Procurement Alternative:	Should this contract not be approved, the (SAFD) would be required to contract with another third party inspector on an as needed basis in order to be in compliance with the required NFPA 1911 standard. Obtaining inspections on an as needed basis could increase the inspection cost due to non-contract buying. Lack of a contract could also affect the operational status of the (SAFD) ladder trucks which could negatively impact the availability of emergency services to the citizens of San Antonio.
