

**FINANCE DEPARTMENT**  
**Certificate of Exemption Form**

Date: 09/28/2015

Originating Department: Aviation-ARFF

The City is authorized under limited conditions to make procurements outside of the competitive solicitation process. Chapter 252 of the Local Government Code provides guidance regarding sixteen general exemptions from the competitive solicitation. Please select one exemption.

This Certificate of Exemption is executed and filed with the Finance Department as follows:

1. The undersigned is authorized to approve an exemption.
2. An exemption according to Section 252.022 of the Local Government Code exists. More specifically, the following event has occurred:

The Aviation Department requires a contract to provide Preventive Maintenance ("PM"), Preventive Maintenance Inspections ("PMI"), Diagnostics, Repairs and Parts for the Aircraft Rescue Fire Fighting ("ARFF") vehicles located at Fire Station #23 at San Antonio International Airport. The FAA requires ARFF vehicles be maintained in a constant state of readiness to provide maximum assurance that the vehicles and their fire fighting systems will operate effectively in the event of an aircraft emergency. The contract will provide for most work to be done on-site at the fire station allowing the ARFF vehicles to be available to respond to emergencies and maintain compliance with FAA certification requirements. In addition, the contract will provide for the safe transport of the ARFF vehicles to and from local and remote repair facilities should they require off-site repairs. The contract will allow the Aviation Department ready access to the services required, alleviate the need for individual procurements of the required services/parts, and allow the ARFF vehicles to receive timely and consistent services from a highly qualified contractor.

3. Because the exemption stated above exists, the City of San Antonio intends to contract with Global ARFF Services, LLC which will cost approximately \$ 450,000.00
