

June 22, 2015

Mr. Caleb Chance
Pape-Dawson Engineers
2000 NW Loop 410
San Antonio, Texas 78213

RE: File No. 1505002 - Request for review of **Salado Creek Commercial, Unit 1, Plat #150310** located east of the intersection of Shavano Ranch and Loop 1604 access road.

Dear Mr. Chance:

On May 18, 2015, the Aquifer Protection & Evaluation Section of the Edwards Aquifer and Watershed Protection Division of the San Antonio Water System (SAWS) received a request to review a plat for the property referenced above. Staff reviewed the documentation submitted and conducted field observations of the referenced plat to ensure compliance with applicable requirements for development over the Edwards Aquifer Recharge Zone (EARZ). The land use of the subject plat is for commercial and consists of approximately 4.84 acres located entirely within the EARZ. No sensitive features were observed. The property is not within the 100-year floodplain preservation area.

A Water Pollution Abatement Plan (WPAP) has been submitted to the Texas Commission on Environmental Quality (TCEQ) and approved in their letter dated May 1, 2015.

After careful review of the project and the documentation submitted by the applicant, the Aquifer Protection & Evaluation Section of the Resource Protection Division of the San Antonio Water System recommends the **approval** of Salado Creek Commercial, Unit 1, Plat No. 150310.

If you have any questions regarding this matter, please contact the Aquifer Protection & Evaluation Section at (210) 233-3516.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew Wiatrek", is written over a faint, circular official stamp.

Andrew Wiatrek, Manager
Edwards Aquifer & Watershed Protection Division
