To receive experience points under this category, the proposed general partner(s), or a key individual(s) (officer, managing member or principal) within the proposed general partner organization (the “general partner”), must meet one of the following tests for each counted project.

To obtain points for projects previously owned by the proposed general partner, the applicant must certify that: 1) the ending date of ownership or participation was no more than 10 years before the deadline associated with the subject application; 2) the previously owned development was yielding positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.) at the time of disposition; and 3) the project was holding reserves as required by the partnership agreement and any/all applicable loan agreements at the time of disposition.

*“Multi-family housing”* means any multi-family rental housing project of 20 units or more that is not subject to IRC §42, IRC §142, or 24 CFR Part 92 requirements.

Property Manager – Up to 10 of the 20 total experience points. To receive experience points under this category, the proposed property management entity must meet one of the following tests for each counted project.

To obtain points for a current project managed by the proposed property management entity, the applicant must certify that the property has: 1) been in service and continuously managed by the proposed property management entity for three or more years; 2) yielded positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.); and 3) held reserves as required by any/all applicable partnership agreement and loan agreements.

To obtain points for projects previously managed by the proposed property manager, the applicant must certify that: 1) the ending date of management agreement was no more than 10 years before the deadline associated with the subject application; 2) the previously managed development was yielding positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.) at the time of termination of the management agreement; and 3) the project was holding reserves as required by the partnership agreement and any/all applicable loan agreements at the time of termination of the management agreement.

*“Multi-family housing”* means any multi-family rental housing project of 20 units or more that is not subject to §42, §142, or 24 CFR Pat 92 requirements.

- II. Nonprofit Organization Participation – 10 points  
To receive these points, the nonprofit organization must have controlling interest (e.g., greater than 50 percent ownership in the General Partner) in the project. If ownership is a limited partnership, the Qualified Nonprofit Organization must be the Managing General Partner. If ownership is a limited liability company, the nonprofit organization must be the controlling Managing Member. Additionally, the nonprofit entity or its affiliate or subsidiary must be the developer or a co-developer of the project.

The nonprofit organization is not required to elect to apply under the State's Nonprofit Setaside in order to receive these points.

- III. REnewSA Target Area – 20 points

- IV. ICRIP – Inner City Reinvestment Infill Area – 16 points  
Project is located within the City of San Antonio Inner City Reinvestment Infill zone.
- V. Housing Opportunity Area (HOA) – Up to 16 points.  
Three factors are used in determining and ranking housing opportunity areas (HOAs). The three factors are:

- The poverty rate of the Census Tract within which the housing project is located;
- The median income of the Census Tract within which the housing project is located; and
- The student achievement rating of the school within which the students of housing project are assigned to attend. This area is commonly referred to as the school "attendance zone".

The below matrix shall be used in determining the appropriate score for this HOA criteria. The matrix establishes HOA threshold criteria (found in the below matrix at the 4-Point Level) and further defines the relative quality of an HOA by ranking the poverty and median income factors across the other Point Levels. The third factor – the school attendance zone factor – is either present or not. In other words, a HOA can receive 4, 8, 12 or 16 points, depending on the particular combination of factors.

Census Tract Poverty Rate	Census Tract Quartile MSA Median Income	Elementary School TEA Rating	Points
<15% for all individuals	Top Quartile	Met standard rating and $\geq 77$ on index 1	<b>16</b>
<15% for all individuals	Top Two Quartiles	Met standard rating and $\geq 77$ on index 1	<b>12</b>
