RE: File No. 1408002 - Request for review of **Wortham Oaks Unit-12 (Enclave), Plat No. 140368** located approximately 0.25 miles from the intersection of Wortham Oaks Blvd. and Carriage Cape.

Dear Mr. Elseth:

On August 8, 2014, the Aquifer Protection & Evaluation Section of the Edwards Aquifer and Watershed Protection Division of the San Antonio Water System (SAWS) received a request to review a plat for the property referenced above. Staff reviewed the documentation submitted and conducted field observations of the referenced plat to ensure compliance with applicable requirements for development over the Edwards Aquifer Recharge Zone (EARZ). The land use of the subject plat is for single family and consists of approximately 19.65 acres located entirely within the EARZ. No sensitive geological features were observed. The property is not within the 100-year floodplain preservation area.

The proposed development is a **Category 1** property under the provisions of Aquifer Protection Ordinance No. 81491-File No.1879. Certain changes to the project may create a substantial alteration to the provision of the Water Quality Ordinance and alter its category.

As of the date of this report, the Texas Commission on Environmental Quality (TCEQ) has not approved the Water Pollution Abatement Plan (WPAP) for the property within this plat. No building permit will be released until a Water Pollution Abatement Plan has been submitted to and approved by TCEQ.

After careful review of the project and the documentation submitted by the applicant, the Aquifer Protection & Evaluation Section of the Resource Protection Division of the San Antonio Water System recommends the **approval** of Wortham Oaks Unit-12 (Enclave), Plat No. 140368.

If you have any questions regarding this matter, please contact the Aquifer Protection & Evaluation Section at (210) 233-3516.

Sincerely,
