5. City is a self-insured instrumentality of the State of Texas. City contractors and any and all subcontractors ("contractors") shall obtain at their own cost and expense, and keep in full force and effect, during the term of their access upon the Property, a comprehensive general liability insurance policy in an amount not less than One Million Dollars (\$1,000,000.00) combined single limit for bodily injury, death and property damage arising out of any one occurrence, protecting the Government against any and

8. That no advertisements, commercial, political or otherwise, will be placed or allowed on the property.

9. The City does, by the acceptance of this instrument, covenant and agree for itself, its assigns, and its successors in interest in property herein conveyed, or any part thereof:

The Easement is granted subject to the following conditions and provisions:

1. That the City reserves unto itself rights for all purposes across, over, or under the easement area herein depicted or described in "Easement Area"; such rights, however, to be exercised in a manner which will not create undue interference with the use and enjoyment by the Government of said easement, and are not covenanted by the City in another part of this deed of easement.
2. The City covenants and agrees that no building, structure or other above-ground improvement shall be erected or constructed on the "Easement Area" without the Government's prior written consent (which consent may be withheld in the sole and absolute discretion of the Government), and that the present grade or ground level of the property depicted and described in "Easement Area" shall not be changed by excavation or filling without the Government's prior written consent. Any construction by the City in connection with the rights so reserved shall be at the expense of the City.
3. The access road shall be constructed, operated, maintained, reconstructed, repaired, and replaced by the Government within the "Easement Area" without cost to the City. The Government shall replace, repair, restore, or relocate any property of the City affected or damaged directly or indirectly by the construction, reconstruction, installation, operation, maintenance, and replacement of said facilities, to the satisfaction of the City.
4. Except in the event of an emergency, the City shall make all reasonable efforts to give the Government reasonable prior notice of its intention to perform work on the "Easement Area".
5. The Easement granted herein shall run with land, burden the "Easement Area", as more particularly described in Exhibit "A", attached hereto and incorporated by reference herein.

6. The Government agrees, that to the extent permitted by the Federal Tort Claims Act, the Government shall be fully responsible for and bear all liability arising from any and all claims, damages, or liabilities of any nature whatsoever arising from Grantee's or the Government's agents', employees', contractors', or invites' operations and/or activities on the easement track or use thereof or from the rights and privileges herein granted, including but not limited to such claims, damages, or liabilities arising from bodily injury or death to persons or damage to property caused by or resulting from negligence or willful misconduct on the part of the Government's or its respective officers, agents, contractors, employees or invitees.
