Anticipated Future Requirements and Action:	N/A
Procurement Alternative:	Should this contract not be approved, SWMD would not have an effective tool to evaluate driver safety. Before the installation of the DriveCam Program System, SWMD was incurring insurance claim expenses that could have been prevented if there was actual documentation of the events in question. SWMD would not be able to evaluate the driver's driving behaviors and provide them with coaching on specific areas that need to be improved.
