Describe your Professional History & Certification designations (Current and historical).	I am a current high school science teacher. I have certifications in several areas including educational administration.
Describe your Volunteer Experience & Community Service	I am a current member of the Bicycle Mobility Advisory Committee of the Alamo Area Metropolitan Planning Organization. I am also a Texas Master Naturalist.
	My name is Oscar Hernandez and I have been a member of the BMAC for the past two years. It is one of the best formats I have found for keeping the interests of bicycling and alternative forms of transportation at the forefront of decision making for transportation in San Antonio. The influence of the BMAC is important. My career thus far has

<p>Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:</p>	<p>been in education. Educating the public is tantamount to moving San Antonio forward for both preserving the resources we have and for dealing with the change the next few decades will bring as our city population increases. I feel the progress our city has made is directly due to the leadership we have enjoyed the last ten years. Our leaders understood that for San Antonio to survive it must think creatively yet practically for ways to improve all aspects of our city from the Arts to Transportation. I have several passions in my life and two of the most important to me have been cycling and the preservation of our natural areas. I am a current Texas master naturalist and active in several cycling groups. I would say that my interest in the Bike Share Board is my way of ensuring I leave my native home better to my children than when I was a child. I believe we have come very far in the accessibility of safer cycling paths and we are on par with other cities such as Austin. The B Cycle program has been an important part of that progress. I myself have seen a tremendous increase in the use of B Cycle since its" inception. I have seen not only tourists, but families, couples, and people who work and shop all along the Mission and Museum reaches use the B Cycles. I believe in the vision and practicality of the bike share program.</p>
<p>DEMOGRAPHIC INFORMATION</p>
