3.1 Payments to Consultant shall be in the amount shown on the invoices and its supporting documentation submitted, and shall be subject to City's approval. All services shall be performed to City's satisfaction, which satisfaction shall be judged by the Director in his/her sole discretion, and City shall not be liable for any payment under this Agreement for services which are unsatisfactory or which are not within the Scope of Services set out in **Article IV**.

3.2 ATC shall enter all Consultant invoices, itemized and containing all required backup, in *PRIMELink*. By the twentieth day of each month, Consultant shall enter invoices for Program

- 3.8.1 delays in the performance of Consultant's work;
- 3.8.2 third-party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to City is provided by Consultant;

3.9 When the above reasons for withholding are removed or remedied by Consultant, compensation of the amount withheld shall be made within a reasonable time. City shall not be deemed in default by reason of withholding compensation as provided for in this **Article III**.

3.10 In the event of any dispute(s) between the Parties, regarding the amount properly compensable for any Phase or as final compensation, or regarding any amount that may be withheld by City, Consultant shall be required to make a claim pursuant to and in accordance with the terms of this Agreement and follow the procedures provided herein for the resolution of such dispute. In the event Consultant does not initiate and follow the claims procedures provided in this Agreement in a timely manner and as required by the terms thereof, any such claim shall be waived.

3.11 City shall make payment of all sums due Consultant not more than thirty (30) calendar days after Consultant's execution and delivery of an accurate and correct invoice.

IV. SCOPE OF SERVICES

4.1 Consultant in consideration for the compensation herein provided, shall render the required Program services, as more specifically outlined in **Exhibit 1, Scope of Services**, and include in its Scope of Services all associated services required for Consultant to provide such services, pursuant to this Agreement, and any and all services which normally would be required by law or common due diligent practice.

4.2 Consultant shall complete all services within the Scope of Services in compliance with

this Agreement, and agrees to provide sufficient qualified staff necessary, in order not to delay or disrupt the progress of the Program. Time is of the essence.

4.3 All work performed and reports and deliverables required pursuant to this Agreement shall be in compliance with all laws, rules, regulations and FAA Advisory Circulars, if applicable.

4.4 All services and work performed under this Agreement must be conducted in full conformance with the Texas Occupations Code. Persons retained by Consultant to perform work pursuant to this Agreement shall be employees or subcontractors of Consultant.

Persons retained by Consultant to perform work pursuant to this Agreement shall be employees, Sub-consultants or subcontractors of Consultant.

V. TIME AND PERIOD OF SERVICE

5.1 The term of this Agreement shall commence upon its approval by the San Antonio City Council and its execution by both Parties and shall remain in full force and effect for a period of three (3) years, unless otherwise terminated in accordance with the terms of this Agreement. The City shall retain an option to extend this Agreement for two additional one year periods. The Director shall have the authority to exercise such options at his discretion without City Council action.

5.2 Time is of the essence for this Agreement. Consultant shall perform and complete its obligations for the services under **Article IV** herein in a prompt and continuous manner, so as to not delay the development of services and so as to not delay the Program, in accordance with the schedules approved by City. City shall perform its obligations of review and approval in a prompt and continuous manner so as to not delay the project.

5.3 Consultant shall not be liable or responsible for any delays due to strikes, riots, acts of God, national emergency, acts of the public enemy, governmental restrictions, laws or regulations, or any other causes beyond Consultant's reasonable control. Within twenty one (21) calendar days from the occurrence of any event, for which time for performance by Consultant shall be significantly extended under this provision, Consultant shall give written notice thereof to City stating the reason for such extension and the actual or estimated time thereof. If City determines that Consultant is responsible for the need for extended time, City shall have the right to make a Claim as provided in this Agreement.

VI. DISADVANTAGED BUSINESS ENTERPRISE REQUIREMENTS

6.1 It is the policy of the City of San Antonio that disadvantaged business enterprises (DBEs) as defined under 49 CFR Part 26, shall have "equality of opportunity" to participate in the awarding of federally-assisted Aviation Department contracts and related subcontracts, to include

sub-tier subcontracts. This policy supports the position of the U.S. Department of Transportation (DOT) and the FAA in creating a level playing field and removing barriers by ensuring nondiscrimination in the award and administration of contracts financed in whole or in part with federal funds under this contract. Therefore, on all Department of Transportation or FAA-assisted projects the DBE program requirements of 49 CFR Part 26 apply to the contract.

6.2 The Consultant agrees to employ good-faith efforts (as defined in the Aviation Department's DBE Program) to carry out this policy through award of sub-consultant contracts to disadvantaged business enterprises to the fullest extent participation is consistent with the performance of the Aviation Department Contract, and/or the utilization of DBE suppliers where feasible. Consultants are expected to solicit bids from available DBE's on contracts which offer subcontracting opportunities.

6.3 Consultant specifically agrees to comply with all applicable provisions of the Aviation Department's DBE Program. The DBE Program may be obtained through the airport's DBE Liaison Officer at (210) 207-3505 or by contacting the City's Aviation Department.

6.4 The Consultant shall not discriminate on the basis of race, creed, color, national origin, sex, age or disability in the performance of this contract. The Consultant shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the Consultant to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as the recipient deems appropriate. Consultant agrees to include this clause in each sub-consultant contract the prime consultant signs with a sub-consultant.

6.5 The Consultant agrees to pay each sub-consultant under this Contract for satisfactory performance of its contract no later than fifteen (15) days from the receipt of each payment the prime contract receives from the City of San Antonio. The Consultant further agrees to return retainage payments to each sub-consultant within fifteen (15) days after the sub-consultant's work is satisfactorily completed. Any delay or postponement of payment from the above referenced timeframe may occur only for good cause following written approval from the City of San Antonio. This Clause applies to both DBE and non-DBE sub-consultants.

6.6 All changes to the list of sub-consultants submitted with the proposal and approved by the City or Aviation Department, excluding vendors shall be submitted for review and approval by Aviation Department's DBE Liaison Office for approval when adding, changing, or deleting sub-consultants on airport projects. Consultants shall make a good-faith effort to replace DBE sub-consultants unable to perform on the contract with another DBE.

6.7 Consultant shall not terminate for convenience a DBE sub-consultant submitted with the proposal and approved by the City or the Aviation Department (or an approved substitute DBE firm) and then perform the work of the terminated sub-consultant with its own forces or those of an affiliate, without prior written permission by the City.

6.8 During the term of this Agreement, the Consultant must report the actual payments made to all subcontractors to the City in a time interval and a format determined by the City. The City reserves the right, at any time during the term of this Agreement, to request additional information, documentation or verification of payments made to subcontractors in connection

with this Agreement. Verification of amounts being reported may take the form of requesting copies of cancelled checks paid to participating DBEs and/or confirmation inquiries directly with participating DBEs. Proof of payment such as copies of check must properly identify the project name or project number to substantiate payment.

6.9 The Consultant shall comply with the DBE Compliance and Enforcement Policy attached hereto as Exhibit 3.

6.10 Failure or refusal by a Proposer or Consultant to comply with the DBE provisions herein or any applicable provisions of the DBE Program, either during the proposal process or at any time during the term of the Contract, may constitute a material breach of Contract, whereupon the Contract, at the option of the Aviation Department, may be cancelled, terminated, or suspended in whole or in part.

VII. COORDINATION WITH CITY

7.1 Consultant shall hold periodic conferences with City through the term of the Agreement. The Program shall have the full benefit of City's experience and knowledge of existing needs and facilities and be consistent with City's current policies and standards. To assist Consultant in this coordination, City shall make available, for Consultant's use in designing the Program, all existing Program documentation to include Program handbooks, forms, guidelines and schedules in City's possession at no cost to Consultant. However, any and all such information shall remain the property of City and shall be returned by Consultant to City upon termination or the completion of the Project or if instructed to do so by the Director.

7.2 The Director or his/her representative shall act on behalf of City, with respect to the services to be performed under this Agreement. The Director shall have complete authority to transmit instructions, receive information and interpret and define City's policies and decisions, with respect to materials, equipment, elements and systems pertinent to Consultant's services.

7.3 City shall promptly give written notice to Consultant whenever City observes, discovers or otherwise becomes aware of any defect in Consultant's services, or any development that affects the scope or timing of Consultant's services.

VIII. OWNERSHIP OF DOCUMENTS

8.1 All documents, including documents and data, previously owned by Consultant, shall remain the property of Consultant as instruments of service. However, it is to be understood that City shall have free access to all such information and hold the right to make and retain copies of drawings, estimates, specifications and all other documents and data. Any reuse, without specific written verification or adaptation by Consultant, shall be at City's sole risk and without liability or legal exposure to Consultant.

8.2 Consultant acknowledges and agrees that upon payment City exclusively shall own any and all information in whatsoever form and character produced and/or maintained in accordance

with, pursuant to or as a result of this Agreement and said information shall be used as City desires. Any and all documents, including the original drawings, estimates, specifications and all other documents and data, shall be delivered to City at no additional cost to City, upon request, termination or completion of this Agreement without restriction on future use.

8.3 Consultant agrees and covenants to protect any and all proprietary rights of City in any materials provided to Consultant. Such protection of proprietary rights by Consultant shall include, but not be limited to, the inclusion in any copy intended for publication of copyright mark reserving all rights to City. Additionally, any materials provided to Consultant by City shall not be released to any third party without the consent of City and shall be returned intact to City upon termination or completion of this Agreement or if instructed to do so by the Director.

8.4 Consultant hereby assigns all statutory and common law copyrights to any copyrightable work that, in part or in whole, was produced from this Agreement is the property of City, including all equitable rights. No reports, maps, documents or other copyrightable works, produced in whole or in part by this Agreement, shall be subject of an application for copyright by Consultant. All reports, maps, project logos, drawings or other copyrightable work produced under this Agreement shall become the property of City (excluding any instrument of services, unless otherwise specified herein). Consultant shall, at its own expense, defend all suits or proceedings instituted against City and pay any award of damages or loss resulting from an injunction against City, insofar as the same are based on any claim that materials or work provided under this Agreement constitute an infringement of any patent, trade secret, trademark, copyright or other intellectual property rights.

8.5 Notwithstanding anything to the contrary contained herein, all previously owned intellectual property of Consultant, including but not limited to, any computer software (object code and source code), tools, systems, equipment or other information used by Consultant or its suppliers in the course of delivering the services hereunder, and any know-how, methodologies or processes used by Consultant, to provide the services or protect deliverables to City, including without limitation, all copyrights, trademarks, patents, trade secrets and any other proprietary rights inherent therein and appurtenant thereto, shall remain the sole and exclusive property of Consultant or its suppliers.

IX. TERMINATION AND/OR SUSPENSION OF SERVICES

9.1 City's Right to Terminate for Default

9.1.1 This Agreement may be terminated by City for substantial failure by Consultant to perform, through no fault of City, in accordance with the terms of this Agreement and a failure to cure as provided in this **Article IX**.

9.1.2 City must issue a written and signed Notice of Termination, citing this **Paragraph 9.1.2**, to Consultant declaring Consultant to be in default and stating the reason(s) why it is in default. Upon receipt of such written Notice of Default, Consultant shall have a period of ten (10) calendar days to cure any failure to perform under this Agreement. Upon the completion of said ten-day period, commencing upon receipt of Notice of Termination, if Consultant has not cured any failure to perform, such termination shall

become effective without further written notice.

9.2 Right of City to Terminate. City reserves the right to terminate this Agreement, for reasons other than substantial failure by Consultant to perform, by issuing a signed Notice of Termination, citing this **Paragraph 9.2**, which shall take effect on the twentieth (20th) calendar day following receipt of said notice or upon the scheduled completion date of the performance phase in which Consultant then currently is working, whichever effective termination date occurs first.

9.3 Right of City to Suspend Giving Rise to Right of Consultant to Terminate

9.3.1 City reserves the right to suspend this Agreement for the convenience of City by issuing a written and signed Notice of Suspension, citing this paragraph, which shall outline the reasons for the suspension and the expected duration of the suspension, but such expected duration shall, in no way, guarantee what the total number of calendar days of suspension shall occur. Consultant may exercise this right to terminate by issuing a signed, written Notice of Termination, citing this paragraph, to City after the expiration of one hundred twenty (120) calendar days from the effective date of the suspension. Termination, pursuant to this paragraph, shall become effective immediately upon receipt of said written notice by City.

Within thirty (30) calendar days after receipt of such Notice of Termination, unless Consultant successfully has cured a failure to perform, Consultant shall submit a statement showing in detail the services performed under this Agreement prior to the effective date of termination. City retains the option to grant an extension to the time period for submittal of such statement.

9.4.2 Copies of all completed or partially completed and work prepared under this Agreement, prior to the effective date of termination, shall be delivered to City, in the form requested by City, as a pre-condition to final payment.

9.4.4 City, as a public entity, has a duty to document the expenditure of public funds. Consultant acknowledges this duty imposed upon City. Consultant further acknowledges that the failure of Consultant to comply with the submittal of the statement and documents, as required above, shall constitute a waiver by Consultant of any and all rights or claims to payment for services performed under this Agreement by Consultant.

9.4.5 Failure of Consultant to comply with the submittal of the statement and documents, as required above, shall constitute a waiver by Consultant of any and all rights or claims to collect monies that Consultant otherwise may be entitled to for services performed under this Agreement.

9.5 Procedures Consultant to Follow upon Receipt of Notice of Suspension

9.5.1 Upon receipt of written Notice of Suspension, which date also shall be the effective date of the suspension, Consultant shall, unless the Notice otherwise directs, immediately begin to phase-out and discontinue all services in connection with the performance of this Agreement and promptly shall proceed to suspend all existing orders and contracts, insofar as such orders and contracts are chargeable to this Agreement.

9.5.2 Consultant shall prepare a statement showing, in detail, the services performed under this Agreement prior to the effective date of suspension.

9.5.3 Copies of all completed or partially completed work prepared under this Agreement prior to the effective date of suspension, shall be prepared for possible delivery to City but shall be retained by Consultant until such time as Consultant may exercise the right to terminate.

9.5.4 In the event that Consultant exercises the right to terminate one hundred twenty (120) calendar days after the effective suspension date, within thirty (30) calendar days after receipt by City of Consultant's Notice of Termination, Consultant promptly shall cancel all existing orders and contracts, insofar as such orders and contracts are chargeable to this Agreement, and shall submit the above referenced statement showing, in detail, the services performed under this Agreement prior to the effective date of suspension.

9.5.5 Any documents prepared in association with this Agreement shall be delivered to City as a pre-condition to final payment.

9.5.6 Upon the above conditions being met, absent any reason why City may be compelled to withhold fees, City promptly shall pay Consultant that proportion of the prescribed fee which the services actually performed under this Agreement bear to the total services called for under this Agreement, less any previous payments of the fee.

9.6 City, as a public entity, has a duty to document the expenditure of public funds.

9.7 Consultant acknowledges this duty imposed upon City. Consultant further acknowledges that the failure of Consultant substantially to comply with the submittal of the statements and

documents, as required herein, shall constitute a waiver by Consultant of any portion of the fee for which Consultant did not supply such necessary statements and/or documents.

X. CONSULTANT'S WARRANTY

Consultant warrants that the services required under this Agreement shall be performed with the same degree of professional skill and care that typically are exercised by similar consulting professionals performing similar services in Bexar County, Texas. Consultant further warrants that it has not employed or retained any company or person other than a bona fide employee, working solely for Consultant, to solicit or secure this Agreement, and that it has not, for the purpose of soliciting or securing this Agreement, paid or agreed to pay any company or person a commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach of this warranty, City shall have the right to terminate this Agreement under the provisions of **Article IX** herein.

As part of said compliance, Consultant shall adhere to City's *Non-Discrimination Policy* in the solicitation, selection, hiring or commercial treatment of Sub-Consultants, vendors, suppliers or commercial customers, nor shall Consultant retaliate against any person for reporting instances of such discrimination. Consultant shall provide equal opportunity for Sub-Consultants, vendors and suppliers to participate in all of its public sector and private sector sub-consulting and supply opportunities. Consultant acknowledges that it understands and agrees that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of Consultant from participating in City contracts, or other sanctions. This **Article XI** is not enforceable by or for the benefit of, nor creates any obligation to, any third party. Consultant shall incorporate this clause into each of its Sub-Consultant and supplier agreements entered into, pursuant to City agreements/contracts.

If City so requests, said Certificates also shall be accompanied by an affidavit signed by Consultant, attesting that the furnished Certificate(s) represent Consultant's current coverages. City shall not accept a Memorandum of Insurance or Binder as proof of insurance. The certificate(s) must have the agent's signature and phone number and be mailed, with copies of all applicable endorsements, directly from the insurer's authorized representative to City. City shall have no duty to pay or perform under this Agreement until such certificate and endorsements have been received and approved by City's TCI Department. No officer or employee, other than City's Risk Manager, shall have authority to waive this requirement.

13.10 It is agreed that Consultant's insurance shall be deemed primary and non-contributory, with respect to any insurance or self insurance carried by the City of San Antonio, for liability arising out of operations under this Agreement.

13.11 It is understood and agreed that the insurance required is in addition to and separate from any other obligation contained in this Agreement and that no claim or action by or on behalf of City shall be limited to insurance coverage provided..

13.12 Consultant and any Sub-Consultants and/or Subcontractors are responsible for all damage to their own equipment and/or property.

IF A COURT OF COMPETENT JURISDICTION FINDS CONSULTANT AND CITY JOINTLY LIABLE, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS FOR THE STATE WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.

14.2 The provisions of this **Article XIV** solely are for the benefit of the Parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity. Consultant shall advise City in writing within twenty four (24) hours of any claim or demand against City or Consultant known to Consultant related to or arising out of Consultant's activities under this Agreement.

14.3 **Intellectual Property Indemnification.** Consultant shall protect, indemnify, and defend and/or handle at its own cost and expense any claim or action against City, its elected officials, employees, officers, directors, volunteers and representatives of City, individually or collectively, for infringement of any United States Patent, copyright or similar property right including, but not limited to, misappropriation of trade secrets and any infringement by Consultant and its employee or its Subconsultants or subcontractors and their agents, servants and employees, based on any deliverable or any other materials furnished hereunder by Consultant and used by either City or Consultant within the scope of this Agreement (unless said infringement results directly from Consultant's compliance with City's written standards or specifications). Consultant shall have the sole right to conduct the defense of any such claim or action and all negotiations for its settlement or compromise, unless otherwise mutually agreed upon, expressed in writing and signed by the parties hereto. Consultant agrees to consult with City's attorney during such defense or negotiations and make good faith efforts to avoid any position adverse to the interest of City. City will make available to Consultant any deliverables and/or works made for hire by Consultant necessary to the defense of Consultant against any claim of infringement for the duration of Consultant's legal defense.

14.4 The indemnification obligations under this **Article XIV** shall not be limited in any way by the limits of any insurance coverage or any limitation on the amount or type of damages, compensation or benefits payable by, for or to Consultant or any Subcontractor, supplier or any

Consultant shall retain City-approved defense counsel within ten (10) calendar days of City's written notice that City is invoking its right to Indemnification under this Contract. If Consultant fails to retain counsel within such time period, City shall have the right to retain defense counsel on its own behalf and Consultant shall be liable for all costs incurred by City. City also shall have the right, at its option, to be represented by advisory counsel of its own selection and at its own expense, without waiving the foregoing.

The term "Claim" also includes other disputes and matters in question arising out of or relating to this Agreement. Claims must be initiated by written notice. 15.4.1 No consequential damages shall be allowed; and

15.4.2 Damages are limited to extra costs specifically shown to have been directly caused by a proven wrong for which the other Party is claimed to be responsible; and

No provision of this Agreement is a consent to suit.

XVI. SEVERABILITY

If, for any reason, any one or more Articles and/or paragraphs of this Agreement are held invalid or unenforceable, such invalidity or unenforceability shall not affect, impair or invalidate the remaining Articles and/or paragraphs of this Agreement but shall be confined in its effect to the specific Article, sentences, clauses or parts of this Agreement held invalid or unenforceable, and the invalidity or unenforceability of any Article, sentence, clause or parts of this Agreement, in any one or more instance, shall not affect or prejudice in any way the validity of this Agreement in any other instance.

EXHIBIT 1

SCOPE OF SERVICES

ATC shall perform the following services:

Administrative Services

ATC shall provide Administrative services during the term of this Agreement including, but not be limited to, the following tasks:

1. Program Management. ATC shall manage the Program including its design, public relations, legal and construction elements and provide all resources necessary for Program implementation in accordance with the City of San Antonio's: a) Residential Acoustical Treatment Program Policies & Procedure Manual (Policy Manual); b) Construction Specification Manual (Construction Manual); and c) ATC Homeowner Handbook and Homeowner Orientation Session presentation, all of which shall be maintained and updated by ATC, as needed to meet FAA requirements or requested by City, for City's approval.

ATC shall manage the development of design and construction strategies; maintain and update comprehensive management information, control and documentation systems; and provide management for the administration, coordination and completion of the design and construction phases for the Program.

ATC shall utilize the single parcel bidding method, whereby each Project will represent an independent design-build construction contract, as the basis for management of the Projects to be completed under the Program. The single parcel bidding method is specifically designed to provide maximum attention to participating homes, ensuring superior quality, Homeowner satisfaction, contractor success and program cost efficiencies.

Per the Program, ATC will treat eligible properties, as determined by the City's third party Program eligibility consultant and the FAA, based on 14 CFR Part 150. Treatment will utilize the established Block Grouping Prioritization Methodology.

ATC shall develop and monitor an effective system of Program cost control and revise and refine the approved Program budget, incorporate approved changes as they occur and develop cash flow reports and forecasts as needed. ATC also shall identify variances between projected and actual costs and advise the City whenever projected costs will be exceeded.

ATC will assist City, as requested, with administration, monitoring/reporting and close-out of the Federal grant(s) which fund the Program.

2. Customer Service. Since Acoustical Treatments are provided to private property, ATC shall seek in all ways possible to reduce the potential for negative impacts on property, Homeowners, and City. ATC shall ensure that Program processes are implemented with

Homeowners to enhance the Homeowners' experience with the Program. ATC will pursue 100% Homeowner satisfaction and develop the Program's policies and procedures to maximize Homeowner satisfaction with the Program and the City.

3. Master Program Schedule. ATC shall prepare a Master Program Schedule, in a mutually agreeable format, for each Program Phase. The Master Program Schedule shall be subsequently updated by ATC, as requested by the City or as necessary to maintain control of the Program.
 - Within the Master Program Schedule, each Bid Cycle of design and construction shall proceed continuously through to completion. Except when caused by events beyond ATC's reasonable control, any continued failure of ATC to maintain Program progress in accordance with the Master Program Schedule shall be a breach of this Agreement.
4. The ATC Team. ATC shall provide a team consisting of all ATC personnel, sub-consultants and pre-qualified Construction Contactors necessary to accomplish this Scope of Services. The City and ATC will continuously monitor ATC's team and mutually agree in writing if adjustments to the composition (individuals or firms) of the team are required. Key ATC personnel and subconsultants, as identified in Attachment A to this exhibit, shall not be replaced or reassigned without City's written consent. City's consent, however, shall not be unreasonably withheld. Following such City consent, any replacement of ATC's key personnel or subconsultants must receive City's written approval.

City retains the right to request replacement, for reasonable cause, of any employee assigned by ATC to the Program. City's decisions in this regard shall not be the basis for any claim for additional compensation by ATC. However, in no event shall City's direction be construed as the City's assumption of ATC's duties to direct, coordinate or manage Program implementation.

ATC shall provide full-time supervision of ATC's employees. ATC shall manage and monitor the performance of all its Sub-consultants and Construction Contractors. ATC shall ensure that its employees, Sub-consultants and Construction Contractors are qualified to perform their respective functions.

5. Program Outreach. ATC will perform extensive outreach to both potential homeowner participants and potential Construction Contractors.
 - a. Homeowner Outreach and Orientation. Based on the Master Program Schedule, ATC will contact all eligible homeowners within an assigned Bid Cycle simultaneously. Upon the identification of homes within a specific phase, a letter will be sent to Homeowners, along with a Residential Acoustical Treatment Program Homeowner brochure and a Program Homeowner selection sheet. Upon receipt of responses from interested participants, a mailing will be sent to the homeowners of each eligible property within an assigned Bid Cycle, inviting them to attend a Homeowner orientation session. The mailing will also contain the House Information Sheet, Homeowner Availability Form and Notice of Participating Property Form to be

completed and returned at the orientation session.

At the orientation session, ATC will provide homeowners with a copy of the Homeowner Handbook and present a Homeowner orientation presentation to provide: a) a complete overview of the Program and its goals, rules, procedures and processes including Bid Cycle timetables and the typical Project timeline; b) an explanation of City and Consultant team organization; c) ATC Contact numbers; d) a description of eligible acoustical treatment modifications; and e) the responsibilities of all the parties involved. In addition, ATC will answer homeowners' questions. Homeowners interested in proceeding with the acoustical treatment process will sign up for a House Inspection Visit.

- b. Construction Contractor Outreach. Throughout the term of this Agreement, ATC will conduct outreach to maximize the participation of local general contractors and subcontractors in the Program. The Construction Contractor outreach process will be designed to eventually lead local general contractors to qualification and inclusion in ATC implementation team. ATC will periodically review and refine the contractor outreach brochure and presentation materials. ATC will assist the City with development and placement of Program outreach advertisements in local newspapers, trade publications and with local builders' associations.

At the City's request, ATC will conduct a Contractor Outreach meeting with interested local general contractors. During Contractor Outreach, ATC will provide a complete summary of all Program contractor requirements and expectations to include: i) general contractor qualifications; ii) Program process review; iii) contractor performance requirements; iv) contractor meeting requirements; v) contractor commitment; vi) DBE participation; vii) Program specifications and payment; viii) contractor training requirements.

6. Construction Contractor Participation. ATC shall ensure the following requirements are met in conjunction with Construction Contractor participation in the Program:
 - a. Pre-Qualification. ATC shall implement a pre-qualification process to determine the eligibility and qualifications of contractors interested in being included on ATC team. The pre-qualification process will include review of application, reference checks and inspection of current work in progress. ATC shall present a list of contractors it deems to be qualified for City's approval. Upon approval, ATC shall conduct training that shall include the following topics: i) Contractor qualification requirements; ii) Contractor performance requirements; iii) Program process; iv) construction specifications; v) homeowner selection process; vi) product showroom and warehouse procedures; vii) Contractor Participation Agreement; viii) bidding process; ix) payment process; and x) notification that certification will not assure receipt of any Project assignments. ATC will enter into General Contractor Participation Agreements only with local general contractors that successfully complete the training. ATC will provide each new Construction Contractor with a construction manual. ATC will maintain the list of qualified Construction Contractors and periodically provide the list to City. ATC will provide on-going Construction Contractor training as a part of the monthly Construction Contractor meeting as

otherwise required herein.

- b. Construction Contracts. ATC shall enter into construction contracts with pre-qualified Construction Contractors for construction services and procurement of incidental (non-acoustical) products for each Project. ATC shall select a Construction Contractor for each Project based on both, the lowest, responsive and responsible pre-qualified bid and the Construction Contractor's current workload, scheduling and capability.
- c. Prevailing Wage Rate and General Labor Conditions. The provisions of Chapter 2258 of the Texas Government Code, as amended, are expressly made a part of this contract. ATC shall comply with Federal and State law regarding wages to be paid to or hours worked pursuant to this Agreement, including but not limited to the Davis Bacon labor requirements as set out in 29 CFR Part 5.5. Additionally, ATC and all Contractors and subcontractors shall abide by all applicable terms of City ordinance 2008-11-20-1045 governing wage and labor standards and practices, as amended.

Evaluation criteria include, but are not limited to, Construction Contractor's quality of work and adherence to specifications, program policies and procedures and construction schedules. The evaluation shall be used by ATC as a tool for evaluating a Construction Contractor's overall Program performance and potential contract capacity.
- e. Construction Contractor Payment. Upon successful Final Inspection of the Project and approval by ATC team, ATC shall pay Construction Contractors one payment for the full amount of the Construction Contract for that Project. Such payment shall be considered full and final payment for all services rendered by subcontractor on that Project and shall constitute a representation by ATC to City, based on ATC's observations at the site, as required herein, that to the best of ATC's knowledge, information and belief, the Construction Contractor completed the Project in accordance with the plans and specifications approved by DRIT and is entitled to payment.

ATC shall reject Construction Contractor's request for payment upon completion of a Project, to the extent reasonably necessary to protect City, if, in ATC's opinion, the construction work is not conforming to the construction documents approved by DRIT. If ATC is unable to approve payment in the full amount of the application for payment for a Project, ATC shall notify City. ATC may withhold payment because of subsequently discovered evidence from loss for which the Construction Contractor is responsible, including loss resulting from acts and omissions described below:

- i. Defective work not remedied.
- ii. Third party Claims filed or reasonable evidence indicating probable filing of such Claims, for which Construction Contractor is responsible hereunder, unless security acceptable to City is provided by Construction

Contractor.

- iii. Failure of Construction Contractor to make payments properly to the subcontractor and/or material providers; or
- iv. Reasonable evidence the construction work cannot be completed for the unpaid balance of the Project construction contract sum and Construction Contractor has failed to provide City adequate assurance of its continued performance within a reasonable time after demand.
- v. Damage to City or another Construction Contractor.
- vi. Persistent failure by Construction Contractor to carry out the Construction work, in accordance with the contract documents.

When the above applicable reasons for withholding payment are removed, payment shall be made to Construction Contractor for amounts previously withheld. City shall not be deemed in default by reason of withholding payment as provided.

7. Program Office/Showroom and Warehouse. ATC shall staff and maintain, for the duration of this Agreement, a combination office/showroom/conference room (hereinafter referred to as "Office") to accommodate meetings with homeowners and to display acoustical products (windows, doors, etc.) for homeowner and Construction Contractor consideration. ATC will maintain, update and expand, as necessary, the showroom space for the display of all current ATP-certified and approved products available to Program participants. In the event ATC loses its office/showroom or warehouse lease, through no fault of ATC, ATC shall propose to City a new office/showroom or warehouse location. City must approve the new office/showroom or warehouse location in writing, which approval shall not be unreasonably withheld. If City approves the new premises, reasonable labor and material costs incurred by ATC in building such new office/showroom/conference room or warehouse will be reimbursable under this Agreement.

ATC shall conduct monthly Construction Contractors' meetings to communicate program updates, changes and reminders, as well as provide on-going training.

ATC shall conduct a Construction Contractor interview night one evening each month. The Construction Contractor interview night will provide Homeowners the opportunity to meet ATC's qualified Construction Contractors. During the event, ATC shall ensure that approved Contractor Notebooks and qualifications are available for review by Homeowners. Homeowners will receive brochures which provide specific information about each of the Construction Contractors.

10. Program Records, Reports and Filing. ATC shall record the proceedings of each Program Progress Meeting and each Construction Contractor meeting. ATC shall submit such meeting records, including a sign-in sheet, summary of the action items, the designated responsible party, to the City within two (2) business days of the meeting date. ATC shall conduct activities to avoid or mitigate disruption of Homeowner activities.
13. Best Practices. ATC shall investigate and remain current on: a) FAA regulations, policies and procedures for noise abatement; b) the design construction standards, criteria, and guidelines of other noise abatement programs; and c) industry best practices and

innovations and shall recommend Program enhancements to City and implement such recommendations as are approved by City

14. ATC Transition. At the conclusion of this Agreement, ATC shall cooperate with any new ATC, selected by City to assume management of the Program. ATC shall meet with the new ATC, as needed, to discuss the current and planned Bid Cycle, design and construction schedules, tasks for each Work plan, equipment orientation and inventory, dates for officially handing over operations to the new ATC and other related tasks. ATC cooperation with regards to transitioning to any successor ATC shall include ATC's assistance with the assignment of Warehouse and Office leases to the successor ATC.

18. Construction Dispute Management. If disputes and/or claims arise during Project construction between Homeowner and Construction Contractor, Construction Contractor and suppliers, Construction Contractor and sub-tier subcontractors, ATC shall recommend and implement specific action to avoid or resolve potential or actual disputes and/or Claims. In the event any claim is made or any action is brought in any way relating to the design or construction of the Project, whether initiated before or after completion of construction, ATC shall indemnify and hold harmless the City and render all assistance, which the claim may reasonably require, including preparation of written reports with supporting documentation and making witnesses available as needed.

ATC will be the recipient of all notices of claims for costs or time from Subconsultants and subcontractors. ATC will perform a preliminary evaluation of the contents of a claim, obtain factual information concerning a claim, and make recommendations to the City and other appropriate parties.

ATC will prepare evaluation and attempt to negotiate and resolve all claims and/or disputes associated with the Program.

19. ATC shall coordinate with and use its best efforts in aiding the City in preparing and obtaining all certifications required by the FAA for FAA Grant Funding associated with the Program.

20. In the event the Noise Exposure Maps (NEMs) are revised after the effective date of this Agreement or the federal regulations governing Program eligibility change after such date, ATC shall review the revised NEMs and/or FAA Program Guidance Letter (PGL) 12-09 Determination of Program Eligibility (or such other PGL as shall amend or supersede PGL 12-09) and determine property Program eligibility based on such revised NEMs and/or PGL. Determination of Program eligibility may include, but is not limited to:

- Windshield Field Survey -survey of potentially eligible properties located within an updated NEM. The ATC will document the survey and develop property classifications based on the results as per PGL guidelines.
- Acoustical Testing Plan - develop an acoustical testing plan, following the FAA's 1992 published guidance, to establish the existing interior noise levels to determine whether or not the building qualifies for sound insulation.
- Conduct PGL Eligibility Noise Testing –measure the interior noise levels of single and multi-family properties.
- Prepare Final Report of Property Eligibility Determination – report will be provided to City and FAA, in hard and electronic copy (both PDF and Microsoft Word form), with an eligibility determination of all remaining untreated properties located within the updated 65 DNL noise contour. The report shall contain detail information to support the eligibility determination.

Design Services

ATC shall provide design services during the term of this Agreement which shall include, but not be limited to, the following tasks:

1. Design Coordination and Permitting. ATC will coordinate ATC design Sub-consultants' activities and will provide leadership with respect to the implementation of design management procedures by all parties. ATC shall coordinate activities of design Sub-consultants in the development and production of Acoustical Treatment Design Packages. ATC shall confer with the City and Homeowners during the design phase to insure compliance with Program guideline and special homeowner requirements.

ATC shall obtain approval by appropriate City departments, and other agencies, as needed, of design packages and secure all necessary permits. ATC will attempt to

expedite agency reviews and approvals. ATC will assist in securing and transmitting appropriate documents to the various approval agencies outside of the control of City, at the appropriate times. ATC shall verify all building permits are closed at the completion of the Project.

2. House Inspection Visit. Before the design process officially begins, ATC will conduct a House Inspection Visit at each Property to identify pre-existing deficiencies that may negatively impact the Project. ATC will ensure that a mechanical/electrical/plumbing consultant participates in this inspection visit. Typical pre-existing deficiencies may include, but are not limited to: a) structural issues; b) moisture and mold issues; c) building and safety code issues; d) ventilation issues; e) environmental issues; and f) health and safety issues. ATC will not use Program funds to correct any pre-existing deficiencies. Homeowners will be required to assume all associated responsibility and liability for their pre-existing deficiencies before becoming eligible to participate in the Program.

ATC will be solely responsible for the identification and classification of all observed pre-existing deficiencies. All pre-existing deficiencies will be recorded on the Pre-Existing Deficiency Report. Upon the discovery of a pre-existing deficiency, ATC will classify the degree of the deficiency as either a Minor Pre-Existing Deficiency or a Severe Pre-Existing Deficiency.

Minor Pre-Existing Deficiencies do not require suspension of Homeowner participation. Before Work can progress on a Property found to have a Minor Pre-existing Deficiencies, such Homeowner must sign a Pre-Existing Deficiency Report and a Pre-Existing Deficiency Release, documenting the deficiencies and transferring all associated liability to the Homeowner.

Upon discovery of a Severe Pre-Existing Deficiency, ATC will temporarily suspend the Homeowner from the Program until Homeowner remedies such deficiency. A Homeowner's participation in the ATP can resume once ATC has inspected and approved the pre-existing deficiency corrections.

3. Design Visit. Once the House Inspection Visit process has been successfully completed, ATC will schedule the Design Visit with the Homeowner and the design Sub-consultants. The purpose of the Design Visit will be to gather information necessary to developing the most effective Acoustical Treatment Design Package for each Property. The Design Visit will include: a) a Computer Aided Drafting Design (CADD) layout and measurements; b) evaluation of the existing window and door conditions; c) evaluation of existing wall and attic insulation; d) evaluation of existing vents, fans and ventilation; e) evaluation of existing mechanical, electrical and A/C systems, if required, and f) a test for lead based paint identification, if necessary. If necessary, an asbestos-containing materials survey shall be performed by ATC and, if required, an approved abatement plan shall be prepared.

The Design Visit will be conducted by ATC staff and design Sub-consultants, to include an architect, CAD technician, design technician, environmental consultant, ventilation consultant and a Homeowner agent. ATC shall also include a Mechanical / electrical /

plumbing consultant or a structural consultant on the team, if needed.

4. Acoustical Treatment Design Package Development. Based upon the information gathered during the Design Visit, ATC will prepare an Acoustical Treatment Design Package for the custom acoustical treatment of each Property. ATC will continuously monitor the design phase schedule, advise City when potential or actual constraints to the schedule exist, and make recommendations for corrective action.

ATC shall review the Acoustical Treatment Design Package and convene meetings with the Homeowner and the design Sub-consultants to serve as a forum for the exchange of information and resolution of Project design issues.

ATC shall submit each completed Acoustical Treatment Design Package to the DRIT for review and comment prior to commencement of the bid process. If necessary, ATC will issue an Addendum to Acoustical Treatment Design Package, incorporating the recommended changes from the DRIT.

5. Homeowner Design Review Meeting. After Homeowners have attended a Construction Contractor interview night meeting, ATC will arrange a separate Homeowner Design Review Meeting with each homeowner. The purpose of the meeting is to:

- a. Present and review with the Homeowner the Acoustical Treatment Design Package for their Property. During this discussion the Project's scope, limits and intrusiveness of the renovations will be disclosed. The Homeowner will have the opportunity to review product styles and colors at the Program Showroom. If necessary, Homeowners will have a final opportunity to adjust their assigned Bid Cycle, depending on any special scheduling needs and/or circumstances.
- b. Determine if the Homeowner will elect to participate further in the Program and, if so, to obtain the Homeowner's signature on a Homeowner Work Agreement, including the final Acoustical Treatment Design Package, and an Avigation Easement. Upon obtaining the Homeowner signature, ATC shall provide copies of the documents to the Homeowner. ATC shall accommodate Homeowners that require additional time for document review. In no event shall ATC proceed with development of Bid Package prior to ATC's receipt of the signed Avigation Easement and Homeowner Work Agreement.
- c. Have the Homeowner select three (3) qualified Construction Contractors from the list of qualified Construction Contractors. Neither ATC nor City will influence Homeowners in the contractor selection process in any way.

6. Bid Package Development. Acoustical Treatment Design Packages will be developed and finalized by ATC for each Property in conformance with the Program policies and procedures. ATC will prepare and notify the three Construction Contractors selected by the Homeowner for each Property that the Scopes of Work are ready to be picked up.

ATC shall deliver Bid Packages to the Property for Construction Contractor pickup at the Pre-bid Open House. Each Bid Package will contain the following bid documents (and

instructions for completing each): a) Bidder's Checklist; b) Bid Form and Bidder's Certificate; c) DBE Good Faith Effort Plan for Federally Funded Projects; d) DBE Letter of Intent for Federally Funded Projects; and e) DBE Subcontractor Compliance Plan.

7. Pre-Bid Open House and Bidder Inquiries. For each Property a Pre-Bid Open House will be scheduled by ATC at a date and time selected by the Homeowner from the pre-designated dates for the Bid Cycle. ATC will contact the Construction Contractors selected by the Homeowners to notify them of the Pre-Bid Open House appointment. The Pre-Bid Open House will provide the opportunity for the selected Construction Contractors and their subcontractors (and suppliers, if required) to view the home before preparing their final bids. ATC will track the schedule of all open houses.

In the event a Construction Contractor has a question about a particular Acoustical Treatment Design Package, ATC will review such question for time, cost, or constructability impact, with its design Sub-consultant. If ATC determines that a change to the Acoustical Treatment Design Package is necessary, ATC will submit such change to the City and DRIT for review. Following City and DRIT review, if no changes are required, ATC will issue an addenda to the design package.

8. Design Cost Estimating. ATC shall prepare an Architect's Estimate of Construction Costs for each Project and such estimate shall be included for reference in the Bid Tabulation form to be used by ATC at the Bid Opening.
9. Bid Opening, Bid Review & Contract Award. ATC shall conduct a Bid Opening for all Properties included within a Bid Cycle. ATC will record each Construction Contractor's bid on a Bid Opening Summary. Following the Bid Opening, the results will be tabulated on the Bid Tabulation form and distributed to all bidders and the City.

ATC will evaluate the bids for completeness, full responsiveness and price. ATC will communicate with each low bidder whose bid is twenty percent (20%) or more below the Architect's Estimate of Construction Costs to determine if all labor and incidental materials were included. ATC shall allow Construction Contractors who advise ATC of a bid error to withdraw their bid without penalty.

If a Construction Contractor is the low, responsive, responsible bidder on multiple Projects, ATC may require the Construction Contractor to provide a construction staging plan for all such Projects. ATC shall consider the construction staging plan and the Construction Contractor's past performance, capacity, and quality of work in its formulating its recommendation for contracts to be awarded for the Bid Cycle.

ATC shall collect from all bidders Disadvantaged Business Enterprise (DBE) Letters of Intent signed by subcontractors who will be working on each Project. ATC shall forward to City a Bid Award Recommendation as well as the bid documents as submitted by the Construction Contractors being recommended for award, the originals of the DBE documentation, and any other documentation in support of the recommendation. Following City's authorization of the award, ATC will prepare and submit a "Bid Tabulation As Awarded" to all Construction Contractors. ATC will notify all successful bidders of their contract awards.

ATC will prepare a construction contract for each Project to be executed by the Construction Contractor. After execution by the Construction Contractor, ATC will sign the construction contract and provide a copy to the Construction Contractor. Construction Contractor may order incidental products or materials only after both parties have executed the construction contract.

10. Homeowner Notification of Award. ATC will notify the Homeowner of the Construction Contractor being awarded the construction contract for their Project.

Construction Management Services

ATC shall provide Construction services during the term of this Agreement which shall include, but not be limited to, the following tasks:

1. Performance and Payment Bonds. ATC will prepare the necessary work-on-hand documentation for submittal to the bonding company and order the Payment and Performance Bonds for the Bid Cycle. Upon issuance of the Payment and Performance Bonds, ATC will transmit the originals to the City.

ATC shall provide City with construction performance and payment bonds made payable to the City of San Antonio, executed by a corporate surety acceptable to City who is licensed pursuant to the Texas Insurance Code in the potential cumulative amount of each Bid Cycle's estimated construction and product costs only (excluding design, Program and Project administration, construction observation and testing fees) as estimated by ATC. Said bonds must be in a form acceptable to City. Said bonds shall further provide that the surety shall indemnify the City for all damages or losses resulting from ATC's construction default. Said bonds shall further guarantee ATC's performance of all terms and obligations under the construction contract awarded. Said bonds must have attached thereto a Power of Attorney as evidence of the authority of the person executing the bond to bind the surety. The bonds must be furnished in compliance with the statutory requirements of the Texas Government Code, Chapter 2253. The bonds must be executed and delivered to City prior to commencement of construction work under this Agreement.

2. Pre-Construction Activities. Construction Contractors shall apply for and obtain building permits from all governmental authorities having jurisdiction over a particular Project and such approval and consents from others as may be necessary for the completion of a Project.

Approximately three (3) weeks prior to the Pre-Construction Visit, ATC will send reminders to all Construction Contractors awarded work in the Bid Cycle regarding the necessity to obtain building permits and begin developing construction schedules. Construction Contractors are required to provide ATC with a copy of the required permit(s) one (1) week prior to the Pre-Construction Visit.

All Projects within a particular Bid Cycle must be completed by ATC within a six week period. Within the aforementioned six week period, each individual Project within a Bid Cycle shall be completed within thirty calendar days (30) of commencing construction on

such Project.

The Construction Contractor is required to submit a construction schedule to ATC three business days prior to the Pre-Construction Visit. In developing this schedule, the Construction Contractor will have the flexibility to determine the Project's thirty (30) calendar-day construction period within the established six (6) week construction period for each monthly Bid Cycle. ATC will review the construction schedule to determine feasibility of proposed work flow.

In the event a Property requires asbestos abatement, ATC will separately contract for the activity with one of ATC's abatement contractors.

3. Pre-Construction Visits. At the Pre-Construction Visit, ATC and the Construction Contractor will meet with the Homeowner at Property to review all aspects of the Project including the final construction schedule. The Pre-Construction Visit will give the Homeowner the opportunity to ask any final questions or make any final paint or stain color selections prior to the start of construction. The Pre-Construction Visit must be scheduled a minimum of three (3) days prior to the start of construction in order to give the homeowner sufficient time to remove window coverings and move furniture.

If a home has tested positive for asbestos, ATC will coordinate abatement activities with Construction Contractor. If a home has tested positive for lead based paint, this condition will be identified in the scope of work documents.

A lockbox supplied by the Construction Contractor will be placed on each Property from the Pre-Construction Visit through the Final Inspection Visit. The Homeowner will be required to provide a home key for the lockbox.

4. Construction, Asbestos Abatement Process and Lead Based Paint. ATC will notify Construction Contractors that products are ready for pickup at ATC's warehouse and construction may begin, consistent with the final construction schedule presented to all parties during the Pre-Construction Visit. ATC shall provide construction management to facilitate timely completion of the Project within the not-to-exceed construction cost limit for the Project. ATC and its Construction Contractors are responsible to complete the renovations in accordance with the final Acoustical Treatment Design Package and any approved change orders. ATC shall also monitor ATC Construction Contractor's performance.

If asbestos was identified during the asbestos survey, asbestos abatement shall be performed by ATC's abatement contractors in compliance with all prevailing regulations. ATC's abatement contractors shall be responsible for the removal, encapsulation, transportation, manifesting, and legal disposal of any asbestos or asbestos-containing materials as may be required in connection with the Project.

Throughout the term of environmental abatement, ATC's environmental Sub-consultant will monitor progress on a daily basis and prepare a daily inspection report for each site visit. ATC's environmental sub-consultant will verify that the abatement is done in accordance with the Abatement Plan.

If a home tests positive for lead based paint, the Construction Contractor performing the Project Work shall be certified to conduct lead-based paint renovation, repair and painting in accordance with the latest Environmental Protection Agency regulations.

Throughout the construction process, ATC's staff inspectors will provide daily observation and inspection, assurance that Construction Contractor provided materials are in accordance with specifications, completion of daily inspection reports, trouble-shoot questions in the field, investigate claims and initiate documentation for change orders.

If inspections reveal deviations from Scope of Work and Construction Contractor's construction schedule, ATC will work with the Construction Contractors to develop recovery plans reflecting the corrective action and efforts to be undertaken by such Construction Contractor to recapture lost time, improve quality of work and/or achieve timely completion of work.

If Construction Contractor submits a change order request, ATC will evaluate such change order request to determine if pricing is fair, equitable and within generally accepted trade practices. Upon approval by ATC, change orders will be reviewed by City's independent Design Review, Inspection and Testing Team ("DRIT"); then forwarded to the City for concurrence and endorsement for payment.

5. Emergencies. In the event that an emergency situation is identified or arises during any phase of a Project which poses an immediate danger to the health and/or safety to any person or property, ATC shall take such steps as are reasonably necessary, including, but not limited to ordering a work stoppage.
6. Punch List Inspection. Upon substantial completion of the construction work, ATC shall conduct a comprehensive punch list inspection to determine if the work has been completed in accordance with the Construction Manual and Project's Scope of Work. ATC shall provide the punch list inspection to the Construction Contractor. The Construction Contractor must complete all punch list items prior to requesting a final inspection.
7. Coordination of Technical Inspection and Testing. ATC will coordinate and review the technical inspection, testing and reports provided by ATC ventilation and acoustical Sub-consultants and City's independent testing consultants. ATC shall confirm that all technical inspections and testing comply with all City requirements and any FAA grant agreements. ATC's ventilation and acoustical Sub-consultants and the City's independent testing consultants will prepare reports and submit to ATC.
8. Project Closeout. Upon verification that all construction punch list items are complete, ATC will conduct a final inspection to verify all work has been completed (100% completion of Scope of Work). ATC shall coordinate with City's independent DRIT to participate in the final construction inspection.

ATC shall require Construction Contractor to submit to ATC, which shall review and deliver to Homeowner all manufacturer's warranties, equipment maintenance and/or

operating manuals and similar data on materials and equipment purchased and incorporated in the Property by Construction Contractor.

For each Project ATC shall obtain from the Construction Contractor and all subcontractors and suppliers, and provide to City affidavits, receipts, releases and waivers of liens or bonds indemnifying City.

ATC will provide Homeowners with a complete warranty package to include manufacturer warranties and maintenance instructions for all products installed, as well as the ATP Construction Contractor's one-year workmanship warranty. ATC will provide a Homeowner Exit Survey to Homeowner in order to obtain feedback and suggestions concerning the Program.

For each Project, ATC shall perform a Project review to identify issues, concerns, achievements which present opportunities for refining and enhancing the Program or ATC team performance.

9. Warranty Repairs. ATC will assist Homeowners in the coordination of warranty repairs with Construction Contractors during the one (1) year post-construction workmanship warranty period. ATC will assist Homeowners in the coordination of product warranties.

Extended Travel Expenses - Includes meals, lodging, transportation and incidental expenses incurred for assignments 30 or more consecutive calendar days at the same project site. The Consultant employee's return home for the weekends does not break the continuity of the assignment.

Reimbursable expenses – those expenses incurred in the furtherance of a project or assignment pursuant to an executed contract or agreement with the City.

Common Carrier Terminal – a terminal facility for the general public, such as an airport, train station, subway station or bus station.

1.5 Reimbursements

Expenses incurred by the Consultant while engaged in activities outside the scope of the Consultant Agreement or in violation of this Policy will be denied. This includes, but is not limited to, expenses incurred:

- Prior to the execution of the Agreement;
- After the expiration of the Agreement;
- At a location not included authorized by the Agreement;
- At a cost in excess of those costs allowed within the Agreement and/or within this Policy;
- In connection with work performed for customers of Consultant other than the City.

Only those expenses which are ordinary and necessary, and within the contracted for budget, to accomplish the contracted work are eligible for reimbursement.

Entertainment expenses, including alcohol, are not reimbursable.

1.6 Interrupted Itinerary

If official business travel is interrupted for personal convenience, any resulting expense shall not be the responsibility of the City.

2. Transportation Expenses

2.1 Guideline

Consultant must utilize the most economical mode of transportation and the most direct route consistent with the business purpose of the trip.

2.2 Air Travel

Lowest Available Airfare

Airfare reimbursement shall not exceed the lowest practical, available cost of competing airfare. Consultant shall, whenever practicable, make reservations two or more weeks in advance of travel. When all considerations are equal (e.g. travel time dates, times, destination, and work impacted by travel), Consultant must choose the lowest fare available at that time, regardless of

personal preferences for air carrier.

Use of Business or First Class

No reimbursement will be made for Business or First Class travel without advance written approval from the Aviation Director (or designee). (Note: Business or First Class accommodations obtained through use of frequent flyer programs or at Consultant's expense will not require advance approval. However, Consultant must be able to provide the lowest available price of coach fair in order to be reimbursed for that portion of the expense.)

Extended Travel to Save Costs

The additional expenses associated with travel that includes an extended stay (e.g. Saturday night stay) may be reimbursed when the overall savings is at least \$150 compared to the cost if the Consultant had not extended the trip.

In determining if an extended stay will result in any cost savings, Consultant must consider the additional expenses associated with an extended stay. Such expenses shall include, but are not limited to, the additional cost of lodging, rental car, meals and parking.

2.3 Travel by Private Automobile

Reimbursement for Travel by Private Automobile

Travel by private automobile will only be reimbursed if such travel is for a valid business purpose. When a private automobile is used, actual mileage will be reimbursed at the most current rate allowable by the Internal Revenue Service. The number of miles driven must be documented by the Consultant. No additional reimbursement is made for expenses related to the use of the automobile. Routine repairs, cleaning, detailing, tires, gasoline, or other automobile expense items will not be reimbursed for privately owned automobiles.

When two or more persons share a privately owned automobile, only the driver may claim the reimbursement for mileage. Two or more persons traveling to the same destination, for the same purpose, and same or approximately the same time span on the same day or days shall be expected to share a privately owned automobile whenever possible.

Charges for parking and toll roads are allowed; however receipts must be provided.

Reimbursement for Travel by Private Automobile in Lieu of Air Travel

When a private automobile is used instead of available air travel for the personal convenience of the Consultant, reimbursement of transportation costs by private automobile shall not exceed the documented amount of airfare Consultant would have paid had the Consultant traveled by air.

Reimbursement for Travel To or From a Common Carrier Terminal

When a Consultant drives a privately owned automobile to or from a common carrier terminal, the mileage and tolls for one round trip, plus parking for the duration of the trip may be claimed for reimbursement. Documented miles driven and receipts must be provided. Consultant is expected to use the lowest, reasonable cost parking option available.

2.4 Travel by Private Aircraft

When a private aircraft is used instead of available commercial air travel for the personal

convenience of the Consultant, the reimbursement of transportation costs by private aircraft shall be reimbursed at a rate of 99.5 cents per mile up to the amount that would have been incurred by all Consultant employee travelers using common carrier transportation air fares. Documented aircraft landing and tie-down fees paid, if any, will be reimbursed separately, however, receipts must be provided.

Example:

Two Consultant Employee travelers in the same privately rented aircraft, traveling 500 miles to San Antonio. The common carrier transportation air fares round trip would have been \$250 per person. Total mileage of private aircraft would be 1,000 miles (500 miles each way) times 99.5 cents per mile for a total expense of \$995 for the private aircraft. The total reimbursable cost for the Consultant would be limited to \$500 (2 contractor employees times \$250 each), plus any documented aircraft landing and tie-down fees paid.

2.5 Rental Cars

Rental cars may be used for transportation to or from a common carrier terminal. Rental cars may also be used upon arrival at the official business destination when the use of public transportation or other transportation such as taxis is not practical when considering the cost, number of miles to be traveled and other factors. Only commercial agencies may be used. Consultants are strongly encouraged to request the lowest available rate when making rental car reservations.

Reimbursement

Reimbursement is limited to standard size sedan or vehicle commensurate with the requirements of the trip. The cost of the rental car and gasoline will be reimbursed. Documented miles driven and receipts must be provided. There is no reimbursement for mileage for a rental car.

The car must be turned in promptly. Daily charges, outside Official Travel Time, will not be reimbursed.

When a rental car is used on a non-exclusive basis for the City, reimbursement of the rental car and gasoline cost must be pro-rata based on mileage on City projects versus the total mileage.

Insurance

The Consultant assumes all risks and expenses associated with obtaining insurance deemed necessary when using a rental car. Car rental insurance, including collision damage waivers, is not reimbursable.

2.6 Ground Transportation

The following guidelines apply to ground transportation to or from a common carrier terminal at the business destination.

Taxis

The cost of the taxi ride plus a reasonable gratuity will be reimbursed. A reasonable gratuity may not exceed 10% of the total fare. Receipts must be provided.

Airport Shuttle Service

The cost of the airport shuttle ride plus gratuity will be reimbursed. Receipts must be provided.

Local Buses and Subways

Local bus and subway fares are reimbursable; however, receipts are not required.

3. Living Expenses

3.1 Lodging

Lodging expenses for travel within the Continental United States (CONUS) are reimbursed at the lesser of actual cost or the maximum rate established in the U. S. General Services Administration (GSA) Federal Travel Regulation Domestic Per Diem Rates. Lodging taxes, although not included in the GSA per diem rate for lodging, are reimbursable. Consultants are strongly encouraged to request the lowest available rate when making the lodging reservations.

Hotel bills must show the hotel name and locations, dates room was occupied and the rate per day. Other items appearing on the hotel bill should be identified as to the business reason for the charges.

Consultant will not be reimbursed for the following expenses appearing on the hotel bill:

- Alcohol (alone or part of meal)
- Entertainment
- Personal services
- Laundry/Dry cleaning if travel is less than five days

3.3 Meals Expense

Meals expense for travel within the Continental United States (CONUS) are reimbursed at actual cost, up to the maximum rate established in the U. S. General Services Administration (GSA) Federal Travel Regulation Domestic Per Diem Rates.

Beginning of "Official Travel Time"		Ending of "Official Travel Time" Date of Departure	
Date of Departure			
Prior to 11:00 am	100% per	Prior to 11:00 am	33% per diem

	diem		
11:01 am to 5:00 pm	66% per diem	11:01 am to 5:00 pm	66% per diem
After 5:00 pm	33% per diem	After 5:00 pm	100% per diem

For travel of more than 12 hours but less than 24 hours; meals are reimbursed at the pro-rated GSA per diem rates defined above.

Daily expenses incurred within the vicinity of the Consultant employee's primary work site shall not be reimbursed.

3.4 Incidental Expenses

Payments for tolls, parking charges, cab fares can be reimbursed with proper documentation. Reasonable laundry and dry cleaning expenses will be allowed if travel is over a period of 5 consecutive days. Additionally, reasonable gratuities may be reimbursed if itemized.

Expenses for entertainment and personal convenience items such as alcohol, in-room movies, reading materials and clothing are not reimbursable.

3.5 Daily Allowance and Lodging Allowance for Extended Travel

Travel during which a Consultant remaining at one work location for 30 days or more in any calendar year months shall be considered an extended travel assignment. The 30 days begins on the first day at the work location. The Consultant's return home for weekends does not break the continuity of an extended travel assignment.

The maximum reimbursable rate for extended travel assignments will be the lesser of actual costs of lodging (housekeeping, utilities and furniture rental), meals, and incidentals (as previously outlined above) or 60% of the maximum rate established in the U. S. General Services Administration (GSA) Federal Travel Regulation Domestic Per Diem Rates.

All extended travel must be approved in advance by the Aviation Director or designee prior to Consultant committing to any extended lodging arrangement.

4. Relocation Assistance

4.1 Requirements

Relocation assistance is generally not provided to Consultants. However, in rare Aviation Department agreements, relocation of key personnel may be allowed for long term capital projects. The expenses related to the Consultant employee relocation must be budgeted in advance at the time the agreement is signed. Additionally, all requests must be approved by the Aviation Director in advance of offering any relocation assistance to a Consultant employee. The request must include a justification why this position could not be filled by hiring an employee locally and why the assistance is needed. Evidence will be required demonstrating the efforts made to hire the employee locally. Any relocation assistance will be limited based on the type of employee as explained below.

4.2 Limitations

Relocation assistance will only be considered when a Consultant employee is required to change his/her place of residence more than 50 miles because of work location and the employee's duties are deemed in the best interest of the Aviation Department agreement requirements. Once the relocation assistance is approved, the employee shall receive reimbursement for the lesser of the actual documented necessary and reasonable relocation expenses or the maximum allowable assistance based on type of employee as defined below:

Relocation Assistance Limitations		
<i>Personnel Type</i>	<i>The lower of:</i>	
Key Position	Actual Allowable Expenses	\$10,000 max

Any expenses incurred for additional overnight stays or side trips for sightseeing purposes will not be reimbursed.

4.4 Travel Expenses by Car

their new home. This will include reasonable lodging expenses that do not exceed one day in the area of the former home.

Relocation assistance will not extend to the following types of expenses:

- Any part of the purchase price of the new home.
- Expenses of buying or selling a home (including closing costs, mortgage fees, and points).

5. Miscellaneous Expenses

5.1 General

Miscellaneous expenses that are ordinary and necessary to accomplish the official business purpose of the trip are reimbursable. Receipts are required for all miscellaneous expenses. The most common of these expenses are as follows:

- Use of computers, printers, faxing machines, and scanners.
- Postage and delivery.
- Office supplies specific to the project.

Expenses that will not be reimbursed will be items for personal use or items that do not have a direct business reason or benefit to the project. Examples of these expenses are:

- Business gifts.
- Snacks or other entertainment items for staff meetings and/or meetings with sub-Consultants.
- Mileage expense for purchase of items where the direct project related item purchased was not the sole reason for the trip.
- Carrying cases for cell phones or computers.
- Items that could be used on more than one project.

5.2 Telephone Calls

Telephone charges should be made per a calling plan with reasonable calling rates. If City, in its sole determination, finds that a calling plan is unreasonable, City may reimburse Consultant at a rate that City determines to be reasonable. Claims for phone call require a statement of the date, person called, phone number, and business reason for the call.

Personal phone calls are not reimbursable.

5.3 Local Business Meetings

Costs associated with local business meetings must be reasonable and have a direct business reason for the City of San Antonio. Local business meeting exceeding \$150 must be approved in advance of the scheduled meeting. As stated in previous sections, entertainment is not reimbursable. If alcohol is served at the business meeting this will deem the event as a social event and the entire event will not be reimbursable.

Meals served at an approved business meeting event will be reimbursed at the lesser of the actual cost or the daily per diem rate as specified by GSA for that particular meal. The GSA has established per diem meal rates by breakfast, lunch and dinner. Facility charges associated with this event must be reasonable and approved in advance.

6. Travel Expense Settlement

A travel expense statement must be prepared and submitted with the appropriate supporting documents. At a minimum, the expense statement should be in a legible format consistent with business standards and must contain the following elements:

- Name of Consultant being reimbursed.
- Name of Consultant employee that incurred the expenses.
- Dates covered in the expense report.
- Business reason for incurring expenses on behalf of City.
- Legible format and consistent with business standards.

All required receipts must be legible and submitted with the expense statement. If required receipts cannot be obtained or have been lost a statement providing the reason for the unavailability or loss should be noted. In the absence of a satisfactory explanation, the amount involved will not be reimbursed.

Because lodging receipts may include non-reimbursable charges, lodging will not be reimbursed without a copy of the receipt or facsimile document containing itemized charges for the room, e.g., taxes, telephone, etc. from the hotel.

Expenses should be itemized chronologically according to the nature and type of travel expense (i.e. airfare, hotel, meals, etc.). The completed and supported travel expense statement should be submitted in the first billing cycle following the incurrence of the expense.

6.2 Right to Audit

The City reserves the right to audit actual expenses. Expenses will be reimbursed in accordance with the procedures set out herein at actual cost within the limits and requirements established by this policy or, if applicable, the Agreement.
