4. Treasurer's Report February 2020

Director Estrella Garcia-Diaz presented the Treasurer's report for February 2020. She reported that the budget is underbudget for year to date operations. She also noted that under line item Insurance expenditure budget is close to 100% because those are paid in full annually.

Interim Executive Director, Pete Alanis gave a brief summary the balances of the other Housing Trust entities. The Public Facility Corporation has a balance of approximately \$3 Million. The Finance Corporation has a balance of approximately \$975,000. The Trust account balance as of December 31, 2019 is \$958,000. The Foundation cash balance is approximately \$1.98 Million. Breakdown was included in the board book.

No action was taken.

5. CONSIDERATION AND POSSIBLE ACTION AUTHORIZING THE EXECUTIVE DIRECTOR TO PROVIDE MORTGAGE PAYMENT RELIEF TO SAN ANTONIO HOUSING TRUST FOUNDATION RESIDENTIAL CLIENTS AND APPROVAL OF RESOLUTION RELATING TO SAME

Interim Executive Director, Pete Alanis stated that the Foundation is looking at ways to provide relief to the 13 first lien clients. Many of the households are very low income and senior citizens. During this time, a lot of folks are struggling financially for various reasons. Have an opportunity to provide relief and divert those funds to other needs. Low impact to operating budget over a six-month period; approximately \$6,400. Recommendation out of Committee is to waive late fees and defer payments for six months. Interim Executive Director, Pedro Alanis is opened to ways of how the Foundation can provide relief to their clients.

Director John Whitsett asked if the 13 first lien notes are the notes that were going to be sold to Neighborhood Housing Services of San Antonio. Pete Alanis replied yes, NHS of San Antonio is still interested in purchasing the Foundation residential loan portfolio. NHS of San Antonio has expressed their recognition to provide some type of relief to the residential clients during this time. There will be a small impact to the net present value of the loans and will have to adjust accordingly. The loan portfolio repayable portion is minimal. Impact to sales price has not been calculated. But Pete will work with NHS of San Antonio on that. Director John Whitsett asked what the status of the sale is. Pete responded that the sale of the residential loan portfolio is on hold. Staff is collecting first lien holder information for the Foundation second lien notes. NHS of San Antonio said they wanted to hold off on transferred of ownership to not cause confusion to the clients. Pete also stated if the Foundation were to move forward with the sale, the Foundation would not have control to provide deferment during this time. Once things settle, the Foundation would continue with the sale. Director John Whitsett stated that the recommendation is reasonable, and that the Foundation should pursue the sale after things settle.

Director Paul DeManche asked for clarification as to why the minutes from February 12, 2020 state that there were 14 first lien notes. Assistant Director, Nicole Collazo replied that a client had paid off their note last month. Now there are a total of 13 first lien notes. Director Paul DeManche also asked for clarification regarding the staff recommendation in the board book to the Committee recommendation. Pete replied that after researching how HUD and the Federal government was approaching the federally backed mortgages the approach was to provide 60 days of forbearance and up to an additional 120 days for a total of 180 days. The recommendation out of Committee is to provide up to six months of deferred payments. looking how that could potentially impact the value of the sale to NHS of San Antonio and the unknown of how long this crisis will last. Pete recommended a deferment instead of a forbearance that would be more beneficial for the clients. At least for 60 days with the flexibility to extend for additional 120 days.

Motion out of committee and seconded by Director John Whitsett to approve Mortgage Payment Relief of deferment of six months to San Antonio Housing Trust Foundation Residential clients.

6. CONSIDERATION AND POSSIBLE ACTION TO PROVIDE AVAILABLE FOUNDATION FUNDS AND FUTURE RESTRICTED DONATIONS IN A SET ASIDE TO SUPPORT THE CITY OF SAN ANTONIO'S RISK MITIGATION PROGRAM AND APPROVAL OF RESOLUTION RELATING TO SAME.

President, Celina Pena stated that the City of San Antonio is currently seeing a demand in the Risk Mitigation Program. Pete briefed on the background of the Risk Mitigation program. On March 19, 2020 Councilwoman Dr. Adriana Rocha Garcia issued a Council Request Memo to look at Revitalize SA. The effort was to support an economic relief and assistance plan to help residents and business owners. A more comprehensive way for the City to find ways to approach the COVID pandemic. Included in the request memo was to increase Risk Mitigation funds. The City of San Antonio submitted a request to the Foundation for a set aside for the Risk Mitigation program for up to \$1 million dollars. As part of the request, Foundation staff would work to assist in deploying those funds because the Foundation can quickly provide those payments. Similar to how the staff assists with the HIP program.

Lori Houston, Assistant City Manager, explained that the City of San Antonio immediately went into action once the pandemic hit. Mayor Ron Nirenberg and Councilman Trevino asked SAWS and CPS to suspend any disconnections. Judge Nelson Wolff requested a moratorium on eviction court. A landlord can still issue an eviction but there will not be an eviction court to hear the case. In addition, the Federal Housing Financing Agency directed Fannie Mae and Freddie Mac to suspend foreclosures and evictions on enterprise backed single family mortgages. Even with those protections, the requests for utility assistance and rental assistance programs have skyrocketed. For utility assistance typically 183 requests per week are received. Last week they received over 750 requests. The Risk Mitigation program that provides rental assistance typically receives 57 a week. Last week they received over 4,100 inquiries through the call line or through online submission. Fair housing staff has doubled from 8 employees to 16 employees. Over the next week, 25 more staff members will be added to assist with intake and application processing. In regards to funding, the Risk Mitigation fund was funded with \$1 Million dollars. The remaining balance of the Risk Mitigation fund is

approximately \$400,000. Last week City Council reviewed City Budget. They motioned to suspend all housing programs unless those programs assisted with current crisis. The City also looked at TIRZ. CDBG and Under1 Roof funding and identified an additional \$6 Million dollars. A request will be made to the San Antonio Housing Trust Public Facility Corporation to use Under1 Roof funds. CDBG funding through the CARES Act will in the amount of \$7.7 Million dollars. Lori Houston stated that they anticipate using all the CARES Act funds for rental and utility assistance. The utility assistance program has a remaining balance of approximately \$450,000. All in all the City of San Antonio has approximately \$15 Million without the \$1 Million dollars from the Foundation. The City expects the need will be greater than \$15 million dollars given the spike in injuries without even having the moratorium lifted. The City will continue to reach out to partners like LISC and Community Banks. The City has partnered with San Antonio Area Foundation and United Way to accept donations for the Risk Mitigation fund. The San Antonio Apartment Association will be working with the landlords to give a 25% forgiveness on the tenant's balance. That will impact savings for the Risk Mitigation fund and leverage funds for other residents. Lori Houston informed the board that the City of Austin passed an ordinance that requires landlord to provide a notice of proposed eviction 60 days prior to notice to vacate. El Paso and Hildago Counties have passed ordinances capping the rent levels through end of April with possibility to extend. The City is looking are what protections they can add and more resources for funding.

Pete added that the donations received through San Antonio Area Foundation will be directly deposited into the San Antonio Housing Trust Foundation Risk Mitigation account. Lori Houston also added that the Mayor and Judge Wolff created a COVID-19 Community Action working group to develop relief and recovery strategies. The working group consists of Commissioner Justin Rodriguez, Council member Jada Andrew Sullivan, Council member Melissa Cabello Havrda, Eric Cooper with San Antonio Food Bank, and Kenny Wilson with Haven for Hope.

Councilman John Courage advocated that they Foundation approve funds for the Risk Mitigation program. Direct transfer of funds will make a bigger impact immediately. The City's budget is going to take a huge hit after the pandemic. Any support the Foundation can provide is a good investment to help with the current affordable housing issues.

Director John Whitsett asked if payments will be made directly to lien holder or landlord. Pete replied yes that is correct payment will be sent directly to lien holder or landlord. Secondly, Director John Whitsett asked about the increase in staff. Lori replied that the increased staff is temporary to help with the increase in inquiries.

Director Drew Galloway asked if the funds are moved directly to the landlord. Lori replied that an tenant will submit application online or over the phone. Staff will call landlord directly to make payment. The request is from the tenant, but payment is made directly to landlord or mortgage company. Director Drew Galloway also asked how the City is working to make the program accessible to as many citizens as they can. President Celina Pena mentioned that the Foundation considered options how to use these funds to help with the housing crisis during this time. The Committee felt it would be a bigger impact to contribute funds to the program instead of spreading funds to various smaller providers. In addition, funds can be leveraged without City programs when a tenant applies. The City is working with all their partners such as SARAH, WDC, SAGE, the media, and the council member's offices to help spread the word.

Vice President Paul DeManche asked about a specific situation in which a tenant does not have a formal lease agreement. The tenant can not provide proof of residency and does not qualify. Vice President Paul DeManche feels that in a situation like this the tenant should be able to receive funds through the Risk Mitigation program because he has lost his job and is now facing eviction. How can the program become more accessible to more people and see if we can explore other options to have those tenants avoid being homeless. Lori Houston advised in that situation tenants are encouraged to still call in and check what other funding sources are available to help them with Homeless prevention. The department can help facilitate in receiving the resources to help prevent them being homeless. Lori Houston confirmed that funding can be in the form of funding, gift cards or food. Lori stated that they are looking into changing the requirements to help more tenants in difficult situations.

Motion out of committee and seconded by Director John Whitsett to provide \$500,000 in Foundation funds

3. Consideration and possible action to approve a resolution for a grant request from city of san Antonio for an additional amount of \$500,000 dollars for the city of san Antonio's risk mitigation program and any other matter related thereto.

President, Celina Peña and the Trust Assistance Oversight Committee met on March 30, 2020 to consider the request from the City of San Antonio for \$1 Million dollars for the Risk Mitigation. Om April 6, 2020 the board approved \$500,000 with a conditional \$500,000 contingent upon the financing of the Risk Mitigation fund would be set and what leverage would happen.

The Committee recommends as a motion to approve the additional \$500,000 for the City of San Antonio Risk Mitigation program.

Vice President Paul DeManche asked Lori Houston how many landlords voluntarily reduced rent from tenants that were requesting mortgage/ rental assistance from the city. Lori Houston replied how the process works and requirements. She mentioned that 471 vendors were already in the City's system to be paid out correctly and out of those vendors 85 landlords have agreed to provide the 25% discount and waive the fees. The city is requesting that each vendor waive all fees and be able to provide the discount. She mentioned the Apartment Association is doing the same.

Motion out of committee and seconded by Estrella Garcia Diaz to approve the additional \$500,000 to the Risk Mitigation Fund.

### Agenda Item 5

**Agenda Date:** 05-13-2020

#### SUBJECT:

Briefing, consideration, and possible action regarding a budget adjustment to the FY 2020 Annual Foundation Operating Budget.

#### **SUMMARY:**

On September 11, 2019, the San Antonio Housing Trust Foundation Board approved a \$926,718 budget for the upcoming FY 2020 fiscal year. The Foundation Board operates on a fiscal year beginning October 1 and ending September 30th.

Staff has reconciled revenues and expenses through the first two quarters ending March 31, 2019. The Executive Director recommended a mid-year 6+6 budget revision increase the projected budget to \$1,540,547. This will result in an estimated \$991,697 unallocated cash surplus by the end of the Fiscal Year due to a reduction in expenditures and increase in projected revenues.

Attached is the proposed budget and mid-year budget report. The Finance Committee met on May 6, 2020 to review the proposed budget amendment.

#### **RECOMMENDATION OUT OF COMMITTEE:**

The Finance Committee recommends approve of the FY 2020 Mid-Year Budget Adjustment as presented.

# FY 2020 6+6 Budget Report

As of March 31, 2020

#### **REVENUES**

#### • Public Facility Corporation Revenues

The favorable variance is due to a collection in development fees from the Acme (Lucero) and Esperanza at Palo Alto projects as well as increased unanticipated application fees in the 2<sup>nd</sup> Quarter. Staff anticipates a continued favorable outlook in Q3 and Q4 due to revenues being collected from anticipated closings of Luna Flats, South Flores Lofts, Park at 3830, and West End Lofts.

#### • Finance Corporation Revenues

The unfavorable variance is due to the timing of anticipated Annual Issuance Fees which should hit in the 3<sup>rd</sup> quarter. The outlook for Finance Corporation revenues is favorable due to new bond revenues from Park at 3830, Pan American, and Preserve at the Port.

#### Foundation Operating Revenues

The unfavorable variance in the  $1^{st}$  and  $2^{nd}$  Quarter is due to the timing of anticipated cash surplus loans, which should hit in the  $3^{rd}$  quarter. The outlook for commercial loan revenues looks to be favorable due to cash surplus loans coming in from La Risa Apartments, Rio Lofts, and Lord Road.

#### **EXPENSES**

#### Personnel Services

The favorable variance is due to an underutilization in Salary, Payroll Tax, and Retirement line items. The original budget included both a full Salary expectation for an Executive Director position, as well as a full compliment of staff. During the first half of the year, the interim Executive Position balance was not paid out of Salaries (Fees to Pros) and one staff position was vacant until the later part of the 2<sup>nd</sup> Quarter. That vacant position was filled using a temporary employee who was also not paid out of Salaries. The personnel budget was impacted by the Board's decision to provide a Health Bonus to staff which will be reflected in the latter two quarters.

#### Contractual Services, Commodities, Capital Outlay, and Other

The favorable variance is primarily due to a reduction in the Fees to Pros line item. The Board elected to not utilize an Executive Search Firm which provided budget savings. Additionally, the Interim Executive Director transitioned the temp position into a full time Contract Officer position, which reduced the need for expenses to Fees to Pros. Lastly, the Interim Executive Director postponed the web design process until a future Board Committee had an opportunity to review the plans, which also provided a cost savings. The Interim Executive Director is recommending increasing the Maintenance and Repairs budget to allow for new security features, lighting, fencing and gate upgrades, and unanticipated HVAC/plumbing needs.

I anticipate an overall favorable increase in revenue production by 66% over the initial budget period. This is directly due to an increase of new corporation activities and foundation commercial surplus cash notes. I am also recommending a budget expense reduction of approximately \$167,583 from the initial adopted budget. With the increase in revenues and the reduction in expenses, I anticipate an unallocated surplus balance of \$991,697, which is an increase of approximately \$781,412 from initial budget expectations.

## **Executive Director's Report**

## **Operations**

As of Monday, May 4, 2020, staff is no longer remote working full time. We have implemented a temporary revised work schedule to continue operations back in the office, although a portion of their schedule will allow work to be done remotely. This is being done primarily to accommodate child-care since school is not in session. The office will remain closed to visitors except for deliveries and vendor related work. We are making internal accommodations to appropriate ensure appropriate social distancing.

## **COVID-19 Response Update**

The SA Housing Trust approved \$5 million in support of the City's \$25 million *COVID-19 Emergency Housing Response* effort. This rental/mortgage relief program is considered to be the largest of its kind by a municipal entity nationwide. Bexar County Housing Authority has also provided \$4 million for a *Temporary Rental Assistance Measure* for rental assistance for County residents negatively impacted by the COVID-19 pandemic.

Through May 5th, the Foundation also received \$104,610 in additional donations from the United Way of San Antonio and the San Antonio Area Foundation. I have applied for a \$25,000 Wells Fargo Community Giving grant to support the effort.

To date we have wired \$4,853,304.33 into the City's accounts. The remaining balance will be kept in the Trust's Risk Mitigation Fund Account for our staff to issue direct payments, as requested by the City, in case certain cases require an expedited payout.

From May 6<sup>th</sup> through May 8<sup>th</sup>, I redirected 3 staff members from their normal duties to assist the City of San Antonio with the processing the unprecedented surge of applications. This collaborative effort to supplement the City's application processing capacity was assisted by 32 staff persons from Merced Housing, NRP Group, Habitat for Humanity, SAHA, and the Housing Trust.

## **COVID 19 and Tax Credit Equity Market Trends**

On May 7, 2020, I was a guest during the National Housing and Rehabilitation Association hosted Equity Roundtable Town Hall which focused on the current state of the LIHTC equity market during COVID-19 pandemic. This is important due to the number of Tax Credit partnerships currently induced, in construction, and in lease up. I hope to close financing on many of these induced tax credit projects during this next year, which if successful will begin to contribute revenues for Foundation, PFC, and FC. Here is a short take away of nation-wide trends:

- Tax Credit pricing has not dipped more than a few cents nationally. Much less dramatic tax credit pricing drop compared to the Tax Reform Act a several years ago, which dropped prices by 10 cents overnight.
- Tax Credit syndicators are being more cautious with underwriting and conducting harder stress tests on financing structures.
- Many Tax Credit investors have tapped the breaks on new investments; some of the largest investors
  have put hold on buying tax credits altogether, even though affordable housing economics are still
  strong.
- Syndicators may want adjustments to development fee schedules, which means less up-front cash at closing and weighted more at construction completion or lease stabilization.

- Income Averaging, Market Rate Units, and project with commercial spaces are not attracting many investors
- Existing lease up have not seen major slowdowns; affordable housing demand is still strong.

Overall, successful projects outcomes will be proven developers who have strong established relationships with experienced syndicators and provide conservative underwrite projections and terms. I anticipate seeing an uptick in the number of Tax Credit deals being proposed to tax exempting entities like the PFC to ensure the projects remain financeable.

## **Public Facility and Finance Corporation Update**

The Stella Apartments, formerly known as Lord Road Apartments, substantially completed construction and is currently in lease up period.

During the fiscal year, the corporate entities of the Trust have provided \$562,779 back to the Foundation per the existing policy which requires 25% of new revenues be contributed on a quarterly basis. The annual estimate for this contribution is \$635,885, which is budgeted for staff operations.

## **Recent Items approved by PFC/FC Boards:**

PFC approved a revised inducement of the **Hamilton Wolfe Lofts Apartments**, a new 74-unit 9% Low Income Housing Tax Credit multi-family project in partnership with NRP Group, located at approximately Hamilton Wolfe Road and Princeton Place in Council District 8.

PFC approved a Resolution authorizing final documents for the **Park at 38Thirty Apartments** a 196-unit 4% multi-family low income housing tax credit project located at 3830 Parkdale St on 7.07 acres in District 8. All units will be rented to individuals whose income are at or below 60% of median family income. PFC funds will be used to pay back the City's Housing Bond contribution, however the 25% revenue fee will still be paid to the Foundation. The Finance Corporation also approved corresponding bonds.

PFC approved a Resolution authorizing final documents for the **Pan American Apartments**, a 4% Low Income Housing Tax Credit acquisition and rehabilitation of existing 100-unit multi-family apartment complex located at 143 NW 36th Street in District 5. All units are at or below 30% AMI. The Finance Corporation also approved corresponding bonds.

PFC approved a Resolution authorizing final documents for the **Luna Flats Apartments** a 69-unit 9% multi-family housing tax credit project located at 4415 San Pedro Avenue in District 1. All units will be rented to individuals whose incomes range from 30% to 60% AMI.

PFC approved a Resolution authorizing final documents for the **South Flores Lofts Apartments**, a 292-unit multi-family new construction project located on 3.4 acres at the intersection of East Cevallos Street and South Flores Street in Council District 5.
