budgeted development and administrative costs (as defined by 45 C.F.R. §1301.32) shall not exceed twelve percent (12%) of the Program Budget, unless the total Program Budget is modified in accordance with this Contract in which case this amount shall be reduced proportionately unless the Parties otherwise agree.

3.3 Approval required. Contractor shall seek and obtain City's (City's Head Start Program Administrator and the Managing City Department's Fiscal Administrator) prior written approval 30 calendar days before making budget modifications. City may make exceptions to the 30-day notice requirement on a case by case basis, but otherwise Contractor must make request in writing or via email to the City's Head Start Program Administrator. Contractor's written request must be accompanied by a justification for the change and indicate which lines items are affected by such change.

3.4. The funding level of this Contract is based on an allocation from the following funding sources:

U.S. Department of Health and Human Services (HHS) – Head Start Funds Catalog of Federal Domestic Assistance # 93.600

Consequently, Contractor agrees to comply with the Terms of the Grant and the Special Provisions, affixed hereto and incorporated herein for all purposes as **Attachment III**.

3.5 It is expressly understood and agreed by the City and Contractor that the City's obligations under this Contract are contingent upon the actual receipt of adequate grant funds from HHS to meet City's liabilities hereunder. This Contract may be terminated by the City if HHS terminates the City as a grantee or reduces the amount granted to City, for any reason; provided that, if the reduction of grant funds does not result in complete unavailability of such funds, the Parties will use best efforts to amend this Contract accordingly. City will promptly notify Contractor of any such HHS action.

IV. PAYMENT

4.1 Contractor agrees that this is a cost reimbursement contract and that the City's liability hereunder is limited to making reimbursements for allowable costs incurred as a direct result of services provided by the Contractor in accordance with the terms of this Contract. Allowable costs are defined as those costs, which are necessary, reasonable and allowable under applicable federal, state, and local law, including but not limited to those laws referenced in Article XII hereof, for the proper administration and performance of the services to be provided under an agreement. . All requested reimbursed costs must be consistent with the terms and provisions of the approved budgeted line items described in **Attachment II** of this Contract, unless (a) a subsequent budget revision has been approved in accordance with the procedure set forth in Section 3.3 and signed by the Director of the Managing City Department in cases where the total Contract Budget remains the same, or (b) a Contract amendment has been approved and signed by the Director of the Managing City Department pursuant to Section 24.1 of this Contract in cases where there is an increase or decrease to the total Contract Budget. Approved budget revisions and Contract amendments modify the Budget attached hereto, and in such cases Contractor's requested reimbursed costs must be consistent with the last revised, approved budget. Approved budget revisions and Contract amendments supersede prior conflicting or inconsistent agreements with regard to the referenced Project Budget, and all references in the Contract to the budget shall mean the budget as revised through approved budget revisions or Contract amendments. Budget revision requests shall be submitted in advance of anticipated expense(s). The City will not accept budget revision requests submitted after December 31, 2016. In no event shall the City be liable for any cost of Contractor not eligible for reimbursement as defined within the Contract. Contractor shall remit to City within ten (10) business days after the City makes the request for remittance any funded amounts which were paid pursuant to this Article IV and used to cover disallowed costs. Any such amounts not remitted within ten (10) business days may, at City's option, be subject to offset against future funding obligations by City. For purposes of this Contract, the term, "business day" shall mean every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by the San Antonio City Council for City of San Antonio employees, except in those instances where this Contract expressly calls for "Contractor business days."

- 4.2 If specific circumstances require an advance payment on this Contract, Contractor must submit to the Director of the Managing City Department a written request for such advance payment, including the specific reason for such request in the form prescribed by City. Contractor agrees that the City shall not be obligated to pay for any advances requested. In those instances in which advance payments are authorized, the Director of the Managing City Department may, in the Director's sole discretion, approve an advance payment on this Contract. It is understood and agreed by the parties hereto that (a) each request requires submission to the Director of the Managing City Department no less than ten (10) business days prior to the actual ostensible cash need; (b) each request will be considered by the Director of the Managing City Department on a case-by-case basis, and (c) the decision by the Director of the Managing City Department whether or not to approve an advance payment is final. For purposes of this Contract, the term "business day" shall mean every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by the San Antonio City Council for City of San Antonio employees. In those instances in which advance payments are authorized:
- (A) Contractor's payments to its vendors using funds advanced by the City shall be remitted to the vendors in a prompt and timely manner so long as services have been performed by the subject vendor, defined as not later than (10) business days after the Contractor is notified that an advance payment check is available from the City.
 - (B) The Contractor must deposit Contract funds in an account in a bank insured with the Federal Deposit Insurance Corporation (FDIC). In those situations where Contractor's total deposits in said bank, including all Contract funds deposited with said bank, exceed the FDIC insurance limit, the Contractor must arrange with said bank to automatically have the excess collaterally secured. A written copy of the collateral agreement must be obtained by Contractor from the Contractor's banking institution, maintained on file and be available for City monitoring reviews and audits. Advanced funds that cause the Contractor's account balance to exceed the FDIC limit shall be deposited in a manner consistent with the Public Funds Investment Act (Chapter 2256 of the Texas Government Code) as amended. Contractor shall maintain the FDIC insured bank account in which Contract funds are deposited and its recordkeeping in a manner that will allow City to track expenditures made with Contract funds.
 - (C) The City may deduct from monthly reimbursements amounts necessary to offset the amount advanced based upon the number of months remaining in the Contract term, or from a single subsequent monthly reimbursement the full amount previously advanced to Contractor. The City may consider factors such as projected allowable costs and other indicators such as Contractor's financial stability. Contractor shall maintain a financial management system to account for periodic, or a lump sum, deduction from reimbursements.
- 4.3 Contractor shall submit to City not later than the fifteenth (15th) of every month a monthly Request for Payment in the form prescribed by City, which details the specific costs (by category and by program account number) Contractor expensed in the previous month for the services delivered as described in Article I herein, including supporting documentation of such costs as may be required by the Director of the Managing City Department. The Request for Payment shall also specify the Program Income (as defined herein) received or projected during the same time period. The Director of the Managing City Department may require the Contractor's submission of original or certified copies of invoices, cancelled checks, Contractor's general ledger and/or receipts to verify invoiced expenses.
- 4.4 City shall make reimbursement payments of eligible expenses to the Contractor of any undisputed amounts as determined by the Director of the Managing Department in accordance with established procedures, so long as City receives a properly completed and documented Request for Payment. City shall make payment to Contractor within 30 calendar days of receiving a valid and approved Request for Payment.
- 4.5 The Contractor shall submit to City a full accounting of the Program Income and non-Federal Share funds received and total Program costs incurred, along with all requests for payment for the period February 1, 2016 through January 31, 2017 no later than March 16, 2017. In the event of early termination of this

Contract, Contractor shall submit the information 45 calendar days from the early termination date of the Contract. These deadlines may be adjusted only if Contractor receives written authorization from the Director of the Managing City Department allowing Contractor to submit a request for payment at a later specified date.

4.6 Contractor agrees that the City shall not be obligated to any subcontractors or third party beneficiaries of the Contractor.

4.7 Contractor shall maintain a financial management system, and acceptable accounting records in accordance with 45 C.F.R. § 75.302 *et seq*, as applicable, and that provide for:

- (A) accurate, current, and complete disclosure of financial support from each federal, state and locally sponsored project and program in accordance with the reporting requirements set forth in Article VIII of this Contract. If accrual basis reports are required, the Contractor shall develop accrual data for its reports based on an analysis of the documentation available;
- (B) records that adequately identify the source and application of funds for City-sponsored activities. Such records shall contain information pertaining to City awards, authorizations, obligations, unobligated balances, assets, equity, outlays, and income;
- (C) effective control over and accountability for all funds, property, and other assets. The Contractor shall adequately safeguard all such assets and shall ensure that they are used solely for authorized purposes. Contractor shall maintain a separate numbered account for all funds received and disbursed through this Contract;
- (D) comparison of actual outlays with budget amounts for each award. Whenever appropriate or required by the City, financial information should be related to performance and unit cost data;
- (E) procedures to minimize the time elapsing between the transfer of funds from the City and the disbursement of said funds by the Contractor;
- (F) procedures for determining reasonable, allowable, and allocable costs in accordance with the provisions of any and all applicable cost principles, including but not limited to the cost principles referenced in Article XII hereof, and the terms of the award, grant, or contract, with the City;
- (G) accounting records that are supported by source documentation (i.e., timesheets, employee benefits, professional services agreements, purchases, and other documentation as required by City). Contractor shall maintain records and shall meet necessary requirements under Generally Accepted Accounting Principles [GAAP]; and
- (H) an accounting system based on generally acceptable accounting principles which accurately reflects all costs chargeable (paid and unpaid) to the Project. A Receipts and Disbursements Ledger must be maintained. A general ledger with an Income and Expense Account for each budgeted line item is necessary. Paid invoices revealing check number, date paid and evidence of goods or services received are to be filed according to the expense account to which they were charged.

4.8 Contractor agrees that Contractor costs or earnings claimed under this Contract may not be claimed under another contract or grant from another agency, organization, business entity or governmental entity.

4.9 Contractor shall establish, and abide by a cost allocation methodology and plan which ensures that the City is paying only its fair share of the costs for services, overhead, and staffing not solely devoted to the Project or funded pursuant to this Contract. The Cost Allocation Plan is a plan that identifies and distributes the cost of services provided by staff and/or departments or functions. It is the means to substantiate and support how the costs of a program are charged to a particular cost category or to the Program so as to assure Head Start Grant funds ("Grant Fund") provided hereunder do not subsidize other program(s).

Contractor must ensure that costs allocated and charged to the Head Start grant are not charged to other Federal, State or Local awards to overcome fund deficiencies, to avoid restrictions imposed by law or terms of the Federal awards, or for other reasons. Contractor shall provide to City prior to the start of the Contract term (i) a matrix identifying the shared use of such facilities and/or program services; and (ii) the Cost Allocation Plan and supporting documentation, along with its Budget, financial statements and audit that are applicable to the Contractor's Project. City shall have the right to approve the Cost Allocation Plan.

- 4.10 Contractor agrees to reimburse the City for any Contractor overpayment based upon reconciled adjustments resulting from Contractor's balance and/or Statement of Revenue and Expenditure sheet as of January 31, 2016, which balance or Statement sheet shall be due to the City no later than February 15, 2016. Reimbursement shall be made within 20 calendar days of written notification to the Contractor of the need for reimbursement.
- 4.11 Upon expiration or early termination of this Contract, or at any time during the term of this Contract, all unused funds, rebates, advances exceeding allowable costs, or credits on-hand or collected thereafter relating to the Project, shall be immediately returned by Contractor to the City.
- 4.12 Upon execution of this Contract or at any time during the term of this Contract, the City's Director of Finance, the City Auditor, or a person designated by the Director of the Managing City Department may review and approve all Contractor's systems of internal accounting and administrative controls prior to the release of funds hereunder.

V. PROGRAM INCOME

- 5.1 For purposes of this Contract, "program income" shall mean earnings of Contractor realized from activities resulting from this Contract or from Contractor's management of funding provided or received hereunder. Such earnings shall include, but shall not be limited to, interest income; usage or rental/lease fees; income produced from Contract-supported services of individuals or employees or from the use of equipment or facilities of Contractor provided as a result of this Contract, and if applicable, payments from clients or third parties for services rendered by Contractor pursuant to this Contract. At the sole option of the Director of the Managing City Department, Contractor will either (a) be required to return program income funds to City through the Managing City Department, or (b) upon prior written approval by the Director of the Managing City Department, Contractor may be permitted to retain such funds to be:
 - (A) added to the Project and used to further eligible Project objectives, in which case proposed expenditures must first be approved by the City; or
 - (B) deducted from the total Project cost for the purpose of determining the net cost reimbursed by the City.
- 5.2 In any case where Contractor is required to return program income to the Managing City Department, Contractor must return such program income to City within the timeframe that may be specified by the Director of the Managing City Department. If the Director of the Managing City Department does not specify a timeframe for Contractor to return program income to City, then Contractor must return such program income to City on the same date that Contractor submits its statement of expenditures and revenues to the Managing City Department set forth in Article V, Section 5.4 of this Contract. If the Director of the Managing City Department grants Contractor authority to retain program income, Contractor must submit all reports required by the Managing City Department within the timeframe specified in the Contract.

- 5.4 The Contractor shall fully disclose and be accountable to the City for all program income. Contractor must submit a statement of expenditures and revenues to the Managing City Department within thirty (30)

calendar days of the activity that generates program income. The statement is subject to audit verification by the Managing City Department. Failure by Contractor to report program income as required is grounds for suspension, cancellation, or termination of this Contract.

- 5.5 Contractor is prohibited from charging fees or soliciting donations and is prohibited from inviting or contracting with vendors who shall charge fees or solicit donations from Head Start participants and their parents in any Contract-funded project without the prior written approval of the Director of the Managing City Department.

These policies and procedures shall require repayment of stolen or erroneously received grant funds or property to the Contractor, or to the applicable Head Start service provider from whom the grant funds or property was received or stolen, if other than the Contractor, and shall specify any other consequences to Contractor's employees and vendors involved in such illegal activities to include but not be limited to termination and prosecution where necessary. Said policies and procedures shall be provided to the Managing City Department upon request by the Managing City Department. (D) For checks other than petty cash reimbursement, Contractor shall adopt and comply with a policy requiring no less than two (2) signatures of authorized representatives of Contractor on each check. VII. AUDIT

7.1 If Contractor expends \$750,000.00 or more of funds provided under this Agreement, or cumulative funds provided by or through City, and does not have to comply with the provisions of Section 7.2, then during the term of this Agreement, the Contractor shall have completed an independent audit and the reporting required submitted to the City within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine (9) months after the end of Contractor's fiscal year, expiration or early termination of this Contract, whichever is earlier. Said financial statement shall include a balance sheet and income statement prepared by a bookkeeper and a cover letter signed by Contractor attesting to the correctness of said financial statement.
- 7.4 All financial statement(s) must include a schedule of receipts and disbursements by budgeted cost category for each program funded by or through the City.

The City reserves the right to determine the scope of every audit. In accordance herewith, Contractor agrees to make available to City all accounting and Project records.

Contractor shall during normal business hours, and as often as deemed necessary by City and/or the applicable state or federal governing agency or any other auditing entity, make available the books, records, documents, reports, and evidence with respect to all matters covered by this Contract and shall continue to be so available for a minimum period of three (3) years or whatever period is determined necessary based on the Records Retention guidelines, established by applicable law for this Contract. - 7.6 When an audit or examination determines that the Contractor has expended funds or incurred costs which are questioned by the City and/or the applicable state or federal governing agency, the Contractor shall be notified and provided an opportunity to address the questioned expenditure or costs.

Should any expense or charge that has been reimbursed be subsequently disapproved or disallowed as a result of any site review or audit, the Contractor will promptly refund such amount to the City no later than ten (10) days from the date of notification of such disapproval or disallowance by the City. At its sole option, the Managing City Department may instead deduct such claims from subsequent reimbursements; however, in the absence of prior notice by City of the exercise of such option, Contractor shall provide to City a full refund of such amount no later than ten (10) days from the date of notification of such disapproval or disallowance by the City. If Contractor is obligated under the provision hereof to refund a disapproved or disallowed cost incurred, such refund shall be required and be made to City by check, cashier's check or money order. Should the City, at its sole discretion, deduct such claims from subsequent reimbursements, the Contractor is forbidden from reducing Project expenditures and Contractor must use its own funds to maintain the Project.

Contractor agrees and understands that all expenses, fees, fines and penalties associated with the collection of delinquent debts owed by Contractor shall be the sole responsibility of the Contractor and shall not be paid from any Project funds received by the Contractor under this Contract. Delinquent debts that would

otherwise be identified as allowable costs may be paid with Project funds after written approval of the Managing City Department.

- 7.7 If the City determines, in its sole discretion, that Contractor is in violation of the above requirements, the City shall have the right to dispatch auditors of its choosing to conduct the required audit and to have the Contractor pay for such audit from non-City resources.

Attachment VI

EQUAL EMPLOYMENT OPPORTUNITY provisions (60 C.F.R. 1.4(b)).

During the performance of this contract, contractor agrees:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to CONTRACTOR's books, records, and accounts by the U.S. Department of Health and Human Services ("HHS") and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally-assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

Attachment VI

(7) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as HHS may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request HHS to enter into such litigation to protect the interests of the United States.

Attachment VI

DAVIS BACON ACT provisions (29 C.F.R. § 5.5(a))

For any contract or subcontract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work, or building or work financed in whole or in part from federal funds, and which is subject to the labor standards provisions of any of the acts listed in 29 C.F.R. §5.1, the following § 5.5(a) must be included and complied with:

(1) Minimum wages.

- (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor, which is incorporated herein by reference, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in §5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)

(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an

Attachment VI

authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

- (iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
- (iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. HHS or the City shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, HHS may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

- (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected,

Attachment VI

and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)

(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HHS if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to HHS. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HHS if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to HHS, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under §5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under §5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of HHS or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner,

Attachment VI

take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees—

- (i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program,

Attachment VI

the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the (write in the name of the Federal agency) may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

Attachment VI

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT provisions (29 C.F.R. § 5.5(b))

(1) Overtime requirements.

No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages.

In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages.

The U.S. Department of Health and Human Services or the City shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) Subcontracts.

The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

12/03/2015

The Administration for Children and Families (ACF) Head Start Overview of Findings, dated 10/02/15 and received by the City of San Antonio on 10/6/15, identified three areas of non-compliance and six areas of concern related to Environmental Health and Safety. This Corrective Action Plan (CAP) addresses corrective actions for the three non-compliances and six areas of concern found during the Federal Review of Healthy and Safe Environments. The CAP details how findings have been corrected and how the Grantee will ensure that systems are in place to ensure the types of findings discovered do not reoccur in the Program.

I. Non-Compliances

A. Non-compliance in Safe and Clean Facilities

The grantee did not ensure each facility's physical arrangements were consistent with the health, safety, and developmental needs of children and free of safety hazards for children, families, and staff. Observation of 218 program settings found 15 did not provide safe and healthy indoor learning environments.

Part 1304 – Program Performance Standards for Operation of Head Start Programs by Grantees and Delegate Agencies

1304.53 Facilities, Materials, and Equipment

(a) Head Start Physical Environment and Facilities

(10) Grantee and delegate agencies must conduct a safety inspection, at least annually, to ensure that each facility's space, light, ventilation, heat, and other physical arrangements are consistent with the health, safety and developmental needs of children. At a minimum, agencies must ensure that:

(xi) Electrical outlets accessible to children prevent shock through the use of child-resistant covers, the installation of child-protection outlets, or the use of safety plugs;

(xiv) Toilets and handwashing facilities are adequate, clean, in good repair, and easily reached by children. Toileting and diapering areas must be separated from areas used for cooking, eating, or children's activities;

(7) Grantee and delegate agencies must provide for the maintenance, repair, safety, and security of all Early Head Start and Head Start facilities, materials and equipment.

(8) Grantee and delegate agencies must provide a center-based environment free of toxins, such as cigarette smoke, lead, pesticides, herbicides, and other air pollutants as well as soil and water contaminants. Agencies must ensure that no child is present during the spraying of pesticides or herbicides. Children must not return to the affected area until it is safe to do so.

B. Non-Compliance in Healthy Learning Environments

The grantee did not ensure facilities were clean and kept free of undesirable and hazardous conditions. Observations in 218 program settings found 35 did not provide clean and safe learning environments.

Part 1304 – Program Performance Standards for Operation of Head Start Programs by Grantees and Delegate Agencies

1304.53 Facilities, Materials, and Equipment

(a) Head Start Physical Environment and Facilities

Approach to School Readiness

Early Childhood Education & Parent, Family, and Community Engagement

The City of San Antonio (City) serves as Grantee for the San Antonio Head Start Program. The City provides direct program oversight and monitoring, and contracts with two education service providers (Providers), Edgewood Independent School District and San Antonio Independent School District. EISD and SAISD deliver direct program services that provide early learning opportunities for Head Start eligible children.

The City's Approach to School Readiness addresses the *Program Instruction* issued 11/08/11 (ACF-PI-HS-11-04) and the *Information Memorandum* (ACF-IM-HS-11-06) issued 09/26/2011 from the Office of Head Start, Administration for Children and Families, Department of Health and Human Services. Information in this narrative outlines the steps the City has implemented in order to comply with the *Improving Head Start for School Readiness Act of 2007*.

I. Adopt and align established OHS preschool child goals from the Early Learning Framework, establishing clear school readiness goals across domains

The City of San Antonio Head Start Program defines school readiness as children are ready for kindergarten, families are ready to support their learning and schools are ready to receive them. This is achieved through an ongoing holistic approach that integrates all aspects of child development and the family's well-being, educational, social, and emotional strengths and needs. Recognizing the importance of all Head Start service areas in promoting school readiness, the City values the unique role parents and families play in this process. Parent engagement, opportunities for education, ongoing training and technical assistance, community collaboration and high quality early childhood education are central to the school readiness approach.

The City of San Antonio uses multiple sources of information to establish and update school readiness goals. In addition to district plans and priorities, Providers utilize the Head Start annual Self-Assessment and Community Assessment reports, Five Year Strategic Planning goals, CLASS data, parent surveys, family needs assessments, on-going monitoring reports and child assessment outcome information to define and develop programmatic goals. School readiness is an ongoing process that evaluates needs, and documents activities with the children attending the Head Start program and their families.

Parents are an integral part of the process providing teachers with valuable information pertaining to their child's development and behavior. Information is shared through Ages & Stages Questionnaires (ASQ-3; ASQ-S/E), home visits, parent/teacher conferences and day-to-day interactions. School Readiness information is presented in various ways, including Head Start Parent Orientation, Policy Council meetings, Parent

Connection Committees, conferences, trainings and handouts to ensure all families are informed of the focus on school readiness. The City and Providers are committed to providing engagement opportunities for parents to help prepare their child to enter Kindergarten ready to learn and offer activities and events to support parents' well being and continual learning.

Both EISD and SAISD utilize curricula and assessment tools that are researched-based and align with the Head Start Early Learning Outcomes Framework and Texas Prekindergarten Guidelines (see Table 1).

The City sets the approach to school readiness by guiding conversations with the Providers and community partners. The *Approach* emphasizes the importance of the most current research and best practices, and continual improvement across all aspects of Head Start and all early education systems.

II. Create and implement a plan of action for achieving the established school readiness goals

The City of San Antonio works with EISD SAISD to establish the school readiness goals for each of the five domains. Both EISD and SAISD submit an annual program School Readiness Plan of Action according to the timeline and requirements provided by the City of San Antonio. Goals are identified within the five domains as outlined in the *Program Instruction* issued 11/08/11 (ACF-PI-HS-11-04): Language and Literacy, Cognition, Social and Emotional Development, Approaches to Learning and Perceptual, Motor, and Physical Development. In addition, goals are linked to specific outcomes as defined by the Parent, Family & Community Engagement Framework (PFCE) in *Information Memorandum* (ACF-IM-HS-11-06).

The Plan of Action includes PFCE Outcomes, program impact areas and alignment to the Head Start Early Learning Outcomes Framework, Texas Prekindergarten Guidelines and the district curriculum. In addition, the Plan of Action includes specific activities, responsible individuals, and measures of success related to the program impact areas.

Each Provider maintains a School Readiness Leadership Team that includes, at a minimum, teachers, site administrators, parents, and Education and Family Support staff. The School Readiness Leadership Teams meets at minimum twice per year to review, revise and discuss outcomes as applicable to the defined school readiness goals.

III. Assess child progress on an ongoing basis and aggregate and analyze data at multiple times throughout the year

Central to the Head Start philosophy and school readiness is *individualization*, for the child and family. Individualization in instruction consists of student-based activities, lessons and assessments that support learning and development based on an individual child’s strengths, needs, and interests with input from the child, his/her parents and data collected through formal and informal assessments.

Formal child assessment data is collected, aggregated, and analyzed three times per year, beginning of the year (BOY), middle of the year (MOY), and end of the year (EOY) (see Table 2). Formal assessment data is analyzed at the child, classroom, provider, and program level and used to adjust instruction, design professional development opportunities, share with parents, and/or make program adjustments for improvement and moving the children’s progress forward. BOY assessment data provides the baseline of each child’s strengths and needs and provides education staff with areas for additional support. MOY assessment data is compared with BOY data to determine gains and identify areas for continued support. EOY assessment data is used to identify student growth and program improvements. At the end of the program year, an analysis and comparison of BOY, MOY, and EOY is completed to identify patterns and trends that indicate student achievement, impact of service delivery, and school readiness goals for the upcoming program year.

IV. Examine data for patterns of progress for groups of children in order to revise, or develop and implement plans for program improvement

The City of San Antonio utilizes multiple data sources to inform, revise, and update the Approach to School Readiness, including the annual Self Assessment, Community Assessment, Parent Survey, formal and informal child assessments, CLASS scores, monitoring reports and site visit information. Providers work with their School Readiness Leadership Teams for continual improvement to review, revise and submit updates to the City (see Table 3).

The Classroom Assessment Scoring System (CLASS) is a research and reliability based tool and is used within early childhood programs across the nation to assess the quality of teacher/child interactions. Reliability trainings are offered by qualified staff on the use and implementation of the CLASS tool.

The City has implemented a CLASS system and includes an observation period conducted during the program year. Data is analyzed to determine professional development and program improvement planning. Research has shown a relationship between high CLASS scores and positive child outcomes. Each Provider is required to include information specifically related to CLASS in the School Readiness Plan of Action.

The City will work with the Providers to coordinate opportunities for parents to learn more about the CLASS tool, measures and strategies that can be used at home to support ongoing positive adult/child interactions.

City staff will offer continual support to the Providers to assist with the development and review of the School Readiness Plan of Action and analysis of child assessment data and outcomes.

The following sources of information are used to inform the City of San Antonio School Readiness Plan of Action:

- Community Assessment
- 2015 5 Year Strategic Planning Goals
- Annual Head Start Self Assessment Report
- School District plans
- 2014-2015 Child Assessment and Data Analysis Reports
- Program level child assessment data
- 2014-2015 CLASS Scores
- Information obtained from parent and staff surveys
- Family Needs Assessments

City staff works to inform all stakeholders and the community of the Approach to School Readiness and progress of the children and families by presenting information to the Policy Council and Education Excellence Committee, and providing information on the City of San Antonio's Head Start website and in the Annual Report.
