* * * * *

WHEREAS, as the local health district for the City of San Antonio and Bexar County, the San Antonio Metropolitan Health District (Metro Health) addresses the epidemic of gun violence from a holistic, community-based perspective; and

WHEREAS, the disproportionate burden of violence falls on youth and communities of color; and

WHEREAS, violent deaths from suicide and homicide are one of the leading causes of premature death for people ages 10 – 24; and

WHEREAS, homicide and suicide are only behind accidental injury in causes of death ages 15 - 24 in Bexar County; and

WHEREAS, in 2015, Metro Health examined alternatives to help curtail bloodshed and the revolving door of incarceration identified by Dr. Slutkin's 'Cure Violence Global', an evidence-based model, as a solution that treats violence as a communicable disease; and

WHEREAS, Cure Violence Global targets three critical factors that are believed to be the major determinants of violence: community norms, limited knowledge about the available alternatives to violence, and underestimating the severe consequences of violence for the community; and

WHEREAS, locally implemented as 'Stand Up SA', the initiative hires violence interrupters and outreach workers as credible messengers, who may be formerly incarcerated persons, to interrupt and prevent violence; and

WHEREAS, Cure Violence Global provides access, not only to direct technical assistance, but also to an international network of sister organizations addressing violence from a public health perspective; and

WHEREAS, therefore, through this agreement, Metro Health will secure expert gun violence reduction training with Cure Violence Global to provide quality training and technical assistance services to assist in ending the violence epidemic; **NOW THEREFORE:**

- 6.2 Contractor shall retain any and all documents produced as a result of services provided hereunder for a period of four (4) years (hereafter referred to as "retention period") from the date of termination of the Agreement. If, at the end of the retention period, there is litigation or other questions arising from, involving or concerning this documentation or the services provided hereunder, Contractor shall retain the records until the resolution of such litigation or other such questions. Contractor acknowledges and agrees that City shall have access to any and all such documents at any and all times, as deemed necessary by City, during said retention period. - 7.3.2 Any material breach of the terms of this Agreement, as determined solely by City.
- 7.4 Defaults With Opportunity for Cure. Should Contractor default in the performance of this Agreement in a manner stated in this section 7.4 below, same shall be considered an event of default. City shall deliver written notice of said default specifying such matter(s) in default. Contractor shall have 30 calendar days after receipt of the written notice, in accordance with Article VIII. Notice, to cure such default. If Contractor fails to cure the default within such 30 day cure period, City shall have the right, without further notice, to terminate this Agreement in whole or in part as City deems appropriate, and to contract with another contractor to complete the work required in this Agreement. City shall also have the right to offset the cost of said new Agreement with a new contractor against Contractor's future or unpaid invoice(s), subject to the duty on the part of City to mitigate its losses to the extent required by law.

- 7.7 Within forty-five (45) calendar days of the effective date of completion, or termination or expiration of this Agreement, Contractor shall submit to City its claims, in detail, for the monies owed by City for services performed under this Agreement through the effective date of termination. Failure by Contractor to submit its claims within said forty-five (45) calendar days shall negate any liability on the part of City and constitute a **Waiver** by Contractor of any and all right or claims to collect moneys that Contractor may rightfully be otherwise entitled to for services performed pursuant to this Agreement.
- 7.8 Upon the effective date of expiration or termination of this Agreement, Contractor shall cease all operations of work being performed by Contractor or any of its subcontractors pursuant to this Agreement.
- 7.9 Termination not sole remedy. In no event shall City's action of terminating this Agreement, whether for cause or otherwise, be deemed an election of City's remedies, nor shall such termination limit, in any way, at law or at equity, City's right to seek damages from or otherwise pursue Contractor for any default hereunder or other action.

XIV. SMALL BUSINESS ECONOMIC DEVELOPMENT ADVOCACY (SBEDA)

14.5 Commercial Nondiscrimination Policy Compliance. As a condition of entering into this Agreement, the Contractor represents and warrants that it has complied with throughout the course of this solicitation and contract award process, and will continue to comply with, the City's Commercial Nondiscrimination Policy, as described under Section III. C. 1. of the SBEDA Ordinance. As part of such compliance, Contractor shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation or, on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring or commercial treatment of Subcontractors, vendors, suppliers, or commercial customers, nor shall the company retaliate against any person for reporting instances of such discrimination. The company shall provide equal opportunity for Subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the City's Relevant Marketplace. The company understands and agrees that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in City contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party. Contractor's certification of its compliance with this Commercial Nondiscrimination Policy as submitted to the City pursuant to the solicitation for this contract is hereby incorporated into the material terms of this Agreement. Contractor shall incorporate this clause into each of its Subcontractor and supplier agreements entered into pursuant to City contracts.

XV. CONFLICT OF INTEREST

15.1 The Charter of the City of San Antonio and the City of San Antonio Code of Ethics prohibit a City officer or employee, as those terms are defined in Section 2-52 of the Code of Ethics, from having a direct or indirect financial interest in any contract with the City. - an entity in which any individual or entity listed above is (i) a subcontractor on a City contract, (ii) a partner or (iii) a parent or subsidiary entity.

15.2 Pursuant to the subsection above, Contractor warrants and certifies, and this Agreement is made in reliance thereon, that by contracting with the City, Contractor does not cause a City employee or officer to have a prohibited financial interest in the Contract. Contractor further warrants and certifies that it has tendered to the City a Contracts Disclosure Statement in compliance with the City's Ethics Code.

XVI. AMENDMENTS

CURE VIOLENCE GLOBAL TRAINING AND TECHNICAL ASSISTANCE SCOPE OF SERVICES: SAN ANTONIO METROPOLITAN HEALTH DEPARTMENT 10/22/20

Cure Violence has provided an array of Training and Technical Assistance (TTA) to over 100 communities in over 10 countries. The services are adapted to each unique community based on the needs and capacity of the local partners. The following is a proposed TTA plan for the implementation of two (2) replication sites with (24) staff in coordination with San Antonio Metropolitan Health Department. Cure Violence's goal is to provide quality TTA services to assist in ending the violence epidemic.

Full Replication

Cure Violence will provide comprehensive and intensive training, support and guidance throughout the pre-implementation, implementation, and evaluation stages. This includes pre-implementation assistance (staffing patterns, staff recruitment planning and hiring guidance), onsite trainings, e-learning, peer learning, database management, conference participation, communications assistance, policy development and advocacy and overall project management. Cure Violence will provide its core training modules, as stipulated in the Schedule of Activities, which includes:

Training

Violence Interruption and Reduction Training (VIRT)

The Cure Violence - Violence Interruption and Reduction Training (VIRT) has been developed for outreach workers, violence interrupters, and other administrative staff. It includes a mix of presentation of core concepts and skill development through demonstration and practice. The curriculum is focused on four core areas: 1) Introduction to interruption and outreach, including roles and responsibilities with an emphasis on boundaries and professional conduct; 2) Identifying, engaging and building relationships with participants and prospective participants, assisting participants to change their thinking and behavior as it relates to reducing risk for

injury/re-injury and/or involvement in violence; 3) Preventing the initiation of violence or retaliatory acts when violence occurs through mediation and conflict resolution; and 4). Working with key members of the community, including residents, faith leaders and service providers through public education, responses to violence and community building activities. This training includes conflict mediation, identifying those at highest risk and elements of other trainings listed below.

Management Training: Interruption & Outreach

The Cure Violence Management Training is conducted to impart management-level staff with critical knowledge, skills, strategies, and insights specific to managing a health intervention, frontline staff (Violence Interrupters & Outreach workers), strategic recruitment and deployment of staff, building a strong team, creating a positive work environment, enforcing accountability, mobilizing the community and shifting community norms that perpetuate violence. This training is designed to prepare management for providing oversight of the day to day operations, including potential programmatic challenges, strategic planning and the use of data to guide the work and problem solving based upon nearly 20 years of programmatic experience, current staff and community dynamics.

Database and Documentation

Cure Violence developed a database system to collect and analyze program components of the CV intervention based on 15 years of developing documentation tools and techniques for outreach work to prevent violence. The system is web-based and password protected. It collects data related to all programmatic activities, including outreach participants, case management, community activities, violent incidents, community mobilization, public education, and conflict mediations. Participants are trained on using the database system for tracking and analysis to monitor and strengthen their programs. This training typically comes with access for up to 25 people to use the Cure Violence database. This service includes analysis, weekly reports, regular check-in calls, and maintenance.

Technical Assistance

Embedded Cure Violence TTA

After the initial set of trainings for each site are completed (VIRT, Management, and Database), Cure Violence will assign one of the lead TTA staff to stay in San Antonio and help manage the site for a week or two (depending on need) to ensure all trainings, protocols, and strategies are implemented correctly.

Site Visits

Quarterly site certification visits will be conducted over the course of the contract period. These visits will allow Cure Violence staff to ensure that the lessons from the TTA have been embedded into the local work. Site visits will include observation of daily operations and opportunities to provide onsite feedback as the sites work towards Cure Violence certification. The visits will include booster trainings based on the Cure Violence model based on the bi-weekly calls and observation in the field.

Ongoing Support

Ongoing support will be provided through bi-weekly conference calls with each site and representatives of the Health Department. These calls will include analysis and review of the bi-weekly data reports. Cure Violence TTA staff will also be available to provide immediate crisis response assistance in addition to the scheduled calls, as needed. The San Antonio Metropolitan Health Department has request specific assistance in addressing domestic violence as part of the TTA package. CVG will provide one booster training for both sites based on a curriculum developed in partnership with UNICEF which has been implemented at our partner sites in Latin America. The exact date of the training will be determined with SAMHD.
