WIRELESS TOWER ON CITY PROPERTY**

This non-exclusive Collocation License (the "Grantor") is entered into, by and between the City of San Antonio, a Texas Municipal Corporation, ("Grantor" or "City") as licensor, and STX Wireless Operations, LLC, a Delaware limited liability company ("Grantee") as licensee. The Grantor and Grantee, referred to individually as "Party" or collectively as "Parties," enter into this License pursuant to San Antonio City Ordinance No. \_\_\_\_\_.

**WITNESSETH:**

**WHEREAS**, Grantor owns or controls real property located at 601 South Frio Street), San Antonio, Texas 78207 (the "Property"), along with the wireless tower erected at that site (the "Tower"), both of which are described in Exhibit A; and

**WHEREAS**, Grantee wishes to collocate wireless facilities on the Tower, including the placement of antennas, lines and cables, along with the accompanying electronic equipment cabinets to be installed at or near the foot of the Tower on the Property; and

**WHEREAS**, as a result, Grantee wishes to lease from Grantor a parcel of land for the placement of Grantee's electronic equipment shelter and seeks a license to collocate wireless facilities on the Tower, including antennas, lines and cables, a non-exclusive easement for utilities, and access for ingress and egress to the Property and Tower (the "Premises" as defined in Exhibit B).

**NOW THEREFORE**, in consideration of the mutual promises, covenants, undertakings, and other consideration set forth in this License, Grantee and Grantor agree as follows:

**1. PERMITTED USE**

1.1 **Permitted Use of Premises.** The Premises may be used by Grantee for the transmission and reception of radio communication signals and for the construction, installation, operation, maintenance and repair of wireless facilities (such as antennas, microwave dishes, equipment shelters and/or cabinets) but only for the provision of what is commonly known as cellular telephone service (whether or not technically referred to as Personal Communications Service, or some other term) by the use of "personal wireless service facilities" (as such phrase is defined in §704 of the Federal Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996), partially codified at 47 U.S.C. § 332(c)(7)(C)(2), hereinafter "1996 Act Section 704") and not for any other purpose. Grantee shall, at its expense, comply with all present and future federal, state, and local laws, ordinances, rules and regulations (including but not limited to laws and ordinances relating to health, safety, radio frequency emissions, and radiation) in connection with the use of (and operations, maintenance, construction and/or installations at) the Premises. This License applies to the installation of the wireless facilities depicted in the engineering designs and plans incorporated in Exhibit B. Any network upgrades, replacement of antennas and/or ground equipment (other than repairs made by Grantee in the ordinary course of business), installation of additional antennas and/or radio equipment on an existing array, installation of additional equipment arrays are not permitted uses, nor increase in the footprint of ground space. These activities will require an amendment to this License, and said amendment will be subject to a market based increase in rental fees prevailing at the time of the amendment.

1.2 **Application Process.** Prior to the execution of this License, Grantee shall submit to Grantor a written application in the form required by Exhibit C (the "Application") for the proposed installation accompanied with the appropriate fees required by Exhibit D. Grantor, in its sole discretion will determine whether the Property and Tower are suitable for the proposed collocation. Grantor shall review the Application to ensure compliance with local laws and policies. The proposed height, specifications, and collocation on the Tower must be in compliance with Section 35-385 of the City of San Antonio Unified Development Code ("UDC § 35-385").

1.3 **Collocation on Existing Towers.** As required by UDC § 35-385, wireless towers installed on City property must support a minimum of two collocators, and Grantor shall contract with third-parties to collocate on those wireless towers. In the event a third-party provider wishes to extend the height of a wireless tower in order to accommodate collocation, Grantor will accommodate the request provided (i) the upgrade does not result in any interference with the equipment of any other party, (ii) the third-party provider pays the entire cost of the tower extension and equipment installation, and (iii) the proposed tower extension is in compliance with UDC § 35-385.

1.4 **Fencing and Landscaping.** As required by UDC § 35-385, Grantee must incorporate fencing and landscaping components into its engineering design plans.

1.5 **Building Permit Required.** Prior to the installation of any wireless facilities and construction of an equipment shelter, Grantee must apply for a building permit in compliance with UDC § 35-385. No improvement, construction, installation or alteration on the Property shall be commenced until a building permit is properly issued.

1.6 **Camouflage or Stealth Towers.** Collocation on a camouflage or stealth wireless tower, such as a clock tower, flagpole, or artificial tree shall be subject to the same regulations of this License and the requirements of UDC § 35-385.

## 2. TERM

2.1 **Initial Term.** The initial term of the License shall be for ten years commencing on the effective date of the License and ending at midnight on the last day of the initial term ("Initial Term"). The effective date of the License shall be the date on which both Parties execute the License following approval of the License by the City Council (the "Effective Date").

2.2 **Renewal Terms.** Grantee shall have the right to extend this License for two additional five-year terms (each a "Renewal Term") subject to approval by Grantor. Each Renewal Term shall be based on the same terms and conditions as set forth herein, including the 4% annual increases but subject to the revised rental fees and administrative fees consistent with the prevailing market conditions at the time of the renewal and the costs incurred by the City. Grantee may request renewal of the License by sending 90 days notice to Grantor prior to expiration of the Initial Term or any Renewal Term.

Similarly, Grantor shall not use, nor shall Grantor permit its lessees, licensees, grantees, employees, invitees or agents to use, any portion of the Property in any way which materially interferes with the operations of Grantee. Such interference shall be deemed a material breach by the interfering Party, who shall, upon written notice from the other, be responsible for terminating said interference. In the event any such interference does not cease promptly, the Parties acknowledge that continuing interference may cause irreparable injury and, therefore, the injured Party shall have the right, in addition to any other rights that it may have at law or in equity, to bring a court action to enjoin such interference or to terminate this License immediately upon written notice.

4.2 **Radio Frequency Emission and Interference.** Both Grantor and Grantee shall be allowed to conduct radio frequency emission and interference studies to determine whether Grantee's use of the Antenna Facilities (as defined below) will interfere with Grantor's or Grantor's lessee's or Licensee's current or proposed use of the Premises or Property. In the event that such a study indicates that Grantee's use will potentially interfere with Grantor's or its lessee's or licensees current or proposed use of the Premises or Property, Grantee shall immediately correct or disconnect services to eliminate current operational interference and have 90 days to remedy any interference to Grantor's satisfaction. If the problem is not so remedied within 90 days, then Grantor may require Grantee, at Grantee's full expense, to relocate Grantee's Antenna Facilities so as to remove or minimize the interference, to the extent Grantor deems necessary. Grantor may permit Grantee to place a temporary Antenna Facility (Cell on Wheels or similar installation) on Grantor's Property or at some other location acceptable to Grantee and Grantor, during relocation of Premises. In the event Grantee's Antenna Facilities interfere with Grantor's emergency communications radio system, Grantee will be required to cease the interference immediately upon receiving notice from Grantor. In the event such interference cannot be remedied within 24 hours, Grantee or Grantor will shut down the offending parties Antenna Facilities and remove the facilities if necessary at Grantee's expense.

Section 1.1310, or subsequent Federal rules as from time to time in effect.

4.4 **Initial Radio Frequency Compliance Testing.** Grantee shall conduct an initial test for compliance with Federal radio frequency exposure limit rules prior to placing Grantee's equipment on the Premises into commercial operation, and Grantee shall perform additional tests upon any significant change in the equipment on the Premises. All such testing shall be performed by a qualified radio engineer, and a copy of the test results shall be provided to all Parties. If such tests show noncompliance with applicable radio frequency exposure limit rules then in effect, then all communications equipment on the Premises shall be shut down (except for work necessary to bring it into compliance) until subsequent tests again show compliance with such rules.

4.5 **Reservation of Rights.** Grantor does not grant, and reserves for itself, its lessees, successors and assigns, (i) all mineral rights, seismic rights and rights to oil, gas, other hydrocarbons or minerals on, as to, under or about any portion of the Premises; (ii) ground water rights associated with the Property; (iii) rights to generate electricity from the wind or wind power on, as to or about any portion of the Premises; and (iv) the right to grant to others the rights hereby reserved, subject to Section 4.1.

The engineering specifications for Antenna Facilities subject to collocations shall specify the height of the collocation and designate the exact location, size, and type of Antenna Facilities to be collocated on the Tower. There shall be a fifteen feet clearance between antenna arrays, unless a closer clearance is technically feasible and agreed to by Grantor. Consistent with UDC § 35-385, the Tower shall consist of a steel lattice structure, monopole, or other similar self-supporting structure, including camouflage or stealth tower applications; and must be spaced from any residential structures, at a minimum equal to 115% of the height of the Tower. UDC § 35-385 limits unmanned equipment shelters to no more than 750 square feet of gross floor area and no more than 12 feet in height. Grantee may include photo simulations of what the Property and Tower will look like upon construction of the Equipment Shelter and collocation of Antenna Facilities and incorporate them in Exhibit B.

5.2. **Tower Requirements.** Grantee shall abide by specific requirements related to the collocation of Antenna Facilities on or about the Tower, including, but not limited to following:

The Grantor may waive certain technical requirements as appropriate and necessary to accommodate the collocation of Antenna Facilities on or about the Tower and Property.

**5.3 Approval of Plans.** Prior to commencing construction, Grantee shall use the form attached as Exhibit C to submit plans and specifications for all improvements and installations to Grantor for Grantor's written approval, not to be unreasonably withheld. No improvement, construction, installation or alteration shall be commenced until plans for such work have been approved by the Grantor and all necessary permits have been properly issued, which such approval shall not be unreasonably withheld.

## 6. CONSTRUCTION

If any lien is filed against the Premises or Property as a result of acts or omissions of Grantee or Grantee's employees, agents or contractors, Grantee shall discharge the lien or bond the lien off in a manner reasonably satisfactory to Grantor within 30 days after Grantee receives written notice that the lien has been filed.

**6.2 No Interference with Construction.** Grantor acknowledges that except for Grantee's non-compliance with this License it shall not interfere with Grantee's construction and installation activities within the Premises including, without limitation, attempting to direct construction personnel as to the location of or method of installation of the Antenna Facilities.

**6.3 Backup Generation.** Consistent with the current use of the Property, the Parties will negotiate whether the Grantee shall install a permanent generator or battery powered backup power supply on the Premises.

6.4 **Equipment Shelters.** Grantee will be required to install the Equipment Shelter at or near the foot of the Tower in compliance with UDC § 35-385 to house Grantee's appropriate Antenna Facilities. Grantee may not install lead acid batteries in the Equipment Shelter, and will not be required to share its Equipment Shelter with other parties that may collocate on the Tower. Access to the Equipment Shelter will be via locked gates and/or doors.

6.5 **Relocation of Utility Facilities.** If construction of the Equipment Shelter and collocation of Antenna Facilities results in the necessary relocation of any utility facilities of third-parties on the Property, City of San Antonio rights-of-way, or on private easements, Grantee shall be responsible for paying the cost for the relocation of utility facilities as appropriate to complete construction and installation activities.

## 7. UTILITY FACILITIES

7.1 **Installation of Utility Facilities.** Grantee shall have the right to install utility lines serving the Premises, at Grantee's expense, and to improve the present utilities on the Property, all at Grantee's expense. Grantor agrees to use reasonable efforts in assisting Grantee to acquire necessary utility service. Grantee shall install separate meters for utilities on the Property used by Grantee. Grantee shall pay when due all charges for utilities serving the Premises during the Term of the License.

## 8. MAINTENANCE

8.1 **Maintenance of Antenna Facilities.** Grantee shall, at Grantee's expense, keep and maintain the Antenna Facilities now or hereafter located on the Property and Tower in commercially reasonable condition and repair during the Term of this License, normal wear and tear and casualty excepted. Grantee shall have the right to conduct testing and maintenance activities, and repair and replace the Antenna Facilities at any time during the Term of this License to the extent that such changes do not differ from improvements depicted on Exhibit B. However, the installation of any additional Antenna Facilities without prior written notice to Grantor shall result in Grantee being liable under this License for an additional monthly charge of \$3,000.00 until such time that Grantor approves the addition. The monthly charge shall be deemed to commence on the Effective Date of the License, unless Grantee can demonstrate by convincing evidence that installation occurred later.

8.2 **Signage.** Grantee may not place or allow the placement of any signs or graffiti on the Premises, except for those required for emergency notification and identification, or as required by law or rule. After 30 days' notice to remove, Grantor at any time may enter the Premises and undertake any activities necessary to abate or remove graffiti located therein. Grantee shall reimburse Grantor all costs incurred by Grantor in connection with such abatement or removal within 30 days of Grantor's presenting Grantee with a statement of such costs.

8.3 **Facilities Management.** Grantee shall, at its own expense, maintain the Premises and all of Grantee's improvements, equipment and other personal property on the Premises in good working order, condition and repair, normal wear and tear and casualty excepted. Grantee shall keep the Premises free of debris and anything of a dangerous, noxious or offensive nature or which would create a hazard or source of undue vibration, heat, noise or interference. If Grantee's lack of maintenance creates a public hazard or endangers the health or safety of Grantor's employees, agents or licensees accessing the Property or Premises, the Grantee will address the situation within 10 days of receiving notice from Grantor, unless a longer

timeframe is mutually agreed to by the Parties. Failure to comply will serve as grounds for termination of this License.

**8.4 Material Improvements and Alterations.** Grantee shall not construct any material improvements or structures not otherwise allowed under the terms of this License, nor shall Grantee make any material alterations other than repairs in the ordinary course of business. Any material improvements and alterations over and above the plans provided in Exhibit B, including but not limited to network upgrades except as allowed in Sections 1.1 and 8.1, shall be considered impermissible uses of the Premises and will require an amendment to this License and renegotiation of applicable Rent.

## 9. ACCESS

**9.1 Access to Property and Premises.** As partial consideration for Rent paid under this License, Grantor hereby grants Grantee non-exclusive access to the Property and Premises for ingress, egress, and utilities installation and maintenance, which include, but are not limited to, the installation of power and telephone service cables, and to access and service the Premises and the Antenna Facilities at all times during the Initial Term of this License and any Renewal Terms. Grantee shall have 24-hours-a-day, 7-days-a-week access to the Premises ("Access") at all times during the Initial Term of this License and any Renewal Term, consistent with the regulations applicable to the Premises. Grantee shall use the Premises and any City facilities to which it is granted access under this License with the same degree of care as it accords its own property, and shall in no way interfere with the operations of the Property, Premises, or any City department or agency. Grantor and its agents shall have the right to enter the Premises at reasonable times to examine and inspect the Tower, equipment and structures and the Premises; however, Grantor, its employees or agents shall not impede or deny Access to Grantee, its employees, agents, or licensees. Grantor shall have the right to enter and inspect the Premises, and upon notifying Grantee, the right to inspect the Grantee's equipment shelter. In the event that Grantor must limit or prohibit access, or otherwise require the shutting down of Grantee's services, Grantor shall permit Grantee to place a temporary Antenna Facility (Cell on Wheels or similar installation) on Grantor's Property or at some other location acceptable to Grantee, at Grantor's costs.

**9.2 Photo Badges Required.** While on the Premises, Grantee's employees and contractors must wear a suitable photo ID badge, to be provided by the Grantee, which includes a nominal 1½" square personal photo, unique logo and labeling that identifies the Grantee and the employee or contractor by name and a telephone number where confirmation of employment may be readily confirmed.

**9.3 Electronic Security Cards.** Grantor may install electronic security card readers at the Premises to allow entry to be monitored and logged, in which case Grantee will pay the cost for the issuance of security cards to authorized personnel at the rate specified in Exhibit D.

**9.4 Escort Charges.** In the event the Property or Premises has been designated a high security campus or facility, which requires entry by escort, Grantee will incur escort charges as specified in Exhibit D and will adhere to all relevant security policies. Grantee may reach an arrangement with Grantor for access to the Premises and Antenna Facilities during emergencies.

**9.5 List of Authorized Employees and Contractors.** Prior to Grantee commencing construction on the Property, Grantee shall provide Grantor with the name and contact

information of authorized employees and contractors that will be performing construction and oversight of the improvements. Such employees and contractors will be identified using the forms attached as Exhibits F and G. The authorized employees and contractors will be subject to security background checks and will be issued credentials to enter the Property and Premises. Authorized employees and contractors of the Grantee must comply with all the security regulations applicable to the Property and Premises. Grantee shall maintain the list of authorized employees and contractors current and provide notice to Grantor immediately to remove the name of any employee subject to disciplinary probation or termination and timely submit additional personnel to be added to list.

**9.6 Security Background Checks.** All Grantee employees, contractors, and subcontractors with access to the Property and Premises will be subject to security background checks, and Grantee shall incur the fee indicated in Exhibit D for each background check performed. Grantor reserves the right to exclude any representative, employee, agent, contractor, and/or subcontractor of Grantee from the Premises if deemed necessary for proper security reasons.

## 10. TERMINATION

**10.1 Termination.** Except as otherwise provided herein, this License may be terminated, without any penalty or further liability as follows:

- 10.1.1 upon 30 days' written notice by Grantor to Grantee if Grantee fails to cure a default for payment of amounts due under this License within that 30 day period;
- 10.1.2 upon 12 months written notice by Grantee if despite diligent effort by Grantee, Grantee is unable to obtain, maintain, or otherwise forfeits, cancels or has been canceled, or allows to expire without renewing any license (including, without limitation, an FCC license), permit or any Governmental Approval necessary for the installation and/or operation of the Antenna Facilities;
- 10.1.3 upon 90 days' written notice by Grantee if destruction or damage to the Antenna Facilities substantially and adversely affects their effective use; or
- 10.1.4 at the time title, or the right to control or to occupy the Premises transfers to a condemning authority, pursuant to a taking of all or a portion of the Premises sufficient to render the Premises unsuitable for Grantee's use. Grantor and Grantee shall each be entitled to pursue their own separate awards with respect to such taking. Sale of all or part of the Premises to a purchaser with the power of eminent domain in the face of the exercise of the power shall be treated as a taking by condemnation.
- 10.1.5 upon 30 days' written notice by Grantor to Grantee if this License and/or Grantee's operations there under impair, increase the cost of or prevent financing (such as the issuance of bonds or revenue bonds, including bonds whose income is generally exempt from Federal income tax under the U.S. Internal Revenue Code), by Grantor or any municipal utility of which the Property is a part.
- 10.1.6 upon 180 days' written notice by Grantor to Grantee if the San Antonio City Council passes an ordinance calling for the Property and/or Premises to be sold,

transferred, developed, redeveloped, renovated, or upgraded in such a way that the use of the Property and/or Premises is no longer compatible with Antenna Facilities collocation.

10.1.7 upon 180 days if in accordance with the San Antonio City Charter, the City Council finds the use of the Premises has become a nuisance, however, in the event of an emergency brought about by such nuisance, the City Council may specify a shorter termination period.

10.2 **Effect of Termination or Expiration of License.** Upon the termination or expiration of this License, the Antenna Facilities shall be removed as prescribed in subsection 11.2.

## 11. RELOCATION AND REMOVAL OF TOWER

11.1 **Relocation of Facilities.** In the event the Property is sold, transferred, developed, redeveloped, renovated, upgraded, or put to another use by Grantor as directed by the San Antonio City Council, the Grantee will be required to remove the Antenna Facilities at Grantee's expense for the purpose of relocation or disposal. If appropriate, Grantor will provide another tower location for the relocation of the Antenna Facilities, or for the installation of new improvements. Grantor will provide Grantee at least 180 days notice of the need for removal and relocation, and Grantee shall fully cooperate in such removal and relocation. Grantor shall permit Grantee to place a temporary Antenna Facility (Cell on Wheels or similar installation) on Grantor's Property or at some other location acceptable to Grantee until such relocation is complete. If relocation is not possible, but the alteration to the Property will accommodate the installation of new facilities, the License will terminate and the parties may negotiate a new License or lease agreement appropriate for the new installation. The Parties will work together in an attempt to achieve a transition to the new facilities without service interruption.

11.2 **Restoration of Premises.** Within 60 days after the termination or expiration of this License, unless Grantor requests otherwise, Grantee at its expense shall restore and return the Premises to Grantor in the same condition as they were prior to this License, normal wear and tear and casualty excepted. If Grantor requests that Grantee not remove all or a portion of any improvements or fixtures (excluding Antenna Facilities), title to the affected improvements and fixtures shall thereupon transfer to Grantor, and thereafter the improvements shall be the sole and entire property of Grantor, and Grantee shall be relieved of its duty to otherwise remove same. Any personal property, equipment or other improvements which are not timely removed as prescribed herein shall become the property of Grantor, at Grantor's option. Notwithstanding any other provision of this License, Grantee's obligation to pay Rent hereunder shall continue until Grantee has complied with this subsection 11.2. If Grantor is compelled to pay or elects to pay any sum of money or to do any act which will require the payment of any sum of money or is compelled to incur any expense, including reasonable attorney fees in instituting, prosecuting or defending any action to enforce the Grantor's rights under this License, the sums so paid by Grantor, with all interest, costs and damages shall be deemed to be Rent otherwise due and shall be added to the Rent and shall be due from the Grantee to Grantor on the first day of the month following the incurring of the respective expenses.

**14.8 No Limitation on Damages.** Nothing herein shall be construed as limiting in any way the extent to which Grantee may be held responsible for payments of damages to persons or property resulting from Grantee's or its subcontractors' performance of the work covered under this License.

**14.9 Grantee's Insurance Primary.** Grantee's insurance shall be deemed primary and non-contributory with respect to any insurance or self insurance carried by the City of San Antonio for liability arising out of operations under this License.

**14.10 Obligation to Procure Insurance.** It is understood that the insurance required is in addition to and separate from any other obligation in this License.

HOWEVER, IN THE EVENT GRANTEE AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS, FEDERAL, OR INTERNATIONAL LAW.

16.3 THE GRANTEE SHALL ADVISE THE CITY IN WRITING WITHIN 24 HOURS OF ANY CLAIM OR DEMAND AGAINST THE CITY RELATED TO OR ARISING OUT OF THE GRANTEE'S ACTIVITIES UNDER THIS LICENSE AND SHALL SEE TO THE INVESTIGATION AND DEFENSE OF SUCH CLAIM OR DEMAND AT THE GRANTEE'S COST TO THE EXTENT REQUIRED UNDER THIS LICENSE.

16.4 THE PROVISIONS OF THIS INDEMNITY ARE SOLELY FOR THE BENEFIT OF THE PARTIES HERETO AND NOT INTENDED TO CREATE OR GRANT ANY RIGHTS, CONTRACTUAL OR OTHERWISE, TO ANY OTHER PERSON OR ENTITY.

## 17. ASSIGNMENT

17.1 **Grantee's Assignment Rights.** Grantee shall have the right to assign or otherwise transfer this License to any person or business entity which (i) holds a currently valid FCC license to provide to the public from the Premises what are commonly known as cellular telephone services, (ii) is a parent, subsidiary or affiliate of Grantee, is merged or consolidated with Grantee or purchases more than 50% of either an ownership interest in Grantee or the assets of Grantee in the "Metropolitan Trading Area" or "Basic Trading Area" (as those terms are defined by the FCC) in which the Property is located, and (iii) which has a credit rating from one of the three largest national credit rating agencies greater than or equal to that of Grantee at the time of the assignment. Upon notice to Grantor of such assignment, Grantee shall be relieved of all liabilities and obligations hereunder and Grantor shall look solely to the assignee for performance under this License and all obligations hereunder; provided assignee accepts this License in full, without amendments or changes thereto, steps into the shoes of Grantee, including being responsible and liable for events or defaults which occurred prior to the assignment, and cures any outstanding defaults. In the event that assignee wishes to accept the License subject to amendments, the Grantor will be notified and the proposed assignment will be subject to Grantor's written approval. Grantor may still hold Grantee liable under this License if the assignment is to an assignee which has a credit rating from one of the largest three national credit rating agencies lower than that of the Grantee at the time of assignment.

17.2 **Assignment to Mortgagee.** Additionally, Grantee may, upon notice to Grantor, mortgage or grant a security interest in this License and the Antenna Facilities, and may assign this License and the Antenna Facilities to any bona fide mortgagees or holders of security interests, including their successors or assigns (collectively "Mortgagees"), provided such Mortgagees agree to be bound by the terms and provisions of this License. In such event, Grantor shall execute such consent to financing as may reasonably be required by Mortgagees. Grantor agrees to notify Grantee and Grantee's Mortgagees simultaneously of any default by Grantee and to give Mortgagees the same right to cure any default as Grantee or to remove any property of Grantee or Mortgagees located on the Premises, except that the cure period for any Mortgagees shall not be less than 30 days after receipt of the default notice, as provided in Section 24 of this License. All such notices to Mortgagees shall be sent to Mortgagees at the address specified by Grantee. Failure by Grantor to give Mortgagees such notice shall not diminish Grantor's rights against Grantee, but shall preserve all rights of Mortgagees to cure any default and to remove any property of Grantee or Mortgagees located on the Premises as provided in Section 18 of this License.

17.3 **Effect of Bankruptcy.** Any person or entity to which this License is assigned pursuant to the provisions of the Bankruptcy Code, 11 USC Sections 101, et seq., shall be deemed without further act to have assumed all of the obligations of Grantee arising under this License both before and after the date of such assignment. Any such assignee shall upon demand execute

and deliver to Grantor an instrument confirming such assumption. Any monies or other considerations payable or otherwise to be delivered in connection with such assignment shall be paid to Grantor, shall be the exclusive property of Grantor, and shall not constitute property of the Grantee or of the estate of Grantee within the meaning of the Bankruptcy Code. Any monies or other considerations constituting Grantor's property under the preceding sentence not paid or delivered to Grantor shall be held in trust for the benefit of Grantor and be promptly paid to Grantor.

**17.4 Grantor's Assignment Rights.** Grantor may assign or transfer this License, and, upon written notice to Grantee of such assignment, shall be relieved of all liabilities and obligations hereunder provided that such assignee or transferee agrees in writing to fulfill the duties and obligations of the Grantor in said License, including the obligation to respect Grantee's rights to non-disturbance and quiet enjoyment of the Premises during the remainder of the Term hereof.

**17.5 Successors and Assigns.** This License shall be binding upon and inure to the benefit of the Parties, their respective successors, personal representatives, and assigns.

## 18. WAIVER OF LIENS

**18.1 Waiver of Liens.** Neither Party shall have the right to create or impose any extrajudicial liens or any other encumbrance on the Property, Premises, Antenna Facilities, and any other property owned by the other Party. Specifically, Grantor hereby waives any and all lien rights it may have, statutory or otherwise, concerning the Antenna Facilities or any portion thereof, which shall be deemed personal property for the purposes of this License, whether or not the same is deemed real or personal property under applicable laws, and Grantor gives Grantee and Mortgagees the right to remove all or any portion of the same from time to time, whether before or after a default under this License, in Grantee's and/or Mortgagee's sole discretion and without Grantor's consent. Should Grantee fail to remove its Antenna Facilities as required by this License, then the waiver of lien rights is void. In addition, Grantee shall not bind, or attempt to bind, the Grantor for the payment of any money in connection with the construction, repair, alteration, addition, or reconstruction in, on, or about the Antenna Facilities. Further, Grantee shall remove, within 30 days after filing, by payment or performance bond, any mechanic's or materialman's liens filed against the Antenna Facilities and shall indemnify Grantor in connection with such liens to the extent Grantor incurs any damages, expenses, attorney's fees, or court costs.

Grantor covenants that at all times during the Term of this License, Grantee's quiet enjoyment of the Premises or any part thereof shall not be disturbed as long as Grantee is not in default beyond any applicable grace or cure period.

## 20. ENVIRONMENTAL LAWS

**20.1 Environmental Laws.** Grantee, its officers, agents, affiliates, contractors and subcontractors and employees, shall not introduce or use any Hazardous Substance on the Property or Premises in violation of any applicable law. "Hazardous substance" means any substance or material defined or designated as hazardous or toxic waste, hazardous or toxic material, hazardous or toxic or radioactive substance, or other similar term pursuant to any federal, state or local environmental law, regulation or rule presently in effect or promulgated in the future, as such laws, regulations or rules may be amended from time to time; and it shall be interpreted to include, but not be limited to, any substance which after release into the environment will or may reasonably be anticipated to cause sickness, death or disease. Grantee agrees to defend, indemnify and hold harmless Grantor from and against any and all administrative and judicial actions and rulings, claims, causes of action, demands and liability including, but not limited to, damages, costs, expenses, assessments, penalties, fines, losses, judgments and reasonable attorney fees that the Grantor may suffer or incur due to the existence or discovery of any Hazardous Substances on the Property or the migration of any Hazardous Substance to other properties or the release of any Hazardous Substance into the environment, that relate to or arise from Grantee's activities, or those of its officers, agents, affiliates, contractors and subcontractors and employees. The indemnification in this section specifically includes, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal or restoration work required by any governmental authority. Grantor represents that it has provided Grantee with copies of all environmental reports and information which Grantor has performed or received related to the Property as listed on Exhibit J (collectively, the "Environmental Reports"). Grantee shall not be liable for any environmental conditions that may be described in the Environmental Reports or that otherwise may exist at the Property prior to the commencement of this License, or which may be found to be existing during or after the Term of this License which are not caused by Grantee, its employees, agents and contractors. This Section 20 shall survive the termination or expiration of this License.

## 21. DISPUTE RESOLUTION

**21.1 Dispute Resolution.** Except as otherwise provided in this License, any controversy between the Parties arising out of this License or breach thereof, is subject to the mediation process described below.

**21.2 Dispute Resolution Process.** A meeting will be held promptly between the Parties to attempt in good faith to negotiate a resolution of the dispute. Grantee will be represented by individual(s) with decision making authority, and in the case Grantor, the Director or his designee(s) will attend the meeting regarding the dispute. If within 20 days after such meeting the Parties have not succeeded in resolving the dispute, they will, within 20 days thereafter submit the dispute to a mutually acceptable third Party mediator who is acquainted with dispute resolution methods. Grantor and Grantee will participate in good faith in the mediation and in the mediation process. The mediation shall be nonbinding. Neither Party is entitled to seek or recover punitive damages in considering or fixing any award under these proceedings.

**21.3 Cost of Mediation.** The costs of mediation, including any mediator's fees, and costs for the use of the facilities during the meetings, shall be born equally by the Parties. Each Party's costs and expenses will be born by the Party incurring them.

## 22. TREATMENT IN BANKRUPTCY

22.1 **Treatment in Bankruptcy.** The Parties to this License hereby expressly agree and acknowledge that it is the intention of both Parties that in the event that during the Term of this License Grantee shall become a debtor in any voluntary or involuntary bankruptcy proceeding (a "Proceeding") under the United States Bankruptcy Code, 11 U.S.C. § 101, *et seq.* (the "Code"), this License is and shall be treated as an "unexpired License of nonresidential real property" for purposes of Section 365 of the Code, 11 U.S.C. § 365, and, accordingly, shall be subject to the provisions of subsections (d)(3) and (d)(4) of said Section 365.

## 23. FORCE MAJEURE

23.1 **Force Majeure.** If a Party is delayed or hindered in, or prevented from the performance required under this License (except for payment of monetary obligations) by reason of earthquakes, landslides, strikes, lockouts, labor troubles, failure of power, riots, insurrections, war, acts of God or other reasons of like nature, not the fault of the Party delayed in performing work or doing acts, and where reasonable measures by such Party could not have avoided or mitigated the effects of such acts, then such Party is excused from such performance for the period of delay. The period for the performance of any such act shall then be extended for the period of such delay. In the event that Grantee invokes this provision because damage to the Electronic Equipment, Antenna Facilities or Premises has hindered, delayed, or prevented Grantee from using the Premises, Grantee may immediately erect any temporary Electronic Equipment on the Premises and such temporary antennas at such location as Grantor and Grantee may agree as is necessary to resume service, provided that such temporary facilities do not unreasonably interfere with Grantor's use of the Property or ability to repair or restore the Premises or Property. If, in Grantor's sole and absolute discretion, it elects to repair or restore the Premises and Property, upon completion of such repair or restoration, Grantee is obligated to repair or restore the Electronic Equipment and Antenna Facilities in accordance with the terms of this document.
