17. Ordinance approving the acceptance of a grant not to exceed \$750,000.00 from the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance, for the Justice and Mental Health Collaboration Program for the period of October 1, 2020 through September 30, 2023 and establishing a budget for the grant. [Maria Villagómez, City Manager; William P. McManus, Chief of Police]

18. Ordinance approving the application and acceptance of a grant in an amount not to exceed \$900,000.00 from Texas Department of Transportation for the Comprehensive Selective Traffic Enforcement Program for the period through September 30, 2022. This grant requires a \$265,000.00 cash match from the General Fund. [María Villagómez, Deputy City Manager; William P. McManus, Chief of Police]

Police Chief Bill McManus provided a brief presentation regarding the Justice and Mental Health Collaboration Program. He described the intent and purpose of the grant which was to prevent crime and reduce recidivism and assist people who have serious mental illnesses. Chief McManus noted that that the grant would help the San Antonio Police Department (SAPD) and other members of the task force to mitigate threats. He provided examples of mental illness calls received by the Police Department and described the team that he created within the Police Department of Officers that evaluate, mitigate, and manage threats. Police Chief McManus stated that this was a new Grant that SAPD received and would help expand their efforts. He noted that the Grant was for \$750,000 with an in-kind match of \$499,000. He added that SAPD had been doing this job without Grant funding since October 2019.

Councilmember Gonzales asked if the personnel involved were law enforcement officers. Police Chief McManus reported that the personnel were comprised of a forensic psychologist, licensed social worker, two mental health peace officers, three police detectives, paramedic, and a representative from the County Jail. He added that they also utilize one fusion police detective, two mental health detectives, and two mental health unit police officers.

Councilmember Gonzales asked how Chief McManus determined success of the prevention programs.

Police Chief McManus stated that the success of the program was measured by the number of cases mitigated, managed, and deferred from crime or violence. He added that every intervention that was made would count as success. Deputy City Manager Maria Villagomez noted that this was the first year SAPD received the grant which would enhance the task force efforts to investigate cases with the goal of preventing violent crimes and violent acts from happening in the community. She added that mental health was a complex issue that the grant would help with in terms of prevention. Ms. Villagomez stated she and Dr. Bridger started to work with other organizations like STRAC, Meadows Foundation, and the Center for Healthcare Services regarding Mental Health Issues for a more comprehensive approach.

Regarding Item 18, Police Chief McManus provided a brief presentation regarding the application and acceptance of a grant to the Texas Department of Transportation for the Comprehensive Selective Traffic Enforcement Program. He noted that SAPD had received the Grant since 2002 which not only focuses on enforcement but focused on the educational aspect which was very important. He added that the focus of the Grant was on dangerous driving such as DWI, distracted driving, speeding, and child restraint violations. Chief McManus described the performance measure of the program; in 2020 there were 3700 citations and 10,000 warnings issued.

Councilmember Gonzales noted that Item 18 had two components of prevention and enforcement of which the educational piece was prevention. She asked for the demographics of citations issued such as race and demographic and requested that a report of demographics be provided to her office after the meeting. Councilmember Gonzales noted that she wanted to view demographic information to ensure that drivers were not targeted, profiled or skewed towards people of color. Chief McManus noted that this was a City-wide program and income was not tracked but that he could pull together some demographics and provide to her office. Deputy City Manager Maria Villagomez noted that the San Antonio Police Department was required to draft an annual Racial Profiling Report and submit to the State. Ms. Villagomez noted that the State reviews the Annual Report and stated that there were no findings of racial profiling in that particular Report. She added that the Annual Report was on the SAPD website and available to the public.

City Manager Walsh reported that he would provide a report to the Council of the geographic locations of enforcement programs across the City.

Councilmember Pelaez stated that when mass shootings occur throughout the United States, people seem to comment how weird that person seemed to be that committed the crime, but they never call anyone to report that person. He noted some people say, he always warned of committing a crime, or no one ever took that person serious or that they did not know who to call to report that person. Councilmember Pelaez noted that early intervention was important to prevent catastrophes.

Councilmember Sandoval asked how the Mental Health Unit participate in that function and how many Police Officers were involved in the Fusion Center as opposed to being available when the crisis occurred. Chief McManus reported that there are no Mental Health Unit Officers that sit in the Fusion Center; they were assigned to the street. He added that there are two Mental Health Unit Detectives and two Mental Health Unit Police Officers that were assigned to the Task Force. Councilmember Sandoval asked how the Mental Health Unit played a role in the functions that were required by the Grant. Chief McManus reported that they were involved in the thrice-weekly discussions about cases that SAPD had responded to on the street and individual incidents that SAPD received calls to respond.

Councilmember Gonzales moved to approve Items 17 and 18. Councilmember Pelaez seconded the

motion. The motion prevailed by the following vote:

26. Resolution recognizing World Migratory Bird Day and local efforts to pursue the Bird City Texas Designation by Texas Parks and Wildlife. [David McCary; Assistant City Manager; Douglas Melnick, Director, Office of Sustainability]

Councilmember Pelaez stated that this item was exciting and that he was committed to recognizing World Migratory Bird Day. He added that he was committed to support local groups and their efforts to obtain a designation for San Antonio to be recognized as a Bird City from the Texas Parks and Wildlife Department. He stated that San Antonio was in the middle of a major migratory bird flyway as well as the path for migratory butterflies.

Councilmember Pelaez stated that many families celebrated and watched the migratory journey of birds to include amateur bird watching and photography of beautiful birds. He noted that many people took bird watching very seriously. He added that if San Antonio received the Bird City designation, it comes at no cost to the City and in fact increased the ecotourism the way our UNESCO Designation had increased tourism.

Councilmember Pelaez stated that City Council adopted the Climate Action and Adaptation Plan and awareness of protecting biodiversity was important and within their efforts. He noted that the Golden-Cheeked Warbler was an endangered bird identified under the Endangered Species Act and must be protected. He thanked the Bexar County Audubon Society Friends and specifically Brit Coleman and Karen Moulder.

Councilmember Viagran noted that it was essential work together to achieve the Bird City designation and highlighted the District 3 Mitchell Lake Audubon Center and the Wetland Habitat at Mitchell Lake. She added that Mitchell Lake was the last stopover ground for the Texas Coast where 98.5% of long-distance migratory bird species in the United States passed through and noted that thousands of different species of birds could be seen in the Mitchell Lake area. She noted the increase of reported sightings of birds that were now thriving and establishing habitats on the restored ecosystem along the Mission Reach. She thanked Sarah Beasley, Director of the Mitchell Lake Audubon Center Director, for her passion and conviction to protect Mitchell Lake and the surrounding area. She thanked the staff of Mitchell Lake and the San Antonio Audubon Society for their conservation initiatives for migratory birds.

Julia Murphy, Deputy Sustainability Officer, provided an overview of the importance of migratory birds and the proposed Bird City designation. Ms. Murphy noted that City Staff recommendation was to recognize World Migratory Bird Day Annually and added that the City supported the efforts of local to leverage the proposed Resolution recognizing World Migratory Bird Day from the Texas Parks and Wildlife Department.

Councilmember Gonzales stated that she learned about the migratory bird habitat in San Antonio and that Egret Birds were in the flight path causing potential life-threatening damage to the Military Mission

at Lackland AFB and added that the military flight plans were adjusted to avoid the path of the migratory birds.

Mayor Nirenberg noted that Councilmember Pelaez took a number of photos that were included in the presentation today.

Councilmember Treviño commented that it was amazing how the trails connected and offered many opportunities for the public to enjoy and that he felt very strongly about bird species that migrated through the area. He highlighted the recent expansion of the Tree Program annually hosted by Parks and Recreation and emphasized the importance of planting trees.

Councilmember Sandoval requested a review of the remaining presentation slides and thanked Bird City Texas, Bexar Audubon Society, Patsy and Tom England, Brett Coleman, Sarah Beasley and other partners that assisted with the City's Bird City recognition efforts.

Mayor Nirenberg recognized some of the most accomplished environmental advocates in the City such as Grant Ellis, Ms. Murphy, Doug Melnik, and Homer Garcia as they worked to preserve the natural habitats, trees, and ecosystem.

Councilmember Pelaez moved to approve Item 26. Councilmember Sandoval seconded the motion. The motion prevailed by the following vote:

AMENDING CHAPTER 35 OF THE CITY CODE THAT CONSTITUTES THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF SAN ANTONIO BY CHANGING THE CLASSIFICATION AND REZONING OF CERTAIN PROPERTY DESCRIBED HEREIN AS: 2.89 acres out of NCB 12886 TO WIT: From "R-5 MLOD-3 MLR-1" Residential Single-Family Martindale Army Airfield Military Lighting Overlay Military Lighting Region 1 District to "R-5 CD MLOD-3 MLR-1" Residential Single-Family Martindale Army Airfield Military Lighting Overlay Military Lighting Region 1 District with a Conditional Use for a Transitional Home.

Ms. Ramirez reported that Dellcrest Neighborhood Association was opposed to Item Z-9.

Mayor Nirenberg called upon the individuals registered to speak.

Lisa Cleveland, Associate Professor of Nursing, UT Health San Antonio, Kevin Downey, President and CEO, Crosspoint, Inc., and Carolyn McDonald, Attorney, Brown & Ortiz, PC, presented a video and spoke on behalf of Crosspoint, Inc. and the UT Health School of Nursing in favor of the proposed rezoning matter which would allow for an expansion of Casa Mia which was a recovery home for pregnant and parenting women in recovery from opioid use disorders. Dr. Cleveland reported that parenting women with substance abuse discovered were routinely separated from their children, most under the age of two, that were often placed in the Foster Care System. She stated that Casa Mia had been operating at capacity since it opened in 2018. She added that the State would provide \$3.8 million in funding for expansion, including extension of services to women with any type of substance abuse disorder, providing for primary healthcare services, and creating a specialty nursery for babies experiencing newborn withdrawal.

Ms. McDonald reported that the rezoning proposal would require a conditional use permit with no plan amendment required. She noted the approval of City Staff, the support of the Dellcrest Neighborhood Association (NA), the Eastern Triangle Community Group, and five property owners that resided within 200 feet.

Dr. Downey reported on the benefits of the transitional home and its expansion and explained that up to 20 jobs would be filled with volunteering opportunities, significant expenditures related to the expansion would utilize local businesses, community service projects would include resident volunteers to paint, landscape and create a garden center, and meeting space would be available for community events.

Councilmember Andrews-Sullivan noted the opposition of three of five Board of Trustee members for the neighboring Emmanuel A.M.E. Church, several neighborhood businesses, and a local petition had gathered over 45 signatures. She voiced concern for equity as a City and in Council District 2 and added that the mission of Casa Mia was great. She stated that the rezoning proposal asked if the neighborhood was in favor of it, that she stood with the neighborhood residents that continued to have a voice, and her answer and their answer was no. She noted that she had not been provided reports that would depict if the rezoning proposal fit in with the neighborhood's master plan or that would address drainage issues. She expressed concern that Council District 2 was the one of the most segregated areas in the City that had not seen any form of economic development, currently had 8 transitional living

facilities, with more planned. She added that master plan did not include envision more transitional living facilities within an infrastructure that lacked improvements in the past six to ten years. She called for the elimination of racial and economic inequities in Council District 2. She requested the denial of the rezoning proposal.

Councilmember Pelaez stated that he had never seen a harder working, more passionate City Councilmember than Councilmember Andrews-Sullivan. He noted that neighborhoods traditionally rejected transitional housing projects and voiced his support for the rezoning proposal.

Councilmember Viagran asked who owned the property and what were their plans. Dr. Downey reported that the property was owned by Crosspoint, Inc., no decision had been made as to what residents would be served there as zoning had not been determined for the new property, and there were no plans to sell it.

Councilmember Perry asked what outreach was performed, what feedback was received, and what documentation of nonsupport was received. Ms. Donald replied that neighborhood outreach began in July 2020 with blockwalking to adjacent property owners, engagement with Dellcrest NA, the Eastern Triangle Community Group and 5 documented letters of support from five property owners within a 200 foot radius. She confirmed that two meetings were held with Dellcrest NA which was comprised of over 1,000 residences, and Dellcrest NA was support of the project, but not of the proposed site. She added that a petition was circulated that received 43 signatures from Emmanuel A.M.E. Churchmembers and/or residents that resided in the local area or community-wide and that Dr. Lillian Jones, Zoning Commissioner for Council District 2, was in support. She reported that a follow up meeting with Dellcrest NA and Council District 2 was scheduled for November 30, 2020, but was cancelled by Dellcrest NA two days later.

Councilmember Rocha Garcia requested a mapping of designated transitional living facilities located throughout the City. She asked of any deadlines that required a vote today. Dr. Cleveland replied that the two-year contract with Texas Health and Human Services Commission was issued late and needed to be executed before the end of the year in order to have the building construction completed and healthcare services provided by Spring 2021.

Councilmember Treviño noted that there were two Crosspoint locations in Council District 1 and that he supported the Crosspoint mission and its facilities and would abstain from voting.

Councilmember Gonzales reported that San Antonio had a high number of babies born addicted to opioids and recognized the need to support substance abuse programs. She requested an update on the number of reported opioid addiction cases.

Councilmember Perry asked why the facility was selected for development at this location and if other prospective locations were cost prohibitive. Dr. Downey reported that he and Dr. Cleveland searched approximately one year and looked at sites in Council Districts 1, 2, 3, and 8, and had encountered problems with all the other sites such as inadequate amount of space, or transportation access. He confirmed that the cost for the property was less than in other areas. He stated that they met with Rev. Carl Garmon, Pastor of Emmanuel A.M.E. Church, who initially informed them that the property was not for sale but after he heard their mission, he stated it comported with what the area needed.

Councilmember Treviño clarified that he was in support of Crosspoint's mission and would be supporting the motion to approve this item.

Councilmember Sandoval noted that Council Districts 1 and 2 had some of the most challenging zoning cases and she appreciated the efforts and the vision that Councilmember Andrews-Sullivan had for Council District 2. She noted that one of her very important constituents, Archbishop Gustavo Garcia, was in support. She asked if there were any complaints or concerns from residents regarding Crosspoint facilities. She asked if this was the first facility that allowed parenting women to stay with their babies while in recovery. She offered her support for locating properties in Council District 7. Dr. Downey replied that La Fonda Restaurant was located two blocks away from the area and was in support; San Antonio Academy was adjacent to the facility and the Headmaster stated he had never had any problems; and the Executive Director of Keystone School and its Board of Directors had stated they had no problems with the facility. He reported that only 3% of recovery housing nationwide allowed for children to enter recovery with their mothers and that Casa Mia was unique in that University Hospital had agreed to partner with them on the nursery, as one of only two other facilities in the nation to do so.

Councilmember Andrews-Sullivan clarified that Dan Martinez was not a member of Dellcrest NA, as he was voted out in prior years and that he represented a group of three members within the Eastern Triangle Community Group.

Councilmember Sandoval requested clarification on the sale of the property and if it was properly authorized by a majority vote of authorized members of the Emmanuel A.M.E. Church prior to voting on Item Z-9. Councilmember Andrews-Sullivan reported that based on information provided to Council District 2, three of the five Church Trustees stated that a vote was taken for the process of selling the land and that vote was denied. Dr. Downey reported that he was in attendance at the virtual meeting of the Emmanuel A.M.E. Trustees held in September 2020 wherein after the Trustees gave him a presentation, they entered into an offline discussion to vote on the matter, returned to the virtual meeting and informed him that they had reached a majority vote to sell the property. He added that he received a letter from Elder Dr. Bryant that conveyed a congregational vote of approval by 88% of the congregation that was present for the vote.

Councilmember Andrews-Sullivan moved to deny Item Z-9. Councilmember Cabello Havrda seconded the motion. The motion failed by the following vote:
