The payment and performance bonds for each Phase shall be in an amount sufficient to cover the entire contract cost of the Public Improvement for that Phase.

If completion of the Project is delayed by reason of war, civil commotion, acts of God, inclement weather, governmental restrictions, regulations, fire or other casualty, court injunction, necessary condemnation proceedings, interference by third parties, or any circumstances reasonably beyond the Developer's control, then at the City's TIF Economic Development Manager's reasonable discretion, the deadlines set forth in the Construction Schedule may be extended by the period of each such delay. In the event that Developer does not complete the Project substantially in accordance with the Construction Schedule, then the Parties, in accordance with Section 22.2 of this Agreement, may extend the deadlines set forth in the Construction Schedule, but not past the expiration of the TIRZ. If the parties cannot reach an agreement on the extension of the Construction Schedule, or if Developer continues to fail to complete the Project in compliance with the revised Construction Schedule, then either the City and/or TIRZ may exercise its authority including but not limited to, termination of this Agreement.

- 5.9 **LITIGATION AGAINST THE CITY.** City's policy on litigation is that, except to the extent prohibited by law, persons who are engaged in litigation related to TIF or TIRZ or adversarial proceedings related to TIF or TIRZ against the City are ineligible to obtain or continue the use of TIF as principals or participants for the duration of the litigation. A principal or participant includes the TIF applicants and the TIF applicant's developers, partners, affiliates, sponsors, payroll employees, or relatives of the first degree of consanguinity. Accordingly, the City shall not consider a project proposing the use of TIF, designate a TIRZ, enter into any TIF contracts or agreements with, or authorize or make any TIF payments to persons engaged in litigation related to TIF or TIRZ or adversarial proceedings related to TIF or TIRZ with the City. Ineligible persons shall be excluded from participating as either participants or principals in all TIF projects during the term of their litigation. "Person" includes an individual, corporation, organization, government or governmental subdivision or agency, business trust, estate, trust, partnership, association, and any other legal entity.
- 5.10 **UTILITY PAYMENTS.** Developer shall pay, or cause to be paid, monthly rates and charges for all utilities (such as water, electricity, and sewer services) used by the Developer in regard to the development of the TIRZ for all areas owned by Developer during construction of the Project, and for so long as Developer owns those areas. Projects within the Zone shall be subject to Section 35.501 et seq. of the San Antonio City Code (impact fees) and the Developer shall not be prohibited from applying for the benefits of any impact fee credits allowed by that Section.
- 5.11 **TREE ORDINANCE.** In accordance with section 5.1 and 5.5 above, Developer shall comply and shall cause its contractors and subcontractors to comply with the City Code provisions for tree preservation, located in Chapter 35, Article IV of the City's Unified Development Code.

For all Public Improvements dedicated to the City upon completion, Developer shall at its own cost, and expense, maintain or cause to be maintained all Public Improvements until acceptance by the City as evidenced by written acceptance required by Section 2.7 and for one-year after Completion.
 - b. If applicable, and upon acceptance of a street or drainage improvement for maintenance by the City, Developer shall deliver to the City a one-year extended warranty bond, naming the City as the obligee, in conformity with Chapter 35 of the City's Unified Development Code. The cost of repair, replacement, reconstruction and maintenance for defects discovered during the first year after Completion shall be paid by the Developer or the bond company and shall not be paid out of the TIF Fund.
 - c. After the expiration of the one-year extended warranty bond, the cost of the repair, replacement, reconstruction and maintenance of the Public Improvements dedicated to the City shall be the responsibility of the City.
 - d. Developer, its agents, employees, and contractors will not interfere with reasonable use of all the Public Improvements by the general public, except for drainage retention improvements. In accordance with the Construction Schedule, Developer shall use its best efforts to dedicate (or grant a public easement) to the Public Improvements where applicable to the appropriate taxing entity (as determined by the City), at no additional cost or expense to the City.
 - e. Reimbursement of the Developer shall not be unreasonably denied provided that the improvement has reached Completion, and provided that the City has no active claim for reimbursement under this section.

- f. The requirements of this Agreement cannot be waived or modified in any way by an engineer, employee, or other City official or its subordinate agency with responsibility for inspecting or certifying public infrastructure. The actions of a city employee or agent do not work an estoppel against the City under this contract or the Unified Development Code.
- 5.13 **QUARTERLY STATUS AND COMPLIANCE REPORTS.** Developer shall submit to the City's TIF Unit written and signed Project Status Reports (See Sections 2.16 and 5.5 above) containing all the information requested, starting no later than 30 days following the beginning of construction of the Project, and quarterly, on the 15th day of January, April, July and October or, as requested by the City throughout the duration of the Project, on its construction progress and construction expenses, and its compliance with laws, ordinances, and contractual requirements.
