

Language Changes to CONRAC Industry Representative Contract

The following two provisions were added to the Preamble of the Contract between the San Antonio International Airport Rental Car Companies (SAT RACs) and Jacobsen/Daniels Associates, LLC (RACTR) as requested by the High Profile Contract Committee on November 12, 2013:

WHEREAS, the City is managing the project team, which includes the design team, the construction manager-at-risk, the RACs, and RACTR; and

WHEREAS, the RACTR shall be under the direct supervision of the City and shall report to the City on all material issues relating to the Facility identified by Contractor in order for the City to provide oversight and management of the design, construction, operation of the Facility and to ensure the partnership between City and SAT RACs provides a world-class Facility to customers
